

GAZETTE CLEANINGS.

Mrs. T. B. Mills is quite sick. Don Andres Dold is under the weather again. Smith Simpson, an old resident of Taos, is in town. Family matinee this afternoon at Baca Hall at reduced prices. Felix Strauss of B. Lowenstein & Co. Mora, was in town yesterday. The remains of Miss Clara Hawkins will be buried in Las Vegas to-day. The Newsland Press, of Raton, issued an extra on the occasion of the ball. Judge Sumner will open his bar and billiard room in the hotel, on the first proximo. The Odd Fellow's ball is spoken of as one of the most pleasant ever given in Las Vegas. The Good Templars of Trinidad are moving in the matter of establishing a free reading room. The Magdalena mountains as seen from Socorro Wednesday morning, were white with snow. We understand that miners are in demand in White Oaks; one man desiring forty or fifty more men than he can get. Sulzbacher says that; judging from Guitien's plea, he has been accustomed to a code practice where any plea is admissible. The railroad people don't like the proposed reduction in wages, announced to go into effect the first of next month. The Socorro News claims that its subscription list is constantly increasing, and promises soon to expand into a five column paper. J. J. Fitzgerald says he sold two thousand dollars worth of real estate yesterday, before he smoked his cigar after breakfast. Luis and Felix Baca, sons of Mrs. Dolores Baca, leave for Las Vegas tomorrow, to attend the Fathers' college. Trinidad Times. Leopold Chene, of Las Vegas, New Mexico, formerly of Trinidad, is paying his old home a visit on business and otherwise. Trinidad Times. It is reported that in sinking a well at the steel works at Pueblo, Colorado, a vein of oil has been struck and Pueblo is expectant accordingly. A force of men were at work yesterday disinterring the water pipes by which the railroad tank and machine shops have heretofore been supplied with water. Prof. W. H. Ashley has declined the position to which he was recently appointed by the school commissioners of this county, as teacher of the public school in precinct No. 26. Herbert C. Blythe, of Glen Mora, is in England, and we doubt not his faith in the future of Las Vegas will do us good as a means of diverting some English capital in this direction. Mr. A. Mennet and family will remove to Socorro next week. Mr. and Mrs. Mennet are popular and active members of our best society and their removal from our midst will be much regretted. A meeting of the Directors of the San Miguel County Agricultural and Fair Association, was held yesterday and together with the transaction of other business they decided to issue \$29,000 in bonds of the Association. We were shown yesterday an excellent portrait of Dr. M. M. Milligan in crayon work by Mr. H. H. Tallman, of this city, late of Peoria, Illinois. Mr. Tallman is making a number of these portraits and seems to be giving very fine satisfaction. The Nellie Boyd Band has attracted quite an amount of attention and of favorable comment in their daily parade through the principal streets of the city during the week, and the music to which they have treated the public without money and without price. J. J. Fitzgerald, the live real estate man, sold yesterday to Rev. J. E. Coheour, the Warner property on Seventh street, at a fair price; also a handsome lot on Grand avenue, two lots in the Buena Vista edition and two lots on Railroad avenue at a total of \$16,500. The Trinidad papers are at it again; one of them calls the other a liar and the other comes back at him with the frightful epithet of "Twilight Organ." If these men were Virginia politicians Trinidad would witness a duel at long distances with very small pistols before the spring time comes again. The Trinidad News says that "Librado Martin, a Mexican, was bitten by a skunk a few days since, and that there is no known remedy for the bite of a skunk, hydrophobia being always sure to follow." The article concludes as follows: "Martin was bitten by a skunk, as far as can be learned, and if this is so, the doom of an impending horrid death is hanging over him." Some mischievously inclined Dr. must have been giving the News man a very considerable dish of taffy upon the subject of skunk bites.

A good indication of the improved state of society in New Mexico appears in the orderly and peaceable character of the crowds which meet from night to night to witness exhibitions in our public halls and the commendably decent and decorous deportment of the large crowd at the Raton ball a few nights since and at the Odd Fellows ball in this city night before last. There are far older communities than ours, and communities that would not hesitate to sympathize with the primitive character of our institutions, without taking the trouble to look very closely; where it would be a miracle, to bring together twelve or fifteen hundred people in the comparatively unrestrained freedom of a public ball without making enough history to keep several justices courts busy for a week. The times of ruffianism, and the relics of barbarism are fast disappearing from this favored land, and our people are rapidly acquiring the character of sober, peaceable and law abiding citizens, in communities where their interests and their futures lie, and whose good name it is both their interest and their duty to preserve without reproach. The attendance at Baca Hall last evening to witness the presentation of "A Celebrated Case" by the Nellie Boyd Combination showed no diminution in the interest accorded this company; since the beginning of its engagement in our city, and it may be said to the credit of the combination, that during the entire engagement every member of the troupe has played his part in each piece for all it was worth, and all have manifested an earnest purpose, not so much to get through the engagement and get away; as to afford during their stay, such substantial amusement and entertainment as should make their coming to Las Vegas again an event to be desired by our citizens. To-night is Miss Boyd's benefit night and "Camille, or the Fate of a Coquette." Alexander Dumps' Great Sensational Drama, will be presented. We bespeak a crowded house. We understand a company has been formed to develop a mineral prospect within a few miles of Las Vegas; and that the projectors are extremely confident of striking something rich within the immediate vicinity of this city. If this should occur there would be a boom in Vegas, such as has never been witnessed; even in this country of bonanzas and booms. There is said to be some very fine indications of rich carbonate leads within three or four miles of this city, and we understand these people mean business, and if it is there they may be expected to bring it to light. At the meeting of the coal company night before last, Capt. A. H. Whitmore was elected president and C. Frank Allen, secretary. The Directors chosen at this meeting were W. H. Shupp, Chas. Blanchard and Col. J. A. Lockhart. The prospectors think they have found fine indications near town, and immediate steps will be taken to work the prospect for all it is worth. Our people are paying enormous prices for coal and the man or company who shall develop a supply convenient to town and thus cheapen the supply would be little less than a public benefactor. The new addition north of Bridge street has been divided into about three hundred lots excellently located for building purposes and will be called the Lopez, Rosenwald and Sulzbacher addition. The building boom will be started in this addition by the erection of two valuable brick residences at once. This addition is about equally divided by 12th street in one direction and Inter-Ocean street in another. Mr. C. Frank Allen will have the plat complete by Monday, and the lots will then be on the market. The bell on the old Presbyterian church, on the West Side, was taken down yesterday and elevated to a position in the belfry of the new East Side church. The process of raising a bell weighing a half ton, to the top of a house, is no small matter; but the feat was successfully accomplished under the direction of Mr. B. B. Borden, and the bell now reposes securely upon a substantial frame in the top of the new tower, from which, may its peals long be the harbinger of gladness to the people of Las Vegas. Hon. E. B. Wells of St. Louis, formerly a member of Congress, from Missouri, went south yesterday to look after mines in which he is interested, in the southern country. Mr. Wells has recently sold out his controlling interest in two of the best street-railways in St. Louis, and is well fixed for buying mines. A Lempke, who recently opened his wholesale house on the plaza, expresses himself as well pleased with the trade that he has secured in so short a time. He has added to his establishment a neat private room carpeted and provided with tables where ranchmen, miners and millers can have a comfortable place to stop. Attention! The new Delmonico restaurant in East Las Vegas near Mendenhall, Hunter & Co's, stables is now open to the public with all the delicacies of the season. The hungry and the fastidious public will govern themselves accordingly. The house is first-class and meals will be served from bills of fare. 9-1-tf
