

BOILING DOWN OF ALL-EASTERNS GIVES FAVORITES

Seven Colleges Get Representation on Eleven That Stands When Numerous Choices Are Picked.

THE MORNING JOURNAL SPECIAL LEADER WIRE New York, Dec. 10.—A consensus of the numerous so-called all-eastern football teams selected at the close of the gridiron season shows that players from seven colleges and universities of this section are outstanding favorites for positions on the mythical eleven. The University of Pittsburgh, which many authorities and writers name as the leading team of the east, places two men, while Colgate, Yale and Princeton are also allotted a like number. Pennsylvania, Brown and Army each has one man named.

The consensus is compiled from first teams and where more than one combination is selected the players in second and third elevens are not considered. In almost every case one or two players stand out with an overwhelming majority of votes for their respective positions and the team thus formed from these players is a representative one which if it could be assembled under a prominent coach for a few weeks of combination drilling would be a most formidable gridiron machine.

Beginning with the ends the compilation shows that of the eleven players named Herron of Pittsburgh and Moseley of Yale are the leading candidates. Comerford of Yale, Miller of Pennsylvania, Weeks of Brown and Havre of Harvard all secure favorable mention. For tackles West of Colgate and McLean of Princeton lead with Gates of Yale, Wheeler of Harvard, Little of Pennsylvania and Horning of Colgate next in line. Black of Yale is the outstanding favorite for guard, with Hogg of Princeton his running mate. The other votes for those positions are scattered between Dabnum of Harvard, Fox of Yale, Henning of Pennsylvania and Sels of Pittsburgh. Peck of Pittsburgh and Anderson of Colgate are almost unanimous choices for center and quarterback, respectively. McEwan of Army is the only other center to secure more than one or two votes and Shiverick of Cornell occupies the position of runner-up for quarterback.

Pollard, Oliphant and Berry have a runaway race of it for back field honors. The Army halfback, formerly of Purdue, and Pollard, the negro star at Brown, gather between them virtually all the votes for the backfield positions, although Casey of Harvard, Gilroy of Georgetown and Hastings of Pittsburgh are named by a few all-team selectors. Berry, the all-around athlete of the University of Pennsylvania, is apparently adjudged to be in a class by himself at fullback, as he is mentioned by fully nine out of every ten writers who have set for themselves the task of naming such teams.

Of this combination five of the eleven players figured in the season's scoring for their various teams and the total result of their efforts in this direction aggregate 261 points. Of this total Oliphant of the Army scored 112, Pollard of Brown, 72; Berry of Pennsylvania, 35; Anderson, 30, and Herron of Pittsburgh, 12.

The complete selection and lineup of this consensus of all-eastern teams is as follows: Position—Player College Left End—Moseley Yale Left Tackle—McLean Princeton Left Guard—Black Yale Center—Peck Pittsburgh Right Guard—Hogg Princeton Right Tackle—West Colgate Right End—Herron Pittsburgh Quarterback—Anderson Colgate Left Halfback—Oliphant Army Right Halfback—Pollard Brown Fullback—Berry Pennsylvania

CAPTAIN OF SHIP HELD PRISONER ON SUBMARINE

Officers of Columbian, Sunk by German Submarine, Arrive in Boston; Skipper Tells of Experiences.

THE MORNING JOURNAL SPECIAL LEADER WIRE Boston, Dec. 10.—Capt. Frank B. Curtis, Chief Engineer Harry H. Simpson, and Supercargo George S. Mackenzie of the American steamer Columbian, which was sunk by a German submarine on November 8, arrived today from Gibraltar on the steamer Catalpa.

"I was detained for two days on the submarine," said Captain Curtis, "and was allowed on deck only for exercise. My repeated questions as to the reason for my detention brought forth no response either from the captain or the crew. On the whole, my treatment was good. The food was not bad and some of it came from the Columbian before it was sunk. There is no reason why it should have been."

"While I was on board I witnessed the destruction of two other ships, one of them a Norwegian. Several times we hurriedly submerged in order to escape the notice of allied warships. "At the end of two days the submarine made a dash into the Spanish port of Camerinus, where I was put ashore in a dory. After considerable delay, I managed to reach Gibraltar, and hurriedly traced myself on board the Catalpa. That is all there is to be told."

The Columbian was owned by the American-Hawaiian line but was under charter to the France and Canada line when she was sunk. She had delivered a number of business at St. Nazaire, France, and was on her way to Italy when she was overwhelmed by the German warship.

NOT MUCH DOING ON ANY ONE OF EUROPEAN FRONTS

THE MORNING JOURNAL SPECIAL LEADER WIRE Lafayette fighting is in progress on any of the fronts except in Rumania, here the Teutonic allies, according to Herby, are still making progress. Petrograd reports, however, that the Rumanian northern front has been turned on the offensive and driven the Austro-Germans back. Along the Transylvanian-Rumanian front Petrograd reports progress for the Russian forces and Berlin admits the loss of a height.

Robertson is crossing the Doubs south of Besancon. Bombing an impediment will be placed in the way of the retirement of the Rumanians and possibly some of them may be caught between the Austro-Germans moving east and the Italians driving north.

Aside from a German attack in the Vosges region near Col-Sainte Marie, which was repulsed by the French, and the capture by the Germans of a post in Champagne, the French had nothing to report of importance. Only bombardments and minor engagements have taken place along the line in France and Belgium.

Berlin records the repulse of a heavy attack by the entente troops near Monastir, while Paris reports the capture by the British south of Zereva, Greece, of Turkish positions.

So they stole a march on their friends and were married last Saturday, it was announced today. Mr. Catron is a graduate of the University of Chicago law school. He is a baseball star and took a trip to Japan last year with the university team.

COUNCIL MAY TAKE ACTION TONIGHT ON WATER PLANT REPORT

The council will meet tonight to hear the report of engineers, appointed to appraise the Water Supply company's plant. The engineers, James N. Redding and E. B. Black of Black & Veatch, presented the report a short time ago, but all attention was not present at the reading of the report.

The report will be read in executive session, the council wishing to keep its contents secret until they open negotiations with the water company looking to the purchase of the plant. The council probably will decide upon its first move in that direction tonight. This action will be taken probably in open session, following the reading of the report.

"LIEUTENANT" KING HELD BY POLICE AT COLORADO SPRINGS

"Lieut." J. R. King was in jail at Colorado Springs, Colo., a letter, written by Chief J. H. Stark to Chief J. R. Galusha, indicates. The letter says that J. R. King, held in jail at Colorado Springs, had letters addressed to J. R. King, county jail, Albuquerque, and asks why he was sent to jail. Chief Stark says Kelly was held for investigation.

King was sent to the Old Town jail six days ago on the technical charge of vagrancy. His arrest by Chief Galusha followed his representing himself to be an army officer. No federal charge was made against King as he had signed nothing by passing himself as an officer.

FIGHTS WITH VILLA BANDITS REPORTED

THE MORNING JOURNAL SPECIAL LEADER WIRE Field Headquarters, American Army in Mexico, Dec. 10.—Reports brought to headquarters by travelers today tell of fighting between Mexicans of the five free divisions and Villistas, which has been in progress for the past five days. Villistas on the Bahi-coa ranch, an American-owned property under their control. Maximilian Mayquez, have defeated bandit bands several times of late and it is believed possible that residents of the Guerrero district, encouraged by the success of Marquez, have broadened their operations to combat both warring bands of bandits and Villistas.

GREECE DETERMINED ON STRICT NEUTRALITY

THE MORNING JOURNAL SPECIAL LEADER WIRE London, Dec. 10.—Special dispatches from Rotterdam quote the Frankfurter Zeitung's Budapest correspondent as saying that Greece has notified the central and entente allies that she determined henceforth to maintain strict neutrality, that she will make not a single further concession to the entente and that any new challenge from the entente will be regarded as a casus belli.

The dispatches add that according to the Frankfurter Zeitung's Constantinople correspondent, the entente powers have agreed that, if it becomes necessary they will dethrone King Constantine and enthrone Prince Pierre, the 8-year-old son of Prince George of Greece, with M. Venizelos as regent.

FRIENDLY ATTITUDE IS DISPLAYED BY KING

London, Dec. 10.—Reuter's Athens correspondent, telegraphing Sunday afternoon at 2 o'clock, says: "According to Greek statements, a friendly spirit prevailed at the audience King Constantine gave the British and Russian ministers yesterday. The king offered to withdraw two regiments from Thessaly and entrust the guarding of the Corinth canal and the Chalcis bridge to French torpedo boat destroyers."

"While the Greek government announced that the situation has improved, the diplomatic body is reserved."

RETAIL GROCERS MAY DISCIPLINE SPECULATORS

THE MORNING JOURNAL SPECIAL LEADER WIRE Chicago, Dec. 10.—Means of disciplining speculators, if any are found to have conspired to raise food prices, will be considered tomorrow at a meeting of the executive board of the National Retail Grocers' association. It was announced tonight by Frank B. Connolly, vice president of the association, of San Francisco.

The discipline, Mr. Connolly said, might take the form of a boycott against wholesalers, commission men, or dealers, who are shown to have taken advantage of extraordinary conditions to extort an unusual profit from the consumers.

The executive board is composed of representatives from New York, Boston, New Orleans, Chicago, St. Louis, Des Moines and San Francisco.

Mr. Connolly said he would also urge the board to adopt a resolution favoring an embargo on five articles of food—wheat, flour, sugar, canned milk, and canned tomatoes. In the event the resolutions are adopted, he said, the association would send a committee to Washington to work for an embargo.

DEWEESE STILL DENIES WIFE MURDER CHARGE

THE MORNING JOURNAL SPECIAL LEADER WIRE Chicago, Dec. 10.—Chicago police awaiting the arrival of Sah Lake City officers coming here for Howard Deweese, sought today to solve the puzzle of the motive that induced him to walk into a police station here and confess that he had committed numerous burglaries and face the charge of murdering his wife.

Deweese's alibi was that he was committing a burglary when his wife was killed. Deweese explained tonight why he had taken the risk. "I could not bear to think of my wife lying in a pauper's grave," he said. "I wanted to take her back and bury her among her friends. That's one reason."

"Then, I knew it was only a question of time before she would be identified. I wanted to clear myself of all suspicion. I did not kill my wife. I did not propose to go through life suspected as a murderer. I would have been suspected as soon as her identity was established. I expect to go to prison. Some sort of punishment is coming to me."

FERDINAND'S BROTHER WITH INVADING ARMY

THE MORNING JOURNAL SPECIAL LEADER WIRE London, Dec. 11.—A dispatch to the Daily Telegraph from Galatz, Rumania, dated December 7, says: "Certain Rumanian conservative politicians with Germanophile tendencies, are remaining with the enemy, aiming at the deposition of King Ferdinand and proclaiming his brother, Prince Wilhelm of Hohenzollern, king."

"Wilhelm is with the invading army and issued a proclamation at Craiova, declaring himself to be the rightful heir to the Rumanian throne. "The conspirators are trying to undermine the loyalty of the army by offering grants of lands to officers and men who join the invaders. The Germanophile element contemplates the confiscation of lands of Rumanian nobles who have adhered to the entente allies."

A dispatch from Jassy, December 8, said a brother of King Ferdinand, who was with the invading army, had issued a proclamation to the Rumanians, saying: "Compose yourselves. Go on with your business. I have come to punish your felon of a king."

GERMAN SYMPATHIZERS IN RUMANIAN CAPITAL

THE MORNING JOURNAL SPECIAL LEADER WIRE London, Dec. 10.—Telegraphing from Jassy, the provisional capital of Rumania, under date of December 7, the Reuter correspondent says: "The occupation of Bucharest became known yesterday. In anticipation the government had appointed men well known for their German sympathies to the important civic positions, including the commander of the town. The commander issued a manifesto to the people asking them to remain quiet and declaring that the city would be surrendered to the Germans without injury to the inhabitants."

Premier Bratianu will remain in office, but all the other ministers have tendered their resignations."

MAN, ARRESTED HERE, SAYS HE'S ESCAPED CONVICT

Launcelot R. Galpin Tells Chief Galusha That He Got Away From Solomonville Road Camp.

Launcelot R. Galpin related to Chief J. R. Galusha yesterday a record that, in the face of his youth, was decidedly unusual. He is 24 years old. That he had been sentenced to three reformatories, that he was a deserter from both the army and the navy and that he had escaped from the convict road camp at Solomonville, Ariz., was the gist of Galpin's statement to Chief Galusha.

Patrolman Charles Mainz arrested Galpin yesterday when he learned that he had been seen prowling in offices in the Law Library building on West Central avenue. He admitted taking a typewriter from an office, the police said. He offered to show them where he got it. He will be given opportunity to do so today.

Galpin, according to the police, has been in Albuquerque less than a week. He has been working as a printer at a job printing plant. He learned the trade, he said, in the reformatory at Elmira, N. Y. Before going to Elmira, he was sentenced to the reformatory at Golden, Colo., he said, according to the police. They also asserted that he had admitted having been sentenced to the reformatory at Monroe, Wash.

Galpin told Chief Galusha that he got away from the road camp at Solomonville in December. He had been sentenced for burglary at Phoenix, he said. Chief Galusha telegraphed the warden of the Arizona penitentiary at Florence, telling him that Galpin was in custody here. He had not received a reply late last night.

United States Marshal A. H. Hundspeth, of Santa Fe, arrived here last night for a brief stay. He will return to Santa Fe today.

Attacks of Indigestion

"I believe Chamberlain's Tablets have saved my life, writes Mr. Maggie Cook, Golden City, Mo. "I had pains in my stomach so bad I thought I could not live. Our doctor said it was congestion of the stomach. I would go to bed perfectly well and wake up in the night as bad as I could be and live. Our doctor said it would do no good to give medicine internally. He had to inject medicine in my arm. Since taking Chamberlain's Tablets I can eat anything I want without hurting me." This form of indigestion is extremely painful and often dangerous.

By taking Chamberlain's Tablets after eating, and especially when you have fatness and weight in the stomach after eating, indigestion may be warded off and avoided. Chamberlain's Tablets are old-fashioned digestion, but strengthen and invigorate the stomach.
