Santa Fe New Mexican

FRIDAY, FEBRUARY 27.

LEGISLATIVE POINTERS.

Several of the Council and House committees were in session last evening and this forenoon. It is likely that the appropriation bill will be made a special order in the Council for Monday's forenoon session.

* * * * *

Councilman Thomas Hughes says that nearly all the business men of Albuquerque favor the division of Bernalillo county, and that he is making his fight for the creation of Sandoval county on that account.

* * * * *

The Council and House seem disposed to do what is asked by Colonel J. Frank Chaves, territorial superintendent of public instruction in the line of acting to advance the educational interests and condition of the public schools of New Mexico.

* * * * *

Representative Antonio D. Vargas, of Rio Arriba county, prefers to stay in Santa Fe to taking a trip as a member of the committee to investigate that flourishing educational institution, the New Mexico Military Institute. Mr. Vargas knows what he wants and acts accordingly.

* * * * *

Representatives Dalies, Bowie and Pollard left last evening for Roswell to inspect and report upon the condition of the New Mexico Military Institute at that point. R. E. Smith, clerk of the committee accompanied them. The committee expects to return here Monday noon.

* * * * *

Representative Cristoval Sanchez, Celso Sandoval, W. F. McCash and William Kilpatrick went to Mesilla Park, as members of the committee to inspect and report upon the condition of the College of Agriculture and Mechanic Arts at that point. W. A. Wurschmidt, clerk of the committee went with it.

Strenuous objection is being urged against the passage of the Stockton House Bill No. 82, which provides that the mayor, by and with the consent of the city council, shall appoint the school trustees. It is maintained that this is the people's prerogative and duty and they should not be deprived of it.—Las Vegas Record.

* * * * *

Vicente P. Romero, the fifteen-month's-old son of Hon and Mrs. Pedro Romero, died this morning of pneumonia at the residence occupied by Mr. and Mrs. Romero on the south side. The funeral will take place tomorrow afternoon at two o'clock. Mr. Romero is one of the representatives from San Miguel county, and he and family are here for the session of the Assembly. His colleagues in the Legislature and many friends sympathize with him and his wife in the loss of their beloved baby boy.

* * * * *

The ringing and timely resolutions adopted by the executive committee of the Las Vegas Board of Trade yesterday urging the passage of the bill providing for the employment of convict labor in the construction and maintenance of a wagon road from Santa Fe to Las Vegas, was the proper step to take. Now let similar action be taken by the city council this evening.—Las Vegas Record.

* * * * *

Fewer municipal elections are needed in New Mexico. The strife, turmoil and excitement of yearly elections for mayors should be done away with, as instance the case of Col. J. W. Fleming, of Silver City, who is serving his fifteenth term as mayor, and the people are still satisfied to let well enough alone. It requires at least a year for a new mayor to acquaint himself with the duties of his position, and the second year's administration can but be an improvement on the first year's.—Las Vegas Record.

* * *

The action of the House in passing the Albright municipal election bill sends that measure to the governor, and his excellency will no doubt take pleasure in affixing his approval, and the cities of the territory will thus be relieved of the expense and annoyance of annual elections, and at the same time have an assurance of better government. Under the present arrangement, by which we change the local administration every year, a public officer hardly becomes acquainted with the duties of his position before his term expires, and our city affairs are thus practically left in the hands of novices all the time. A city election every two years is often enough. —Albuquerque Journal-Democrat.

* * * * *

In the Santa Fe correspondence appearing in the Silver City Independent of the 24th instant, occurs a statement to the effect that among the new officers which "Ambitious statement" are seeking to have created by the legislature is that of assistant superintendent of public instruction, and that Mr. George H. Cross "is to be" such assistant. The New Mexican is informed on the best authority that there is no foundation in fact either for the one statement or for the other. The superintendent of public instruction states that the creation of the office of assistant has never been even remotely considered, discussed, nor suggested, for the very excellent reason that there is no need of such an office, and as for Mr. Cross, he requests the New Mexican to say that, were such office created by the legislature, he could not and would not be an applicant for the place, and he adds that nobody but a "Drevelling Idiot" or a malicious knave could have used his name in such connection.

A dispatch to the Denver Republican on Thursday morning from Albuquerque, says: "Tonight is the coldest night of the winter in this city and the adjacent Rio Grande valley. It snowed last night and today a sharp, piercing wind has prevailed. In the Cochiti mining district, in the northern section of this county, it has been snowing since Monday night and the ground is covered with the heaviest snowfall ever known in that district. The snowstorm and cold weather seem to be general throughout central New Mexico and railroaders in from the west say that a blizzard prevailed yesterday and last night along the Santa Fe-Pacific."

Schubert's Entertainment.

The Schubert Concert company again delighted the citizens of Guthrie last evening with a splendid recital. This excellent company has visited this city a number of times, almost annually, and always is greeted by a big house, an appreciative and interested audience.

A program worth hearing is that given by the Schubert Symphony club. Unlike the conventional music organization, the Schubert company possesses vocal as well as instrumental resources, and their versatile talent furnishes a very entertaining program.

Gold in the Black Hills.

The Burlington Route has recently issued a 48 page booklet bearing the title "Mines and Mining in the Black Hills."

The book is one which should be read by every mining man in Colorado. It gives more information about the mines of the Black Hills than has ever before been placed between two covers. A copy will be mailed free on application to the undersigned.

The Black Hills need Colorado men and money. Several of the shrewdest men in this state have already invested heavily in the Hills. The results so far have been more than satisfactory. The completion of the Burlington's new line to the Nortwest brings the Black Hills within a night's ride of Denver. You can leave Denver tonight and be in Deadwood or Lead City tomorrow afternoon.
