The author of Problem No. 745 requests the solv-ers who (ound a "cook" in his problem to forward an apalysis of the same.

E. G. Thomson, the winner of the two-more ac-tion of our first international problem to comment,

after being informed of his auccess by The Sun and requested to give some particulars of his chess career, writes as follows:

"I was delighted with your communication intimating my success in your loomove tourney. It took me quite by surprise, as I did not expect to be placed in so large an entry. Many thanks for your congratulations and kind remarks. The few particulars' I send I hope you will condense and arrange to suit, as I am not much good at that kind of work. I was been in Aberdeen, Scotland, and lived there up to three years are. I learned to play chess about of teen years ago, and a year or two later commenced solving: next I began composing and it is now ten years slince I had my first problem placed in the prize list. Since then I have competed in a number of tourneys. I have had twenty-eight problems in two, three and four moves which have either gained prizes for received honorable mention. I have also won thirty-five prizes for solving, all in the old country. I have had over 200 problems published, principally in two and three moves direct and sum ares. I came to this country about three years ago, but have had very gittle time to devote to chess. Since I came here your competition is the first I have tr.ed."

H. W. Barry, South Boston, writes to The Suy as have it.ed.

H. W. Birry, South Boston, writes to The Sun as follows: With regard to the 'cook' to No. 745 1 would say that if 1. Q - Q 2, Kt - Q 5; 2, Kt - B 3 ch, B x Kt and no mite. If 2. Students Who Are Trying for Places on the

Overforty candidates for the Manhattan College baseball nine have reported to Capt. Cobalan for practice, the most prominent being: Pitchers, Castro, '99; McBride, 1900; McPhillipps, 1902; Roche, 1901, and Barton, 1902; catchers, Agnew, 1900, Cotter, 1900, and Bartley, '60; first base Cohalan, '90; Garvey, '69, and Curtain, 1900; second base, Mc-Grath, '99; Reddy, 1902, and Lyons, 1900; third base, McQuade, '99; Kelly, 1902, and Dempsey, 1902; shortstop, Kerns, 1902; Green, 1902; Hauley, '99; Kilroy, 1901; and Sullivan, 1901; outfield, G. Cotter, 1900; Brynes, 1901; Walsh, '99; Dooley, 1903; O'Rourke, 1902; Hayes, 1902; Horan, 1903; Murphy, O'Rourke, 1962; Hayes, 1963; The poor condition of Jasper Field for practice is bothering Capt. Cohaian. The Yale game is only a few days off and the field is very middy. If there are no more heavy showstorms, however, the field should be in good shape by the time the New Haven men arrive.

I'p to date the candidates have been practicing in the gymnasium, but owing to its limited space their work is greatly haupered. The staff of pitchers is stronger than last year, as Castro and Mellride are both rounding into form, while great interest is centred in McPhillipps, who pitched such good ball for the scrub team in 1888. Agnew who caught last season, is still at college, and with Cotter to help him out the team should be strong behind the bat. Capt. Cohaian will play first base, as he can cover the initial bag better than second. Second base and shortstop will be filled by new men, probably Gursey at second and Reddy at short, while third base will be looked after by McQuade, who played there so creditably last year. Left field is causing Capt. Cohaian some anxiety. Dan Cotter, who played there as o creditably last year. Left field is causing Capt. Cohaian some anxiety. Dan Cotter, who played there last year, went out with the class of '98. I no new man can be developed McBride and Castro will alternately play the position. Brynes and Cotter should have no trouble in making their old places at centre and right fields, respectively.

All the above problems are entries for our first international problem tournament, forwarded by the judges to Tax Sun during last week. Just before sending these problems the judges inform Tax Sun that they have decided to award the second prize of the two-moves section to problem No. 483, printed under the motto of "Faith Unfaithful." This problem was composed by Edward Dale, Jr. 7c8 Highland avenue, Newark, N. J. The judges have promised to forward a copy of this composition, together with a full report on all the entries in the two-moves section, next week.

ROLUTION TO PROBLEM NO. 751. At a meeting of the Associated Cricket Clubs Philadelphia on Friday it was announced that B. J. Wardill, the manager off the Australian Cricket team that is to make a tour of England the coming summer, had written to the Secretary of the A. C. C. re specting the proposed visit to this country. He stated that he was favorably disposed to the idea, although that he was favorably disposed to the idea, although invitations had been received by the Australians from Brazil and South Africa to visit those countries after the English trip had ended. The committee in charge of the matter decided to issue invitations to the Australians to play three matches in Philauchphia. If everything is satisfactorily arranged the "Colts" will oppose the Australians in the first match, which is scheduled to take place on Sept. 15, 19 and 18. On Sept. 22, 23 and 25 the All-Philadelphia team will meet the visitors, and the same teams will play the final match, which is scheduled for Sept. 29, 30 and Oct. 2.

Shinnecock Bay Yacht Club Plans. At a meeting of the Shinnecock Bay Yacht Club a the Hotel Gerlach on Thursday night, John Gilsey was elected Commodore, vice B. H. Howell, de ceased. Preparations were also made for the sea ceased. Preparations were also made for the sea-son's campaign. The formal opening will occur on July 4, with a regatta upen to all classes, in addition to knockabouts of 14-foct water line, which has been called the fifth class. Besides this there will be five other events during the summer. No dates have been decided upon, but to avoid a comfetien a con-ference will be held with the other Long Island yacht clubs. The report of the Treasurer showed that the club was in good financial condition. It was announced that the building of a clubhouse at Tiana Bay, near Quogue, was almost an assured fact.

After an unusual number of postponements, the team handball championship of the Long Island team nandostic Athletic League was finally decided pesterday at the Pratt institute gymnasium. The Brookivn Boys' High School and the Adelphi Academy teams, who had bester all the other teams in the tournament, competed for the final honors, and Adelphi won out after some lively playing, capturing five gam as to the High School's two.

Maurice Daly and George Slosson played an exhibition game of billiards yesterday afternoon in the Union League Club. The game was 300 points four-

CROSS-COUNTRY RUNNING.

Haddington Harriers Finish Second in the English Championship.

The latest English mail brings particulars of the national cross-country championship, decided at Wembley Park, on the outskirts of London, on March 4. The event seems to retain its great popularity, for, aithough the weeding-out process of district championships had disposed of second and third class teams, eleven clubs were represented by from six to a bition game of billiards yesterday afternoon in the Union League Club. The game was 300 points four teen inch balk line. The score at the end of the game was 300 to 254 in favor of Daly. His highest run was 71. Sloseon's highest was 300. A large number of the Union League Club members witnessed the game.

C. Bennett of the Finchley Harriers, who is recognized as the best long distance amateur, followed up his victory in the Southern Countles race, by easily winning the individual honors. He finished more than a minute ahead of his nearestcompetitor. A number of veterans competed, among them Tom Birch, who was placed as one of the six men on the Birchfield team, despite the fact that he has run in about a score of national championships. "Sonny" Morton, who visted this country with the Balford Harriers' team nearly ten years ago, also scored for his club.

Opening Views of Spring

COSTUMES .- Our magnificent showing of MIL-LINERY, TOP GARMENTS and GOWN FABRICS dwarfs all other displays in New Jersey; it meets and matches any in New York and with lower prices. The first blush of this superb spring exhibition still lingers. Come this week and see it.

FURNITURE—Much that is beau- | BEDROOM—The brass bed is still tiful and picturesque in design will greet the popular prevailing fancy, and enters the visitor to our great Furniture Department. Among the leaders will be noticed the following:

PARLOR SUITS—Style of Louis XIV., gold and blue, white silk damask, with "S" chair; inlaid mahogany (marqueterie and mother of pearl), figured damask, various colors.

LIBRARY-Very pretty concelts, indeed, chief among them the large, luxurygiving Davenport Sofa, heavily carved mahogany frame, moire velvet pillow attached.

DINING ROOM—The ruling fancy is for the golden oak in medium grades. It is not very expensive and is very beautiful. Of course, there isn't a piece of furniture worth placing in the dining room or in any other apartment that won't be found here at its best and at modest price.

into combinations with other articles of furniture in bird's-eye mapic, curly birch and mahogany.

CARPETS-The new patterns-we have them as you'll find them nowhere else in "Jersey." You'll notice the tendency this spring toward red and green, singly and in combinations. Our prices (for strictly reliable goods) are a shade lower. Full numbers in all the lines of floor coverings.

Indoor Season About to Close-Bright Prospects for Spring and Summer.

The basketball season at the Twenty-third Street Branch will soon come to a close. The team has played thirty-two games since October and has carried off the honors in almost every game, beating some of the strongest teams in this vicinity. The indoor athletic games have afforded good practice and the branch will again be strongly represented on the cinder path. From the excellent baseball material on hand a strong team should be de-

Physical Director Welzmiller of the New West Side branch has organized a "leaders' corps' for his classes, and the work thus far accomplished is above expectations. The athletic grounds of the branch are being put in condition for early practice. There is a track of nine laps to the mile for running, hurdling and bieveling, and a complete outfit for pole vaulting. In addition, there is a tennis court, baseball diamond, basketball field and handball court. The grounds will be lighted by electricity every Wednesday evening for practice.

ce. The athletic representatives of the Harlem The athletic representatives of the Harlem Branch have been doing very little work outside of getting ready for the carnival and gymnastic exhibition which takes place the beginning of next month. Director Smith is a strong believer in educational gymnastics and sticks to class work. There are several new members at the branch this year who are blossoming out as athletes, and it is likely that they will encourage the other members to place a team in the field. The new athletic grounds this year will be in condition for anything in the line of athletics. A tennis tournament is being organized.

Everything points to a successful spring and summer season at the Washington Heights

branch. A crack basketball team has been supported all winter, and as the season is now practically over the members will start in with baseball. The game of basketball has put those that have played in good physical condition, and as they will also make the baseball team the nine will undoubtedly be a strong; one. The track team will be as strong as ever. The Young Men's Institute of the Y. M. C. A. is still playing basketball, and until that is over nothing in the line of track athletics or baseball will be done. The material on hand, however, is plentiful, and with the early outdoor practice talked of the branch will nead be lacking in the athletic line when the season is here. The gymnasium men are very much taken up in apparatus work and are looking forward with more than usual interest to the annual gymnastic contest, which takes place next month. Boating and swimming will be favorite pastimes this summer.

All Indications of a Successful Horse Show

Everything has been done to make the eighth annual spring horse show of Durlar Academy, to be held on the evenings of March 21, 22 and 23, one of the most brilliant events ever held in Greater New York. Prizes in sile open to saddle horses, graded in sizes, including three for women to ride and one ing three for women to ride and one for high school horses. The women combination class will be open to horses the bona fide property of women boarding at the academy. The walk, trot and canter will be the only gaits required. One class calls for ponies, 10 hands and not exceeding 14.2; two classes for jumpers, one for green hunters, and, with a high jumping competition, will be the closing events of each night. The high jump will be limited to six feet. Harness horses will receive opportunities to display their paces in ten classes and one for light harness roadsters.
