Washington City Notices.

FOLGER, JAMES AND HATTON NOMINATED.

Washington, D. C., Oct. 27.—The President nominated Charles J. Folger, of New York, for Secretary of the Treasury, James for Postmaster-General and Frank Hatton, of Iowa, for First Assistant Postmaster-General.

CONFIRMED.

The Senate confirmed Folger for Secretary of the Treasury, James for Postmaster-General and Hatton for First Assistant Postmaster-General.

CONSULOR NOMINATIONS.

Consulates—Charles Kahlo, of Indiana, Sydney, Australia; George W. Roosevelt, of Pennsylvania, Bordeaux; J. A. Leonard, of Minnesota, Leith; Jno. S. Robinson, of Tennessee, Tripoli.

ANTI-POLYGAMISTIC.

The President will fulfill the design of Garfield by taking steps to stamp out polygamy in Utah.

WILL INSIST ON MACVEAGH'S REMAINING.

It is asserted that recent star route complications have convinced the President that MacVeagh ought to remain so as to conduct the cases and that he will insist on his doing so or appoint Solicitor-General Phillips Attorney-General pro tem, until Congress meets.

SURPRISE CONCERNING HOWE.

There was some surprise in the Senate that Howe was not nominated for Attorney-General.

Howe's friends claim that he will be nominated as soon as the President can communicate with him.

One objection urged against Howe by the President's admirers is his age and infirmity. They say the President's administration must be vigorous.

STRATHAM'S NOMINATION REPORTED FAVORABLY.

A majority of the Postoffice Committee reported favorably on the nomination of Stratham, Mahone's friend for postmaster at Lynchburg. The Democrats submit an adverse report and say they will even filibuster to defeat Stratham. This is improbable because all are anxious to leave. The contest will have to be sharp.

CONFIRMATIONS.

The Senate confirmed Charles W. Seaton, Superintendent of the Census; J. L. Beveridge, Assistant Treasurer at Chicago; Milton C. Elstner, U. S. Attorney for Louisiana; John S. Parris, of Louisiana, Surveyor-General for Montana.

HOWE SENSITIVE.

The connection of Howe's son-in-law Talton, with defense of the star route cases is the chief reason of Howe's unwillingness to accept the Attorney-Generalship. The President's friends say it does not figure with him. Howe's ultimate appointment is regarded as probable.

WILL LET THE SENATE ADJOURN.

The President has informed the Senators that they can adjourn to-morrow, as he has only a few more nominations. GUTTEAU WILL BE ALLOWED TWENTY WITNESSES.

In the Criminal court to-day an order allowing twenty witnesses to be subpoenaed in behalf of Gutteau, their fees and costs of service to be paid by the government.

MORE NOMINATIONS.

Upon the reassembling of the Senate the President nominated Chas. Payson, of Massachusetts, charge D'Affairs for Denmark. Consul-Generals—Fred.

Vogler, of Ohio, Frankfurt; Simon Wolf, of District of Columbia, Cairo. For Consul—Silas P. Hubble, of New York, St. Johns; Jesse H. Moore, of Illinois, Calao; Volney Thomas, of Arkansas, St. Thomas; Wm. P. Pierce, of Georgia, Cien Fuegos.

THE VALUE OF GOLD AND SILVER CONSUMED.

The value of the gold consumed by manufacturers for the last fiscal year is \$10,000,000, more than \$3,000,000 being United States coin. The consumption of silver is equivalent to \$30,000,000.

MINERAL LAND DECISION.

The Commissioner of the General Land Office has decided that land containing limestone is not subject to entry as mineral land. The Secretary of the Interior reverses the decision so far as it applies to land containing limestone and of more value for building and other purposes than for agricultural use.

LAND GRANTS.

The Secretary of the Interior has ordered a re-survey of the eastern boundary of the Moquelmas Mexican grant in California. A grant has been issued for Rancho San Diego, Francisco Garcia and others grantees, comprising 118,000 acres in Bernalillo county, New Mexico. This land grant embraces several hot springs, said to be of great medicinal value.

CONCERNING FOLGER'S APPOINTMENT.

The ready and unanimous confirmation of Judge Folger by the Senate to-day shows that the nomination inspires general confidence among public men. The rumors connected with Judge Folger that his nomination is to preclude his transfer to another sphere are said by the friends of the President to be entirely gratuitous. It is well known that upon the entrance of General Garfield to office it was the great desire of New York that one of her citizens should succeed Secretary Sherman.

Hon. Levi P. Morton was centered upon and public sentiment in the State was almost unanimously in favor of his appointment. When it was asserted that his relation to a banking interest seemed to be an objection by the President the general desire was that Judge Folger must be appointed. He was sent for by General Garfield and tendered the Attorney-Generalship, but declined. For many days his appointment as Secretary of the Treasury was considered a settled matter, but for reasons not publicly known Garfield decided upon a Western man and made the most acceptable selection in the person of Secretary Sherman in Windom. The story, they say, is that Judge Folger takes the Treasury portfolio now under the condition or understanding that it is but temporary, and that it is with a view to transferring him to the Supreme bench upon the retirement of Justice Hunt has no foundation whatever.

NOTELETS.

Folger's nomination was received with approval and not with enthusiasm. It is believed he will make an efficient Secretary.

General James was nominated as a precaution to avoid any quibble regarding his future official acts.

Folger's appointment will only be temporary. The President will at the proper time appoint him Associate Judge of the Supreme Court.

President Arthur says: "So far as I am concerned the Senate can adjourn in two days."

Ramsdell has been nominated Register of Wills. It was supposed Webster, whom Grant backed and whom Ramsdell supplanted, would get the place.

The only thing urged against Folger's confirmation was that he held claims against the Government for compensation while Assistant Treasurer at New York. It being learned that this claim was settled he was confirmed.

Contributions to the Garfield memorial hospital to date only \$557,420,000 ounces of fine silver were purchased for the Philadelphia, San Francisco and New Orleans mints.

PA I Trans-Continental Time.

Chicago, Oct. 27.—There is a belief that the Pennsylvania Railway is about to put on a train to run from here to New York on materially reduced time. It comes from a dispatch from a railroad official now in San Francisco that the agent of the Pennsylvania road there was advertising that after November first the passengers by the Pennsylvania Railway would be carried from San Francisco to New York in five days and two and three-quarter hours. As the change of time will not be made by Western roads, it is certain the change will be made by the Pennsylvania road between here and New York. It is also learned here that this company intends to run its 3:30 train to New York from here so as to reach there by 4 o'clock next afternoon instead of 10 o'clock at night. That will be six hours gain, and the running time from San Francisco to New York, which is now six days and six hours, will be decreased about that much.

Crossing Cowboys Killed.

San Francisco, Oct. 27.—A Tombstone dispatch says four cowboys, Ike and Billy Clanton, and Frank and Tom McLowery, have been parading the town for several days, drinking heavily and making themselves obnoxious. The city marshal arrested Ike Clanton and soon after his release the four met the marshal and his deputies, Morgan and Wyatt in the city. J. H. Holliday, marshal, ordered them to give up their weapons, when a fight commenced.

About thirty shots were fired rapidly. Both the McLowery boys were killed and Billy Clanton was mortally wounded and was dying soon after. Ike was slightly wounded in the shoulder, Wyatt was slightly wounded and the others were unhurt.

Demand for Confederate Bonds.

Richmond, Va., Oct. 27.—The remarkable demand for Confederate bonds continues and the boom for these valueless promises to pay is unabated. A leading banking house has already purchased nearly five million coupon bonds at from \$35 to \$5 per thousand.

Transatlantic Transpirings.

CARTRIDGES IN COTTON.

Liverpool Oct. 27.—A number of cartridges in bales of cotton were discharged just before being put in the beating machinery. It caused considerable excitement.

"FREEDOM OF THE PRESS—1881."

The United Ireland, the League organ here, comes out with its editorial columns surrounded with mourning, and blank except the words, "Freedom of the press—1881," printed across the page.

JUSTICE WILL BE DONE.

THE DAILY NEWS ON BLAINE'S CIRCULAR.

The Daily News says of Secretary Blaine's circular that it will undoubtedly receive a friendly hearing, but as to its logic it cannot be regarded very powerful.

THE STANDARD'S VIEW OF IT.

The Evening Standard says: Few persons are surprised to learn that the United States would regard a European guarantee of the neutrality of the Panama Canal an unauthorized intrusion. If Colombia should be hampered by a European guarantee it would create complications.

WANT TO RETAIN THE JEWS.

London, Oct. 27.—Jewish immigration to America is a subject of concern to the Russian Government. Another attempt will be made to turn the Jews into farmers and settle them in the provinces of Kherson and Skaierinolar.

ST. GOTHARD TUNNEL.

The St. Gothard Tunnel will be opened for traffic on January first.

New Mexico Comes to the Front with Thoroughbred Horses.

New York, Oct. 27.—The Spirit of the Times says: "The victories of Foxhall have attracted the attention of the entire world. Our soil, pastures and climate are unequalled for the propagation of thoroughbreds. A partial recognition of this is shown in the recent shipment of a celebrated English stallion and upwards of two dozen brood mares to this country by English parties. Their destination is New Mexico, and one of the gentlemen interested has laid a bet that the Derby winner will be bred on a New Mexico farm in less than six years. Certain Englishmen will be present here at the sales of American yearlings and in the Blue Grass Region, where Foxhall first saw the light and his ancestors lived and died."

ASTONISHINGLY QUICK WORK.

The feature of the day was the making of two suits of clothes, one for Gov. Colquitt and one for Gov. Bigelow from seed cotton picked at 7 o'clock this morning. The suits were worn at the reception in the evening.

The Governors leave for home to-morrow.

Unprecedented Drouth in New York.

New York, Oct. 27.—The alarm caused by the scarcity of water is increasing. Thompson, Commissioner of Public Works, says the supply in the reservoirs cannot hold out longer than seven days unless replenished by rain. The main pipes are kept filled to insure ample supply for fire purposes. To maintain this supply and at the same time furnish manufacturers with water needed to continue work, the people are compelled to abandon baths. Wells forgotten since the introduction of Croton water are being cleaned out for use. The present drouth is unprecedented.

Meanderings of the Militia.

Santa Fe, Oct. 27.—The New Mexican to-morrow will contain the particulars of the recent scout made by the Territorial militia at Socorro under the command of Lieutenant J. H. Mills. He scouted south and west of Socorro, going over the Magdalena, San Mateo, Bear and Gallinas mountains, making in all about 240 miles, but saw no tracks or other signs of Indians. The Territory is now believed to be entirely free from hostile Indians.

Colorado Criminal Callings.

SENT UP FOR LIFE.

DEATH PENALTY.

Thomas Coleman, colored, for the murder of Andrew Smith in a railroad camp near Alpine last July was to-day sentenced to be hanged on the 18th proximo.

NOT GUILTY.

In the case of Wiley Kirby, colored, on trial for the murder of Wright White, colored, the jury returned a verdict of not guilty, the prisoner having proved that he was committed in self defense.

HOMICIDE.

Denver, Oct. 27.—Last night at a ranch store seventeen miles west of Silverton W. C. Bowen shot and killed John Hayley. He claims self defense and says Hayley threatened his life. He came to town and gave himself up to the authorities.

A Bank Badly Bothered.

San Francisco, Oct. 27.—A Tucson dispatch says: It has just been learned that Dr. C. H. Lord, of the banking firm of Lord & Williams, had not been heard from since his departure from here three weeks ago. The firm had been writing to every important point between New York and Deming to learn of his whereabouts, living or dead. This afternoon a dispatch was received here saying that Lord was very sick at St. Vincent's asylum, in St. Louis. This intelligence was given to the public and at once explained what appeared to be a mystery. The members of the firm at first stated that all would be satisfactory, and they felt as though they could pay every dollar of indebtedness, and have ample to continue business. Dr. Lord had started to St. Louis to secure payments on accounts of beef contracts that he is carrying for the government. The rumor that the banking branch of the concern had accepted money after their assignment was made, is contradicted. It is reported that the government inspector made an examination and found everything right. During the day two of the heaviest New York firms with whom the house had large transactions wired the firm to state the amount necessary to help them through and it would be forthcoming. The sympathy of the community is with the firm and there is little doubt but what business will be resumed in a few days.

Senate.

Washington, D. C., Oct. 27.—The Judiciary Committee is authorized to sit during recess and examine into the bankrupt question.

Authority was continued to the Committee on Public Lands to sit during recess and inquire into the condition of the land office.

The invitation to the Senate from Governor Colquitt to attend the cotton exposition was ordered printed.

After a short executive session a recess was taken to allow the committees to consider the morning's nominations. The session lasted till 5:30 and then adjourned.

The Tribune on Blaine's Note.

New York, Oct. 27.—The Tribune on Blaine's interconcave canal circular says: While Blaine's declaration is entirely satisfactory to the American people it is evident that emergencies may arise in which we must be prepared to back up facts with arms or by that compulsion which nations sometimes find sufficiently efficient without resorting to acts of war. Our position is in effect not unlike that of Gortchacoff when, in 1871, he partly annulled the treaty of Paris with the Powers, who were restive under the change, but they had to acquiesce.

Poster's Impression of Arthur.

New York, Oct. 27.—The Herald's Washington special says Gov. Foster, of Ohio, who has had two interviews with the President says he was favorably impressed with his manner, but more favorably with the remark that during his term of office he would know no faction in the Republican party and that he hoped for the cordial and constant support of every friend of the party to the end that it might be free from schism and discord.

Ed. Berry, the negro who was sliced up at the butcher shop, last week, by Mrs. Davis, got some one to stick the pieces together, and he is again upon the street and able to dig ten postholes for a drink.

The man who can sit in church while a pint of flees are coursing up each trouser leg, and not think anything naughty is a saint. Job certainly had many trials to try his patience but he never had flees.

The school house is crowded every Sunday night by people to hear Col. Flory's lectures. If he continues his interesting discourses, it will be necessary to have more room. Therefore we need a good large church building, come on with your missionary funds and we will build a church.
