Nature’s Gift from the Sunny South

Better Patronize your Grocer than your Doctor

Nine-tenths of all human ills start from stomach trouble. Acid-cooked food, greasy and indigestible, is the cause of most stomach troubles. The remedy is in the hands of your doctor—not your grocer.

Catholene is a vegetable-oil cooking fat that is far superior to lard, butter or any other fat for frying and shortening. Catholene is pure in its source: it comes from the cotton fields of the Sunny South, and is made from the choicest of pure, refined cottonseed oil.

Catholene is manufactured in a cleanly manner, amid the most favorable sanitary surroundings. Catholene is packed in air-tight, friction-top tin cans to insure its freshness and prevent it from absorbing dust and odors of the pedigree. We authorize your grocer to retail your money if Catholene is found to be other than fresh and satisfactory.

Catholene makes healthful food, and food which any stomach can digest. It is worth more per pound than any imitation, because—being richer—will do more good in one day, and is therefore most economical, as will be shown below.

From Cottonfield to Kitchen—Humans Hands Never Touch the Oil from which Catholene is made

Made only by THE N. E. FAIRBANK COMPANY

FOLEY’S KIDNEY PILLS

Nature’s own kidney pills for destroying all forms of kidney and bladder disease. They have already saved thousands of lives by expelling stone, gravel and sand and removing the natural action of the kidneys. Capital Physicians advocate FOLEY’S KIDNEY PILLS.
