

The First Authoritative Styles in New Spring Dress Skirts

Separate skirts will play an important part in the fashionable woman's wardrobe this Spring. It's the unusual attractiveness of the styles and materials that have brought them so much in prominence—and when we say that these New Spring Styles are more striking, and decidedly different from any previous season, it's bound to create interest among fashionable dressers. We invite you to see them.

Millinery For Spring

Beautiful creations of the latest millinery exemplifying the styles which are at present the favored on the stage of fashion, are now awaiting your approval and praise which you will unhesitatingly shower upon them. They display a world of shapes of medium sizes, with low or conspicuous crowns, dented in a multitude of bewitching ways.

Some are peaked or ridged to suggest the general effect of the hat worn by the United States soldiers; others follow somewhat the lines of the officer's cap. Combinations of satin and straw, chenille straw, mouflon straw, beere and hair lace, laces, gingham, etc., are included in the range of coverings. Trimmings of berries, futurist flowers, ribbons, new bead and luscious ornaments, add to them the finishing touches.

FOUR-MINUTE MEN TO URGE THE FILING OF INCOME TAX RETURNS

25,000 Speakers Will Make an Effort to Inject Some Pep Into the Slackers; Schedules Will Be Delinquent April 1.

Special Correspondence to the Herald. Washington, March 11.—Twenty-five thousand Four Minute Men will start out today on a nation-wide campaign to impress upon the American public their patriotic duty promptly to file their income tax returns and pay their taxes. The period for filing ends April 1. Taxpayers have advanced dress and carrying shoulder, in which to comply with this provision of the law. The penalty for failure to file is not less than \$25 nor more than \$1,000 and an additional assessment of 50 per cent of the amount due. The Four Minute Men will appear in theaters, moving picture houses and at public gatherings. Special meetings will be held by chamber of commerce, boards of trade, rotary clubs, business and professional organizations to hear the speakers. "Don't delay" is the slogan that will be given by the speakers. Taxpayers will be urged to protest themselves and aid the government by being prompt. It will cost the government money and trouble to hunt down the man who dodges the income tax, but the word has gone forth from headquarters that this will be done. The "slacker" will be shown no leniency. The man whose intentions are good but who is inclined to put off until tomorrow what should be done today will be urged not to procrastinate, but to get his check and file his return at once. All Must Bear Burden. In every address the Four Minute Men will lay stress upon the provision of the law which requires a return from every unmarried person whose net income for 1917 was \$1,000 or more and from every married person whose net income was \$2,000 or more. They will be supplied with facts and figures to show that the man and the man of modest income alike are made to bear a just share of the common burden. Tables will be produced comparing the rate of tax in the United States and Great Britain. The man with an income of \$2,500 pays \$10. In Great Britain the man with an income of \$2,500 pays a tax of \$225 and \$300 if his income is not earned but is from interest on bonds or the like. As the income increases the difference between American and British taxes becomes less and finally when million dollar incomes are reached the amount paid in this country is greater than in Great Britain. The normal rate of tax under the war revenue act of 1917 is 2 per cent on the net income of unmarried persons in excess of \$1,000 and on the net income of married persons in excess of \$2,000. Under the act of September 8, 1916, which remains in force, the normal rate of tax is 2 per cent on the net income of unmarried persons in excess of \$1,000 and on the net income of married persons in excess of \$4,000. Incomes under the 1917 act are subject to a surtax which ranges from 1 per cent on incomes between \$5,000 and \$7,500 to 50 per cent on incomes in excess of \$1,000,000. The surtax under the 1918 act ranges from 1 per

cent on incomes between \$20,000 and \$40,000 to 12 per cent on incomes in excess of \$200,000. The normal rate of tax is assessed at 70 per cent on his income in excess of \$1,000,000 while the man with a \$2,500 income pays 2 per cent on his income in excess of \$2,000. Not a Capitalist's War. These and other facts and figures will be used to refute the statement of German sympathizers that this is a "capitalist's war." "We must learn to realize" says a bulletin issued to the Four Minute Men by the Committee on Public Information, "that all of us who pay our taxes are really capitalists. A capitalist is simply a person who has a claim on a bit of the world's stored-up wealth. The unprivileged man and woman earning \$1,000 a year is no more a capitalist—with rare exceptions he or she has something laid by in a bond, real estate or a few dollars in a savings bank. An income of \$1,000 is considerably above the average. "And after all, what is a \$4 tax, 50 per cent if you are single and make \$1,200 and what is a \$10 tax to a married man earning \$1,500? Surely we as Americans will pay that much cheerfully."

HEAVY MEAT EATERS HAVE SLOW KIDNEYS

Eat Less meat if you feel Back-ache or have Bladder trouble.

No man or woman who eats meat regularly can make a mistake by fringing the kidneys occasionally, says a well-known authority. Meat forms uric acid which excites the kidneys, they become overworked from the strain, get sluggish and fail to filter the waste and poisons from the blood, then we get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, dizziness, sleeplessness and urinary disorders come from sluggish kidneys. The moment you feel a dull ache in the kidneys or your back hurts or if

the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a sensation of itching, stop eating meat and get about four ounces of Jui Juice from any pharmacy, take a tablespoonful in a glass of water before breakfast and in a few days your kidneys will act fine. This famous juice is made from the seed of grapes and lemon juice, combined with lilies, and has been used for generations to filter and stimulate the kidneys, also to neutralize the acids in urine so it no longer causes irritation, thus ending bladder weakness. Jui Juice is inexpensive and cannot injure unless a delightful effervescent, fruit-flavored drink which every one should take now and then to keep the kidneys clean and active and the blood pure, thereby avoiding serious kidney complications.

THE MOST VALUABLE WOMAN IN THE GOVERNMENT SERVICE

That's the compliment bestowed upon Miss Dorsey by Rear Admiral Samuel McManis, commander of the navy. Miss Dorsey won the title by her efficient work in keeping track of the activities of the 1,000 pay officers of the navy. These 1,000 men handle only a few million dollars so it can be seen at once that Miss Dorsey's job is of very little importance and that she has very little to do.

Agents Named to Enroll Boys in War Garden Work
