THE CUBAN INSURRECTION.

Profound Sensation Caused in Madrid by Alleged Demand of the United States.

SPAIN MUST CRUSH CUBAN REBELLION

Report Neither Confirmed Nor Denied at Washington—Meanwhile Insurgents Are Using Dynamite—Destruction of Railroad Trains and Bridges.

Madrid, Oct. 11.—It is reported on the best authority that the American government has notified the Spanish minister at Washington that it is necessary for Spain to act promptly in crushing the Cuban insurrection.

NEITHER CONFIRMED NOR DENIED.

Washington.—The statement cable from Madrid to-day to the effect that the United States government has intimated to the Spanish minister here that there is need of prompt action on the part of his government in putting down the Cuban insurrection can not be confirmed at the state department.

It is believed to be quite probable that representations have been made to Spain of the wisdom of aggressive and active operations against the Cuban insurgents by Minister Delome, based on his personal views of the situation and his knowledge of the purposes of the friends of the insurgents to press their case vigorously soon after the assembling of congress.

INSURGENTS USING DYNAMITE.

Havana.—Further news from La Realbala, near which place a mixed train of passenger and freight cars was attacked by the insurgents, who threw dynamite shells between the cars, show that two passengers lost their legs and hands.

The leg of another has been amputated and three others are in danger of death. Two wounded passengers have already died.

The insurgents have partially destroyed with dynamite the iron railway bridges at Camajuani and Tuinic, in the province of Santa Clara.

THE MARKETS.

New York, Oct. 11.—Money on call nominally 2 per cent; mercantile paper, 4 1/2 @ 7. Silver, 65 1/2; lead, \$3.15.

Kansas City.—Cattle receipts, 9,000; shipments, 3,700. Market strong to steady; Texas steers, \$1.85 @ \$2.10; beef steers, \$2.40 @ \$2.50; stockers and feeders, \$2.25 @ \$2.70; bulls, \$1.50 @ \$2.00; Texas cows, \$1.50 @ \$2.50; native cows, \$1.25 @ \$2.20.

Chicago.—Cattle, receipts, 3,500, including 600 Texas and 1,000 westerns. Market to-day for best grades, strong; beefs, \$3.40 @ \$3.50; cows and heifers, \$1.40 @ \$1.70; Texas steers, \$2.35 @ \$2.50; westerns, \$3.10 @ \$4.40; stockers and feeders, \$2.80 @ \$3.30. Sheep receipts, 8,000; market, steady to strong.

Chicago.—Wheat, October, 59 1/2 @ 60; December, 60 1/2 @ 62. Corn, October, 25 1/2; November, 26 1/2. Oats, October, 17 1/2; November, 17 1/2.

Discussed Annexation.

Chicago, Oct. 11.—"Shall the United States Annex Cuba?" This was the real question earnestly discussed at the quarterly meeting and dinner of the Union League club, under the formally announced subject, "Shall the policy of the United States be to extend its Dominion?"

The selected speakers were Azel F. Hatch, in the affirmative; Congressman D. Cooke, in the negative; Harry Benson, in the affirmative; and William E. Mason, in the negative.

The discussion took a wide range, and the desirability of absorbing Canada, Mexico and Hawaii was discussed. But the matter dwelt on most earnestly was the annexation of Cuba, which was learnedly handled by some of the speakers.

Mr. Hatch was in favor of extension in order that the market might be enlarged. If Hawaii wanted to raise the flag this country ought to take advantage of it. The Nicaragua canal should be aided and the United States should become the envy of the world.

Mr. Cooke, on the other hand, spoke of the "lust for territorial gain," and called it a "colossal crime." Social and political reform, he thought, should engage the attention of the Americans. He took up Canada, Mexico, Hawaii and Cuba, and to the question, "Shall they be annexed?" he returned an emphatic "No." They should be aided in maintaining independent republican governments, he said, but not annexed.

Held for Murder.

Denver, Oct. 11.—Caroline Ann Caferton, wife of Phillip E. Caferton, who was murdered at his home on April 8, last, was arrested yesterday by the authorities of Butler, Pa., on the charge of murder. She is held at Butler pending the arrival from Denver of an officer empowered to bring her back.

Gilpin Kingdom Deal.

Denver, Oct. 11.—Dennis Sullivan, T. G. Burke, Senator H. C. Bolinger and some eastern capitalists have incorporated the Vendome Mining company and bought all the properties of the Herbert Mining company and Shafts mine in Gilpin county. The price paid is \$450,000. The Herbert mine has been a great producer. There are about forty acres comprised in the property purchased in which are over ten miles of underground workings.

CORBETT-FITZSIMMONS.

Judge Duffie Will Exert All His Power to Prevent the Pulling Off of the Proposed Fight at Hot Springs.

Hot Springs, Ark., Oct. 11.—The statement sent out from here last night, that Judge Duffie had instructed the sheriff to do everything in his power, as an officer of the law, to prevent the contemplated fight here between Corbett and Fitzsimmons, is entirely true. He advised the sheriff fully as to his duty and said that he would give him further information as

time passed. It is evidently Judge Duffie's purpose to prevent the fight if he can, but notwithstanding his action, preparations go on and there is no doubt but that the fight will take place on October 31.

A CIGAR COLLAPSE.

Chicago, Oct. 11.—The Roper & Barter Cigar company failed today. E. J. Toussie is the assignee. Liabilities \$100,000. The assets exceed that amount by about \$25,000.

A CRUEL SENSATION.

Fabricated Report that the President Had Been Assassinated Circulated Last Night.

Buzzard Bay, Mass., Oct. 11.—There is absolutely no truth in the report, circulated late last night, that President Cleveland had been assassinated. The president will leave Gray Gables tomorrow for Washington, but Mrs. Cleveland and the children will probably remain a few days longer. The president, in company with secretary Thurber, went out to the fishing grounds about 9 o'clock today.

STORY STARTED BY UNITED PRESS.

Chicago.—The following statement has been sent out by the Western Union telegraphers in the city of Chicago:

"Chicago, Oct. 11.—The statement sent out over the Western Union Telegraph company's tickers, this morning, to the effect that the Associated Press had started the rumor of President Cleveland's assassination proves to have been an impious falsehood. The Associated Press has at no time either started such a rumor or given it currency. The allegation that it had done so was furnished to the Stock Quotation company by the United Press in New York. It should never have been sent out over the ticker wires and the company sincerely regrets its transmission."

The original copy of the libel as furnished by the United Press to the Western Union company has been turned over to the New York office of the Associated Press.

Back to the Old Home.

Canton, Ohio, Oct. 11.—When Governor McKinley becomes a private citizen again next January he will return to Canton and will occupy the little house which he and Mrs. McKinley occupied immediately after their marriage. The house has been sold since, but the governor has rented it, and when the couple again take up their residence in Canton, after an absence of fifteen years, they will settle in the old nest, where they will celebrate their twenty-ninth wedding anniversary early in the year. This is Mrs. McKinley's wish.

FEDERATION OF LABOR.

Resolutions Adopted in Illinois Approving the Railway Brotherhoods and Indorsing Gov. Altgeld.

Peoria, Ill., Oct. 11.—At a meeting of the Illinois Federation of Labor to-day, after a stormy debate, lasting two hours, the following was adopted:

Whereas, Eugene V. Debs has stated that the railway brotherhoods have been repudiated by organized labor;

Resolved, That the Illinois Federation of Labor denies such assertion and extends to the railway brotherhoods its approval and assurance of continued esteem.

A resolution was adopted unanimously heartily indorsing Gov. Altgeld and his administration.

Dropped Dead in Chicago.

Chicago, Oct. 11.—Cyrus C. Cook, a prominent Republican politician of Edwardsville, Ill., dropped dead at the Great Northern hotel to-day, where he was attending a meeting of the Illinois Republicans. Judge Cook was the Republican candidate for congress in the 18th district to succeed the late Congressman Reimann.

A Bad Egg's End.

Chicago, Oct. 11.—Harry Lyons was hanged to-day for the murder, on the night of February 1, of Alfred Mason, a scenic artist. Lyons attempted to rob Mason on the street and fractured his victim's skull with the butt of a revolver. Lyons was about 35 years old and had a bad police record. He was nery to the last.

A Sugar Trust Rebate.

New York, Oct. 11. The negotiations between the wholesale grocers in the west looking toward the abatement of cutting refined sugar prices have resulted in a request that the American Sugar Refining company put into effect in western states the same selling plan now in effect this side of Chicago.

This means that upon the declaration by a wholesale grocer that he has maintained the list prices, he is allowed a rebate of 3-16 cents per pound. This 3-16 cents is not taken off the bill of goods as is the New York custom, but will be paid to the grocer at stated regular intervals.

The Wool Market.

Boston, Oct. 11.—The American Wool and Cotton Reporter says of the wool trade: There has been a good demand for wool the past week and the market shows continued strength and a firm tone. Medium and coarse wools evidenced an improving demand. Fine wools continue active. Prices are practically unchanged and users are meeting dealers readily at existing prices.

The Boston market has ruled active, fine to coarse and medium wools selling in good lots. The recent and past enormous sales of Australian have greatly reduced the supply of most kinds of that wool in this market, but a fairly active business was done here during the first half of the period under review. It looks as though the high price of Australian coarse breeds had turned the current in the direction of domestic medium wools, and similarly as if the current rates for all kinds of Australian had drawn increased attention to the territorial wools, of which large sales have been made.

Well Known Writer Dying.

Chicago, Oct. 11.—Mrs. Clara Doty Bates, well known as a writer of high class literature for juvenile readers, is ill beyond recovery and her death is expected momentarily.

DIED OF HEART DISEASE.

Pittsburg.—Jas. J. Cook, ex-chief of the U. S. secret service department, but of late years in charge of a local detective agency, died this morning of heart disease.

SWEEP BY A TIDAL WAVE.

Destruction Wrought to Pacific Ports of Mexico and on Gulf of California.

TELEGRAPH WIRES ARE PROSTRATED

Ruin Caused by the Winds Completed by the Angry Waters—American Colonists Suffer—Sugar Plantations and Sugar Mills Destroyed.

Guaymas, Mexico, Oct. 11.—Advices are slowly reaching this port from the Pacific ports of Mexico, and the ports on the west side of the Gulf of California, conveying the intelligence that the tidal wave, which swept northward during the four days, September 30 and October 1, 2 and 3, caused great damage to property and shipping and that a number of lives had been lost.

The telegraph wires were prostrated and information comes by degrees, as people arrive from below. The hurricane crossed the Isthmus of Tehuantepec and swept up the coast into the Gulf of California. It was accompanied by a deluge which completed the ruin the wind had wrought.

At Topolobampo, all the houses of the American colony were greatly damaged and the custom house was badly wrecked.

The Ahomy river, north of Topolobampo, overflowed and destroyed the sugar plantations and sugar mills thirty miles away from the channel of the river.

The damage to the sugar interests in the states of Sonora and Sinaloa is estimated at several millions of dollars.

Several coasting steamers are overdue at Guaymas and apprehension is felt for their safety.

TO-DAY'S CONDENSATIONS.

Advices from Hawaii show that there have been sixty-five deaths from cholera in Hawaii up to September 26.

Fred Knodie, an election judge, under indictment for fraud in the late fall's election, committed suicide with morphine at Kansas City.

At Hartford, Conn., yesterday P. J. Earle, a professional bicyclist, made a new world's record for a mile, flying start, covering the distance in 1:46 4-5.

There is actually a famine in New York. The stock exchange is worried over it, but press dispatches admit that the attending rise in silver prices will pull the western railroads out of the slough of despond.

Queen Supposed to Be Dead.

Yokohama, Oct. 11.—Count Kuromoto, editor of the political bureau, has forwarded from Seoul, the capital of Corea, a report upon the recent uprising there. It is now supposed that the queen of Corea was killed by the anti-reformers, who were headed by Tai Bok Kim, the king's father who forced an entrance into the palace at the head of an armed force.

Bank Failure in Omaha.

Omaha, Oct. 11.—The Citizen's State bank, of Omaha, failed to open this morning. It is capitalized at only \$50,000.

The Freight War.

St. Louis, Oct. 11.—An additional feature of the western freight war came out yesterday when the Wabash announced a cut of 33 cents on the fifth class and letters A, B, C, D and E, from St. Louis to Colorado common points. The other competing roads immediately met the cut.

A Domestic Horror.

Griffin, Ga., Oct. 11.—News has just reached this city of a tragedy that occurred in Pike county, near Milner, on Monday, in which eight or nine children lost their lives by poison administered by their father. Tom Speer, taking advantage of his wife's absence, and prompted by jealousy, administered a fatal drug to his children. It was "rough" work, and the feed is now behind the bars.

THE NATIONAL CAPITAL.

Arranging for the Protection of Missionaries in Turkey—Congressional Contests.

Washington, Oct. 11.—By request of Minister Terrell for the protection of the American missionaries in Turkey, and at the instance of the state department, the navy department has ordered the Marblehead to the gulf of Iskenderoon.

CONGRESSIONAL CONTESTS.

Not one of the contests filed against the new members of the house of representatives is complete. All the contestants in the thirty cases are Republicans, save Goodrich, who is contesting Cobb's seat in the 6th Alabama, and Campbell, who is contesting Miner's seat. Goodrich is a Populist who had the Republican indorsement, and Campbell ran as an independent Democratic candidate.

The general opinion is that the cases of those contestants who are seated by the next house will have to be very meritorious as the Republican majority is overwhelming and there is no political emergency which would tend to make the members look on the contests with anything but an impartial eye to their justices.

The Land Court.

In the U. S. court of private land claims yesterday, on application of Mr. Frank Springer, the Dona Ana Bend colony grant case was passed for this term. Judge S. B. Newcomb is one of the attorneys. He writes from Las Cruces that he has suffered a slight stroke of apoplexy and is confined to his bed, hence this request to postpone the case.

The Cuyamange grant was submitted to the court to-day by Lawyer John H. Knobel. The San Clemente grant case was called and passed, no one appearing for claimant, Col. J. Frank Chavez.
