THE GOLDEN RULE DRY GOODS CO.

Machinery Is Delayed for Alamogordo Mills; Cannot Open August 1

Alamogordo, N. M., July 28.—De-
lays in shipping machinery for the

sawmills here, which were to have
opened August 1, has caused that
event to be postponed. The mills
will start as soon as the machinery
arrives and the different pieces can
be set up.
The lumber company has made all
arrangements to double crew the

mill, running continuously from 7
o'clock Monday morning to 12 o'clock
Saturday night. The log pond has
been deepened and widened so as to
have a capacity enough to keep the
mill supplied at all times. The elec-
tric lights will be supplied by the
company's own power plant, but con-
nection will be made with the city
lights so as to avoid a shutdown in
case of trouble at the company's
plant. New logging tracks have been
built in the mountains, and the com-
pany now has a force of approxi-
mately 200 men at work on the
tracks and getting out ties and tim-
bers. The company's Shay locomotives,
which will be used on the log-
ging roads, are being overhauled by
the El Paso & Southwestern system.
The railroad company is increasing
the length of all the log cars which
will be used on the main line of the
mountain road between Huerfano, the
mountain terminus, and Alamogordo.
The rebuilt cars will be 32 feet in
length. The old round house, which
was used up to the fall of 1906,
when the general shops were removed
from Alamogordo to El Paso, is
being torn down and a new round
house of five stalls will be erected on
the old site.

Dona Ana County Fair Dates October 10-13

Las Cruces, N. M., July 28.—The
dates for the Dona Ana county fair
have been fixed as October 10-13.
This will be the week before the soil
products exposition in El Paso and
the dates were chosen that the fair
might be a means of assembling ex-
hibits to be displayed later at this
event.
The catalog and premium list will
be off the press about August 25.
Sugar beets, in which this section
is interested especially just now, will
be in a class by themselves.

Mountainair Ends Ninth Chautauqua; Planning for Larger One in 1917

Mountainair, N. M., July 28.—The
ninth annual Mountainair Chautau-
qua ended here today with a chorus
concert by a party of Santa Fe musi-
cians whose numbers have been in-
creased to a high degree through-
out the season.
The chorus included Mrs. Mary
McPhee, Lillian, soprano; Mrs. Mary
Henderson, singer and violinist;
Miss Ramona McKinney, pianist; Mr.
McCoy and Mr. Beckner, vocalists.
The annual meeting of stockhold-
ers was held yesterday and plans
were framed for a much larger Chautau-
qua next year.

Haunts of Primitive Man in Southwest Are Described in Booklet

Santa Fe, N. M., July 28.—"The
Haunts of Primitive Man in the
Southwest" is the title of an attrac-
tive pamphlet recently got out by the
Santa Fe railway, copies of which
have been received here. The book-
let is illustrated by a number of
splendid photographs of the ancient
cultural dwellings in this section,
both cliff and pueblo.
Most of the folder is devoted to
the Santa Fe "90's mile square."

Farmers Plan to Feed Stock.
Carlsbad, N. M., July 28.—The cur-
rent high price of stuff for feeding
and the higher prices paid for fat
stuff have encouraged many local
men to grow feeders or to prepare to
feed stock this fall. Many are plant-
ing orange crop and some are buy-
ing alfalfa for later delivery.

TRY IT! SUBSTITUTE FOR NASTY CALOMEL

Starts your liver without making
you sick and can not
salivate.

Every druggist in town—your druggist
and everybody's druggist—has
noticed a great falling-off in the sale
of calomel. They all give the same
reason. Dodson's Liver Tonic is tak-
ing its place.

"Calomel is dangerous and people
know it, while Dodson's Liver Tonic
is perfectly safe and gives better re-
sults," said a prominent local druggist.
Dodson's Liver Tonic is person-
ally guaranteed by every druggist who
sells it. A large bottle costs 25 cents,
and if it fails to give exact relief in
every case of liver sluggishness and
constipation, you have only to ask for
your money back.

Dodson's Liver Tonic is a pleasant-
tasting, purely vegetable remedy,
harmless to both children and adults.
Take a spoonful at night and wake up
feeling fine, no sickness, sick head-
ache, back stomach or constipated
bowels. It doesn't gripe or cause in-
convenience all the next day like violent
emetics. Take a dose of calomel
today and tomorrow you will feel
weak, sick and nauseated. Don't lose
a day's work! Take Dodson's Liver
Tonic instead and feel fine, full of
vigor and ambition.

Silver City Banks Have Deposits Equal to \$444 for Each City Resident

El Paso, Tex., July 28.—P. L. Cox
of Silver City, in an interview here
recently, declared the banks of Silver
City had total deposits equal to \$444
for each of the city's 1,000 inhabi-
tants.

State Crop Condition Lower Than Country's

Santa Fe, N. M., July 28.—The July
crop report bulletin of the agricul-
tural department estimates the con-
dition of crops in New Mexico as 85,
with that of crops the country over
as 101.6. The estimated yields are
as follows:

Corn, 2,651,000 bushels; winter
wheat, 1,044,000 bushels; oats, 2,052,000
bushels; barley, 202,000 bushels;
hay, two tons per acre; potatoes,
656,000 bushels; honey, 22 pounds
per hive; apples, 124,000 barrels;
peaches, 154,000 bushels; peats, 61-
000 bushels.

The average farm value of pro-
ducts is given as follows: hogs, 7.0;
beef cattle, 6.5; veals, 8.5; sheep, 6.7;
hens, 7.5; wool, 23; milk cows, 165
per head; horses, \$30; cabbage, 3.0;
potatoes, 2.1; beans, 3.25; buty, 1.14 per
cwt; alfalfa, \$10.50; prairie grass,
\$12; alfalfa seed, \$12; straw, \$30; cot-
tonseed meal, \$38.20.

Springer Water Works Construction to Begin

Springer, N. M., July 28.—Work on
the construction of the new water
works system for Springer, contracts
for which were let recently, must
begin within twenty days and be
completed before November 1, under
the terms of the agreement.
A reservoir will be built two miles
east of town, which will impound
enough water to supply all the needs
of Springer and the Santa Fe rail-
road at this point for some time to
come.

Buckman Bridge Now Is in Good Condition

Santa Fe, N. M., July 28.—Repairs
on the Buckman bridge over the Rio
Grande now have been completed
and will serve at once to make that
structure available for traffic and ac-
cure from flood ravages.

New piers, girders and abutments
have been installed. The structure
now is practically a new bridge.

Abuses Horse; Gets Jail Sentence.

Beat Las Vegas, N. M., July 28.—
Abusing a horse belonging to James
Clay will cause Anastasio Greco to
take a jail term in the county jail.
He has been sentenced to a thirty-
day term and a fine of \$10 by a
local justice.

STATE TAX MAKERS SCORE DELINQUENT COUNTY ASSESSORS

Extra Expense Caused by Ad-
journing Session Laid at Gate of
Officials Who Have Not Sent in
Rolls as Required.

Santa Fe, N. M., July 28.—Hoping
solidarity for the extra expense of an
adjourned session, the county tax
rolls not yet in, is laid on the door
of the county assessors required by
law to have the rolls in the hands
of the commission on the third Mon-
day in July in the New Mexico tax
commission. Ten rolls from Santa
Fe, Socorro, Sandoval, Rio Arriba,
El Paso, Dona Ana, San Miguel, Tor-
rance, Guadalupe and Union coun-
ties are yet to be received by the
commission.

The action of the commission was
embodied in the following resolution:
"It appears that some assessors
are delinquent through carelessness,
indifference or incompetence in get-
ting their tax rolls to the commission
within the time prescribed by law.
Thereby making it impossible to com-
plete the work, which should have
been done at this meeting, necessitat-
ing another meeting to finish the
work and causing unnecessary loss of
time and additional expense to the
taxpayers of the state. Therefore a
special meeting is hereby called for
the first Tuesday in September, 1916,
September 5, for the purpose of com-
pleting the work, which the commis-
sion was prevented from doing, due
to the delinquency of certain county
assessors."

The commission, before adjourning
yesterday, declined to grant the ap-
peal made by the Santa Fe railway
for a reduction in valuation of some
\$4,000,000, and dismissed the appeal
of other railroads for lower valua-
tions. The commission previously
had granted a reduction to the El
Paso & Southwestern system, amount-
ing to \$1,500,000.

The only reduction in corporate
property granted by the commission
was that of \$15 a mile of pole line
to the Postal Telegraph company,
from \$100 to \$85 amounting in all
to about \$9,000.

Plenty of Money Paid in for Oil Exploration

Santa Fe, N. M., July 28.—Robert
L. Lunsford, president of the com-
pany which recently signed a con-
tract with the state land office for
the exploration of a large section of
the state lands for oil, has announce-
d that the concern already has
\$200,000 of paid in capital ready for
use in the work.
More will be available when need-
ed, he declared.

Three steel well-drilling rigs, to-
gether with steam plants, casing and
other necessary materials, will be
purchased by the company and ship-
ped into New Mexico at once. A con-
tract for the drilling of wells for wa-
ter near the ponds selected for the
drilling of the first wells in Chaves
county, south and northwest of Ibsen
well, will be made, as supplies of wa-
ter for the steam plants and the drill
holes will be necessary. In the event
sufficient water is not developed by
the sinking of wells, water will be
piped from the Pecos river.

After operations are started the
company probably will not confine it-
self to the land under lease from the
state, or to the drilling of the twenty
wells required by the contract dur-
ing a period of two years. The plans
contemplate the buying of some pri-
vate lands, and the drilling of a num-
ber of additional wells.

Bulldogs Runaway in Effort to Save Son

Livingston, N. M., July 28.—Hawk
Mellin the other day bulldogged a
runaway horse his little son had been
riding in an effort to save the life of
the little boy who had been thrown,
and was being dragged. Mellin made
two efforts to catch the animal before
succeeding.
The boy sustained a crushed skull
and a broken leg. His condition is
critical.

Stamm Suit Against Sanitarium Dismissed by the Supreme Court

Santa Fe, N. M., July 27.—on the
ground that a chancery court cannot
pass upon the right of a municipal
corporation to acquire and hold
lands outside its territorial limits,
the state supreme court yesterday af-
firmed the action of the lower court
in dismissing the suit of M. P. Stamm
against the Southwestern Sanitarium
on condition both of Albuquerque.
The action arose from protest by
Stamm over the "trade" of the city
of land in a public street east of the
then main building of the sanitarium
on First Central avenue for a strip of
land directly east of the street equal
to it in area. This trade permitted
the sanitarium to enlarge its main
building. Had it not been made, and
the building built, the building would
have encroached upon the street
lines.

Fall May Preside at Republican Meeting?

According to the Santa Fe New
Mexican it appears probable that
United States Senator Albert Bixson
Fall will be the temporary chairman
of the Republican state convention
here August 23, and will deliver the
keynote speech. He is the chief of
the Bureau and Hubbell factions,
and if they control the organization
of the convention his selection is re-
garded as certain. It says.

Cripple Dies Rather Than Endure Sneers

Clayton, N. M., July 21.—Rather
than endure the frolics antics of
the public because of a crippled foot,
Hot Brakerton of Tustin, committed
suicide here Wednesday night by
taking cyanide.
