

Hard wear indeed, so hard that there is not much wear left for his clothes, whatever may be said of the man. But there is plenty of wear and hardware too, left in our great stock. Facts tell and everybody knows that our display of hardware discounts everything in town. Kitchenware, ironware, tinware, cutlery, farm and garden implements, everything is here, and whatever is here is selling at a lower price than you can find anywhere else. Do not forget that every article we keep in stock is not only priced, but a gilt edged value. You owe it to yourself to get the most for your money. Pay your just debt to No. 1, which means, among other things, come and see us.

RECEIVERSHIP CONTEST.

Charges of Discrimination Against Atlantic & Pacific Interest Made at Albuquerque To-day.

Receiver Walker's Frank Response—Working Solely as Conscientious Agents of the Courts.

Albuquerque, Aug. 13.—The legal contest in which the A. & P. railroad bondholders ask for a separate receivership for that road was hot in Judge Collier's court to-day.

THE AFFIDAVITS

of Francis S. Bangs and John Dougherty, on behalf of the A. & P. bondholders' committee, were read this forenoon. They charged the present A. T. & S. F. receivers with unjust, unfair and dishonest treatment of A. & P. affairs, especially as to charges for equipment and expenses, and in maintaining the divisions of through rates which the receivers found in force when they came into office.

RECEIVER WALKER'S REPLY.

The first affidavit for the receivers was that of A. F. Walker, one of the receivers. He denied minutely and emphatically all the charges made against the receivers and explained in detail the truth and unfairness of the statements in plaintiff's affidavits.

A large number of other affidavits remain to be read. Receiver Walker disclaimed any connection with the A. T. & S. F. reorganization committee and maintained that the receivers had at all times acted solely as...

CONSCIENTIOUS AGENTS

of the courts having jurisdiction of the property. He also claimed particularly that the question of a proper division of rates was now in the hands of the special master for full inquiry, the present plaintiffs being, by stipulation, parties to the reference, with authority to call it up and push it to a finish at any time.

THE MARKETS.

New York, Aug. 13.—Money on call nominally easy at 1 per cent; prime mercantile paper, 3 1/4 @ 4 1/4. Silver, 66 3/4; lead, 33 3/4.

BEGGARS ARITHMETIC.

Estimated that the Corn Crop of Kansas this Year will Reach 300,000,000 Bushels.

Chicago, Aug. 13.—"The bigness of our corn crop beggars arithmetic," said Frank P. McClellan, editor of the Topoka State Journal, in an interview here to-day: "You will understand in a measure the corn figures of Kansas, when I say that the crop will be more than 300,000,000 bushels. It will give five bushels, or 400 pounds, to every man, woman and child in the United States, and leave enough to send several ship loads to Russia."

Looks Like War.

San Francisco, Cal., Aug. 13.—Japan is evidently preparing for another war. The little island empire wants twenty new war ships, and to-morrow Irving M. Scott will sail for Japan to secure the contracts for building some of the war vessels. San Francisco is the port nearest to Japan where fighting ships can be built, and as the Union iron works have a reputation for constructing first-class ships, Mr. Scott expects to return with enough contracts to keep his company busy for some time.

Enthusiasm For Missions.

Old Orchard, Me., Aug. 12.—At Dr. A. B. Simpson's Christian Alliance meeting yesterday \$65,000 was pledged for missionary work. This is the largest collection ever taken in the world in a single day for missionary purposes. Nearly 9,000 people attended the morning meeting and the wildest enthusiasm prevailed. In five minutes forty watches and other pieces of jewelry were given by people in the audience. The largest individual offering was by Rev. J. F. Holden, of Texas, who donated real estate in California valued at \$10,000.

At 5 o'clock the baptism was held in the ocean and 100 candidates were immersed.

RATHER HARSH REMEDY.

Two Trained Bear Proprietors Killed by a Farmer in New York Because they Would Not Leave His Premises.

Middletown, N. Y., Aug. 13.—Three foreign-born, having three trained bears, loitered around James McComb's place, a mile from Summitville, yesterday. At dark McComb ordered them away. They refused to go, when, pouring a shot-gun, McComb sent two charges into the party. One of them died before reaching Summitville and another is dying. McComb gave himself up.

Business Disasters.

Memphis, Tenn., Aug. 13.—The bank of Shelby, a small concern, has suspended.

Minneapolis, Minn.—Jones, lumberman, has been forced to assign. His liabilities are \$189,000; assets, \$248,000.

Mr. J. J. in England.

York, England, Aug. 13.—Robert Hudson, a young and highly educated man, who has run through his own and his wife's fortune, was hanged here to-day for the murder of his wife and child on Helmsly Moor, Yorkshire, on June last. He cut their throats, shot them and buried them on the moor. Hudson had advertised for another wife under the name of Hunter.

Horse Meet in Milwaukee.

Buffalo, N. Y., Aug. 13.—Joe Patchen will be shipped to Milwaukee to go in the exhibition mile race for a purse of \$1,500. Gentry, Patchen and Robert J. will meet at Forestwood park the last week in August and not before.

Gold Still Going.

New York, Aug. 13.—Nesslage & Fuller will ship \$100,000 in gold in to-morrow's steamer.

Attacked by Bulgarians.

Constantinople, Aug. 13.—The Vali of Salonica telegraphs that a Bulgarian band numbering about 1,000 men, is said to have attacked the village of Jankli, in the district of Kirojli, and burned 200 houses. The Armenians are also said to have killed twenty-five of the inhabitants of Jankli.

THE UTE LANDS.

The Indians will Go West—The Reservation to Be Finally Thrown Open.

Washington, Aug. 13.—The acting secretary of the interior has approved the agreement made with the Southern Ute Indians of Colorado, whereby a majority of them will take lands in severally and the rest settle on the western third of the present reservation. After severally allotments have been made the lands remaining will be thrown open to settlement. The reservation contains over 1,000,000 acres.

Huntington's Successor.

San Francisco, Aug. 13.—The Examiner says that Gen. Thomas Hubbard, who represents the Seales interests in the Southern Pacific company, is the man who will succeed C. P. Huntington as president of the road when Huntington dies or retires. Huntington, it is said, thinks highly of Hubbard's abilities and wishes him to be his successor. Huntington and Hubbard made an agreement whereby Senator Stanford was ousted from the presidency of the road in 1890. According to this agreement Huntington was to be president for ten years.

THE OHIO SITUATION.

Brice Men Talking of a Dark Horse—Free Coinage the Main Issue.

Cincinnati, Ohio, Aug. 13.—Democratic leaders throughout the Miami valley have started a movement to nominate John A. McMahon, of Dayton, as the Democratic state convention in Springfield next week. Since the county convention of yesterday it is claimed that Senator Brice's friends will control the convention, and probably go so far as to reaffirm the platform of 1892.

Senator Brice, as temporary chairman, will sound the key note, and his friends are more interested in the platform than in candidates. There has been some feeling engendered in the silver fight. McMahon has kept out of the fight and is regarded as acceptable to both factions. Ex-Gov. Campbell has declined to allow his name to be used and Congressman Sorg and Tom Johnson refuse to be drafted.

In the event that the free silver men should control the convention, the nomination for governor would be John Thomas of Springfield, or James Kilbourne, of Columbus. The senatorship supersedes the contests for places this year. McMahon was a candidate for senator against Brice six years ago. If he should run it would be with a view to becoming senator and assisting Brice as a presidential aspirant.

Lost Art Recovered.

Pittsburg, Pa., Aug. 13.—Geo. Cromley, Cornelius Shady and John Ryan, iron and steel workers, have discovered the lost art of welding copper or iron to steel. They show several samples of the material perfectly welded. The last record history gives of these materials having been welded was in 500 B. C. The value in the discovery comes in the fact that copper offers greater resistance to the action of salt water than any other metal. The Carnegie company has offered the men a fixed price for the secret. A shop has been fitted up for the men at the Homestead plant, where to-morrow the men propose to weld a plate of copper to an ingot of nickel steel armor plate. The Carnegie company hopes to be able to cover all armor plates for the big battle ships.

TO-DAY'S CONDENSATION

Judge Solon O. Thatcher, a prominent Kansan, is dead.

There is fresh talk of a new issue of government bonds.

Indianapolis ball players were mobbed at the conclusion of a game at Terre Haute.

At Fort Smith, Ark., Cherokee Bill has been sentenced to be hanged September 10.

Ten deaths from smallpox and five new cases are reported at the quarantine station at Eagle Pass, Texas.

A cyclone swept over Baltimore and damaged property worth \$100,000. The most serious loss was the destruction of St. Elizabeth Catholic church.

At Danville, N. Y., four inches of rain fell in two hours. Lightning struck in several places, and much damage was done among the farming community.

Deposits of A. T. & S. F. securities under the reorganization plan to August 6 were \$127,075,600 out of \$129,320,776 in, \$78,181,000 As and incomes out of \$79,191,107, \$4,968,000 Bs out of \$5,000,000, and 993,780 out of 1,020,000 shares.

No demonstration has been made to-day in the Omaha police row, but the A. P. A. board served notice on the old board that it would formally demand the records at 10 a. m. to-morrow. A fight is expected.

The remains of Sonora Maria Ruiz de Burton, widow of the late Brig-General Henry G. Burton, were embalmed at Chicago to-day and forwarded to San Diego, Cal. She died of gastric fever yesterday at the Sherman house while about to close a \$15,000,000 land deal in Lower California.

EX-CONSUL WALLER CASE.

No Truth in Report that Ambassador Eustis Has Abandoned the Colored Kansan to His Fate.

Paris, Aug. 13.—There is absolutely nothing in the sensational story circulated by a New York newspaper to the effect that U. S. Ambassador Eustis has dropped the case of John L. Waller, formerly U. S. consul at Tamatave, Madagascar, recently sentenced to twenty years' imprisonment by court martial. On the contrary Ambassador Eustis is pursuing the matter most energetically and hopes soon to arrive at a satisfactory result.

WIRED FROM WASHINGTON.

Senator Harris at the National Capital Preparing for the Coming Free Silver Conference.

Official Information of Chinese Legation Regarding Oriental Riots—Advices from Minister Denby—American Interests will Be Protected.

Washington, Aug. 13.—Senator Harris, of Tennessee, who with Senator Turpie, of Indiana, and Senator Jones, of Arkansas, was appointed on the committee at the Memphis free silver convention in charge of the conference to be held here on the 14th and 15th of this month, is in the city making preparations for the gathering of free silverites. The parlors of the Metropolitan hotel have been engaged as headquarters and will accommodate about 100 delegates. Free silver men have been invited from all parts of the United States and Senator Harris predicts that thirty states will be represented.

The senator is reluctant to discuss the important features of the conference in advance of the meeting, which he expects to adopt resolutions in favor of the free and unrestricted coinage of silver at a ratio of 16 to 1, and to appoint committees to advance in every legitimate way the interests of silver.

Representative Cox, of Tennessee, is the only delegate who has arrived. "The object of the conference," he said, "is to perfect an organization under the Democratic party. We have no sympathy with movements looking to independent action. At the hotel it is estimated that the attendance will not exceed 100.

INFORMATION AT CHINESE HEADQUARTERS.

The following cablegram signed by the Chinese foreign office, the Tsung Li Yamen, was received at the Chinese legation to-day: "No Americans were injured in the recent riots, though several English were hurt. Five rioters have been arrested." The officials of the legation maintain strenuously that the Chinese government will exercise every effort to bring the guilty to justice.

UNITED STATES INTEREST IN CHINA.

Advices have been received at the state department that Minister Denby is consulting with British and Chinese authorities relative to a complete investigation of the riots at Ka Cheung. There is no doubt expressed at the state department that United States interests will be carefully looked after when the commission is appointed.

Mora Claim Will Be Paid.

Madrid, Aug. 13.—At a meeting of the cabinet ministers to-day it was decided to pay the Mora claim in a lump sum in September of this year.

WITHOUT A PARALLEL.

Four Young Men Jailed in Fort Smith for a Series of the Most Atrocious Crimes.

Fort Smith, Ark., Aug. 13.—Rufus Buck, Samuel Meon Judy, Lucky Davis and Albert Stake were lodged in the U. S. jail here to-day. They are young men who have in the last ten days made a criminal record almost without a parallel in the Indian territory. They murdered John Garrett, a negro deputy marshal ten days ago; they met Mrs. Rosette Wilson, two miles from Sapulpa, and outraged her each in turn; two days later, they went to the house of Mr. Hanson, between Snake Creek and Duck Creek, and assaulted Mrs. Hanson in the presence of her husband. They are charged with outraging two other women, robbing two stores and holding up three individuals. They robbed a stockman named Callahan and killed the negro boy with him.

Defendant Pleaded Guilty.

Pierre, S. D., Aug. 13.—The defaulting state treasurer, W. W. Taylor, pleaded guilty to the embezzlement of \$367,023.34 in Judge Gaffney's court to-day. Taylor will be sentenced to-morrow.

MAKING PROGRESS.

Cuba Forms a Provisional Government with Representative Men at the Helm.

New York, Aug. 13.—Cubans in this city are delighted at the news that a provisional government has been formed in Cuba with representative men as its officials. Colonel Lopez de Queralta, a prominent Cuban patriot, said: The president-elect, General Maceo, is a Cuban to the core of his heart. He is a native of Manzanillo, and the owner of vast property in Cuba. General Maceo is about 55 years of age and has a record as a soldier. In the revolution of 1868 to 1878 he was commander of an imperial division and distinguished himself on the field.

"Joquin Castillo, who has been selected as diplomatic agent to the United States, is well known in New York and is extremely popular. He was born in Santiago de Cuba. He is about 35 years old. He was educated at the University of Pennsylvania, studied medicine and became a surgeon general in the United States navy.

"All the men selected for the new government are capable and brilliant Cubans, and we regard their election as significant of a glorious epoch in the history of our island."

Injunction Denied.

New York, Aug. 13.—Justice O'Brien, in the supreme court to-day, handed down a decision denying the motion for an injunction to restrain the reorganization committee of the Distilling & Cattle Feeding company from purchasing or acquiring the property of the trust, advertised to be sold to-morrow.

Riotous Italian Strikers.

Pittsburg, Aug. 13.—One hundred and fifty Italians, employed on the excavation of a conduit, in Allegheny, struck yesterday for an advance of 25 cents a day in wages. Other men were secured and to-day the strikers tried to drive the new men from their work. Stones, revolvers and clubs were freely used and two Italians had their heads split open. The mob was dispersed by the police.

PICK, SHOVEL AND DRILL

Interesting Mining News Notes Gathered from Territorial Exchanges of the New Mexican.

The output of the Hillsboro gold mines during the week ended August 8 was 435 tons.

The regularity of bullion shipments from Mogollon speaks well for that district.

Two car loads of matte from the Van smelter in Silver City reached the Deming sampler last week.

Five lenses are at work on the Humming Bird mine at Hermosa. Good ore is coming out.

The Floridas, Cook's Peak, Tres Hermanas and in fact every camp surrounding Deming are filling up with prospectors.

There is a well-founded rumor to the effect that certain parties are contemplating the erection of a 10-stamp mill at the Hillsboro hot springs.

Three Mexicans are making \$2 per day each, since the rainy season set in, washing gold from the dirt in Snake and Bonanza gulches near Hillsboro.

The Magdalena mines have been temporarily closed down on account of no cars to load. There are now thirteen loaded ore cars on the tracks here.

Thomas Lannon, one of the owners of the Happy Jack mine, at Hillsboro, made a new and very rich discovery on that property last week, about 300 feet from the tunnel.

A prominent mining expert from Chicago was at Hillsboro all last week examining the Standard company's mines. Schwartz, Doran & Morris are taking out high grade ore from their lease on the Palomas Chief, at Hermosa.

The Deming sampler is working a large force and is rushed to its utmost capacity by the heavy shipments incident to the mining revival throughout the county.

The Cooney mining camp has become considerable rejuvenated since the advent of the rainy season, and the mills which were idle have resumed work and once more add their quota to the bullion output.

The Helen Mining company at White-water is pursuing the even tenor of its way, and the output of bullion is in no way being affected by the two law suits now docketed in the district court of Socorro county.

The Texas mine at Central is being worked steadily with a small force of men, the stopes are furnishing some very high grade ore. The shaft is now down 230 feet, and a contract will probably be let shortly to sink it 100 feet deeper.

Charles Allen and George Bark, of Deming, says the Headlight, have struck some rich ore on their claim in the Victoria district. It runs high in silver and lead and carries some gold. A car load shipment will be made to the Deming sampler soon and the boys will undoubtedly receive a big draft. Their claim is one of the best in the country.

The old reliable Maud S. Mogollon district, under the able management of Col. E. C. Bennett, is maintaining its well earned reputation. The ores below the 200 foot, or water level, which is the base line, continue to carry gold in considerable quantities, while the concentrates are high grade, and pay handsomely for shipment.

Several stockholders of the Four Creeks Mining company came in from the north, Wednesday, and left at once for the company's property at Baldy. This company has sufficient ore in sight to keep their mill running regular, and by the 20th expect to start the works with a full force of men. The outlook for Baldy is promising very much.—Springer Stockman.

NEW MEXICO NEWS.

Hon. L. F. Parker, of St. Louis, attorney for the 'Frisko' road, is among the big guns taking part in the A. & P. case at Albuquerque.

Mariano Armijo, who is charged by his New York wife with bigamy and who was reported to have been arrested a few days ago, was brought before United States Commissioner R. W. D. Bryan at Albuquerque yesterday and bound over in \$1,000 bond to appear before the commissioner at 9 o'clock this morning.

Socorro Advertiser: The city has about got down to its normal condition after the flood, and few signs are left of the late disaster. The railroad is employing all the idle men, and none need suffer who are able and willing to work. The work will continue at least two months.
