

WHAT I WENT THROUGH

Before taking Lydia E. Pinkham's Vegetable Compound.

Natick, Mass.—"I cannot express what I went through during the change of life before I tried Lydia E. Pinkham's Vegetable Compound. I was in such a nervous condition I could not keep still. My limbs were cold. I had creepy sensations, and I could not sleep nights. I was usually told by two physicians that I also had a tumor. I read one day of the wonderful cures made by Lydia E. Pinkham's Vegetable Compound and decided to try it, and it has made me a well woman. My neighbors and friends declare it had worked a miracle for me. Lydia E. Pinkham's Vegetable Compound is worth its weight in gold for women during this period of life. If it will help others you may publish my letter."—Mrs. NATALIE B. GIBSON, 21 N. Main Street, Natick, Mass.

The Change of Life is the most critical period of a woman's existence. Women everywhere should remember that there is no other remedy known to medicine that will so successfully carry women through this trying period as Lydia E. Pinkham's Vegetable Compound.

If you would like special advice about your case write a confidential letter to Mrs. Pinkham, at Lynn, Mass. Her advice is free, and always helpful.

TAXPAYERS SUPPORT SAN JUAN COUNTY REPUBLICANS

Strong Line of Candidates Nominated at Convention in Northwest County; Pledged to Economy.

ALBUQUERQUE, N. M., Oct. 22.—Fifty-six earnest, progressive men, representing the Republican party of San Juan county, nominated a ticket at their county convention here last Tuesday, and they did a good job.

The ticket is composed of clean, efficient citizens and will command the enthusiastic support of every citizen and taxpayer, regardless of politics, who believe efficient, economical administration of county affairs to be the foremost consideration. It will win on the individual merits of the candidates.

The county ticket nominated by the San Juan Republicans represents party progress, regardless of what the Republican state ticket stands for. Every Republican should rally to it, every independent voter can feel a righteous duty in supporting it, every Democrat who feels that his party has laid aside good public service for party, every thinking taxpayer who sees his taxes almost double in two years—all these can vote the Republican county ticket and know that he is performing a highly useful duty.

The ticket follows: For representative, W. H. Christian of Aztec; for county commissioner, 1st district, Simon Martinez of Largo; 2d district, A. H. Masters of Cedar Hill; 3d district, Don T. Allen of Farmington; for probate judge, W. A. Palmer of Aztec; for promote clerk, John Graham of Farmington; for sheriff, Lou H. Miller of Farmington; for assessor, Willie Brown of Farmington; for treasurer, W. W. O'Neal of La Plata; for superintendent of schools, M. F. Finch of Aztec; for surveyor, G. S. REBELLION EXCUSE TO DIVIDE CHINA

European Powers May Fall Upon Helpless Empire of Orient and Portion It Off Among Each Other.

Washington, D. C., Oct. 24.—The formidable rebellion now sweeping over middle China came with such suddenness and was so unexpected on the part of Occidental nations that there has as yet been no opportunity for a development of the international character of the movement, which seems destined to make a deep impression upon the Chinese nation whether it shall prove successful or in a failure.

Now, however, that some idea of the wide extent of the disturbance and the possible influence upon the future of China seems to obtain, it is believed here that some, at least, of the powers that have in the past asserted an interest in Chinese affairs will be casting about to safeguard and even to extend those interests widely.

That China, torn by revolution, might fall an easy victim to the designs of aggressive powers seeking to extend their territorial influence is clearly recognized by officials here interested in oriental affairs and they have given some thought to the subject of the protection of the integrity of the Chinese empire against such designs. Apparently there is only one feasible method of accomplishing this, it is pointed out, and that is by securing a concert of action among the powers such as was so successfully maintained by Great Britain in supporting of the "open door" policy in the far east. Whether or not it will again devolve upon America to take the lead in organizing such a defensive union is yet too early to predict, but if the rebellion should be long drawn out, as promises now to be the case, it is believed that some infringement by one side or the other of the rights of foreigners will soon take place that will bring the matter to an issue by causing some aggressive power to assert its right unduly in China.

BITULITHIC SAMPLE FOR INSPECTION OF THE PUBLIC

Alongside of the two samples of asphaltic concrete placed on display at The Herald office by J. A. Laughlin of Trinidad, those interested in presenting the claims of bitulithic as a paving for Albuquerque, were placed a generous amount of that composition. With the three samples together, the average citizen may examine into the merits of each. The bitulithic sample was obtained from a pavement on Dartmouth street, Boston, several weeks ago, having been laid in 1903.
