NATIONAL CAPITAL BUDGET.

Nervousness Caused at the Treasury Department by the Extraordinary Raid on Gold Reserve.

EFFORT TO FORCE ANOTHER BOND ISSUE

Reserve Below \$100,000,000 Mark and Likely to Be More Reduced—Treasury Officials Express Confidence in Western Crops.

Washington, Sept. 13.—The news that \$4,500,000 had been withdrawn to-day from the sub-treasury at New York for export was received here with surprise and the announcement created for a moment something like a sensation in the treasury department.

This feeling, however, was not shared by high officials, who apparently regard the withdrawal as incident to the speculative spirit that seems to pervade Wall street at this time.

By some officials it is thought that the withdrawals are made with the sole purpose of forcing another bond issue.

It can be stated, however, on excellent authority that there will not be another bond issue.

Those cognizant of the facts state that the Morgan-Belmont syndicate, under the terms of the contract, undoubtedly will protect the gold reserve against the inroads of the speculators, and will see that a reasonable balance is maintained.

No doubt is expressed that as soon as the grain shipments from the northwest come in, there will be an abundant supply of foreign bills on the market to meet every demand, and the withdrawals, it is thought, will necessarily cease.

GOLD RESERVE IN THE TREASURY.

To-day's statement of the condition of the treasury shows the gold reserve to be \$99,800,774.

CHOLERA IN HONOLULU.

Dr. Wyman, surgeon general of the marine hospital service, speaking of the cholera in Honolulu, said to-day that the quarantine service on the Pacific coast is in very good condition at every port of entry.

CAPT. SUMNER FOUND GUILTY

The navy department to-day made public its action in the case of Captain Geo. W. Sumner, late in command of the U. S. cruiser Columbia, tried recently by court martial at the Brooklyn navy yard on the charges growing out of the injury sustained by his vessel in docking her at Southampton in July last.

The captain was found guilty. The sentence of the court is as follows: "To be suspended from duty only for a period of six months on waiting orders pay and to be reprimanded by the honorable secretary of the navy."

WORN OUT WHEEL FLANGE.

Marshall, Mich., Sept. 13.—The west-bound North Shore limited train on the Michigan Central was wrecked here shortly after noon.

The locomotive jumped the track on a curve. George Peppit, engineer, is under the engine badly injured.

Three passenger coaches were thrown from the trucks. No one was injured except the engineer.

THE MARKET.

New York, Sept. 13.—Money on call nominally steady; prime mercantile paper, 3 1/2 @ 5 1/4. Silver, 67; lead, \$3.25. Chicago.—Cattle, receipts, 5,000, including 2,500 westerns and 1,000 Texas; market quiet, prices steady; beefs, \$3.50 @ \$3.65; cows and heifers, \$1.40 @ \$3.75; westerns, \$2.00 @ \$4.40. Sheep receipts, 10,000; slow.

LOUISVILLE IN MOURNING.

Louisville, Ky., Sept. 13.—The week of unprecedented hospitality and good will, in connection with the 29th national encampment of the G. A. R., closes with sadness.

While the funerals of the five victims of Wednesday's explosion were in progress, fully 100 people were suffering from injuries sustained at the collapse of fireworks last night.

In addition to the fifty reported injured, there are about fifty others, who were taken to their homes in carriages by friends.

The hospitals are full of patients suffering from the effects of heat and from injuries received at the accident last night. All these are reported doing well.

Mrs. H. Hirschfeld, who had her feet mashed and hip dislocated, may not recover.

Edward Hoar, a musician, of Springfield, Ohio, who was not on the grand stand, but on top of the auxiliary booth that caved in during the fire works, is in a critical condition.

While the ladies of the G. A. R. and Woman's Relief corps, as well as the national encampment proper, continued in session to-day, there was no special attraction for people who are not delegates to their assemblies.

At Wonder park the entire day was devoted to the greatest "Old Kentucky barbecue" ever spread.

The street cars were overtaken by a multitude en route to the great frolic of the blue and the gray, at which the former were special guests.

Executed in Texas.

Paris, Texas, Sept. 13.—Charles H. Key, murderer, gambler and robber, was executed shortly after noon to-day for the killing of Smith McLathline, in the Chickasaw nation on July 21, 1894.

AT A RIPE OLD AGE.

Death of the Oldest Mason and the Oldest Methodist Preacher in America.

Pittsburg, Sept. 13.—Rev. Dr. Samuel Wakefield died to-day at West Fenton. He was said to be the oldest Mason and the oldest preacher of the Methodist Episcopal church and very likely the oldest of any denomination in the world.

He published several books on theology and music when comparatively young, which made him widely known. "Wakefield's Theology" has become a classic in the life time of the Methodist Episcopal church.

Mrs. Lease on Legals.

Wichita, Kas., Sept. 13.—Mrs. Lease says: "John J. Ingalls' lawyer before the public has been one of deceit and falsehood. Not only is he a political fraud but he has built up his splendid reputation as an orator by using quotations stolen from French and Spanish writers. He is the most erratic, inconsistent, contradictory, pitiful and contemptible figure in Kansas history."

RESPONSIBILITY FIXED.

Verdict of Coroner's Jury in Minnesota Rail Disaster—Company Blamed.

St. Cloud, Minn., Sept. 13.—The verdict of the coroner's jury, in the matter of the Melby railroad accident, was as follows: "We find that the direct cause of the accident is to be laid to Engineer Haines, in setting on wrong orders. We further blame the company for ordering passengers to meet at a blind siding where there is no agent and where no lights are kept; also in allowing the conductor to send two orders to the engineer, when only one was needed."

Senator Thurston Better.

Omaha, Sept. 13.—Telegrams received at the headquarters of the Union Pacific to-day bring the news that Senator John M. Thurston is much better.

THE DURRANT TRIAL.

Important Testimony Against the Accused—Went Into the Church with Blanche Lamont.

San Francisco, Cal., Sept. 13.—The trial of Theodore Durrant is becoming more interesting. The district attorney has proved the death of Blanche Lamont and has established that the body found in the belfry of Emanuel church was her corpse and that the clothing hidden in the rafters of the edifice was worn by the girl on the day she disappeared.

The prosecution is now putting in evidence connecting the prisoner with the crime. The witnesses for the people will be called in chronological order, the intention being to form a chain, the links of which will be testimony showing the movements of the murderer and the defendant on the fatal day of April.

THE COILS LIGHTENING.

San Francisco, Sept. 13.—In the trial of Theodore Durrant, Mrs. James Crossett, who knows him well, will testify that, on the afternoon of April 3, she rode to the mission upon the same car with Durrant and Blanche Lamont.

Shortly after 4 o'clock the car arrived at 22d street and Durrant assisted the girl to get out and then gave his hand to the older lady. The three walk to the side-walk together and stopped there to chat.

Durrant introduced Blanche Lamont to Mrs. Crossett. A few moments later, he and Blanche, talking and laughing, walked toward the church.

THE WORLD ON TIME.

In Spite of the Fire the Great New York Paper Appeared as Usual This Morning.

New York, Sept. 13.—This morning's World was probably the only regular issue of that newspaper which contained not a line of advertising.

The flooding of the press room, on account of the fire, reduced the press capacity so it was possible to print only eight pages, and eight solid pages of advertising were thrown away rather than out the news down.

In spite of the delays due to the fire itself, and subsequent upon it, the stopping of all the type-setting machines by cutting off the gas, the paper went to press on time.

The World is receiving from the newspapers throughout the country expressions of regret at its loss.

The World expresses its gratitude for the cordial interest manifested, assuring its friends that no serious damage has been done, owing to the fire-proof nature of the building.

Earthquake in Honduras.

London, Sept. 13.—A special from Tegucigalpa, Honduras, says that reports have been received from Yelapan to the effect that, in a severe earthquake on Tuesday, 250 people were killed and \$1,000,000 worth of property destroyed.

New York.—Telegrams, addressed to correspondents at various points in Central America, have failed to bring any verification of the reports of earthquakes with heavy loss of life in Honduras.

CAPTURED AT CLAYTON.

Inspector Waterbury Makes Two Arrests for Robbing the Mail in New Mexico.

Denver, Sept. 13.—Chief Postoffice Inspector McMechen received a telegram, yesterday afternoon, from Inspector Waterbury, at Clayton, N. M., announcing the arrest of Olin Snyder and Elmer, alias James Baker, for cutting open and robbing mail near Clayton. One hundred and fifty letters were stolen.

CLEAR CASE OF BABY ACT.

Lord Dunraven Declares That the Valkyrie Will Never Again Race in American Waters.

AFRAID AGAIN TO MEET THE DEFENDER

Doubtless Uncle Sam will Continue to Do Business as Usual at the Old Stand—London Papers Take Sides with Dunraven.

New York, Sept. 13.—In the Erie basin to-day, the Valkyrie was hauled into a position between two steamers, just outside of the dry dock, where she had several times been dried out for cleaning and repairing purposes.

The crew, under command of Capt. Cranfield and Sycamore, were immediately set to work to strip the yacht and prepare her for her voyage home.

The sailors worked with their usual alacrity and effectiveness, and an o'clock had lowered her top-masted the low-sprit gear.

The yacht will doubtless be auctioned for the ocean voyage, as she was when she sailed from England for America.

ENGLISH PRESS COMMENT.

London.—The conclusion of the international yacht races for America's cup furnishes a text for articles in all the London afternoon newspapers.

In general, the press upholds Lord Dunraven in his refusal to sail over the course yesterday without a guarantee that it would be kept clear of excursion boats and other craft.

The Pall-Mall Gazette says: "We hope the Earl of Dunraven will consent to sail for the proposed cup of Marble Head, as all are anxious to see the comparative merits of the yachts tested, and may the best boat win. Should the Valkyrie win, which we think is improbable, neither Lord Dunraven nor any one else would bother to challenge again for America's cup, which a new trophy would replace. Should the Valkyrie lose, we know Lord Dunraven would take his beating like a sportsman. Thus the races of 1895 would be brought to a pleasant conclusion and a further challenge for a new cup would be only a matter of a few years."

"If the Valkyrie returns without a race, it means that her owner is convinced that he did not have fair treatment at the hands of the committee, and no contest for a cup is ever likely to occur, even though the committee decided that future races should be sailed where there was a certainty of a fair course."

DEFENDER GAILY DECORATED.

New York.—The Defender, gaily decorated with flags, left Bay Ridge this morning, presumably bound for New Rochelle.

PLAYED THE BABY ACT.

New York.—Whatever doubt may have existed as to Lord Dunraven's intentions as to racing the Valkyrie in this country again was dispelled this morning by Matthew Kersey.

"The Valkyrie will never again race on this side of the Atlantic. The races are over and that settles it. I have nothing more to say on that point."

Kersey, speaking of the offer of a cup by Col. Taylor, of Boston, for a race between the Valkyrie and the Defender, said that, as Lord Dunraven had decided not to race his yacht again in America, it would be idle to discuss that or any other offer.

ENGAGEMENTS OF GOLD.

Sensation Caused in Wall Street by Immense Gold Engagements for Europe—Bond Syndicate Among the Shippers.

New York, Sept. 13.—The engagements of gold at the sub-treasury up to 11 o'clock, aggregating \$4,500,000, for export to to-morrow's steamers, had a demoralizing effect on share speculations, and the quotations at 11 o'clock were 1/2 and 1/4 cent below the final transaction of yesterday.

The fact that Lazard Freres and important members of the government bond syndicate ship gold increases the already great surprise in Wall street.

A member of the firm made the following statement: "We believed that, during the first half of September, a sufficient amount of gold would be offered and bills would have been offering and the necessity of exporting this gold would thus have been averted. Our shipment of gold is an imperative necessity, in order to fulfill our business obligations with Europe. We hold that it will be a temporary expedient and that within the next few weeks plenty of bills will be offering and everything will come around all right."

The firm recites the low prices ruling for our bread stuffs, the slow movement of cotton and the fair supply of that staple already in European hands, as the causes for their shipment of gold.

GOLD DEPOSITED.

The Hanover National bank has deposited \$500,000 in gold at the sub-treasury in exchange for greenbacks. Five hundred thousand dollars in gold was withdrawn from the sub-treasury this morning. It is part of the engagements announced for export.

The Commercial National Bank of Commerce and the American Exchange National bank have each deposited at the sub-treasury \$200,000 in gold in exchange for greenbacks.

HEAVY GOLD SHIPMENT.

New York, Sept. 13.—The following announcements of gold shipments by to-morrow's steamers have been made: W. H. Crossman & Bro., \$1,000,000; Lazard Freres & Co., \$500,000; Hard & Rand, \$200,000; Nesslage & Fuller, \$100,000; Lazard Freres, \$2,500,000; Handy & Harmon, \$150,000.

Handy & Harmon have increased their gold shipments to \$250,000.

CONVICTED AT FORT SMITH.

Five Prominent Men Found Guilty of Deadly Assault and Arson in U. S. Court.

Fort Smith, Ark., Sept. 13.—George McElroy, Henry Hook, Charles Hook, Dr. John McBlain and Thos. Stufflebeam, prominent citizens of the Indian nation, have been convicted in the U. S. court on four charges, including deadly assault and arson.

Highest of all in Leavening Power.—Latest U. S. Gov't Report

Their cases grew out of an attack by the vigilantes upon the homes of Bruce and Eugene Miller, harborers of outlaws, near Jennings, O. T., on April 16, 1894. In the fight, "Dutch John" was killed; Mrs. Elizabeth Miller, aged 70, and Herman Miller, aged 3, were wounded, and two houses were burned.

NEW MEXICO NEWS.

Major Llewellyn has gone east to conclude the sale of his extensive mining properties at the Hillsborough placers.—Rinconon Weekly.

Mrs. Capt. J. C. Lea departed last week for Sherman, Texas, to see her daughters in college, there, and to visit friends.—Roswell Register.

Francisco Lopez, brother-in-law of Donaciano Chavez, the Barera's lawyer, died at 4 o'clock yesterday morning, from apoplexy.—Albuquerque Citizen.

The streets of Silver City are in better condition to-day than they were before the flood, a fact which speaks volumes for the enterprise of the people.

It is estimated that the Mexicans engaged in placer mining in the gulches at Pinos Altos have averaged among them over \$5,000 per month since the rainy season began.

Mrs. Bantz and Mesdames Armstrong and Miller, mother and sister of Judge G. D. Bantz, who have been visiting here for some weeks returned to their home in St. Louis on yesterday's train.—Silver City Eagle.

The body of Pedro Ramon, the Santa Fe track walker, was found about three miles north of Las Cruces, horribly mutilated, by being run over by a train. It is not known how the accident occurred.

The many friends of Frank Story, the popular mail messenger on the route between Silver City and Rinconon, will be pleased to learn of his promotion to a responsible position on the Pittsburg, Fort Wayne & Chicago.

Las Cruces note: H. B. Holt came home last Saturday from Silver City. The department of justice has decided to dispense with the services of a stenographer, except in important cases, when a stenographer may be employed by the court.

The local attorneys, members of the territorial bar association, met at the office of Warren, Ferguson & Gillette the other evening and appointed a committee on arrangements to prepare for the meeting of the association in this city on October 3.—Albuquerque Citizen.

At a meeting of the board of directors of the Colfax county Agricultural association, held at Maxwell City, the following officers were elected: Chas. Springer, president; D. R. Manning, vice president; E. B. Warren, secretary and treasurer and W. P. Stebbins, general superintendent.

Collector A. B. Laird gives notice that on the 27th day of September he will advertise for sale all that property in Grant county upon which the taxes have become delinquent, and that after the 1st day of October, 1895, by the direction of the district attorney, he will distrain and sell all personal property upon which the taxes are then delinquent.—Silver City Sentinel.

Paul Sutherland, a student in the Agricultural college, who graduated last year and was enrolled in the college freshman class this year, has passed a successful examination for a readership at Annapolis, and has been appointed from the west Texas district. Young Sutherland goes to Annapolis to take his examination. His success speaks well for the work done in the preparatory department of the college.—Independent Democrat.

ATTENTION LADIES.

While in Denver I learned the only genuine Improved Tailor System of dress-fitting. This system drafts on the same principles as the merchant tailor uses and with the same results. By this method every seam is in the proper place; the garment maintains a perfect proportion to the figure, and perfect ease is secured. I will cut and give you an absolute fitting pattern. Mrs. C. A. HAYNES

DAVID S. LOWITZKI.
