

We have no axe to grind in claiming everything for our hardware. The truth is best at all times, and that's the truth. We carry nothing but first-class hardware and draw the hardware line at A. If you buy any article second grade, don't let it be hardware. Poor hardware is one of the best things in the world not to have around you. Be generous and let somebody else have all there is of it. That is our policy and we find it pays. It will pay you to adopt our hardware platform. Every article we carry is true and genuine as steel.

### DEEP WATER STATESMEN.

Formal Opening of Western States Deep Water Convention at Topeka To-day.

### LARGE ATTENDANCE OF PROMINENT MEN

Subjects of Particular Moment to Western People Under Consideration—Deep Water at Galveston and Velasco—Latin American Trade Wanted.

Topeka, Kas., Oct. 1.—The informal opening of the western states deep water conference was inaugurated this afternoon by serenades at the various hotel headquarters.

At 4 o'clock Gov. Morrill will call the first session to order. An organization will then be effected and an address of welcome will be delivered by Gen. J. C. Caldwell, one of the heroes of Gettysburg and ex-minister to the Argentine Republic. This evening a public reception will be given.

Wednesday will be full of speeches and Thursday will be the last day of the conference.

Among the well known people who arrived to-day are ex-Gov. Hubbard, of Texas; ex-Gov. Fishback, of Arkansas; Congressman C. C. Burton, of Missouri; Gen. Francis J. Healy, of San Francisco; ex-Congressman Sibley Clark, of Oklahoma; J. D. Whelpley, editor of the San Antonio Express; A. L. Fitch, of Omaha.

In a special car this morning came Maj. A. M. Miller, of the U. S. army, an engineer in charge of the Galveston harbor; J. D. Sayers, congressman from Texas, and chairman of the appropriation committee of the last congress; G. E. Mann, chairman of the Texas delegation; Clarence Ousley, a representative of the Galveston News and Tribune and Dallas News.

Ex-Gov. Hubbard said to the Associated Press reporter: "I have no particular choice of harbors. I am not brave enough to commit myself. There are enough products and water to give every port in Texas business. While I do not anticipate the immediate consummation of our hopes of securing concerted action, yet I venture the prediction that it is only a question of time when we will have unbroken shipping interests to the marts of South America."

Changing the subject the governor said: "There may or may not be a prize fight in Texas. Gov. Campbell's proclamation concerning the legislature to enact another prize fight law was a great surprise. If a law be passed making prize fighting a felony then there will be no fight between Fitzsimmons and Corbett."

T. B. Mills, of Las Vegas, N. M., said: "Do you know that the difference in price of freight by water and by car is twenty-five to one in favor of water?" B. F. Freymeyer, of Velasco, Texas, said: "At Velasco we have sixteen feet of water. We want trade with Latin America. I think this conference will be of great good."

**Two Thousand Strikers**  
Columbus, Ohio, Oct. 1.—A special to the Dispatch from Massillon says that 2,000 miners there stopped work to-day. They want 60 cents and the operators want to pay 50 cents, but the two disagree as to the plan of fixing the rate. These miners are disposed to leave the United Mine Workers of America, who are not in sympathy with their action.

### WORK OF THE FLAMES.

Large Mill Elevator Burned in Nebraska—Prairie Fires Raging in Nebraska.

Red Cloud, Neb., Oct. 1.—The Red Cloud roller mill elevator and warehouse, one of the largest plants in the state, burned last night. The loss will amount to \$40,000, with \$20,000 insurance on building and machinery.

**PRAIRIE FIRES IN KANSAS.**

**Arrested for Embezzlement.**  
St. Louis, Oct. 1.—Arthur J. Goodwin, recently agent at Cripple Creek, Colo., for the Continental Oil company, of Denver, has been arrested in this city on a charge of embezzlement, at the request of the chief of police of Colorado Springs. The prisoner has signed an agreement to return without a requisition.

### CAMPAIGN IN IOWA.

Republican Candidate for Governor Indulges in a Remarkable Straddle on Currency Question.

Orange City, Iowa, Oct. 1.—Gen. Drake, Republican candidate for governor, opened the campaign this afternoon. Speaking of the money question, he said: "We must have a sound and stable currency, a currency not liable to fluctuations, for the safe and successful conduct of business and the employment of labor and the buying and selling of its products. The Republican party is in favor of good money and of a sufficient volume to facilitate the employment of labor and the unlimited transaction of business. Gold and silver should be maintained on a parity, otherwise trouble must come and disaster follow. Of the position of the Democratic party on this question there is no exact knowledge. It is at least evenly divided. The outcome of its policies is even more uncertain."

### Pastor Dead.

Paris, Oct. 3.—Professor Louis Pasteur, the eminent doctor, died Saturday night of paralysis. The cause of Mr. Pasteur's death was weak condition of his heart, with other complications. Last Wednesday, says the Paris journals, was the crisis. He was quite conscious of his approaching end, and bade an affectionate farewell to his wife and his daughter and son-in-law and their children. He wept a little and upon being asked "Why are you crying, grandpa?" he replied "Because I am going to leave you all, my children."

The government has decided to hold a state funeral. Professor Pasteur's wife has received telegrams of sympathy from President Faure, from M. Challemeil Lacour, president of the senate, and from all parts of the world. The government desired to inter the remains of the distinguished man in the Pantheon, but it was the family's wish that he should be buried at the Pasteur institute. The obsequies will be held at the cathedral of Notre Dame, probably on Thursday next.

The police have secured the furniture, which it is asserted was shipped here by Father Wagner, and which gives an indication that he expected to set up housekeeping in Chicago.

**FATHER WAGNER ARRESTED.**

### NATIONAL CAPITAL BUDGET.

After Anxious and Perplexing Consideration President Commutes Death Sentence of Mattox.

### HIS INDOORSMEN SHOWS HESITANCY

Fourth-Class Postoffices Advanced to Presidential Grade—Comparative Treasury Statement for September—Miss Blackburn's Marriage Announced.

Washington, Oct. 1.—The president has commuted to imprisonment for life the death sentence imposed upon Clyde Mattox, of Kansas. This is the case in which the prisoner's mother, after appealing personally to the president, secured a letter assuring her that the death sentence would not be carried out.

Mattox was convicted of killing an old colored man, John Mullen, who was seeking to protect two colored girls. He was convicted and sentenced to be hanged in Kansas in 1891, gained a new trial from the U. S. supreme court, and after two more trials was again convicted and sentenced to death on March 23, 1894.

Another appeal was taken to the U. S. supreme court and this time the judgment was affirmed and the convict was sentenced to be hanged on October 11, of this year. As a last resort an appeal was made to the president.

In his indorsement the president said: "It is with much hesitation that I can show any measure of clemency in this case, inasmuch as I do not regard this convict as entitled to any sympathy because of his former life or the testimony taken in the trial. I have concluded, however, after anxious and perplexing consideration of all the facts presented to me, to save the convict from the death awaiting him under sentence of the court, and at the same time to give every protection in my power against his vicious propensities by directing his imprisonment during life. I am constrained to do this course simply because I can not shut out the fear that certain testimony offered upon his trial, and excluded by the court, and which a strong minority of the supreme court held should have been received, might, if admitted, have produced a result more favorable to the convict and probably have averted his sentence of death."

### PRESIDENTIAL POSTOFFICES.

The following fourth class postoffices became presidential to-day and the postmasters in each case were reappointed: Colorado—Victor; Texas—Albany, Baird, Belleville, Forney, Giddings, Meridian.

### NEW MEXICO NEWS.

The Las Vegas Optic is to be enlarged and otherwise improved.

The old timers of Sierra county will hold a grand reunion at Hillsboro, October 3. The program of exercises will be entertaining and instructive.

There are now more houses going up in Roswell than in any other town in the west. Still we hear people complaining about the town being quiet. And then, too, Roswell is going to have her streets graded.—Roswell Irrigator.

The Pecos valley has been supplying Texas towns with grapes this year, and the apple crop will soon be ready for shipment. Vegetables and melons have also been shipped in large quantities, netting the valley farmer handsome prices.

Frank Keltz, of Gallup, N. M., where he is a member of the firm of butchers, of Reitz & Johnson Bros, is here with 3,500 head of sheep, which he drove through from Gallup, but which he will ship from here to Kansas City.—Las Vegas Optic.

The following report of the Methodist church work for the past year should be read in last week's issue, but was overlooked: Number of accessions was 103, of which 79 became members on profession of faith and 24 were received by certificate. Total membership is now 170. Infants baptized, 12; adults, 35. Amount of money raised for all purposes, missions, ministerial support, church property, poor, S. S. library, etc., \$1,550.—Roswell Register.

Marshal Clay, of Las Vegas, after much difficulty, captured an insane man on Sunday. The Optic says that on his person was found \$336 in cash and \$905 in certificates of deposit. When he became a little calmer, he gave his name as F. H. Steucks, his occupation as an engineer's helper, and his home at Clifton, A. T. He had a ticket for New York, from Lordsburg, N. M. Telegrams were sent to Lordsburg and Clifton, the latter being answered to-day by Peter Torrence, the leading A. O. U. W. of that place. It said, "Hold Steucks till Deputy Sheriff Parks arrives." The insane man is still in jail, where his mania for traveling and spending money can not be indulged.

### TEXAS LAW MAKERS.

Lone Star State Legislature Fought on Non-Strong Anti-Prize Fighting Recommendations of the Governor.

St. Louis, Oct. 1.—A special to the Post-Dispatch from Austin, Tex., says: The Texas legislature met at noon with a quorum present.

The governor in his message reviews the laws against prize fighting in Texas, calling attention to errors therein and closes by saying:

"All persons have been given notice that the Corbett-Fitzsimmons exhibition would not be permitted, that whatever had been done by its projectors was with a full responsibility for the consequences. The public interests require that this exhibition especially should be suppressed. Discouraged by Mexico and the territories, outlawed and driven from every state, it is proposed to assemble the horde of ruffians and gamblers and offer this state this insult to public decency. Against it the instincts and pride of the people revolt and your prompt and resolute action will spare them this ignominy and shame."

He recommends a law making prize fighting without gloves a felony.

There is a strong lobby here from Dallas and the leaders of it claim to have votes enough in the house to defeat the emergency clause. There are only three senators opposed to the emergency clause.
