

MINOR CITY TOPICS

City council meets tonight.
Santa Fe Chapter No. 1, Royal Arch Masons, will meet this evening in regular monthly convocation at 7:30 o'clock at Masonic Hall.
The Cartwright-Davis Co. come out today with a new "ad" that is sure to be of interest to all housekeepers. Keep your eye on this firm's "ad" if you wish for bargains.
Hon-Ton: John Switzer, Las Vegas; Juanito Simon, Bisbee, Ariz.; J. A. McCurry, City; J. H. Geary, San Francisco; C. R. Saitzman, Albuquerque; Jerome Kunkel, Glorieta.
Charles W. Greene, at one time traveling correspondent of the Santa Fe New Mexican, and founder of the Pecos Valley Irrigation scheme, died at New York City last week.
Jose Telles does not seem to be moved over the sentence of death passed upon him. He told Sheriff Kinsell all he wants now is an abundance to eat. The sentence does not seem to worry him in the slightest degree.
The regularity with which Santa Fe trains have been irregular during the past few days is not appreciated by the traveling public, but then very likely this irregularity cannot be helped.
The track laying on the depot grounds of the Santa Fe Central railway will begin this week, should the rails now in transit arrive, if not it will commence just as soon as they are here. They are expected here any day.
There will be an adjourned annual meeting of the Territorial Press Association of New Mexico on Wednesday, March 11, at 7:30 p. m., at the Chamber of the House of Representatives. All members are requested to be present. Nestor Montoya, president.
Miss Josefa Allre of this city and Transito Romero of Las Vegas, were married on Saturday afternoon at the Gualadupe church on the south side. The bride has been employed in the bindery department of the New Mexican Printing Company for some time and is a pretty and good young woman.
The Board of Trade of this city should work up once in a while and discuss action upon public interests. The bill for the extension of the city limits of this town now pending in the assembly,

if passed, will not be of much benefit, quite the reverse. Let the Board of Trade get a move on and adopt and file protests against the passage of the bill by the assembly.
Fair weather, variable winds and stationary temperature are predicted for tonight and tomorrow. The maximum temperature on Saturday was 39 degrees and yesterday was 47 degrees. The minimum temperature on Saturday and yesterday was 20 degrees. The humidity rose from 47 per cent to 50 per cent yesterday and last evening there was 1-12 of an inch of precipitation.

THIRTY-FIFTH LEGISLATIVE ASSEMBLY

(Continued From First Page.)
The previous question. It was not ordered by 9 ayes to 14 nays. Mr. Ortega moved to make the bill a special order for 4 o'clock. Mr. Kilpatrick moved to fix the time for 3 o'clock tomorrow afternoon, but they failed to have it seconded. The motion was lost by 11 to 13. Mr. Turner asked to take up Council Bill No. 2, and Mr. Cristoval Sanchez moved to amend by substituting Council Bill No. 56, the Sunday law bill. The amendment was lost. The committee which visited the Roswell Military Institute presented its report. As the New Mexican goes to press, it was being read.

LEGISLATIVE POINTERS.

Major T. D. Burns of Tierra Amarilla, is visiting Santa Fe. He is opposed to any change in the present law providing for the taxation of sheep and desires it to remain as at present, namely that sheep be taxed in the county where owned. He also worked to obtain the approval of the governor to the bill which passed both houses, transferring the Espanola precinct from this county to Rio Arriba county.
Mr. Albright this morning introduced a bill in the Council regarding the taxation of property on which a building and loan association holds a mortgage. The bill is designed to make the holder of the property pay the taxes on it and that the mortgage shall not be taxed. It is claimed that in many parts of the territory property is taxed twice through the holder and the building and loan association and this bill is designed to do away with this.
Two bills were introduced by Mr. Fall in the Council this morning which are interwoven on the same general subject. One provides that the leases and contracts for land made by the irrigation commission with the exception of the two tracts of 129,000 and 57,000 acres, shall be cancelled and that the further policy of the commission shall be to sell the lands. The other bill provides for continuing the land selection board and provides that the members shall be given \$50 and the selecting agent \$1,200 a year. The United States funds are exhausted and it is thought best that the board shall be continued by the territory.
George Bashford Pleads Guilty—Condemnation Proceedings by the Santa Fe Central Railway.
The court was called to order by Judge John R. McFie at 10 o'clock this forenoon at the court house. Territorial and federal court officers were present. Condemnation proceedings have been brought by the Santa Fe Central Railway, in the district court for Santa Fe county, against William H. Coleman, P. E. Morris and F. E. Morse. In the case against Coleman the following viewers have been appointed: Ishmael Sparks, W. R. Price and Elias Brevoort. The case of Tootle, Wheeler and Motter Mercantile company vs. Jose Granillo has been dismissed at the plaintiff's cost. In the case of A. Staab vs. J. T. Williams, judgment was given for the plaintiff in the sum of \$681.93. In the case of A. Staab vs. Romulo Martinez, final judgment was given for \$3,148.25. The case of the Argo Mining company vs. Francisco A. Manzanares, et al, was set for trial on April 6. The case of the Santa Fe Water and Light company vs. W. E. Dams, was set for trial on March 19. George Bashford was arraigned on Saturday in the United States court on the charge of attempting to force an entrance into the postoffice at Tres Piedras. A plea of guilty was entered.
DEATH OF M. V. B. WILCOX.
He Died at Three O'clock This Morning After an Illness of Two Weeks.
Martin Van Buren Wilcox, an aged and well known resident and fruit raiser at Tesquie, died on his ranch early this morning.
Mr. Wilcox was 71 years old last May. He came to the Tesquie valley from Nebraska in 1892. He had lived in Nebraska 20 years coming there from Maryland. His first wife died about three years ago. He is survived by his second wife and one son, Henry, a resident of Denver, who is expected to arrive here this evening. Mr. Wilcox was a Grand Army veteran, a staunch administration Republican, a good citizen, a faithful husband and a good father. He was a member of the Presbyterian church and an earnest and consistent Christian. His interment in the Tesquie valley is one of the finest in this section and he there lived in a cosy home, spending the evening of his life in quiet content. The funeral will probably take place on Wednesday and interment will be made in Fairview cemetery. Charles Wagner is the funeral director.

STAVING OFF A PANIC.

Considerable Excitement and Depression on Wall Street and a Strong Decline in Stocks.
New York, March 9.—Considerable excitement attended the opening of today's stock market. The events of last week, culminating with a very unfavorable bank statement and failure in the dry goods trade, were the most disturbing factors. The scene on the floor of the exchange was very animated. The attendance of brokers was unusually large and selling orders were heavily all around as shown in the initial transactions when prices with few exceptions averaged declines of a point or more. Selling orders came from all points and commission houses with wire connections to the middle west were conspicuous in the movement. Boston and Philadelphia also had a big lot of orders to sell and practically every broker of prominence had an accumulation of commissions of this sort over Sunday.
BROKERS SUSPENDED.
Chicago, March 9.—The suspension of Wm. Young & Co., brokers, was announced by the posting of a notice on the board of trade to close all trades for their account. The firm was not prominent in the grain trade, to which their transactions were largely directed, although an old established concern, the principal having succeeded his father in the business.
ANOTHER TRUST.
The Capital Stock is \$15,000,000 of Which One Half is Preferred and One Half Common.
Trenton, N. J., March 9.—The Northrup Machinery Company with a capital of \$15,000,000 was incorporated today. Of the capital stock, \$7,500,000 is preferred, drawing 7 per cent cumulative dividends. The balance is common stock. The company is to manufacture seed and agricultural machinery of all kinds.
The Wool Market.
St. Louis, Mo., March 9.—Wool, quiet, unchanged.
