New Wells Going Down and Presence of Representatives of Pump Manufacturers is Significant.

[Special Correspondence to Morning Journal] Willard, N. M., Oct. 1.—The irrigation fever, the pumping bug, is ravaging Willard and environs and the Estancia valley. New wells are being dug here and there every few days and the presence here of numerous traveling representatives of pumping machine manufacturers is alone enough to show how the wind is blowing.

W. A. Dunlavy of Willard has let a \$1,000 contract for sinking a well on his property adjoining this place, a reservoir covering one acre to be a part of the system by which he intends to irrigate his land.

Cured by Lydia E. Pinkham's Vegetable Compound

Baltimore, Md.—"For four years my life was a misery to me. I suffered from irregularities, terrible dragging sensations, extreme nervousness, and that all gave feeling in my stomach. I had given up hope of ever being well when I began to take Lydia E. Pinkham's Vegetable Compound. Then I felt as though new life had been given me and I am recommending it to all my friends." Mrs. W. S. Fourn, 2207 W. Franklin St., Baltimore, Md.

The most successful remedy in this country for the cure of all forms of female complaints is Lydia E. Pinkham's Vegetable Compound. It has stood the test of years and today is more widely and successfully used than any other female remedy. It has cured thousands of women who have been troubled with displacements, inflammation, obstructions, fibroid tumors, irregularities, periodic pains, backache, that bearing-down feeling, flatulency, indigestion, and nervous prostration, after all other means had failed.
