ALBUQUERQUE, NEW MEXICO, SATURDAY AFTERNOON, JANUARY 15, 1898.

NUMBER 76.

CONGRESS!

**Bill H.R. 10000 of New Mexico
Postponed Indefinitely.**

**Insurance Companies Must Deposit
\$10,000 on February 1.**

**Anti-Scalping Bill Under Consideration
by House Committee.**

MILLIKEN RULING.

Washington, Jan. 15.—The senate committee on territories today decided to postpone indefinitely the bill to annul an act of the legislature of New Mexico relating to insurance companies. The act is to go into effect February 1, and provides that all insurance companies doing business in the territory shall deposit \$10,000 cash or municipal or territorial bonds at par as a guarantee for the payment of losses. It was stated in the committee that forty-one insurance companies would be affected.

The senate on inter-state commerce this morning resumed the hearing of the anti scalping bill. A statement was submitted by Bert W. Lyon, editor of the Commercial Traveler, of St. Louis. Mr. McKenzie, a Chicago ticket broker, presented affidavits of various ticket brokers of Chicago, St. Louis, Boston, Louisville and other cities, setting forth that they purchased tickets directly of authorized agents of railroads, in some cases receiving commissions.

THE LOWER HOUSE.

Reason Devoted to Entangling Law Representative Milliken.

Washington, Jan. 15.—The session of the house today after 3 o'clock was devoted to entangling the late Representative Seth W. Milliken.

Representative Star, populist of Nebraska, rose to a question of privilege to deny a publication in a local paper that he acted as attorney in the pension case of Jackson W. Cheney. As representative, he said he had never acted as attorney in the case but he never acted as attorney in life.

On motion of Lanham, democrat of Texas, a bill was passed authorizing the president to appoint an additional district judge for the northern district of Texas. It was explained that Judge Reor, now judge of the district, was utterly incapacitated from performing the duties of his office.

The house, in a committee of the whole, took up the army appropriation bill.

MINERS ASK ADVANCE.

Want 10 Cents More Per Ton and the Right Hour System.

Columbus, O., Jan. 15.—The United Mine Workers of America decided today to ask an advance of ten cents a ton on the next year's contract for pick mining and three-fifths of the pick mining price for the machine mining in Ohio, Illinois and Pennsylvania, and four-fifths in Indiana and other low coal districts. The convention decided that screens ought to be abolished.

The convention will go to Chicago instructed on the differential, but instructed to ask the operators to establish eight hours as a day's work.

It is foreseen that the National Federation of labor will probably select the miners' union as the organization to inaugurate the movement for the eight hour system.

Eight Men Killed.

Middleboro, Ky., Jan. 15.—A special from Hines says: In a fight on Sandy Fork, Leslie county, yesterday, eight men were killed. Intense excitement prevails and further fighting is expected. The fight occurred over cards in a "blind tiger."

Full Sixteen Floors.

Chicago, Jan. 15.—John W. Stonehouse, whose sign painting establishment recently failed, committed suicide today in the rotunda of the Masonic Temple by jumping from the railing on the sixteenth floor. The corpse was picked up by a shapeless man.

The Patient Still Alive.

St. Louis, Mo., Jan. 15.—Conrad Beck, machinist, was operated on for cancer of the stomach Wednesday. All the stomachic viscera were removed and the pylorus was sewed to the esophagus. He is still alive.

The Fleet Did Not Move.

Norfolk, Va., Jan. 15.—There has been no movement of the fleet in Hampton Roads and it will not sail before tomorrow.

Chicago Grain Market.

Chicago, Jan. 15.—Wheat—January, 91½c; May, 90½c. Corn—January, 25½c; May, 25c. Oats—January, 22½c; May, 22½c.

Money Market.

New York, Jan. 15.—Money on call steady at 3 per cent. Prime mercantile paper, 3½c.

Want a Change.

Washington, Jan. 15.—A canvass of the republican members of the house on the question of changing the civil service laws, conducted by the republican steering committee, is about completed. Of

120 republican members, the canvass is said to show that a majority, varying from 18 to 40, is favorable to a change in the law.

Weekly Bank Statement.

New York, Jan. 15.—The weekly bank statement shows: Scripps reserve, increase, \$3,704,200; loans, increase, \$1,215,700; specie, increase, \$2,050,500; legal tenders, increase, \$3,138,800; deposits, increase, \$6,020,400; circulation, increase, \$480,000.

The banks now hold \$25,048,775 in excess of legal requirements.

Silver and Lead.

New York, Jan. 15.—Silver, 57½c. Lead, \$2.35. Copper, 10½c.

BIG COMPANY ASSIGNS.

Feudation and Flight of the General Manager Caused It.

Louisville, Ky., Jan. 15.—At a meeting of the directors of the Kentucky Trust company the assignment to the Columbia Finance and Trust company was ordered, and a deed of trust will be signed by the president, P. B. Ormsby, this afternoon. The concern has been in hard lines for some time, owing to the flight and alleged peculations of the vice president and general manager, William Reinecke. At a meeting today a letter from Reinecke was read. He admitted he betrayed the trust placed in him, and gave details of one deal in which he lost \$75,000 of the company's money. He says his misfortunes were brought about by unfortunate speculations in Alabama coal lands.

NEW MEXICO CONFIRMATIONS.

The Appointments for This Territory Confirmed to Date.

Special to The Citizen.

Washington, Jan. 15.—The confirmations by the senate of New Mexico appointments, to date, are as follows:

M. A. Otero, of Las Vegas, for governor.

M. B. Otero, of Perlas, register of the land office at Santa Fe.

Howard Landolf, of Albuquerque, register of land office at Roswell.

Edward W. Fox, register of the land office at Clayton.

Edward F. Hobart, receiver of the land office at Santa Fe.

Albert W. Thompson, receiver of the land office at Clayton.

Frank W. Parker, of Hillsboro, and Jonathan W. Crumpacker, of La Porte, Ind., associate justices of the territorial supreme court.

Louis O. Fuller, postmaster at Eddy, and Miss Mary J. Cuniffe postmistress at Las Cruces.

A. W. Thompson left here Wednesday with his commission and expects to assume his duties on Monday, Jan. 17.

Judge Mills' appointment, as chief justice of New Mexico, will hang fire.

ANOTHER BIG COCHITI DEAL.

One-Third of the Stock Sold to Boston People for \$150,000.

A well authenticated report reached the Santa Fe New Mexican Thursday morning from Bland that O. P. Posey, principal promoter of the Cochiti Gold Mining company, recently sold one-third of the stock in the company named to Boston people for \$150,000. In one day the shares of the company advanced from \$5 to \$5 in Boston.

The reason of the New Mexican have been kept fully advised of the progress and consummation of the various negotiations whereby Mr. Posey and his far-seeing associates have secured the Albemarle, No Name and Crown Point groups of mines in the Cochiti mining district. It is known that the Albemarle group of four full claims, in Colla canyon, has been transferred to the Cochiti Gold Mining company, and it is presumed that the other two groups mentioned have also been stocked with the Albemarle and are included in the recent Boston deal. This, however, is given merely as a reasonable conjecture in view of the large sum secured for one-third of the stock.

The stock deal referred to affords the strongest possible confirmation of the recently reported great strike in the Albemarle, as well as the unequivocal and exhaustive tests of the Cochiti ore have resulted in the discovery and adoption of a comparatively cheap method of rescuing the yellow riches of the district.

The New Mexican has had unbounded faith in the phenomenal Cochiti lodes ever since they first began to attract attention in the summer of 1893, as the files of the paper testify to the extent of probably 200 columns, and naturally the management is peculiarly pleased that its most extravagant past predictions concerning the district now seem in a fair way to be more than realized before the lapse of many months.

For a good job go to E. J. Post & Co.; they employ competent mechanics from the east.

Messrs. Lowenthal & Meyers have been appointed sole distributors of the products of the Italian Swiss Agricultural colony of Asti, Sonoma county, California. This colony is known as the producers of the highest grades of wines and brandies made, their vineyard taking first rank in all parts of the world.

A colored man by the name of Hazelidine, who drives an express wagon, fell from his wagon a few days ago and was quite badly injured. Since that time he has become paralyzed on one side and he is now in quite a critical condition.

MAXWELL GRANT CASES.

Denver, Colo., Jan. 15.—J. A. Coram, of Boston; O. P. Posey, mine manager and promoter, William J. Carlan and others representing the Albemarle mine of New Mexico, met in this city three representatives of steel manufacturing plants of the east to discuss plans for a steel reduction plant to be erected at the Albemarle mine in Bernalsillo county, near Albuquerque. The syndicate has \$250,000 in the treasury.

The placing of the Albemarle group in Boston promises to be one of the most favorable movements in the direction of reviving the mining industry of New Mexico territory ever known.

TICKET FORGORIES.

Stroker Arrested for Selling Fraudulent Tickets Over the Santa Fe.

St. Joseph, Mo., Jan. 15.—A long series of railroad ticket forgeries have come to light here. The tickets were over the Santa Fe road and connecting lines.

August K. Ambe, of St. Louis, who until two years ago was engaged in the ticket scalping business here, has been arrested. The fraudulent tickets were sold during that time by Walter Young, who was the ticket agent for the Santa Fe in this city. Young committed suicide nearly four years ago.

After Ambe became financially embarrassed he deposited the tickets as collateral in the National bank of St. Joseph. He was unable to redeem them and they were placed on sale by another broker. The sale of the tickets was slow and that is the reason the fraud had been so long being discovered. The value of the mileage represented by the tickets runs up into the thousands.

THE CASES DISMISSED.

Affecting the Water Rights on Maxwell Land Grant.

Denver, Colo., Jan. 15.—Ten cases, affecting the water rights on the Maxwell land grant, have been dismissed by Judge Riner in the federal court. The cases were brought by the United States Freehold and Emigration company against Diego Gallagos and nine others situated.

Havana Tranquil.

Washington, Jan. 15.—Cablegrams were received at the state department this afternoon from Consul General Lee at Havana, stating everything tranquil.

Coal Thieves Captured.

A. J. Crawford, the local representative of the Crescent Coal company, captured three petty thieves in the act of carrying away some of his coal last night. One of the thieves was an old man and one a young boy, and the third was Charles Messinger. Age and youth induced the judge to turn the first two loose after he had administered some of his own brand of justice upon them. Neither of these considerations interfered in behalf of Messinger, who was arrested, and this morning brought before Justice Ribble, where he was found guilty and fined \$1 and costs.

The practice of stealing coal is quite common, and Mr. Crawford says that he has lost as much as two tons out of one car load. A close watch will be kept in the future for the purpose of capturing some of whom are said to haul away their stolen booty in wagon loads.

Free Concert.

Undoubtedly one of the most enjoyable places to spend Sunday afternoon will be at the Orchestral hall, in old town, where a free concert will be given at 3 o'clock to-morrow afternoon. People who have lived long in the city know of it and will pay strangers to make arrangements to attend the one to-morrow afternoon, as they will be given an opportunity to hear the latest and most popular musical productions.

District Court Matters.

W. C. Hascock was appointed guardian ad litem for Quincy De France, a minor, by Judge Crumpacker this morning.

Judgment for \$309.51 was entered in the case of the Konatz Saddlery Co. vs. the Albuquerque Saddlery Co.

An order of dismissal was entered in the case of Epimeno A. Miera vs. J. A. Stinson.

In the case of the Early Times Distillery Co. vs. Charles Zeiger et al., default was entered against the defendants for want of an answer.

They Will Be Here Jan. 15.

"At Gay Coney Island," the title of a new play announced for early production in this city, conveys the idea that theater goers are to be treated to somewhat of a departure in farical comedy. One would have thought that no field had been left unworked by the industries artisans of so-called farce comedy, but no attempt to amuse the public with scenes and incidents peculiar to Coney Island can be recalled. The wonder at this fact increases when it is observed that this historic re-

PARDONED BY THE PRESIDENT.

Yonkers, Jan. 15.—President McKinley has pardoned Clyde Mattox, twice convicted of murder in Oklahoma, O. T., in December, 1895, of John Mullis, a negro, and sentenced to hang. Mrs. Sadie M. Hinch, Mattox's mother, spent her estate fighting the case and through her efforts the pardon has been secured. Mattox comes of an aristocratic southern family.

INDIAN FINANCES.

Necessity of Introducing Gold Standard New Under Consideration.

Calcutta, Jan. 15.—Sir James Westland, the finance minister of the council, at yesterday's meeting of that body, said he was unable to give a final reply to the question of the introduction of the gold standard. It was clear, he continued, that the gold standard would become possible. Many obscure points had been determined by actual experience. The disasters of 1897 had been followed by a bountiful harvest, and renewed trade dislocations had not occurred. The public and the official opinion of England to the possible necessity of the gold standard, which might involve the actual diversion for Indian purposes of a certain amount of gold from the general available stock.

J. Farquhar, of Chicago, assisted by Dr. P. G. Hankwitz. Mrs. E. Bantman was the patient. Mrs. Bantman died four hours after the operation.

This morning at 11:30 o'clock, William Farr mounted a big bay horse at his meat market to ride to his residence on north Second street. At the Bank of Commerce corner a little dog sneaked up behind the horse, who was going along nicely, and bit the animal on the leg. Of course, the horse, not looking for such a sudden and unusual for attack, acted badly by rearing and plunging, and Mr. Farr, who was unaware of the dog's attack, had some trouble in getting the animal back into a trot. The antics of the horse and the efforts of Mr. Farr, in trying to quiet his standing steed, caused laughter for those standing on the corner.

Manager Murray, the popular overseer at Fred Harvey's local eating house, states that the local horse is doing an immense business, travel to and from California, especially to the Pacific coast, keeping up in good chase, and, of course, says Ben, the passengers all have to eat.
