G. O. P. WILL TAKE REINS IN SENATE

Leaders Plan Reorganization of Committees With Republicans in Charge.

HOUSE IS WON BY FIFTY

Victory Due to Strategy of Hays in Meeting Plea of Wilson.

Special Despatch to THE SUN.

WASHINGTON, Nov. 7.—The Senate will be reorganized by the Republicans. With forty-nine Republicans now certain all doubt as to the election of Senator Fall (N. M.) having been removed, leaders are laying plans for the readjustment of committee assignments and the selection of Republican Senate officials.

Democratic leaders were reduced today to the claim of a tie in the Senate, having given up all hope of the House. But their claim of a tie in the Senate depended upon Democratic success both in Idaho and New Mexico.

Republican leaders still profess to have a hope of carrying Idaho for Gooding, which would give them fifty Republican Senators.

G. O. P. Claim in House.

The Republicans claim the House of Representatives by fifty or more votes. They have carried 240 seats at least. The returns show that the Democrats are certain of but 188. There will be one independent, one Socialist, and five districts are still in doubt.

The Republican leaders were unanimous to-day in ascribing their victory to organizing ability and the strategy of Will H. Hays, the new Republican committee chairman. Mr. Hays, who was elected chairman last spring, began the work of organizing at once.

Since he assumed office he has traversed the United States from coast to coast getting acquainted with the leaders, pointing out the weak spots in the old organization and carrying the spirit of hopefulness and encouragement to all. He established avenues, highways and pipe lines of information such as the Republican organization in the United States has not enjoyed since the days of Clarkson, Platt and Quay, and he did it all on the confidential, easy business fashion of an expert business organizer going out to "get acquainted with the trade."

It was the Will Hays brand of strategy which prepared the party to meet the stupendous force of the President's appeal to his fellow countrymen to stand by him through standing by the Democratic Congressional and Senatorial candidates.

Hays Uses Strategy.

At the Republican headquarters the plans of the Democrats for a burst of national enthusiasm to follow the President's call for support were known long in advance of the actual outgiving from the White House. The Republican leaders were in panic at the outlook. They were anxious to meet the onslaught by protective barrage. To Hays they went with the suggestion that the artillery be put in play and the action of the President anticipated.

Not so with Mr. Hays. He counselled silence. He urged the advisers to stand at attention and await results. To-day leaders who wanted him to act are thanking their stars that the perspicacity of Hays intervened and that the reaction from the President's appeal was allowed to work as it did work to the glory and success of the Republican party.

G. O. P. VICTORY HITS KAISER.

London "Express" Considers Result a Blow at Prussianism.

Special Cable Despatch to THE SUN.
Copyright, 1918; all rights reserved.

LONDON, Nov. 7.—The *Daily Express*, commenting on the result of the Congressional elections in the United States says: "The Republican victories show that the American people are not only ready to follow President Wilson, but that they are eager to get in front of him for a victory complete and unqualified.

"It shows they are determined to put an end to Prussianism and militarism and that they will tolerate no compromise that will leave Germany with the power to strike again."

"DRYS" LOSE IN MINNESOTA.

Vote for Amendment Far Below Ticket.

ST. PAUL, Minn., Nov. 7.—On the face of available returns the Statewide prohibition amendment has been beaten in Minnesota. The amendment must receive a majority of the total vote cast in the State, and the returns on the amendment thus far are considerably lighter than the returns polled for Governor.

Prohibition shows only a 5,100 majority for the dry forces.

G. O. P. SWEEPS NEW MEXICO.

Fall Wins Senate Seat by Plurality of 1,900.

ALBUQUERQUE, N. M., Nov. 7.—With a few precincts missing returns to-day showed the election of Albert B. Fall, Republican, from New Mexico, to the United States Senate by approximately 1,900 plurality over his Democratic opponent, Representative William B. Walton.

Benigno C. Hernandez, Republican, former Congressman, has been elected as Representative over Judge Granville A. Richardson, Democrat.

The entire Republican State ticket has been elected with one exception.

Canada's Victory Loan Booms.

TORONTO, Nov. 7.—With half of the three weeks campaign over the Dominion of Canada's second Victory Loan has passed $222,711,700 of the $500,000,000 objective. This does not include Wednesday's subscriptions outside of Ontario.

Mount Holyoke Passes Quota.

SOUTH HADLEY, Mass., Nov. 7.—Mount Holyoke College has exceeded its allotment in the United War Work campaign. The drive opened yesterday, with $16,000 as the goal. Tabulation of the first contributions showed $16,344.

NEWBERRY'S MARGIN OVER FORD 8,500

Only 59 Rural Precincts Remain to Be Counted.

DETROIT, Nov. 7.—On the face of virtually complete unofficial returns tonight, Lieutenant-Commander Truman H. Newberry, Republican, has been elected to the Senate over Henry Ford, Democrat, by a majority of approximately 8,500. With fifty-nine rural precincts yet to report the vote stood: Newberry, 213,995; Ford, 205,594.

This is a lead for the naval Commander of 8,401. The missing precincts are not expected to materially change the result.

The Republican State Central Committee claims the election of Commander Newberry by a majority of 8,000 to 10,000. Mr. Ford issued a statement to-day to the effect that he would not contest the election unless there is evidence of irregularity that might affect the outcome.

Suffs Win South Dakota.

SIOUX FALLS, S. D., Nov. 7.—Woman suffrage carried in South Dakota, according to incomplete returns received from Tuesday's election. The amendment by which suffrage carried amended the State Constitution so as to confine the vote to native born citizens or those of foreign birth, who have completed their naturalization papers.

Alaska Congress Vote Close.

JUNEAU, Alaska, Nov. 7.—Based on scattering returns a close contest for delegate to Congress from Alaska may be the result of Tuesday's voting. James Wickersham, Republican, is believed to be in the lead. A severe storm and the influenza caused the smallest vote ever cast.

Florida Goes Very Dry.

JACKSONVILLE, Fla., Nov. 7.—Virtually complete returns to-day showed that Florida on Tuesday voted two to one for Statewide prohibition, effective January 1 next.

SLOAN COMMANDS AT UPTON.

Relieves Col. Mallory, Who Is Incapacitated by Illness.

Special Despatch to THE SUN.

CAMP UPTON, L. I., Nov. 7.—Col. John S. Mallory, who will receive an indefinite sick leave, has been succeeded in command of the camp by Col. Albert B. Sloan. The latter has served in the Twenty-fourth and Thirtieth infantry regiments, Regular Army, and has been stationed in Alaska and the Philippines. In 1916 he commanded the detachment of guards established over the Germans interned at Ellis Island.

Before coming to Upton Col. Sloan acted on one of the New York boards which recommended commissioning of officers from the National Guard into the army. He came here in December, 1917, and has acted as range officer and commander of the 152d Depot Brigade.

LOS ANGELES BILLBOARDS GO.

Six Miles of Advertising Signs Removed by Law.

LOS ANGELES, Nov. 7.—This city is fast becoming billboardless, according to reports submitted to-day to the City Council. Of the 927 advertising sign boards standing June 1, 840 have been removed, in compliance with the new ordinance forbidding such advertising in the residence section.

A few remaining boards are left because of a difference in opinion over the wording of the law, but it is expected that these soon will be eliminated. The signs to which the majority of the populace objected totalled six miles in length.

Record Indiana Coal Output.

TERRE HAUTE, Ind., Nov. 7.—Indiana coal mines set a record for production in October by hoisting 3,037,751 tons. According to reports to-day of the district fuel administration, this is the first month that has shown a production in excess of 3,000,000 tons.

PROTESTS GERMAN RUINATION OF MINES

Lansing Acts on Report of Order to Destroy Coal Sources in Belgium.

WASHINGTON, Nov. 7.—Secretary Lansing made public to-day a message to the German Government through the Swiss Minister protesting against the reported intention of German authorities in Belgium to destroy coal mines on evacuation. If the acts contemplated are carried out, the message says, it will confirm "the belief that the solemn assurances of the German Government are not given in good faith." The note follows:

I have the honor to request that you will bring the following to the attention of the German Government:

In its note of October 20 the German Government announced that "the German troops are under the strictest instructions to spare private property and to exercise care for the population to the best of their ability."

Information has now reached the Government of the United States to the effect that the German authorities in Belgium have given notice to the coal mining companies that all men and animals should be brought out of the pits; that all raw materials in the possession of the companies should be delivered to the Germans and that the mines will be destroyed at once.

Acts so wanton and malicious, involving as they do the destruction of a vital necessity to the civilian population of Belgium and the consequent suffering and loss of human life which will follow, cannot fail to impress the Government and the people of the United States as wilfully cruel and inhuman. If these acts, in flagrant violation of the declaration of October 20, are perpetrated it will confirm the belief that the solemn assurances of the German Government are not given in good faith. In the circumstances the Government of the United States to which the declaration of October 20 was made, enters an emphatic protest against the measures contemplated by the German authorities, for whose conduct the Government of Germany is wholly responsible.

KING NICHOLAS TO RETURN.

Says Montenegro Looks to America for Independent Future.

By the Associated Press.

PARIS, Nov. 7.—Montenegro looks to President Wilson to obtain for it a safe and independent future, the exiled King Nicholas told the Associated Press today in discussing the future of his country, now that it is being cleared of the enemy. The King said he hoped Montenegro would become a part of the new State of Jugoslavia.

King Nicholas, who fled from his country when it was invaded and overrun by the Austrians in the winter of 1915-16, said he intended to return to his little kingdom as soon as it can be arranged. He appeared greatly distressed by reports of food and other conditions in Montenegro.

BURGESS AEROPLANE PLANT NO. 2 BURNS

$300,000 Fire Also Destroys Forty Yachts.

MARBLEHEAD, Mass., Nov. 7.—Plant No. 2 of the Burgess Aeroplane Company, which was filled with Government airplanes, and the Stearns & McKay Company storehouse, containing more than forty yachts, were destroyed by fire early to-night. The fire was started by an explosion in the paint shop of the Burgess company.

The plant had been shut down in order to permit the workmen to celebrate upon receipt of false reports of the signing of an armistice by Germany, and before the watchman could reach the scene the flames had gained great headway. Airplanes in various stages of construction were quickly ruined.

The flames swept into the plant of the Stearns & McKay Co., where twenty-five small craft and fifteen larger yachts, some of them famous in the sporting world, were destroyed.

Perhaps the most famous yacht lost was the Sumatra, one of the successful American defenders against the German sonder class boats in their last race in American waters before the war. Another of the racing yachts to be burned was the Little Rhody, well known in north Atlantic waters.

Insurance officials estimated the total loss at $300,000. It was thought the fire was caused by spontaneous combustion.

U. S. SOON TO BE UNCREELED.

Committee Will End Domestic Activities, but Not Foreign.

WASHINGTON, Nov. 7.—George Creel, chairman of the Committee on Public Information, announced to-day that the domestic activities of the committee will be discontinued as soon as the war ends, but that the work in foreign countries will be continued for a time at least.

The foreign work, which is under control of the President and is financed out of his special war fund, Mr. Creel said, "has had a wider purpose than the facts of the war," being designed "to introduce America to the world."

HALF BILLION MONTHLY LOOT.

Enormous Sums Extorted by Germany From Belgium Regularly.

WASHINGTON, Nov. 7.—Belgium has been compelled to pay a total of $500,000,000 to Germany in the form of a monthly "war contribution" in the four years since the war began, it was shown by an official compilation received by the Belgian Legation to-day from Havre.

The amount was said to be exclusive of the large sums that have been extorted from Belgian corporations, cities, towns and civilians under the guise of fines and "assessments."

WOULD LIMIT MOTOR TRUCKS.

Bay State Commission Says They Are Ruining Roads.

BOSTON, Nov. 7.—Members of the special commission appointed by the Legislature to draw up new regulations for motor vehicles at a meeting today agreed that the weight of automobile trucks must be limited or more good roads in Massachusetts would be ruined.

The commission also favors a law regulating the width of automobiles, as there is danger of smaller vehicles being forced off the roads if enlargement of trucks continues.
