

HUERTA ENGAGES IN DECISIVE STRUGGLE WITH REBEL ARMY AT BACHIMBA WHICH IS STRONGLY FORTIFIED

FEDERALS FIND FRONTAL ATTACK ON REBELS IMPRACTICABLE AND RESORT TO FLANK ASSAULTS

Long Looked for Battle Begins Which is to Determine Whether Organized Insurrection is to Continue or Whether Guerilla Bands Are to Represent All of Rebellion That Will Exist; Liberals Are Entrenched in a Country That Presents a Natural Fortress; Madero's Cavalry Makes Many Demonstrations But Are Repulsed; If Ammunition Holds Out Defenders May be Successful or Combat May be Prolonged for Many Days.

Mexico City, July 3.—The division under General Huerta today captured all the important positions held by the rebels at Bachimba, which they had selected for their last stand according to official advices received here tonight from the front. From what was this morning the rebel headquarters, General Huerta reported to President Madero as follows: "At 9 a. m. today we began the battle with the enemy around Bachimba. The fighting lasted until 3:30 p. m. The enemy has been brilliant. It has been a great day for the federal army since the division under my command has obtained a great victory. Tomorrow I shall advance further, using all possible precaution, as the railway track is full of mines. I have all of the most important positions that the rebels had selected for their last stand. I congratulate you in the name of the division. At this moment the brigade of cavalry in the vanguard is having a battle with the enemy. We have captured three mortars and some prisoners and also have some loss to regret. I will inform you later of their number as the division is not yet together. Up to date we have extracted eight or nine mines planted by the enemy."

(By Morning Journal Special Leased Wire.) At General Huerta's federal headquarters, Bachimba, Mexico, July 3.—(By P. M.)—Government troops tonight occupy the entrance to Bachimba canyon and several important positions surrounding it, having driven the rebels toward the north and up the mountain pass. General Huerta regards the day's fighting as a brilliant victory for the government. Eight hours of hard fighting gave the government forces the advantageous position they now hold and when the fighting is resumed tomorrow General Huerta believes he will have no difficulty in forcing the entire rebel army from their mountain stronghold.

CHIHUAHUA NERVOUSLY AWAIT FIGHT RESULTS. Chihuahua, Mexico, July 3.—Nervously awaiting the outcome of the battle at Bachimba, forty miles away, which is to decide whether this city, so long the rebel capital, is to continue as such or go over to the constitutional government, tension here today was at its extreme point. The small colony of Americans and other foreigners raised their flags over their residences. Bulletins from the front were numerous but tinged with rebel optimism. General Orozco during the afternoon telegraphed that he had succeeded in driving 1,500 federals back. This is assumed to have been the failure of one of the series of flank attacks by which Bachimba pass only can be taken. Significance is attached to the departure from here during the day of Pedro Rocio, superintendent of the Mexican Central. He went to direct personally the movement of rebel troop trains. Two hundred cars are ready there for an emergency exodus. For the sole reason of witnessing the Bachimba battle thirty Americans in the Santa Puhalla mine got the day off and went to a mountain range near the fighting. They will celebrate the Fourth of July observing the anniversary of the two armies. Several hundred Mexican employees of the mine also went south to watch the contest.

FEDERAL BURALES MUTINY WHEN ORDERED TO MARCH. Arua Prieta, Sonora, July 3.—Mutiny in the federal camp here marred the departure today of a big force of government troops to engage the rebels who are attempting to effect an entrance into the state of Sonora from Chihuahua and to afford an outlet for Orozco's army if defeated at Bachimba. Twenty-eight rurales who had been ordered to accompany General Blanco on his march southwest to Colonia Morales began today, refused and were imprisoned. Sixty others deserted to the Douglas, Arizona, side of the American line. They declared that as their horses had been taken from them they were unwilling to march on foot. General Sanjines, in charge of all Sonora federal troops, was today ordered that he would leave tomorrow for Colonia Morales, near the boundary between Sonora and Chihuahua. Several detachments of General Garibaldi's command have been sent toward Bavispe, the scene of the federal defeat on Sunday, to locate the rebel advance guard under Generals Salazar and Campa, who are reported to have begun a westward invasion of Sonora from Casas Grandes. About 150 federals should reach Bavispe tomorrow and fighting is looked for when they attempt to retake the mountain pass there.

hard work in Baltimore, but all expressing abhorrence of the outcome. "It is a great relief and one that I am sure promises success all along the line," said Mr. Murphy. Senator O'Connell and Wilson and Marshall would receive a majority of the votes of the independent voters of the country. He declared that notwithstanding the sharp rivalry between candidates and their friends there never was a combination of such harmony. John H. MacVeagh, who replied to Bryan's attack on the New York delegation at Baltimore said: "The ticket nominated at Baltimore is one of the best presented to the people by the democratic party since the nomination of Grover Cleveland." Club Women Hold Election for President. Mrs. Sarah Platt Decker is Reported Out of Danger and It is Presumed No Operation is Necessary. (By Morning Journal Special Leased Wire.) San Francisco, July 3.—Election of officers excluded all other subjects from consideration today by delegates to the General Federation of Women's clubs now in session in this city. The polls were opened at 2 o'clock this afternoon and were closed at 6 o'clock tonight, but the result will not be announced until tomorrow. The voting was conducted according to precedent established by men in years ago and a special detail of police maintained order in the vicinity of the polls. Only twenty women were supposed to be admitted at one time but the representation of the municipal law found difficulty in enforcing this provision. In all nearly 1,000 women cast ballots. Principal interest centered in the choice for president, the nominees being Mrs. Philip Carpenter, of New York, and Mrs. Percy Pennington, of Texas. Tonight supporters of either candidate were confident that their choice had won. Absolutely nothing definite was known. The delegates had their fears allayed tonight over the condition of Mrs. Sarah Platt Decker, of Denver, when it was announced that she was much improved. It was feared an operation would be necessary but it was stated tonight that this might be avoided. The man in question was William P. McCool, the Princeton graduate and lawyer, who managed the governor's primary campaign. Robert S. Hildreth, of Jersey City, twice eastern campaign manager of the democratic party and Senator O'Connell, of New York, whom the governor regards as an ardent and capable supporter. As to the campaign trips the governor has a strong personal leaning to remain at home. He said tonight that he wished he would not have to stir from Seagirt. He fears his counselors tomorrow will advise a long tour, but if they can show him he would help, he said, he would go willingly. The governor waved the olive branch tonight in the direction of former United States Senator James Smith of New Jersey, by expressing a wish that Mr. Smith visit him here next Monday with the Wilson men of New Jersey's delegation at Baltimore. Governor Wilson included James B. Nugent, Mr. Smith's friend and lieutenant. When informed that Mr. Nugent was reported to have given out an interview declaring he would support the nominee, Governor Wilson expressed a keen desire to see it and "got acquainted with Mr. Nugent." One hundred and sixty odd telegrams were received from men who said they were republicans and intended to vote for Governor Wilson. NUGENT WILL VOTE FOR GOVERNOR WILSON. Newark, N. J., July 3.—James B. Nugent, who was one of the four New Jersey delegates opposed to Governor Wilson at the Baltimore convention, declared today that he would give the governor loyal support. NEW YORKERS ENTHUSIASTIC OVER WILSON, THEY SAY. New York, July 3.—Charles F. Murphy, United States Senator, O'Connell and a number of Tammany leaders and delegates arrived from Baltimore late today, weary from the
