

U.S. LINES IN CANADA GET HIGHER RATES

Dominion Commissioners Allow Increases, Except on Coal and Coke.

SPIRITED HEARINGS HELD

New Tariffs Apply Also to Canadian Railways Shipping Below Border.

OTTAWA, Aug. 14.—The Dominion Board of Railway Commissioners granted increases to-day in through rates to United States roads in Canada to conform with those recently approved by the Interstate Commerce Commission at Washington.

The increases are effective on or after August 24 upon not less than five days notice, and are applicable also to Canadian roads shipping to and from United States points.

Continuity of joint through rates between the United States and Canada, in both directions, was deemed desirable and expedient by the Commissioners. It was stated.

The order is the first decision on applications of the American Railway Association and all Canadian railways for increased rates commensurate with those recently granted by the Interstate Commerce Commission in the United States.

Hearings were conducted this week, and testimony was taken from leading supporters and opponents of the petition, said to have heralded the greatest rate war the Dominion has known in many years.
