

SKIN DISEASES THE OUTCROPPING OF BAD BLOOD

And while not always painful are aggravating beyond expression. With few exceptions they are worse in spring and summer when the system begins to thaw out and the skin is reacting and making extra efforts to throw off the poisons that have accumulated during the winter. Then boils and pimples, rashes and eruptions of every conceivable kind make their appearance, and Eczema and Tetter—the twin terrors of skin diseases—Nettle-rash, Poison Oak and Ivy, and such other skin troubles as usually remain quiet during cold weather, break out afresh to torment and distract by their fearful boiling, itching and stinging. A course of S. S. S. now will purify and enrich the blood, reinforce and tone up the general system and stimulate the sluggish circulation, thus warding off the diseases common to spring and summer. The skin, with good blood to nourish it, remains smooth and soft and free of all disfiguring eruptions.

I suffered with Eczema of the hands and face for over a year; it was not only annoying and painful but very unsightly, and I disliked to go out in the streets. I tried at least a dozen soaps and salves and became very much discouraged until I read in the paper of the cures performed through the use of S. S. S. I had little faith at first but determined to give it a month's fair trial at least. I am pleased to state that I soon noticed a slight improvement, sufficient to decide me to keep it up. After the use of six bottles my skin was as smooth and soft as a baby's. This was a year ago and I have never had any trouble since.

SKEATS' PURIFYING SCHEME.

Trouble Up the Railway Has Been Overcome by Skill of a Scientist.

HAS DEAD ENGINES NO LONGER.

Prof. Skeats, who supervises the treatment of water for the El Paso & North Eastern tanks in a recent interview in the Alamogordo News, says: "The El Paso & North Eastern railway from Alamogordo to Santa Rosa passes through the gypsum strata of the geological era called the Permian. In places this strata is covered by the lower cretaceous sandstone, or magnesian limestone; but practically all of the country covered by this division of railway is of gypsum composition and so carries in solution a very large percentage of sulphate of lime, and quite frequently a large share of sulphate of magnesia and common salt, beside a tolerable amount of carbonate of lime and magnesia—in other words, it contains minerals that render it the hardest of hard waters.

and liberally irrigate approximately 200,000 acres of land. The cost of constructing will amount to \$2,500,000. The length of the artificial lake is to be, it is estimated from twenty to thirty miles and the average width will be perhaps ten miles.

Caution!
 This is not a gentle word—but when you think how liable you are not to purchase the only remedy universally known and a remedy that has had the largest sale of any medicine in the world since 1868 for the cure and treatment of consumption and throat and lung troubles without losing its great popularity all these years, you will be thankful we called your attention to Boschee's German Syrup. There are so many ordinary cough remedies made by druggists and others that are cheap and good for light colds perhaps, but for severe coughs, bronchitis, croup—and especially for consumption, where there is difficult expectoration and coughing during the night and mornings, there is nothing like German Syrup. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. J. H. O'Reilly & Co.

Sensible Advice From Alaska.
 Patronize home institutions. This is the secret of making a prosperous community. If the consumer sends outside for his groceries and supplies, what can the merchant do up here? If the builder ships in his own lumber, what is the use of lumber yards? If the public sends outside for fuel, meats and clothing, the coal dealer, the butcher and the clothing merchant would have to go out of business. It is obvious that the only way to create a prosperous community is by patronizing home industry. There is one industry that can get along without the encouragement of all the business in the community. Business men may send outside for their printing without interfering with the growth and development of the town. This is due to the fact that printers frequently hold their breath for two months, during which they neither eat nor drink. They keep warm by working, so there is no necessity of fuel. The newspapers are doing nothing but striving to promote the interests of the entire community—the poor misguided persons who patronize them as well as those who do not. But even if you do not patronize the home printer, patronize the home merchant. This is the only way to make a town.—Nome News.

The Waste of the Body.
 Every seven days the blood, muscles and bones of a man of average size loses two pounds of worn-out tissue. This waste cannot be replenished and the health and strength kept up without perfect digestion. When the stomach and digestive organs fail to perform their functions, the strength lets down, health gives way, and disease set up. Kodol Dyspepsia Cure enables the stomach and digestive organs to digest and assimilate all of the wholesome food that may be eaten into the kind of blood that rebuilds the tissues and protects the health and strength of the mind and body. Kodol cures indigestion, dyspepsia and all stomach troubles. It is an ideal spring tonic. Sold by B. H. Briggs & Co., S. Van & Son.

Biggest Dam in the World.
 In a gorge of rock a little more than 200 feet wide, the government has decided to construct a dam of solid masonry at the Tonto basin site that will create in the valleys of the upper Salt river and Tonto creek the largest artificial lake in the world.

For Over Sixty Years.
 An old and well tried remedy. Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. Is pleasant to the taste. Sold by druggists in every part of the world. Twenty-five cents a bottle. Its value is incalculable. Be sure and ask for Mrs. Winslow's Soothing Syrup, and take no other kind.

The Fourth of July season is now getting pretty close, and dealers and those contemplating buying fireworks should lose no time in placing their order. The destruction of factories manufacturing specialties will leave many wholesalers entirely without the most salable lines. The Los Angeles Fireworks company has, however, secured a full line and can make an immediate shipment of every item on the catalogue, which will be mailed on application. Both the company and their agents will adhere to the prices quoted throughout the season. The quality of their goods and methods of doing business is too well known in this section to need any comment.

A Little Early Riser.
 now and then, at bedtime, will cure constipation, biliousness and liver trouble. DeWitt's Little Early Riser are famous little pills that cure by arousing the secretions, moving the bowels gently, yet effectually, and giving such tone and strength to the glands of the stomach and liver that the cause of the trouble is removed entirely, and if their use is continued for a few days, there will be no return of the complaint. Sold by B. H. Briggs & Co., S. Van & Son.

For Those Who Live On Farms.
 Dr. Bergin, Pana, Ill., writes: "I have used Ballard's Snow Liniment; always recommend it to my friends, as I am confident there is no better made. It is a dandy for burns." Wanted.
 We would like to ask, through the columns of your paper, if there is any person who has used Green's August Flower for the cure of indigestion, dyspepsia, and liver troubles that has not been cured—and we also mean their results, such as sour stomach, fermentation of food, habitual constiveness, nervous dyspepsia, headaches, despondent feelings, sleeplessness—in fact, any trouble connected with the stomach or liver? This medicine has been sold for many years in all civilized countries, and we wish to correspond with you and send you one of our books free of cost. If you never tried August Flower, try a 25-cent bottle first. We have never known of its failing. If so, something more serious is the matter with you. The 25-cent size has just been introduced this year. Regular size, 75 cents. At all druggists. G. G. Green, Woodbury, N. J. J. H. O'Reilly & Co.
