

TWELVE THOUSAND MILES OF CARS TO MOVE GRAIN CROP
Enormous Yield of Greatest American Industry.
STUPENDOUS FIGURES FROM RAILROAD STATISTICIANS

Chicago, Oct. 3.—The American farmer is a very prosperous individual according to railroad statisticians, who have figured that the grain traffic for this crop year will aggregate 1,500,000 carloads. If all this grain could be hauled in a single train of freight cars, the train would be 1,931 miles long, exclusive of the locomotives that would be needed to move it.

Dividing this train into trains of forty cars each, there would be required 37,500 locomotives, or 250 miles of draught machinery. Adding this 355 miles to the 11,921 miles of cars, there is a total of 12,276 miles.

To hold the cars and engines would require nearly every foot of four tracks extending from New York to San Francisco. The necessary single track would measure half the circumference of the globe.

These figures do not fully indicate the vastness of the wealth which the American farmer has taken from his land in corn, oats, wheat, barley and rye this year. The railroad men's estimates are confined to the grain which will be moved to market centers on the steam roads. Probably not more than a third of the grain produced will ever see a freight car. The other two-thirds will be hauled to local mills in wagons or be consumed by live stock on the farms. To hold the corn crop alone would call for a train 21,000 miles in length.

In this statement of agricultural treasure lies the reason for the unparalleled operations of western railroads for traffic this season. If the farmer were not already well supplied with ready money and were forced to rush his grain to market, as he has done in past years, it is reasonable to suppose the railroads would be swamped with grain traffic.

The statisticians estimate the wheat and oats crops of Minnesota and the Dakotas at 25,000,000 bushels, of which 150,000,000 bushels will be marketed on steam roads. They place the yield of corn at 2,566,000,000 bushels, and expect that 185,000,000 bushels will be handled on freight trains greater or less distances.

Granting that these figures are correct, there will be 173,000 carloads of wheat and oats from the three states mentioned, or 4,325 trains of forty cars each.

The estimate of corn is 796,000 carloads, or 19,900 trainloads of forty cars each. On top of this will probably be 17,000 carloads of flaxseed to be hauled from the northwest.

To haul the 1,500,000 cars of all kinds of grain would mean a movement of a hundred trains of forty cars each every day of the year.

This Is Traveling Some.
 Engineer Ira Sparklin, of the Lake Shore railroad, ran the twentieth Century Limited recently between Toledo and Elkhart, a distance of 134.4 miles in 119 minutes. This is the second fastest record for a loaded train on any American road. The other was made by Engineer Guizer with the same train. He ran the same distance in 112 minutes. After Guizer's run the Lake Shore management decided that races against time were too hazardous and prohibited the making up of more than ten minutes on a division. Recently the engineers have been allowed to disregard this order and the result is that record runs are becoming of almost daily occurrence.

Santa Fe Detective Dead.
 Lewis A. Bohn, a local Santa Fe detective, died very suddenly Sunday afternoon of heart disease while out hunting on the Sunset Pass road in company with George H. Kees and Mr. Orr, timekeeper at the company's office.—Winstown Mail.

NEW MEXICO CATTLEMEN OBJECT TO HARD ORDER UP TO SECRETARY WILSON TO MODIFY THE SERVICE DIPPING REGULATION.

The New Mexico cattlemen are in against a proposition to dip their cattle during the cold weather or get the dipping orders from Washington modified, and it will be just a bit interesting to watch the outcome. The order was issued in plenty of time for the cattlemen to have built tanks and attended to the dipping before the cold weather came. Whether Secretary Wilson will pardon this shortcoming is of course largely problematical. The Carlsbad Current in discussing the subject says: "The cattlemen say there are no facilities for the dipping of cattle, and that by the time vats can be arranged and the stuff gathered, winter will be on them and to dip cattle at that season would result in a great loss to them, and they want the order so modified that they can be given until next spring to dip their cattle on the ranches. They do not complain at dipping the cattle before shipping, but say it will work quite a hardship on them if they are required to dip cows with young calves as in many instances it will mean the loss of the calf. All they ask is that they be given until next spring, in which to prepare for the general dipping. The Current trusts the proper authorities will take this matter up, and use their best efforts to have the order modified. The cattlemen say there is no scab among the cattle in Eddy county, and they ask that the department send an inspector here to make a personal investigation of the matter, and to ascertain for himself that it is unnecessary for the secretary to long distance orders of the department to be carried out at this time."

A NEW GENERAL MANAGER FOR THE LUMBER COMPANY

Richard Jones of Michigan Succeeds S. C. Jackson.

MR. JACKSON LEAVES FOR CALIFORNIA FOR A REST

S. C. Jackson, for a year past general manager of the American Lumber Company, has resigned and has turned over the management of the big mill here to Mr. Richard Jones, of South Ste Marie, Michigan, who has been in Albuquerque for several days making himself familiar with the details of the business.

It had been known for several days past in business circles that a change in the management of the lumber company was imminent, but it was not until yesterday morning that Mr. E. F. Allen, vice chairman of the executive board, who has been here for some days past, gave out the following letter which contains Mr. Jackson's resignation:

Dear Sir: On account of a desire on my part to make a change I herewith and your resignation as general manager of the American Lumber Company, to take effect at your pleasure. I wish to thank you and other officers of the company for the very kind treatment I have always received at your hands and to assure you that any assistance I can give you or the company in any way it will be a pleasure to do so.

(Signed) S. C. JACKSON.
 Mr. Jackson's successor, Mr. Jones, spent the day of Monday and yesterday in his mill with Mr. Jackson, getting the full of the course of the business and Mr. Jackson and his family left last night for California for a vacation. Mr. Jackson announces that he proposes to go into business in a lumber yard in Michigan, in which his father-in-law, Mr. Lamb, will be interested. Mr. Jones, the new general manager, is an experienced lumber man who has had wide experience in the white pine region around the great lakes in handling large lumber enterprises. It is not known whether any other changes will follow the resignation of Mr. Jackson in the executive department of the big enterprise, but none are expected.

PROVE IT ANYTIME.
 by the Evidence of Albuquerque People.

The daily evidence citizens right here at home supply in proof sufficient to satisfy the greatest skeptic. No better proof can be had. Here is a case. Read it:

Mrs. J. Hall, of 519 South First st., says: "One of my daughters suffered from backache for about eight months or a year. Sometimes it was so bad that she was completely prostrated for a day or so at a time. I read about Doan's Kidney Pills in our Albuquerque newspaper and thought they might help my daughter and we went to the Alvarado Pharmacy for a box in a remarkably short time the medicine took effect and a little longer stopped the backache. We are pleased to recommend Doan's Kidney Pills." For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, N. Y., sole agents for the United States. Remember the name—Doan's—and take no other.

TUCSON, ARIZONA.
 W. E. NEAL, Albuquerque, New Mexico.
 My Dear Sir: Your letter, with notice, has just reached me. I was aware from my policy, that L would be entitled to a "dividend" at this time, but I had no knowledge upon which to base an opinion as to the amount of the dividend. I certainly did not expect that it would be anywhere near the amount you mention (\$24.15 cash). This is nearly one-eighth of my annual premium, \$204.50. I am more than pleased with this showing. I inclose herewith check for \$204.50. The present dividend, and subsequent ones—unless otherwise instructed—will be left to purchase additional insurance. You know we have to protect the wife and babies, even if we have to go without a vacation ourself.
 I hope to have the pleasure of meeting you here soon.
 Very sincerely,
 W. V. WHITMORE.
 WOULD YOU LIKE TO HAVE A POLICY LIKE THE ABOVE? WE HAVE A FEW MORE LEFT. FOR FULL PARTICULARS WRITE

Ready-to-Wear Department
 SECOND FLOOR

50-inch Coat Suits at \$15.00—These suits are made of chevrets and gray mixtures in the desirable double-breasted coat style; coat collar applied velvet. The coats are strictly man-tailored, half taffeta lined and finished with bone buttons. The skirts are plaited and very becoming.

50-inch Coat Suits at \$25.00—These suits are especially attractive, being made of pearl gray worsted, in the new collarless coat effect, finished at the neck with silk and self-strap, embellished with many rows of stitching; new full sleeves with cuffs; plaited skirts.

50-inch Coat Suits at \$35.00—These suits are made of men's wear worsteds, in pretty grays; the coat is tailor made and lined throughout with taffeta; it has the new fly front, velvet collar, self-cuffs and bone buttons; the skirt is plaited.

Readiness in the Skirt Department—Walking Skirts of light-weight materials being the demand, we have given special attention to their selection. Shown are the new grays and blacks, in styles that have fashion's approval. Plaited and tailored styles, priced from \$4.00 to \$15.00

Newness in Women's Rain Coats—So important a garment is not to be overlooked by the well-dressed woman. The best that designers and manufacturers can produce is offered our trade at prices that make popular this department. In all rain-proof materials, priced from \$10.00 to \$25.00

Evening Coats—Of imported broadcloth, in white and champagne, in three-quarter length loose-fitting models; lined with satin and elaborated with braid and velvet. Special value at \$35.00

THE NEW READY-TO-WEAR HATS
 Developed to a Point of Extreme Excellence
 [ON OUR SECOND FLOOR.]
 The growing demand for correct, moderately priced millinery is more than satisfied in the rich and varied showing now ready for the inspection of our patrons. Specially priced at .65.00 to \$10.00

THE FALL CAMPAIGN IS FAIRLY ON. Our well chosen stocks signal their readiness to serve the people better than they have ever been served before. The exhibit embraces the richest, best and brightest styles that were ever produced—as well as the conservative and less costly creations for ordinary use. Being leaders we are not working on theories—nor inflating balloons with gaseous advertisements. The people want the facts. They want the proper stocks—in the proper styles—in the proper variety—at the proper prices—all of which we give them here. No words can convey more than an imperfect idea of the procession of style and elegance—artistic creations and matchless values passing from our counters to consumers day by day. This is the result of accumulated knowledge of years of experience in catering to the wants of the people of this city. Read on.

Infants' & Children's Coats & Bonnets
 AUTUMN LINES ARE COMPLETE
 (Second Floor)

Wonderfully fascinating is this delightful new showing of exquisitely dainty wears for the little folks. Never before such preparation here to meet the requirements of the most exacting mammas. Withered, indeed, must be the soul that can find no delight in this exhibit of hundreds of "just the dearest" little garments possible to conceive—and you are welcome.

Infants' and Children's New Embroidered Silk Bonnets, prettily trimmed in lace, fur and hemstitching, for 50c.

Children's Angora Fur and Crochet-brodered Silk Bonnets for \$1.25 and \$2.00.

Children's New Reefers and Coats, white and colored, in Serge, Broadcloth and Zibeline, made double breasted, belted back, sizes one to five years, for \$1.00, \$1.50, \$6.00 and \$7.50.

A handsome new assortment of Children's Coats in Pearskin, Ripple Plush, Cashmere and Silk, handsomely trimmed and embroidered—from \$1.50 up to \$25.00.

Infants' New Long Coats, in Bedford Cord, made with large circular cape, prettily trimmed with ribbon or braid, \$2.50, \$2.75, \$3.50, \$4.50.

Children's New Beaver and Felt Hats, also New Beaver Pokes, some handsomely trimmed, from \$1.50 up to \$7.50.

Waists for Immediate Wear
 Early Fall demands waists of a little heavier fabric than for summer, and here they are. Stylish, dressy fresh, natty.

Early Fall Waists in Voile, Nun's Velling and Brillantine, best of styles and shades, \$1.75 and up.

Waists of Nun's Velling and Poplin, plain and fancy trimming, all the popular fall shades, \$2.75 and up.

Plaid Waists in Silk, the best assortment of patterns, new style sleeve and stock, \$4.95.

Plaid Waists in Mohair material, fancy shirred yoke, large sleeve with deep cuff, \$2.95.
