CHAMPIONS OF SILVER.

Chairman Thurman Surprised That Carlisle Should Repeat One of John Sherman's Back Number Screeds.

Salt Lake Convention—Campaign of Education Urged—Address to the People—Silver Convention Called in Louisiana.

Columbus, Ohio, May 21.—Allen W. Thurman, chairman of the Democratic state committee, on being asked to-day what he thought of Secretary Carlisle's speech on the silver question said: "To all those conversant with the history of the subject, it is simply laughable that the great secretary of the treasury, in defiance of the administration and sound money, has been compelled simply to make the same speech that John Sherman made and has been making each year for the last twenty years. It is almost a dead copy and has been answered over and over again until the people are weary of it."

SILVER CONVENTION IN LOUISIANA.

New Orleans.—State Treasurer John Hickett is in New Orleans to arrange for a convention of free silver men next month, in order to place Louisiana in line with the other southern and western states. Mr. Hickett declares that north Louisiana is practically unanimous for free coinage. Gov. Foster and supporters of the state administration favor the gold standard.

SILVER IN GERMANY.

Berlin.—The lower house of the Prussian diet to-day by a vote 157 to 92 adopted a motion urging the government to take steps for independent international settlement of the currency question with a view to securing international bimetalism. The house also adopted an amendment to the effect that Germany is to act in conjunction with Great Britain.

THE CAMPAIGN OF EDUCATION.

Salt Lake, Utah.—Thomas G. Merrill, Edward B. Light and L. Bradford Prince, the committee appointed by the executive committee of the national bimetallic union to prepare instructions for the organization of state, district, city and town unions throughout the country, have issued the following address upon the subject, and earnestly request the newspapers of the country to publish the same:

It is a matter of vital importance in carrying out the plan of action adopted by the meeting of the national bimetallic union, that in districts, towns, cities and states the organization of bimetallic unions be entered upon at once. The object of these unions is for thorough organization in the interest of the education of the voters of the land upon the financial question, which is the burning question before the American people to-day. The only hope for the success of this struggle for the full restoration of silver to its place as money at the ratio of 16 to 1 by the United States is in such education of the people as will cause a majority of the voters of our country in November, 1896, to vote for independent bimetalism regardless of party lines.

The formation of these unions may be entered upon at once, and we suggest that each union adopt the name of the district, town or state in which it is organized, and that the secretary of each union address a letter to E. B. Light, secretary national bimetallic union, Denver, Colo., who will forward a form of constitution and by-laws recommended by the national organization.

As soon as the local organizations are completed they shall appoint a committee of their most earnest workers for the purpose of circulating a subscription paper throughout their entire communities. We would further recommend that the subscription be made in monthly payments, which shall continue until November, 1896.

Further recommendations will be made by the secretary at the time the constitution and by-laws are forwarded. The money so raised is required for the purchase and circulation of bimetallic literature furnishing honest and unanswerable arguments for full and independent bimetalism, believing that this is the only way to restore permanent prosperity to our beloved land.

This is a struggle between the money power and patriotism, and in order to win our cause, we have the money interests to oppose us, which are all powerful, it is absolutely necessary that every patriotic citizen shall at once enlist in the fight and render us as great assistance as it is in his power until this battle is won.

EDWARD B. LIGHT, Secretary National Bimetallic Union.

Dr. Price's Cream Baking Powder—World's Fair Highest Medal and Diploma.

Mexican Central Will be Extended. Mexico City, May 21.—It has been definitely decided to extend the Mexican Central railroad from Guadalupe to the Pacific coast. Mr. Kingman, chief engineer, is making the final surveys. The terminals will probably be at San Blas or Chantelais.

ESSENTIALLY BRITISH.

Prospect That the Pacific Cable to Hawaii will be Controlled by England.

New York, May 21.—An Ottawa dispatch says: "It may be taken as a settled fact that the Pacific cable will be, like its promoters, essentially British. Under its treaty with the United States, the Hawaiian government is precluded from allowing a foreign power to acquire any portion of Hawaiian territory. The United States having given an adverse answer to Great Britain's petition to secure Necker or Bird Island as cable station, the Fanning Island route will be adopted."

Dr. Price's Cream Baking Powder—World's Fair Highest Award.

Taylor Convicted—New Wilde. London, May 21.—The jury returned a verdict of guilty in the case of Alfred Taylor. Sentence was postponed.

PROCESSION OF BOOMERS.

Hennessey, Oklahoma, May 21.—This city has seen a constant procession of boomer outfit, since 6 o'clock this morning, all heading for the Kickapoo country. Large number of claim holders in the Cherokee strip, who secured inferior claims, have deserted them to go to the Kickapoo lands.

PROSPECTIVE NEW ELECTION LAW.

Jefferson City, Mo., May 21.—The conference committee's report on the election bill was adopted to-day in the senate by a unanimous vote after a strong effort to delay action. If adopted by the house and signed by the governor, this will give Missouri an entirely new election law.

THE NATIONAL CAPITAL.

Credentials of New Hawaiian Minister—Gail Hamilton and Representative Caldwell Dying.

Washington, May 21.—The official service of Lorion M. Thurston, as Hawaiian minister to the United States, closed to-day, when Frank P. Hastings presented to the state department his credentials just received as charge-d'affaires.

GAIL HAMILTON DYING.

Miss Mary Dodge, better known as Gail Hamilton, is in a very precarious condition to-day and practically all hope of her recovery has been abandoned.

DYING CONGRESSMAN.

Representative Caldwell, of Massachusetts, is dying.

CHINA'S COIN.

A careful computation of the figures of the Chinese national debt shows that at the present moment it aggregates only about \$10,000,000, a sum insignificant in view of the great resources of the nation.

Most of these loans were paid to the Chinese in silver, but in only two instances is it stipulated that they shall be repaid in the same metal, and the balance must be refunded in gold. In view of this small floating debt it is believed here the Chinese will have no difficulty in raising the entire amount of the indemnity to be paid to Japan, at a low rate of interest, the Chinese taking silver and paying the loan in gold.

WHISKY TRUST RECEIVERSHIP.

Chicago, May 21.—The re-organization committee of the whisky trust to-day took action which will probably end the receivership within a short time. Resolutions were adopted providing for the sale of the trust properties, either by the courts or by the board of directors.

A GREAT ELECTRIC LINE.

St. Louis, May 21.—Washington Adams, general manager of the Chicago & St. Louis Electric Railway company, which is being built between St. Louis and Chicago, says arrangements have been made with Chicago bankers for placing \$9,000,000 of the \$11,000,000 of bonds to be issued. All will be sold in this country and will be bought in St. Louis, New York and Chicago.

THEY WANT FARMS.

In the Kickapoo Country 75,000 People will Make the Rush for Homes.

Guthrie, O. T., May 21.—The publication of the president's proclamation opening the Kickapoo Indian country to settlement created great excitement in this section. The coming race for farms bids fair to equal the great rush to the Cherokee strip. Next Thursday at noon 132,000 acres will be thrown open to settlement. Eighty-three thousand acres have been reserved for school land purposes, but Governor Reelfow gave out word that he will immediately throw open the school lands. This fact will help hundreds of the people who fall to get in on the ground floor in Thursday's race. The of prospective settlers and it is estimated that by Wednesday night 75,000 people will be lining the borders of the Kickapoo country.

NEGROES TO ORGANIZE.

Houston, Texas, May 21.—A call has been issued for a state conference of negroes to be held here May 25. It is stated that the race suffers for three causes, viz: Anti-negro legislation, such as the separate coach law, mob violence, and lack of representation on juries, which have come either from vicious laws or from want of laws affording relief to cure these evils. It is set forth that the negro holds the balance of power, and that this meeting will be for the purpose of concentrating the negro vote.

THE COLORADO MINES.

Yuma, Ariz., May 21.—Eight of the leading gold mines at Picoabo, on the Colorado river, twenty eight miles above here, have been sold to New York and Denver parties, who will put a mill on the property at once. Four of these are the White Gold mine, so famous for its output of gold that is white as silver, and four are in the Picoabo basin. The purchasers are directly interested in the new propositions, and the San Diego, Yuma & Utah railway will be built up the west bank of the Colorado.

THE MARKETS.

New York, May 21.—Money on call easy at 1 1/2 per cent; prime mercantile paper, 2 1/2 @ 4. Silver, 65 1/2; lead, \$3.10. Chicago.—Cattle, market active and strong. Sheep, strong to 10c higher. Kansas City.—Cattle, market weak to 10c higher; Texas steers, \$5.55 @ \$4.75; Texas cows, \$3.90; beef, \$5.75 @ \$5.75; native cows, \$3.50 @ \$4.45; stockers and feeders, \$3.25 @ \$4.45; bulls, \$2.55 @ \$3.80. Sheep, strong and steady. Chicago.—Wheat, May, 72 1/2; July, 73 1/2. Corn, May 53 1/2; July, 54. Oats, May 28 1/2; July, 29 1/2. Chicago.—Wheat opened 1/2c lower with July at 72 1/2, on the fact that the weather map throughout the northwest showed the temperature around 40 degrees at 7 o'clock, indicating a rising tendency. The fact that New York opened 1/2c lower also assisted in making the weak opening, but the cables were strong and as the session progressed many reports of crop damage were received. The result was that prices soon advanced to 74 1/2, easing off to 73 1/2 on sales to take profit. Later an advance to 73 1/2 followed.

REBELLION IN CUBA.

Insurgents Continue to Express Confidence—Government Inaugurating Guerrilla Warfare—Puerto Principe Invaded.

New York, May 21.—General Dequesada, in an interview upon Cuban affairs, announces that in six months General Campos will be forced to return to Spain. "We have issued orders that the next envoy that comes to us from the Spanish troops with terms of peace," he adds, "shall be treated as a spy and shot on sight. We have so informed the Spanish government. We are daily receiving recruits and financial aid. This will be the effort of our lives and we will win. When the sugar mills close we will gain thousands of recruits. I can not say when I shall start, but it will be in a short time. I will take a force down that will start the troops there."

West Key, Fla.—Letters from Havana say that Marshal Campos' policy of pacification in Cuba has evidently proved a failure, and, realizing the desperate condition of affairs, he proposes to adopt more stringent measures to defeat the insurgents. The arrival of Lieut. Col. Banfill at Manzanillo last week from Spain, indicates the inauguration of a system of guerrilla warfare of the most active character by the government forces.

Tampa, Fla.—Private advices from Cuba state that Maximo Gomez has invaded Puerto Principe and that the entire province has risen to join him.

ANOTHER FREEZE IN NEW YORK.

Genesees, N. Y., May 21.—This morning for the fourth time in ten days the mercury went below freezing point, touching 29 degrees. Thin ice was formed. Fruit suffered severely.

POWDER WORKS BLOWN UP.

San Francisco, May 21.—The California powder works, at Finole, were blown up to-day. The shock was felt here and at Vallejo. Three men were killed.

PROTECTING SANTA FE EMPLOYEES.

Denver, May 21.—In the United States court clerk's office yesterday the ruling of Judge Caldwell made at St. Paul a few days ago prohibiting the receivers of the Santa Fe from garnishing salaries of employees of the road was filed. The order also requires the receivers to pay no attention to suits entered against employees.

HOUSTON HIGHLY HONORED.

Annual Gathering of Confederate Veterans—Large Encampment of Regular and State Troops—Big Auditorium.

Houston, May 21.—The three days beginning to-morrow will be the most important in the history of Houston. In addition to the annual gathering of the United Confederate Veterans' association, there will be the largest encampment of United States and Texas troops ever held south of the Ohio river. The grounds of the Houston Driving Park association, have been placed at the disposal of the local committee. The people of Houston have built a permanent auditorium, capable of seating 10,000 people comfortably. The initial meeting of the national convention will be held by the Confederate veterans. It is expected that the reunion will bring 50,000 visitors to Houston. One feature of the reunion will be the organization of a national Confederate Memorial association, in which it is intended to enroll as many as possible of the Confederate veterans.

TROUBLE IN COREA.

Yokohama, May 21.—Advices from Seoul, the capital of Corea, dated May 20, says that the situation there is critical. The premier has resigned and the minister of the interior has applied to the representatives of the powers for assistance. The residence of the late regent and the king's father, who is also a leader of the Anti-Japanese party, are surrounded by police and all entrance to or exit from the dwellings is forbidden.

ADJUSTING RAILROAD DIFFERENCES.

Omaha, Neb., May 21.—The final hearing on the question of divisions between the several railroad properties, constituting the Oregon Short Line and the Utah Northern, comes up this afternoon before Special Master in Chancery Cornish. After this hearing is concluded, the long standing differences between the Union Pacific and Denver & Gulf, as to divisions of money earned before the Gulf passed out of the hands of the present receiver, and the Union Pacific into the control of Frank Trumbull, the present receiver, will be heard.

TO-DAY'S CONDENSATION

The Merchants bank, of Seattle, Wash., suspended to-day. The bank's capital was \$200,000, and at last report it had assets amounting to \$385,000 and a surplus of \$25,000.

Mrs. Frank Leslie is to sail for England on Saturday to visit her ex-mother-in-law, Lady Wilde, and to do what she can to comfort that lady in her trouble in the disgraceful scandal in which her eldest son, Oscar Wilde, has out so prominent a figure.

At St. Joe, Mo., fourteen mad dogs have been killed since Sunday. James Harper was bitten by a rabid animal, and was taken to Savannah for mad-dog treatment. John Quinlivan, a boy, was bitten yesterday and was taken to a mad-dog house which adhered for six hours.

Mrs. Mary E. Lease and Miss Mary Morrill, both of Wichita, will shortly force the law partnership and copartnership in Topeka and Kansas City, Kas. Mrs. Lease practiced law before she went into politics. Miss Morrill is a graduate of the law department of the University of Ann Arbor.

(400 pages) Cash Book - \$5.50 50 p. (400) Journal - 5.50 50 p. (400) Ledger - 5.50 They are made with paper 10 1/2 x 16 inches, of a good ledger paper with round cornered covers. The books are made in our bindery and we guarantee every one of them.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

ABSOLUTELY PURE

COMPLICATED LITIGATION.

Mexican Railroad and Construction Companies in the New York Courts—Colorado Capital Involved.

Brooklyn, N. Y., May 21.—The case of Supt. Joseph A. Davidson, as assignee of the Mexican National Construction company, against the Mexican National railway for the recovery of \$197,271, with interest since 1886, is up for adjudication in the supreme court at Brooklyn, before Justice Cullen. The litigation dates back twenty-five years, when the Mexican government conceded certain grants for building railways connecting the southern republic with the United States. Gen. William J. Palmer organized the Mexican National Construction company under the laws of Colorado. This company furnished a cash capital of \$8,000,000, but this was not sufficient to carry out the big project, and an auxiliary company, the Mexican National railway, was established under the laws of Colorado.

This company, while in control of the Construction company, had to furnish the capital for building the main road and several branches to San Luis Potosi and the Pacific. For that purpose stocks and bonds to the amount of \$40,000 per mile were issued and floated. The railway was completed and then the Construction company had to make an assignment to Mr. Davidson, whose business was to collect all outstanding accounts, and so he began suit against the railway company, which was indebted to the Construction company outside of the stocks and bonds held by the company.

STOCK NOTES.

Silver City Eagle: The cattle shipments from this county this year have been larger than they have ever been before. The Santa Fe has never been so busy hauling stock out of the territory as it has been for the past two weeks.

Deming Herald: The Santa Fe has received orders for 1,400 cars for cattle shipments from Arizona between the 10th and 15th of the present month, the large portion of which will be used here in Deming receiving Southern Pacific shipments.

Lordsburg Liberal: Last Monday a train of stock cattle, loaded at Benson, was traveling east. On top of the cars was a lot of alfalfa. Near Gage the hay on a car near the middle of the train caught fire, it is supposed from sparks from the locomotive. Before the train could be stopped the car was on fire. No water was near and the fire could not be put out. The burning car was pulled away from the rear of the train and then the front end of the train was pulled away from the car and it burned to the ground. The fire was so fierce the train men could not open the doors and the cattle all burned to death.

Clayton Enterprise: The Mexicans have a very simple sheep dip made largely by palm root and tar. They take the soap weed root, boil and bruise it until it is thoroughly reduced to a pulp. To each pound of pulp they add two pounds of tar and let it stand about a week, until the soap weed dissolves the tar, stirring it several times each day. The addition of a little alcohol makes it smoother using one half pint to the prescribed proportion. When the tar is thoroughly out they add sufficient water to reduce it to the strength required—about five gallons which can be reduced to twenty gallons on cleaner sheep. We doubt the efficiency of this dip as compared with lime and sulphur in curing scab, but it is probably a better preparation for the wool.

ITEMS OF INTEREST BY THE WABASH MAN.

Bulletin No. 4.—The real and personal property in this country is assessed at \$17,139,903,495. The Wabash Line is the shortest between Kansas City and St. Louis. Elegant trains. Finest dining cars service. The fishermen along our coasts and in our waters, catch \$45,000,000 worth of fish every year. The Wabash will ticket you to Chicago, Toledo, Detroit or any eastern point, and you will be perfectly satisfied. The farmers and stock raisers of this country have live stock valued at \$2,208,767,575. The Wabash runs through Sleepers from Chicago to New York and Boston. The total valuation of all the farm products of every description was by the last census \$2,460,107,454. The Wabash runs through Sleepers between St. Louis and Buffalo, New York and Boston. Our savings banks have \$1,739,006,705 deposited with them as the surplus earnings of the people. Any ticket Agent will recommend the Wabash as a strictly first-class line. They have tried it. Look out for Bulletin No. 5.

NEW MEXICO NEWS.

School Superintendent Aragon, of Sierra county, has resigned.

The Springer term of district court will continue two weeks longer.

George F. White marketed 28,000 pounds of wool in Eddy last week.

Union county has not had a term of court since its organization.

John Jacoby has been appointed United States gauger at Albuquerque.

Assessor Hubbell is raising the assessments of wealthy corporations in Albuquerque.

The shooting of fire-arms within the corporate limits of Eddy is not permitted.

The Browns beat the Free Coinage base ball team of Cerrillos at Albuquerque, on Sunday, by a score of 12 to 5.
