Woman, Recognizing Garment, Has Second-Hand Dealer Locked Up.

Noticing a girl wearing a dress which had been stolen from her home last November, Mrs. Susan Duffy of No. 265 Marion Street, Brooklyn, questioned her and as a result, Herman Hertzberg, a second-hand clothing dealer of No. 439 Bedford Avenue, was locked up in the Ralph Avenue Station charged with receiving stolen goods.

More than \$700 worth of clothing was stolen from Mrs. Duffy, who recognized on Anna Seeman of No. 331 129th Street, Richmond Hill, a dress which had been made for her daughter. The girl admitted where she had purchased the garment, went to the store and identified Hertzberg as the man who sold it to her.

**INCOME TAX PAYERS GET A HOLD-UP SHOCK**

Burglar Alarm Test at Federal Building Finds Guards Alert.

While the Federal Building in Brooklyn was crowded with income tax payers to-day, a bell suddenly rang and eight guards with revolvers ran out from the cashier's cages, searching for incendiary robbers. The doorman let down the iron gate, preventing any one from getting out, and the elevator also

**Increases the action of the intestines**

Hundreds of men and women have already found freedom from laxatives by eating Fleischmann's fresh yeast.

Doctors are now agreed that proper elimination of waste matter should be brought about by food. One doctor comes right out and states plainly that the indiscriminate use of cathartics is one of the causes of constipation.

Physicians all over the country are recommending Fleischmann's fresh yeast because it is a fresh food, rich in those elements which help the intestines healthy. In one series of tested cases, normal functions were restored in from 3 days to 5 weeks.

Try it out for yourself. Begin today by adding 2 or 3 cakes of Fleischmann's Yeast to your everyday diet. Keep it up and see how normally and regularly your intestines act. Be sure it's Fleischmann's Yeast—the familiar tin-foil package with the yellow label. Place a standing order with your grocer.

**It Is Always Summertime**

in the gardens of kindness. Living for weeks beneath the open sky far off from railroad whistles or trolley-car bells; near the shores where flocks of quail were hiding, or in a little boat watching the habits of the sea gulls, pelicans, long-necked, white cranes, huge turkey buzzards, and thousands of black, wild duck flying and feeding, never out of sight. Now and then an eight-foot-wide winged bald eagle sweeping high and far away to be only a speck in the sky, the size of a house fly.

All this is possible by a railroad trip of one day and a night from New York City or Philadelphia to Jacksonville, Florida, situated on the famous, beautiful St. Johns River.

But wearied bodies and tired nerves can make a garden of kindness not far from home by even a short running-off to the nearby seashore for change of scene and rest, and get it often in the three weeks we have had in Florida.

It is not fair to limit our lives to drudgery alone.
