BRITISH BEAT BACK GERMANS AND CAPTURE STRIP OF THE HINDENBURG LINE

German Troops Too Weak to Withstand Continued Fire of Determined British

By Associated Press. British Army Headquarters, France, Nov. 26.—British troops last night continued to bore their way forward through the Hindenburg support line, west of Mouveres. There was vigorous fighting at close quarters in this region, and as a result, the British today were in possession of a further section of German support trenches, reaching two thousand yards long and running east and west, just south of Pronville and Inchil quarters. The British advance in the last few days had made this section of the line virtually untenable, and the Germans were forced to withdraw when pressed by new attacks. Fighting was renewed today between Bourlon wood and Cambrai, but the Germans were still installed in Fontaine Norte Dame and continued to work machine guns from the roofs and windows.

By Associated Press. Mineola, Nov. 27.—Mrs. Desaulles retook the stand today in the Desaulles murder trial. District Attorney Weeks cross-examined her about the letters she wrote her husband. Mrs. Desaulles said she suffered considerably from heat during the three months imprisonment. Defendant described her condition, indicating the defenses position that she was suffering from thyroid gland hypothyroidism at the time the tragedy was enacted. After drawing from witness that it was "Just before the war that she first believed her husband was not faithful," prosecutor read a letter which witness wrote in which she told her husband he had been "such perfect, loving husband and sweet father." In the midst of the questioning, witness said, "I never wrote the letter, or said anything to anyone letting them know I was anything but extremely happy."

Mrs. E. E. Hartshorn, who has been visiting her daughter, Mrs. S. S. Skidmore, at Wichita Falls, Texas, is expected home tomorrow. Mrs. Skidmore will return with her for a visit.
