Citizens' Training Camps.
Two Citizens' military training
camps will be held in the Eighth corps
area during the summer—one at Fort
Logan, near Denver, Colo., from Aug-
ust 1 to 30, of which Col. Paul A. Wolf,
Ninth infantry, will be the commandant,
the other at Camp Travis, near
San Antonio, Texas, from July 15 to
August 14, of which Brig. Gen. Han-
sen E. Ely, U. S. A., will be commandant.
Both these officers had notable
service during the World war and both
are eminently fitted to conduct a citi-
zens' military training camp, and both
are heartily with plans and purposes
of such camps. Attendance at these
camps will be limited to approved ap-
plicants between the ages of 16 and 35
years, of average intelligence, of good
moral character and in good physical
condition, and generally will be limited
to candidates living within 200 miles
of the camp, although a few residing
at a greater distance will be authorized
to attend. Civilians who are author-
ized to attend these camps will not re-
ceive any pay for attendance thereat,
but will receive free all necessary uni-
form, clothing, food and shelter, med-
ical attention, arms and ammunition,
equipment and railroad transportation
from their homes to the camp and re-
turn.

Says Use of Tobacco Good.
Atlantic City, N. J.—Dr. W. H. Gel-
ston of Camden told the New Jersey
State Dental Society's convention that
an "old-fashioned chew of tobacco" is
one of the best disinfectants known to
dental science. He declared if reform-
ers succeeded in banishing tobacco dis-
eases of the teeth and gums are likely
to increase, adding: "Tobacco forms
a sialagogue around the teeth thus
preventing bacteria from getting a
foothold. A cigar performs the same
function to a less degree, but a cigaret,
because of its paper wrapper, has not
the value in this respect."

Reducing U. S. Debt.
Washington.—A reduction of \$42,
823,184 in the public debt during May
has been announced by the treasury.
On April 30 the total gross debt stood
at \$23,995,564,776, as compared with
\$23,952,741,592 May 31. Redemption
of treasury certificates of indebtedness
was mainly responsible for the reduc-
tion, treasury officials explained.

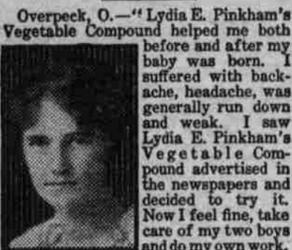

During the eleven months of the
present fiscal year, the treasury said,
public debt disbursements aggregated
\$7,576,000,000, compared with \$7,234,-
000,000 during the corresponding
months last year, leaving a net reduc-
tion in the public debt for the fiscal
year to date of \$342,000,000.

The report of the government's
finances for May showed ordinary re-
ceipts aggregating \$224,000,000, which
was \$145,000,000 less than ordinary
disbursements. This compared with
ordinary disbursements of \$258,000,000
in May a year ago. For the eleven
months ordinary receipts were \$4,475,-
000,000, which was \$229,000,000 in
excess of ordinary disbursements. Ordi-
nary receipts during the corresponding
period last year were \$5,339,000,000.

in Health**

Overpeck, O.—"Lydia E. Pinkham's
Vegetable Compound helped me both
before and after my
baby was born. I
suffered with back-
ache, headache, was
generally run down
and weak. I saw
Lydia E. Pinkham's
Vegetable Compound
advertised in the

decided to try it.
Now I feel fine, take
care of my two boys
and do my own work.
I recommend your
medicine to anyone
who is ailing. You may publish my testi-
monial if you think it will help others."
—Mrs. CARRIE WILLIAMS, Overpeck, Ohio.
For more than forty years Lydia E.
Pinkham's Vegetable Compound has
been restoring women to health who
suffered from irregularities, displace-
ments, backaches, headaches, bearing-
down pains, nervousness or "the blues."
Today there is hardly a town or hamlet
in the United States wherein some
woman does not reside who has been
made well by it. That is why Lydia E.
Pinkham's Vegetable Compound is now
recognized as the standard remedy for
such ailments.

part of his life. He is chiefly known
for his work in connection with the
White House, the rebuilding of which
he directed after it was burned in
1814.
