DEAD: Sir William Napier, 1860; Sir Henry Saville (mathematician), 1822.

SEPOY REVOLT BEGAN, 1857; Florida ceded, 1822.

Will anything be done about the fee system? Who can tell?

Pass the council bill suppressing public gambling; why is it not forthcoming for consideration and action?

It looks very much as if New Mexico were at last to be supplied with a suitable institution for the care and comfort of the insane.

The course of the NEW MEXICAN is worrying several of its more or less esteemed contemporaries; correct, very much so.

At last New Mexico is to have a real arbor day. Thanks, Messrs. Legislators, another progressive step advocated by the NEW MEXICAN.

THERE are to-day in the treasury nearly \$200,000 for the expenses of the territorial government for the year commencing March 4, 1891; pretty good record that for the Perea finance bill and the Republican administration. No need of being ashamed of that record.

By its prompt passage of the measure wiping out the exorbitant fees paid county assessors the legislative council has placed itself on record as most faithfully serving the best interests of the people. Now let us see what the house is going to do about it.

The Democratic caucus may defeat the appropriation bill and again it may not; time will tell and that in a short time; if the house can stand the defeat of the appropriation bills, why the people can surely do so; but then, let us wait and see.

THERE are only six more days after today within which to pass acts protecting the interests of the people in the matter of the regulation of rates of express companies and taxing the latter so that they shall contribute their just share toward bearing the burdens of government. Act within this few days, Messrs. members of the assembly, and act promptly, earnestly and fairly.

It is something to the credit of Messrs. Perea and Catron, both prominently identified with several banking institutions, that they should have so earnestly worked for the passage of the house bill taxing the stock certificates of all private and national banks. Through their efforts several weak spots in this measure as it came from the house were remedied in the council, and its provisions were so extended as to include also the taxing of insurance company stocks. The house should lose no time in concurring in these amendments.

Tax the express companies and the Pullman Car company; it is only fair and just that these corporations should be taxed.

REGULATE the rates of express companies and make them fair all around to the people and to the companies.

ON the 4th of March, or within two weeks from to-day, the territorial debt will be reduced some \$70,000 by the redemption of outstanding warrants to that amount. During the past two years the territorial debt has been reduced already in the sum of \$100,000; very good record that for the Perea finance bill and the Republican administration. No need to be ashamed of any such record.

The fact that the spring and summer is full of good cheer for New Mexico's beef raisers is demonstrated by the fact that already 3 cents has been refused by some feeders in the territory for their beef stock. Being men of good judgment they refused the offer and are holding for 3 1/2, which they will certainly get. It seems now that the pall which has been upon the range cattle industry for five years or more was about to be lifted. Stock raisers have every reason to feel encouraged.

The horticultural industry is destined ere many years to become second to none in New Mexico. We have the soil, the climate, the water and the market, and the rapid strides made in this interest during the past few years augurs well for the future, therefore we note with pleasure the fact that Representative Fall, hailing from the famous Mesilla valley fruit region is determined to secure official recognition for the fruit growers. New Mexico can well afford to foster and encourage the horticultural industry.

THE NEW MEXICAN has private advices from San Miguel county to the effect that a new organization, known as the United Protection association, has been organized and is growing rapidly. They are to-day, so the NEW MEXICAN is informed, over thirty different lodges in existence with over 1,500 members. The name of the association implies its objects and aims and it is antagonistic in its spirit to the so-called Knights of Labor and White Cap organizations in San Miguel county. The leaders of the movement expect to have fully 3,000 members enrolled in their organization by the time the next elections come around.

The status of the land court bill is most encouraging. It having passed the house, and been favorably reported to the senate, with some amendments, however, it seems more than probable that it will pass. It will then have to go to the house for concurrence, and, although the time is short, we can not but believe that it will be sent to the president before the 4th of March. Our faith is based on the significant fact that this measure, so vitally important to New Mexico has been carefully taken into account in all the plans of the Republican members. It is frequently referred to in the dispatches of late dealing with those measures which the Republicans declare must receive attention at this session. In the house we have but one fear; should Morgan or Reagan or Holman, Democrats, who love New Mexico none too well, be able to balk it, they no doubt will do so.

What They Say About Matters Before the Legislature.

The World's Fair Appropriation. The Hon. Mr. McDonald's bill now before the legislature, appropriating \$50,000 for the purpose of defraying the expenses of a light brigade, consisting of ten men and ten women, to attend New Mexico's exhibit at the World's fair, is a daisy of its kind. If we were one of the brigadiers our expenses would be very necessary. Phew! Why not send a few more troops on a junketing expedition? The territory is wealthy.—Kingston Shaft.

Amend the School Bill.

The governor's suggestions on the school law should be heeded by the legislature. The amendments proposed would make the law nearly perfect.—Springer Stockman.

It Will Be a Good Law if Enforced.

The council has passed a bill which is now before the house prohibiting all kinds of gambling. 'Tis thought that some of our law makers have been trifling with the fickle goddess of luck to their utter disgust; hence this. But it will be a good law if enacted and should be rigidly enforced.—Springer Stockman.

WHY DO YOU COUGH?

Do you know that a little cough is a dangerous thing? Are you aware that it often fastens on the lungs and far too often runs into Consumption and ends in Death? People suffering from Asthma, Bronchitis, Pneumonia and Consumption will all tell you that.

"IT STARTED WITH A COLD."

Can you afford to neglect it? Can you trifle with so serious a matter? Are you aware that it will stop a Cough in one night. It will check a Cold in a day. It will prevent Croup, relieve Asthma and cure Consumption if taken in time. "You can't afford to be without it." A 25 cent bottle may save you \$100 in Doctor's bills—may save your life! Ask your druggist for it, or write to W. H. HOOKER & Co., 46 West Broadway, New York, for book.

FOR SALE BY A. C. IRELAND, JR., SANTA FE.

Notice. All parties indebted to the late firm of Van & Co., are hereby respectfully requested to pay such indebtedness to the undersigned who is duly authorized to receive the same; and such parties are further notified not to make any payment to any other person. THE PECOS VALLEY! THE GREAT FRUIT BELT of NEW MEXICO! 1000 Miles Nearer all Eastern Markets than California. The canal system of the PECOS IRRIGATION AND IMPROVEMENT COMPANY covers 300,000 acres of MAGNIFICENT LAND in this MATCHLESS LOCALITY. The land is all PUBLIC DOMAIN and enterable at the Government price, of \$1.25 ONE DOLLAR AND TWENTY-FIVE CENTS PER ACRE! \$1.25 Either under the Desert Act, Timber Culture, Pre-emption or Homestead Laws. The soil is a rich, chocolate-colored, sandy loam, from six to twenty feet deep, underlain by lime-stone. In fact it is a lime-stone region UNSURPASSED IN RICHNESS by the famous Cumberland Valley. With an altitude of 3,500 feet above sea level, it has a CLIMATE WONDERFULLY EQUABLE AND HEALTHY! No snows; no Northerns; no dampness; no malaria; no consumption! PURE, and ABUNDANT WATER; so here produces five cuttings of alfalfa the year, and two crops of grain; wheat, oats and barley being harvested in June and corn then planted on the same land being cut in the Autumn. For further particulars, address, "THE PECOS IRRIGATION AND IMPROVEMENT COMPANY," Eddy, Eddy County, New Mexico.
