# TURKS CONDEMN WAR LEADERS TO DEATH

## WILSON BLOCKS DAYLIGHT SAVING REPEAL

### DAYLIGHT SAVING REPEAL IS VETOED BY PRESIDENT; WOULD MEAN 'SERIOUS LOSS'

Wilson Says Conservation of Fuel and Energy Justify Keeping System.

SUNDRY CIVIL BILL, TOO.

Latter Rejected Because of Provisions Affecting Relief to Disabled Soldiers.

WASHINGTON, July 12.—President Wilson today blocked the repeal of the daylight saving law by vetoing the Agricultural Appropriation bill carrying a rider for that purpose and at the same time vetoed the Sundry Civil Appropriation bill because it would limit the appropriation of money for the rehabilitation and training of disabled soldiers.

Both important supply bills, carrying millions of dollars urgently needed in Government activities and already long delayed by failure in the last Congress, must now be re-passed without the features to which the President objected or repassed in present form over his veto by a two-thirds vote in both Houses, which today seemed unlikely.

Republican Leader Mondell said that either he or Chairman Haugen of the Agricultural Committee would move to pass the Agricultural bill over the President's veto. The House voted 225 to 77 to consider the veto Monday.

"I realize, of course, the great inconvenience which may arise from the postponement of this legislation at this time," the President said in notifying the House of his rejection of the agricultural bill, "but feel obliged to withhold my signature because of the clause which provides that on and after 2 o'clock next meridian on Sunday, Oct. 26, 1919, next, the act entitled 'An act to save daylight and to provide standard time for the United States be and the same is hereby repealed.'

"I believe that the repeal of the act referred to would be of very grave inconvenience to the country, and I think that I am justified in saying that it would constitute something more than an inconvenience. It would involve a serious economic loss.

"The act of March 19, 1918, to save daylight resulted not only from a careful study of industrial conditions

### RECTOR MUST PAY ALIMONY OF \$3,000 ON \$1,800 INCOME

Former Restaurateur Faces Financial Problem by Court's Final Ruling.

How to pay \$3,000 a year alimony out of an income of \$1,800 is the problem that confronts George W. Rector, the restaurateur man. Justice McAvoy, in the Supreme Court today, handed down a final decree in Mrs. Bertha E. Rector's suit for divorce, granting her alimony and ordering Rector to pay her \$300 a month. Mr. Rector recently filed an affidavit in his former wife's suit, stating that the total of his yearly income is \$1,800. He said his interest in the restaurant which formerly bore his name lapsed on the discontinuance of the name.

### FINGERPRINTS ON SAFE POINT TO CLERK AS THIEF

Brooklyn Man, Hid in Store to Steal \$1,310 for Sick Wife, Police Say.

Tell-tale finger prints left on the door of a safe, identified Max Morris, of No. 112 Stratton Avenue, Brooklyn, as a thief to-day according to the police. They accused him in the Gates Avenue Court of stealing \$1,310 from the safe of Louis Gans, of No. 1,240 Broadway, Brooklyn. Morris was held without bail.

### SEVEN FIREMEN KILLED IN PHILADELPHIA BLAZE

Fourteen Others Injured When Roof and Walls of Building Collapse.

PHILADELPHIA, July 12.—Seven firemen are reported to have been killed and at least fourteen others were injured in a blaze that destroyed the vestry-warehouse of Jacob Potash & Bros., in the northeast section of the city shortly after noon today. The victims were plunged into the flames when the roof and walls collapsed without warning. About twenty-five firemen were carried down in the avalanche of debris.

Crop Prospects Decline. WASHINGTON, July 12.—The composite conditions of all crops in the United States on July 1 was 21 per cent. above their ten-year average condition on that date, as compared with 1.7 per cent. above average on June 1, the Department of Agriculture announced today. This indicates a decline in crop prospects during the last month.

### MERCHANT DIES FROM BLOW OF BANDITS' HAMMER

Gardiner Hull, Beaten in Office, Fails to Regain Consciousness.

POLICE SEEK TWO MEN.

Names Known, but Have Disappeared From Homes; Alarm Sent Out.

Gardiner C. Hull, senior member of the wholesale stationery firm of Hull & Doppisch, No. 108 Fulton Street—which is below what the police call the "redline"—died at 1 o'clock this afternoon in the Volunteer Hospital, killed by four blows on the head dealt by robbers who stole \$200 from the strong box in the firm's office.

Hull died without having regained consciousness and the police, who had hoped to get a useful statement from him, were disappointed. At his bedside at the end were his wife and daughter, Mrs. Everett Jones, and his partner, the Rev. August Deppisch.

After the death of Mr. Hull and after a preliminary investigation by Assistant District Attorney Joyce of the Homeless Bureau, a general police alarm was sent out for the arrest of Edward O'Brien, eighteen years old, and Edward E. Paige, twenty years, who had been employed as delivery boys by the firm.

These boys the District Attorney especially wants to question, because they are the last persons known to have been with Hull before he was attacked. The homes of the boys have been watched since the discovery of the crime, but the watching has been in vain.

Mr. Hull's partner said he left the office to catch a 4:25 train, leaving Mr. Hull in the office with Miss Mary Smith, stenographer, and Paige. It was Mr. Hull's custom to draw the payroll money on Friday afternoon. The money stolen was in new \$5 and \$1 bills. Miss Smith said that when she left the office the only persons with Mr. Hull were Paige and O'Brien.

James Stacks, shipping clerk, said he was the one who got Paige a job. "I found him wandering, moneyless and shelterless, in Rutgers Park about two years ago," said Stacks, "and induced Mr. Hull to employ him."

"Finger prints on the hammer with which Mr. Hull was killed are being examined by experts.

The police description of Paige says three fingers are missing from his left hand.

All policemen in the greater city were searching today for two men seen talking to Mr. Hull a few minutes before he was attacked. Their names are known and their homes are watched, but they have disappeared.

The assault on Mr. Hull, who was fifty-nine years old, resident at No. 731 Chauncey Street, Brooklyn, and is a deacon in the Bushwick Avenue Baptist Church of Brooklyn, was unusually brutal.

### ENVER PASHA CONDEMNED FOR HIS CRIMES DURING WAR BY TURKISH COURT MARTIAL

Talaat Bey and Djemal Pasha Are Sentenced to Die With Him.

ALL OF THEM HAVE FLED.

Two Other Turkish Leaders Sentenced to Fifteen Years at Hard Labor.

CONSTANTINOPLE, July 12 (Associated Press).—Enver Pasha, Talaat Bey and Djemal Pasha, the leaders of the Turkish Government during the war, were condemned to death today by a Turkish court martial investigating the conduct of the Turkish Government during the war period.

Enver and his two leading associates in the young Turk Government fled from Turkey several months ago and their whereabouts is uncertain.

David Bey, former Minister of Finance, and Alusa Metasa Kiazim, former Sheik-ul-Islam, were sentenced to fifteen years at hard labor. The court-martial acquitted Rifkat Bey, former President of the Senate, and Hachim Bey, former Minister of Posts and Telegraph.

Enver Pasha, son of a Polish father and a Turkish mother, has for many years been the most forceful and commanding figure in Turkey. During the war he was far more powerful than the obese and inert Sultan. He ruled his unhappy country, with Prussian assistance, with an iron hand. About thirty-eight years old, Enver for some years had a hold upon the imagination of Turks such as a nation sometimes gives to an aged man who has spent a lifetime in its service.

In 1908, when an attaché of the Turkish Embassy at Berlin, he hurried from Germany to join the movement of the Committee of Union and Progress.

He led the revolution which deposed Abdul Hamid, the supposedly invincible despot.

When an attempt was made to cede Adrianople to Greece he overthrew the Kiamil Ministry and distinguished himself by recapturing the city from the Bulgarians at the close of the Balkan War.

After that, Enver was Minister of War, sharing power with Talaat Bey, who was called the "Gipsy Minister" of the Interior.

It will surprise some people to find Djemal Pasha named with these two in the above dispatch, his death having been reported more than once. Djemal was the third member of the triumvirate.

To the Germans Enver Pasha was known as the "Napoleon of Turkey," to the English as the "Satan of the Turkish Drama." Always in close sympathy with Germany, it was he who made Von der Goltz commander-in-chief of the Turkish Army.

Former French Envoy Dies in Fall From Horse.

WASHINGTON, July 12.—Edouard de Hilly, former head of the French High Commission to this country, is dead of injuries received when he fell from his horse, the French Embassy was informed today from Paris.

### LEADER OF THE TURKS WHO MUST PAY PENALTY FOR HIS CRIMES IN WAR

ENVER PASHA

### WILSON-HITCHCOCK BREAK IS DENIED FROM ALL SIDES

Statements From Tumulty and From Senators Put an End to Unfounded Gossip.

WASHINGTON, July 12.—Published reports intimating that there had been a disagreement between President Wilson and Senator Hitchcock, Nebraska, who has been one of the leading spokesmen for the Administration in the long Senate fight over the League of Nations, were said by Secretary Tumulty today to be without the slightest foundation.

The Council also started consideration of lifting the blockade against Russia, its maintenance being considered most difficult by the official decree abolishing the barriers around Germany. American delegates also held it was not legal.

Statements also were issued from the office of Senator Hitchcock and Senator Swanson, who, it had been rumored, might replace Senator Hitchcock as the leading Administration supporter of the treaty.

That from Senator Hitchcock's office said the Senator would return to Washington from Swampscott, Mass., in time for the Senate session Monday and that he had "not relinquished his interest in the League nor had he had occasion to change his mind with respect to its approval by the Senate."

### U. S. SHIPS LOAD FOR GERMAN PORT; FOOD PRICES DROP

Reductions as High as 60 Per Cent. Reported as Blockade Ends.

PROFITEERS HIT HARD.

Large Quantities of Hoarded Foodstuffs Sent to Berlin, Where Prices Remain High.

WASHINGTON, July 12.—With the lifting of the blockade movement of American goods to German ports is expected to begin as soon as licenses can be issued, three ships already having been loaded.

The Shipping Board has announced that direct steamship lines to Hamburg will be established from New York, Philadelphia, Boston, Baltimore and South Atlantic and Gulf ports as cargoes become available.

BERLIN, July 12 (Associated Press).—In view of the impending raising of the blockade, the Government's recent action in reducing the price of food staples is forcing food traffickers to get rid of hidden supplies. As a result a sharp decline in prices is reported from all sections of Germany, the most marked decreases being in the Rhenish zone of occupation, where they have fallen from 30 to 50 per cent.

As stocks in occupied territory apparently exceed the demand, large quantities are being shipped to Berlin, where good prices still prevail. Berlin will probably be the last city to enjoy appreciable price reductions, as much of the city's supplies must be shipped long distances.

It is reported from Weimar that the government will exercise active control of incoming war material and also exports. The latter part of the programme is meeting with vigorous opposition in commercial and industrial export circles, where it is maintained that personal initiative would be more successful abroad than government control. The clerical organ, Germany, editorially opposes the injection of "bureaucratic compulsory measures" into the nation's transition economics, and declares that German commerce "needs freedom."

Council of Five Issues Instructions for Lifting the Blockade.

PARIS, July 12.—The Council of Five began issuing instructions today on the cessation of the blockade against Germany.

The Big Five forwarded a note to the Germans today informing them that their ratification of the treaty had been accepted, and that the individual Allied Governments would take steps to lift the blockade.

The Council also started consideration of lifting the blockade against Russia, its maintenance being considered most difficult by the official decree abolishing the barriers around Germany. American delegates also held it was not legal.

BANKER ADOPTS ORPHAN.

Takes Six-Year-Old Boy to His Home in Tampico, Mexico.

David Joseph Murphy, six years old, no longer lives in the orphanage of the State Charities Society. The boy, now known as David Arthur Fouts, is on his way to Tampico, Mexico, where he will live in comfortable circumstances as the son of Ben W. Fouts and his wife, Edith Howie Fouts. Mr. Fouts is President of the Tampico Trust Company. David was born April 1, 1913, and his parents died soon after that date. He remained in the orphanage until today when adoption papers were granted Mr. and Mrs. Fouts by surrogate Judge. The three left immediately for their home.

### DIRIGIBLE OFF IRISH COAST; WILL END TRIP IN NORFOLK; STORM HOLDS SISTER AIRSHIP

R-34 Diverted From Scotland by Bad Weather There—Slowed Down by Failure of Engine, and Cannot Arrive Before To-Morrow.

PULHAM, NORFOLK, ENGLAND, July 12.—The weather was too unfavorable today to permit the dirigible R-33 to go out to meet the R-34 as was intended and to escort the Atlantic flyer home.

LONDON, July 12 (Associated Press).—The British dirigible R-34, on her return flight from the United States, was approximately 360 miles west of the Irish Coast at 11:00 A. M., Greenwich meridian time (7 A. M., New York time), today, according to a message received by the Wireless Press.

Her position at that hour was given as 52 degrees 55 minutes north latitude and 19 degrees 30 minutes west longitude.

LONDON, July 12 (United Press).—The R-34 was 850 miles west of London at 11 A. M., Greenwich time. At 6:30 A. M., Greenwich time, the R-34, flying at constantly increasing speed, was reported less than 1,000 miles directly west of London. At that hour the strabry wireless her position as 52:15 north latitude and 23:00 west longitude. Her course was north 70, east 2, and she was making 35 knots.

Owing to storms over Scotland, the Air Ministry wireless the R-34 shortly before noon to land at Pulham, Norfolk (about 100 miles northeast of London), instead of proceeding to East Fortune. The craft was expected to reach Pulham about 9 o'clock to-morrow morning, London summer time (4 A. M. New York time).

The reduced speed resulted from a disabled engine, as shown in the following message sent from Ponta Delgada, Azores:

"The R-34, at 8:10, Greenwich time (4:10 P. M., Friday, New York time), is 4,000 feet above the clouds and going strong despite a disabled engine. We are just about to descend to look at the sea. All well."

It was assumed that the crippled motor was the one on the port centre gondola, since that engine sustained a cracked water jacket on the trip to America. The R-34 apparently was employing only two engines, since Major Scott, the commander, announced before he started at midnight Wednesday that he would use the two rear motors only if she encountered favorable winds.

The R-34 averaged 45 knots for several hours after she left Mineola, L. I., and gradually increased her speed to an average of 60, even making as high as 90 at one time. After the accident to her engine, the craft's speed fell off and at 2 A. M., Greenwich time (10 P. M. New York time), when she was at 51:12 north latitude, 30:00 west longitude, she was making only 40 knots.

### SMITH LEARNS TO GOLF AND MURPHY TO FISH

Governor and Tammany Boss Exchange Lessons and Both Improve Rapidly.

GREENPORT, L. I., July 12.—Gov. Alfred E. Smith has taken up golf in a serious way, and with Tammany Chief Charles F. Murphy as instructor was said today to be making rapid progress.

Leader Murphy long since graduated into the ranks of the shiftless players, and is considered much better than Senator James A. Foley or Justice Robert F. Wagner, who are regarded quite good in the upper circles of Tammany that have turned to golf.

But as a fisherman Gov. Smith is said to have Murphy beaten both ways from the sea, and in return for the lesson in golf is showing the Tammany boss how to fish.

The Governor and Mrs. Smith and Mr. and Mrs. Murphy came over yesterday by automobile from Good Ground and left for the fishing grounds at Montauk, where Gov. Smith was to give Mr. Murphy another lesson in angling.

### ARMY FOOD TO BE SOLD TO PUBLIC BELOW COST

Cut of 25 Per Cent. on Corned and Roast Beef and 50 Per Cent. on Bacon.

WASHINGTON, July 12.—The War Department today announced the prices at which surplus army food will be sold to the public.

The prices set, it was said, average about 80 per cent. of what the Department paid for the food. They represent to the consumer a saving of approximately 25 per cent. on corned beef and roast beef and a saving of nearly 50 per cent. on bacon.

### ITALY NOW DEMANDS A SLICE IN CHINA

Sends Note to Peace Conference Asking for Concession Held by Austria.

PARIS, July 12.—The Italian delegation has sent a note to the Peace Conference asking that Italy be given the concession at Tientsin, China, that was held by the Austrians. It became known today.

### BROOKLYN CHAPLAIN KILLED IN AIRPLANE

LITTLE ROCK, Ark., July 12.—Lieut. T. J. Lenihan of San Francisco and Chaplain R. H. O'Dowd of Brooklyn, Assistant Camp Morale Officer at Camp Pike, were instantly killed today when a plane piloted by Lieut. Lenihan was struck by another machine from the field. The second machine also lost its occupants were not known.
