New Mexican Printing Co., Santa Fe, New Mexico.

The New Mexican is the oldest newspaper in New Mexico. It is sent to every Post Office in the Territory.

MONDAY, JULY 1.

With an avowed 16 to 1 candidate for governor running squarely upon the bimetallic plank of the last Democratic national platform.

JUDGMENT from the tenor of the article in the Las Vegas Optic, which is printed elsewhere, the Santa Fe lawyer-politician has not been entirely barred out of the columns of that newspaper.

THOMAS C. PLATT, the New York Republican boss, quietly informed a reporter that his friends would control the next Republican state convention.

THE fact that the price of hides has gone from 5 and 7 to 10 and 16 cents per pound during the past year is another indication that New Mexico cattle raisers have not been entirely crippled by the Democratic tariff reform law.

THE Enterprise, down at Silver City, rather has the edge on its esteemed contemporaries as a result of that railroad bond case which Judge Bantz has just decided.

SENATOR STEWART attributes the decrease in the marriage rate in recent years to the demoralization of silver. Other people say this new woman is the cause of the trouble.

PATRICIO VALENCIA'S sworn apology for not firing any more shots into poor Frank Chavez' prone and bleeding body is quite sufficient.

THERE is some talk of a journalistic change in high Republican circles. It is said that the Albuquerque Citizen is weakening somewhat in its support of assassins, cut-throats, thieves and thugs.

EVERY little while now-a-days we find a country paper making note of the fact that a new flooring mill has been started in its community.

THE BLOOMER CRAZE.

Elizabeth Cady Stanton is now at the front with a statement that she was the first to wear the bloomer costume, and that Mrs. Bloomer had nothing to do with the invention.

PRESS COMMENT.

A Vigorous Kick from the South End. Mr. and Mrs. S. M. Folsom are in southern California and enjoying life, visiting the sea coast at their pleasure.

Dead Against Silver.

The financial situation is clearing up despite the chaos that rages in the ranks of Republicanism at Cleveland. It is now settled that the Democratic party alone can carry forward the contest for independent free coinage.

Cost of Producing Gold.

"One of the great points made against silver, was the cheapness of its production, it being said that the cost of producing \$1 of that metal was from 30 to 50 cents. Now, if that is any argument, it may surprise a great many gold champions to know that the cost of producing \$1, reliable data, is much below the figures named above.

Trade in New Mexico and Southern Colorado.

The following shows the difference in the prices of commodities obtaining in certain localities with which San Juan county people deal. A trader offers to pay a seller (both well known men doing business near the reservation south of Farmington) Durango prices for pelts.

Santa Fe Lawyer-Politician Has His Say.

The Optic's information from Santa Fe is to the effect that one of the four men condemned to death for the murder of Frank Chavez, ex-sheriff of Santa Fe county, has made a confession stating that the two Borrego brothers and Hipolito Vigil were the men that shot and killed Chavez, and that Laureano Alarid, also convicted of the crime, had nothing to do with it.

FLAT-OPENING BLANK BOOKS.

Being satisfied that you have once used a flat-opening book, you will always use them, and in order to get you to try one the New Mexican Printing Co. of Santa Fe, will sell you HAND-MADE BLANK BOOKS, bound in full leather, with patent FLAT-OPENING STUBS, with your name and the number, or letter, of the book on the back in gilt letters.
