SPECIAL BARGAINS IN REAL ESTATE, BY A. A. and J. H. WISE,

There are no desirable residence houses for rent in Las Vegas. Why? Because in the last few months the population has increased the population of our growing city to such an extent that house building has not, in fact, kept pace with the demand. In view of this fact, we have secured a large number of building lots, very desirable, which we will sell CHEAP FOR CASH and on the INSTALLMENT PLAN. We have also a few very desirable

RESIDENCE HOUSES FOR SALE CHEAP. Changes are constantly being made by occupants in residences, and those desiring to rent should place their names on our list.

WORSE THAN REPORTED

Instead of Having Been Exaggerated,

AS IS USUALLY THE CASE

In Places Where Riots Have Occurred,

It seems that the reports sent out yesterday were made in comparison with the Real State of Affairs—Hundreds of Chinamen in the Mountains in a Starving Condition, Afraid to Go in Search of Food—The Attack a Preconcerted Affair.

CHEYENNE, WY., Sept. 3.—The news from Rock Springs, received this forenoon, indicate a worse state of affairs than reported last night. Every Chinaman, over 500 in number, has been driven out of town. Fifteen dead Chinamen have been thus far discovered. As many more dead bodies are probably in the ruins. Fifty houses belonging to the railroad company, and fifty more owned by Chinamen, were burned. The Chinamen are yet in the hills west of town without food and afraid to go to Green River City, distant about 100 miles. Governor Warren is now at Rock Springs, with General Superintendent Dickinson and Superintendent Wurtelle, of the Western Division of the Union Pacific Railroad. No more disturbance is anticipated. Food will be sent to the starving Chinamen in the hills by the authorities.

LATER.—The worst has evidently not been told regarding the anti-Chinese riots in the western part of Wyoming. According to advices from Evanston, where the second largest coal mining camp of the Union Pacific Railway is located, the movement is a preconcerted one. It had been arranged that the first attack on the Chinese was to be made in Carbon, a mining town about 150 miles east of Rock Springs, to be followed by like movements in the latter place and Evanston. The Rock Springs miners, however, took the initiative, and the result there has been announced. The mob at that place looted the houses of the Chinese before setting fire to them. The outrages commenced in mine No. 6, where three Chinese miners were attacked and killed. Then the riot commenced all over town. Even women joined with loaded shotguns in their hands. Superintendent Evans, of the coal mines, was warned to leave town, and he did so with alacrity, passing through here today en route for Omaha. Nothing can be heard from Carbon. The operator there is evidently afraid to send news from Evanston. The Sheriff of Uinta County telegraphed this evening to Governor Warren as follows: "A large number of citizens, with myself, are satisfied that the outrages committed at Rock Springs will be repeated here, and are liable to break out at any time. We need troops to protect the lives and property of our citizens."

Governor Warren is at Green River, but he has telegraphed to the commanding officers at Forts Fred Steele and D. A. Russell, and troops are ordered to hold themselves in readiness to move at a moment's notice.

Characterized as a Massacre.

SAN FRANCISCO, Sept. 3.—Colonel Bee, Chinese Consul, received the following dispatch from Evanston, Wyoming, today relative to the massacre of Chinese at Rock Springs yesterday: "The number of Chinese killed outright was eleven. There are a large number of wounded still in the hills, many of whom will probably die. The Chinese dare not go out in search of them, and the dispatch concludes by stating that it was nothing but a massacre of defenseless people."

Thirty Families Rendered Homeless.

ALBANY, N. Y., Sept. 3.—3:45 p. m.—A large fire is raging here. Thirty buildings, mostly frame, are in flames. The loss will probably reach \$50,000.

LATER.—All the buildings on the block bounded by South Pearl, Broad and Alexander streets and Fourth avenue were burned except three brick ones on Pearl street. The wall of one of the buildings fell at 3:45, and the firemen narrowly escaped being buried beneath it. Fireman Freudenham, of truck No. 1, was badly burned about the head. Twenty-five to thirty families are burned out of their homes. At 4 p. m. the fire was under control.

Diseased Hogs in Chicago.

CHICAGO, Sept. 3.—A statement is published here that twenty-one cholera-stricken hogs were cut down and condemned at the stock yards last night, and that on Tuesday last forty others were condemned in the same way, making sixty in two days. The hogs had been shipped to the city in a diseased condition.

Mrs. Jarrett Exonerated.

LONDON, Sept. 3.—Mr. Stead, editor of the Pall Mall Gazette, telegraphs from Switzerland that he alone is responsible in the Eliza Armstrong case, that Mrs. Jarrett was an unwilling agent, and that he will return to London at once and answer for himself.

Cleveland Soon Returns.

PROSPECT HOUSE, ANDRONACUS, Sept. 3.—President Cleveland returned here last night. It is expected he will remain until Saturday morning, when he will leave for Albany and Washington, via Pittsburg.

Released From False Imprisonment.

PARIS, Sept. 2.—An American named Link was arrested here about a month ago on a charge of trying to sell worthless Mexican lands, and was sent to

prison. The prison officials ill-treated him with a view of forcing him to make a confession, and would not allow him to see his wife, although he proved his innocence. He was retained a whole month, and has just been released at the instance of Mr. McLean United States Minister.

THE DEADLY SCOURGE.

The Disease Caused by Reeking Fifth—Consulting General Mason's Statement.

WASHINGTON, Sept. 3.—The Secretary of State has received a detailed report from Consul Mason in regard to cholera at Marseilles. He comments on the false policy of the authorities in endeavoring to suppress the truth as to the existence of the disease, and speaks of the sensation caused by the rude awakening on the 14th ult., when the community was shocked by the announcement that an epidemic prevailed in their midst. He says, further, that then the city realized that it was in the first stage of an epidemic of real Asiatic cholera which had not been imported from Spain or elsewhere. The most elementary principles of sanitary cleanliness are unknown in Marseilles. The gutters of the streets flow with filth, and the canals and sewers are infected. On the eastern side of the old port is one building which contains 700 inhabitants, whose excrements are thrown into the recesses of the stairways. Behind the Marie is a school for young girls, which is poisoned by exhalations from the vaults of neighboring closets, and aired only by windows opening upon a dark, closed court, which is a veritable sink. From the 1st to the 19th of August there were 721 deaths, or an average of thirty-eight per day. The disease has also appeared seriously in the suburbs of the city. The malady has been in a relatively more fatal form than last year to sailors of vessels in port, and has been particularly serious with seamen from England and Scandinavia. The disease manifests its characteristic preference for the dissipated, the insane and the unclean. At the present situation the record of the past secondary epidemics indicate that the scourge has perhaps reached its maximum of fatality, and will gradually subside to a finish in October or November.

Coney Island Races.

NEW YORK, Sept. 3.—The attendance at the meeting of the Coney Island Jockey Club was very large. The track was in splendid condition. The feature of the day's racing was the winning of the September stakes by the Western visitor, Hidalgo, after a splendid finish with Wanda, of the Raneos stables, whom, after a most exciting race, he downed by a neck. Tyrant, however, of the same stable, in the first race, was a bad disappointment to his numerous friends, who backed him heavily as the winner.

First race, all ages, previous winners to carry extra weight, seven-eighths of a mile, Avalon won, Tornado second, Gleaser third. Time, 1:20.

Three-year-olds and upwards, seven pounds allowed gentlemen riders, winning penalties, one mile, Elmendorf won, Sam Brown second, Rica third. Time, 1:47.

Three-year-olds and upwards, handicap sweepstakes, one and three-eighths miles, Dutch Roller won, Albia second, Miss Brewster third. Time, 2:25.

September stakes, a sweepstake for 3-year-olds, \$100 each, with \$1,500 added, \$300 to second, winning penalties, one and three-quarter miles, starters, East Lynne. Long View, Favor, Richmond, San Augustine, Katrine, Wanda, Hidalgo. In the stretch a splendid race took place between Wanda and Hidalgo, the Californian beating Wanda by a neck, she being three-fourths of a length ahead of Long View, who was third. Katrine was badly cut down and limped in. It is said she is irreparably ruined. Time, 2:30.

Burning of a Freight Depot.

CINCINNATI, Sept. 3.—About dusk this evening the entire fire department of the city was called to the corner of Sixth and Hoadly streets, where a fire had gained much headway in the freight depot of the Cincinnati, Hamilton & Dayton Railroad. The building extends from Fifth to Sixth streets, a distance of 500 feet. The lower floor is occupied as a freight depot by the railroad company, while the upper stories are used by the Cincinnati Malt and Warehouse Company, J. R. McGrae & Co., proprietors. An immense quantity of grain was destroyed. The freight on hand was also badly damaged. A rough estimate places the losses at over \$50,000.

LATER.—The loss will not exceed \$225,000; insurance, \$140,000.

Declines a Renomination.

COLUMBUS, Ohio, Sept. 3.—Judge G. McIlvaine, of the Supreme Court, and candidate on the Republican ticket for re-election, has sent his declination to the committee on account of ill health since the nomination. A meeting has been called for September 9 to fill the vacancy.

CLOSE ON THEIR HEELS.

The Detectives Who Are Searching for the

CHICAGO & ALTON ROBBERS

Have at Last Caught on to a Clue

Which May Lead to the Capture of the Entire Gang—A Pack of Bloodhounds Aiding in the Search—The Railroad Company Offers a Reward of One Thousand Dollars for the Capture of Each Robber.

KANSAS CITY, Sept. 3.—The special train sent out from here to the scene of the robbery last night on the Chicago & Alton road near Blue Springs left shortly before 1 o'clock this morning. Arriving on the ground, horses were secured and the officers started on the track of the robbers. Bloodhounds have been secured to aid in the search. At noon, the time of the latest report, none of the robbers had yet been captured. Governor Marmaduke, who is in this city, has written a letter in reply to one from Mr. Bates, Superintendent of Transportation of the Chicago & Alton Railroad, asking his co-operation in the apprehension of the perpetrators of the Blue Springs robbery last night. The Governor writes that he will join heartily in the effort to remove this stigma from the good name of the State of Missouri. The last vestige of these crimes, he says, must and shall be speedily stamped out, and he relies upon the prompt support of the people throughout the State. He will issue a proclamation from Jefferson City tomorrow offering a reward of \$1,000 each for the arrest and conviction of the robbers, and calls upon all officers of the law to use their efforts in bringing the offenders to justice.

LATER.—The majority of the pursuing party that went from here returned this afternoon after a fruitless search. The railroad company has offered a reward of \$1,000 for each of the robbers.

STILL LATER.—The robbers, who were mounted, have been tracked to Adams station, a point on the Missouri Pacific road, thirteen miles east of this city. The company's detectives, who were at Blue Springs, have been ordered to take up the trail from that point.

Marine Cadets Appointed.

WASHINGTON, Sept. 3.—The examination of candidates for appointment as cadets in the Revenue Marine service has been concluded. Fourteen candidates passed, but, as there are only seven vacancies to be filled, it was decided to appoint the ones who attained the highest averages in the examination.

The names of the successful candidates are John B. Hall, of Virginia; Stanley M. Landrey, of Indiana; Preston H. Ubroth, of Pennsylvania; Ellisworth P. Berthoff, of New York; Gordon H. Wilcox, of Pennsylvania; Richard O. Crisp, of Maryland, and William D. E. Jacobs, of Maryland.

An Italian Killed.

BALTIMORE, Sept. 3.—Today a party of Italians entered the drinking saloon of Walter Welch, in the Western Section, and passing into a rear room, acted in a disorderly manner. Welch ordered them out and drove them from his premises at the point of a revolver. Shortly afterwards five of them returned, a part entering through the front door and the others by the rear. They were armed with daggers, and made a break for Welch with murderous intent. Welch had his pistol at hand, and raising it, fired at the foremost one, Frank D. Antonio, who fell dead. The others then ran off.

Maud's Failure.

PROVIDENCE, Sept. 3.—Maud S made an unsuccessful trial to lower the record here today. A brisk wind blew upon the homestretch. The air was crisp and chilly. John Murphy drove a runner along to force her pace. First quarter 33 s., half, 1:13. Fastest half mile on record in trotting. The queen fairly flew over the course. She left her feet, however, after passing the pole, but quickly steadied, passing the three-quarter pole in 1:40. Murphy pressed closely upon Bair's sulky on the last quarter, but she more failed to respond, and finished the circuit in 2:13.

Firemen Seriously Injured.

NEW YORK, Sept. 3.—Fire broke out at midnight in a tenement house on West Nineteenth street, containing nine families. All were rescued, though there were a number of thrilling escapes. Five firemen were hurt by the breaking of a ladder, and one or two of these may die.

Killed While Shooting Grouse.

LONDON, Sept. 3.—Lieutenant-General John H. Melville Babbington, of the British army, was killed today while shooting grouse in the County of Dumfriesshire, Scotland, by the accidental discharge of his gun.

Crops Damaged by Frosts.

ST. PAUL, Sept. 3.—Specials today from various points show considerable damage by frost last night. In the vicinity of Moorhead and Wilmar the corn crop is said to be entirely ruined.
