Evidence of Canadian Efforts to Encroach on American Territory in Alaska.

BELLIGERENT TALK OF VENEZUELAN

British Encroachments will Be Vigorously Resisted by Plucky South American Power - Patriotic Feeling Aroused - English May Be Expelled from Disputed Territory.

Washington, Nov. 9.—The state department to-day received from Gen. Duffield, chief of the coast and geodetic survey, his report on the surveys of Alaska, which are the basis of the boundary line claim of this government.

The first information of the excited public feeling in Venezuela, resulting from the British demands, reached here to-day in Caracas papers up to November 1.

The prevailing sentiment is for immediate war preparations, although some conservative journals urge moderation.

The British ultimatum has not been received, but the publication of its substance has aroused an outburst of patriotism.

Whole towns and villages have been subjected to rapine and fields are littered with corpses.

CHAMPIONS OF SILVER.

Senators Morgan and Pugh Have Declined to Stamp Alabama in the Interest of Silver.

Birmingham, Ala., Nov. 9.—Senators Morgan and Pugh, Congressmen Blackhead and several other silver Democrats, as a result of a conference held here yesterday, have decided to make a hot silver campaign inside the party.

SENATOR JONES ON SILVER SITUATION. San Francisco.—U. S. Senator John P. Jones is strongly of the opinion that there will be a separate silver party in the campaign next year, growing out of the silver conference at Chicago near Christmas, the call for which is being prepared by the executive committee formed at the Memphis conference last summer.

Secretary George P. Keeney, of the local branch of the American League, says that Senator Jones expressed himself as follows on the outcome of the elections: "I think that the elections just held demonstrated beyond the possibility of any doubt whatever that the issue of 1896 will be flatly between the champions of gold and silver, and the question can no longer be settled within party lines."

The best thing for the silver men to do is to get together in Chicago and outline a plan of organization for a completely separate and independent party. In my opinion a distinctively silver party could win."

SULTAN'S DOUBLE DEALING

Officials Dismissed for Ill-Treating Armenians Loaded with Honors and Decorations.

TURKEY APPARENTLY DEFEYING POWERS

Both British and American Ambassadors Trifled With—Murderers of the Pittsburg Bicyclist—Abuse of the Armenians Continued by the Turks.

Constantinople, Nov. 9.—The Official Gazette announces that Bahri Pasha, who was dismissed from his official position in pursuance with the representations of British Ambassador Sir Philip Curry, owing to ill treatment of the Armenians, has been decorated with the grand cordon of the Ottoman order "as a reward for good services."

This step upon the part of the sultan is considered to be not only a distinct mark of his approval of ill treatment of the Armenians, but a deliberate snub of Great Britain, particularly as, in addition to the decoration bestowed upon Bahri Pasha, the Official Gazette published a long list of names of Turkish officials in Armenia decorated by the sultan for "good services."

It is understood that Vali of Alpha, who is to be succeeded by Grand Vicar Kamil, was dismissed in consequence of representations of U. S. Minister Terrill that Vali had refused to permit the U. S. consular agent at Alpha to visit a naturalized American citizen named Guendjam, of Armenian origin, who had been imprisoned for life.

Ambassador Terrill obtained permission from two grand vicars for the consular agent to visit Guendjam, but Vali persisted in his refusal to permit the prisoner to be seen.

The American ambassador made the strongest representations to the porte and succeeded in obtaining the dismissal of Vali.

Guendjam is now on his way to Constantinople to be tried before Ambassador Terrill.

Eleven Kurds, charged with murder of Frank Wenz, of Pittsburg, Pa., the bicyclist, have been taken to Erzerum to be tried there in the presence of the British consul in the absence of the American consul.
