ALBUQUERQUE NEW MEXICO

THE MAN OF THE HOUR.

"Men of the Hour in New Mexico" was a series of brief illustrated biographies, at so much per page, which made the Santa Fe New Mexican famous.

"The Man of the Hour" in the opinion of the New Mexican as expressed in this matchless light of type is the Honorable Holm O. Bursum.

Then, not satisfied with working our feelings up to this terrific pitch, the ruthless editor takes us into the mercantile establishments where the merchants on mass declare they will leave the country unless Bursum is governor.

By this time we are almost ready for anything and the supply of the bring is almost exhausted, but we still have strength enough left to be a little surprised when the rash guide takes us into a bank—names of bank and banker not given—and tells us the following:

crime against right and justice not to make him governor because. He has been a miner. He has worked on a railroad. He has raised sheep.

He can borrow money in a bank. He is a TRUE PROGRESSIVE. He behaves himself at home. He has served as some years as republican state chairman.

Now who will dare to suggest that anyone else be governor of New Mexico? In conclusion, we do not wish to seem to criticize the completeness of this touching and laudatory effort, but one thing should be added: the editor should have ranked us into Bernadillo county and showed us the thousands of voters worshipping at the Bursum shrine because he has nobly and courageously tried to reinstate Don Francisco Hubbell and his celebrated methods in this county.

This is the final ultimate clincher which makes this poem of the New Mexican absolutely irresistible and overwhelming.

ON US.

We apologize to the Estancia News and will have the cigars ready when the editor shows up. This paper says: "The Albuquerque Morning Journal is authority for the statement that Alton Barrett will commence the publication of the Gallup Morning Star, a morning daily at Gallup, at once."

THE CREAMERY.

The editor of "The Earth" tells us that Albuquerque ought by all means to have a creamery and save all the money she spends shipping in butter and dairy products from Kansas.

SOMETHING SLIPPED IN SIERRA.

There must be a screw loose in the county of Sierra. This is one which has been claimed as solid for Mr. Bursum without the shadow of a doubt.

PRIEST JAILED AND CHURCHES CLOSE IN LAS VEGAS.

LIFE-SIZE ROW BETWEEN ROMEROS AND THE CLERGY. Divine Arrested For Alleged Slander; Opposition to Frenchmen and Politics Said to Be at the Bottom of Fuss.

(Special Correspondence to Morning Journal) Las Vegas, N. M., Sept. 18.—The following sign appears on the door of the church of Our Lady of Sorrows, in West Las Vegas.

This church has been closed today as a sign of mourning and protest at the outrage perpetrated on the person of our vicar, a French priest, by his unjust incarceration by order of Margarito Romero, who caused a warrant to be issued for his arrest and detention in jail from the justice of the peace court of Pablo Vigil.

Las Vegas, N. M., Sept. 18.—There were no services held in the Catholic church of Las Vegas today. This is the first time in the history of the town when such a thing has happened, and the Catholics of the community are very much exercised over the unusual occurrence.

Light can't spoil Schlitz in Brown Bottles.

It is not enough to make pure beer, it must be kept pure until it is poured into your glass.

Beer is a saccharine product. The slightest taint of impurity injures its healthfulness.

Purity above everything else distinguishes Schlitz beer from common beer.

We use the costliest materials—we age Schlitz for months to prevent biliousness—it will not ferment in your stomach.

Schlitz is sent to you in Brown Bottles, thus protecting Schlitz purity from the brewery to your glass.

Without all these precautions no beer can be healthful, and who knowingly would drink beer that was not?

If you knew what we know about beer, you would say, "Schlitz—Schlitz in Brown Bottles."
