

# CHICAGO WON THE BALL CHAMPIONSHIP

(By Associated Press.)  
 DETROIT, Oct. 14.—"I want to say for the Detroit club that they played clean baseball, they played fast baseball, they played it like gentlemen and sportsmen. I can not say too much in praise of their sportsmanship and courtesy. Throughout the entire series there wasn't even a small dispute between the two teams, the friendliness existing during the five days' intense rivalry all that could be desired. Manager Jennings has a great team. I think the Chicago team is greater and firmly believe that no team in the world could have beaten us with the kind of ball we played during the world's championship series."—Frank Chance, manager of the Chicago world's champions.

(By Associated Press.)  
 CHICAGO, Oct. 14.—By defeating Detroit this afternoon 2 to 0, the Chicago team of the National league retained the title of champion baseball team of the world. The present series differed but little from that of last year. The Chicago team, according to critics, showed superior baseball in every department of the game in the series as a whole. Detroit was handicapped by Schmidt's inability to cut down runners at second, by the failure of her heavy hitting outfield to bat at critical moments when hits meant runs. None of Detroit's pitchers seemed able to puzzle the Chicago batsmen, even Mullin, who pitched Detroit's only victory, being found for seven hits. The games were singularly free from squabbling and only on two or three occasions were the decisions of umpires questioned. At no time was it necessary for a player to be sent to the bench to enforce discipline and good order.

(By Associated Press.)  
 "We were beaten because Chicago played better ball than we did, but I won't say they have a better team. Detroit players didn't play the game they are capable of; there was not the old time Detroit dash and ginger to their work; they didn't measure to their full ability, either at the plate or in the field."—Hugh Jennings, manager of the Detroit team.

**GIRL MURDERESS SAYS SHE WAS SOLD FOR \$100**  
 NEW BRUNSWICK (N. J.), Oct. 14.—That she was sold for \$100 and forced by her father to marry a man she did not love, was the statement made today by 17-year-old Julia Madelin, who last Saturday shot and killed Tony Madelin to whom she was married four months ago. The girl said she had no regret for her act.

## BRYAN WELL RECEIVED IN HOME STATE

(By Associated Press.)  
 HEBORN (Neb.), Oct. 14.—The second days' tour of Nebraska by William J. Bryan was brought to a close at this place tonight. Twenty-two speeches were made during the day by the Democratic candidate. With the conclusion of his work Bryan expressed himself as being greatly pleased with his reception in his home state during the day, saying his audiences were larger and more enthusiastic than during any other campaign.

The paid admissions were only \$62,232 for the five games and the receipts totalled but \$94,976 as compared with \$101,000 last year. The attendance at the final game this afternoon was 6210, with gross receipts of \$9577.50. Of the money taken in the Chicago players get \$27,669 and Detroit \$18,446; the club owners \$19,681 each, and the National commission \$9497. A feature of today's game was Schmidt's recovery of his throwing arm, which had not been working well during any previous game. As a result Chicago was not able to steal a base on him. Overall for the second time pitched a masterly game. Only three hits were made off him. He was wild at times, giving four bases on balls, but on the other hand his strikeouts numbered ten.

**HUNDRED BULLETS FIRED AT A NEGRO DESPERADO**  
 NEW IBERIA (La.), Oct. 14.—Several hundred men and boys today stormed a barricaded house in which Nicholas Hector, a negro desperado, was resisting arrest. Hector was killed by one of several hundred bullets which riddled the house and was dead when the door was opened. He made an effective show of resistance for an hour with a revolver and two boxes of cartridges.

**SCANDALOUS PARTS TO STAY, JUDGE TELLS GOULD**  
 NEW YORK, Oct. 14.—Justice Geigerich in the supreme court today denied a motion on behalf of Howard Gould to strike out part of an affidavit submitted to the court by Katherine Clemmons Gould in her application for \$125,000 alimony and counsel fees. Delancy Nichol, attorney for Mr. Gould, from whom his wife is suing for a separation, had contended that certain parts of the affidavit in question were irrelevant and scandalous.

# TAMMANY COIN GOES FOR BRYAN

(By Associated Press.)  
 CHICAGO, Oct. 14.—The campaign fund of the Democratic National committee and the names of all contributors of \$100 or over will be made public by Treasurer Herman Ridder of New York tomorrow. The total amount received is \$245,000. Publication of contributions of \$100 or over is in keeping with the Denver platform. After tomorrow the committee each day will publish the larger contributions. The bulk of the campaign fund was raised by dollar subscriptions to the Democratic press. The largest single contribution made this week was \$10,000 from Tammany Hall.

## SOME SMOOTH HOSS RACING

**COUNCIL BLUFFS (Io.), Oct. 14.**—Investigation following receipt of information from Greeley, Colorado, telling of the declaration of a man of the place, that he had been swindled out of \$12,300 by means of a fake horse race in this city shows that a series of swindles similar to the one reported have been perpetrated by well organized gangs which have had headquarters in this city for several months.

## FLEET SHUTS JAPAN'S MOUTH AVERS LODGE

BOSTON, Aug. 14.—Declaring that Japan was ready to make insulting demands on the United States did she dare and that the only way to guard against such was to increase our navy, United States Senator Lodge launched into a strident and vigorous plea for a bigger and better navy at a Republican ratification meeting.

# BORAX SMITH TO HAVE RIVAL

**A Million Dollar Concern to Sell Borax in Competition With Him -- To Operate in Death Valley.**

SAN FRANCISCO, Oct. 14.—F. M. Smith, the borax king, is to have serious opposition in the field of commerce over which he has long held solitary sway. A new \$1,000,000 corporation, known as the Sterling Borax company, has been formed and has acquired valuable property in Death valley close to those which have yielded a fortune for Smith. It was announced that while the new company had not been organized with the express purpose of fighting Smith, it was intended as a formidable rival.

The new concern comes into existence in the form of a consolidation of the American Borax company, the Stauffer Chemical company and affiliated corporations. The merger includes the Brighton Chemical company, which is a branch of the American Borax company, and the Frazier Borate Mining company and Thomas, Thor, Kildeson and company of Chicago, both of which have in the past been connected with the Stauffer company.

At the very outset the new corporation has clashed with the Smith interests, both endeavoring to purchase the Borax Properties, Limited, an

English concern, which recently took over the Palm Borate company. The British company has begun the erection of a \$75,000 plant in southern California to treat boric acid ore. When completed the plant will be able to treat 100 tons of ore a day. By its acquisition either company would be able to add great strength to its position.

The Sterling company has mines at Lang, in this state, and Ventura county as well as in Death valley. Its promoters claim that its fields are as large and rich as those owned by Smith. Its main office is located in the east. The directors, who are for the most part eastern capitalists, are as follows: Thomas Ghorikildson, Charles de Guigne of San Francisco, John Stauffer, H. Matther, and E. Dawes of the firm of Dawes and Myler of Pittsburg.

The borax industry of California has been an extremely profitable one for the last twenty years. The production for twenty-one years has been 767,469,000 pounds, valued at 17,456,334. The production in 1890 was a little more than 6,000,000 pounds. In 1907 it had increased to 106,000,000 pounds.

# FLAMES SWEEP BISBEE

(By Associated Press.)  
 BISBEE (Ariz.), Oct. 14.—Fire destroyed property here tonight of an estimated value of \$500,000. Dynamite was resorted to to check the flames. A number of business houses as well as a number of residences were wiped out. Several persons were injured by the explosion of dynamite, but none fatally.

## AN OIL STRIKE AT MONO LAKE

CARSON CITY, Oct. 14.—Word was brought to this city Tuesday night of a good strike of oil in the Mono lake district just over the state line in California. According to the meager reports received here a strike has been made at a depth of about 300 feet in the district and the new well is flourishing at the rate of forty barrels the day. The oil is also a rich lubricating oil and is consequently valued at about \$8 the barrel, owing to this feature.

Work has been in progress in the Mono district for about six months, but drilling has not been constantly going on. The work has been of a sort of desultory nature, a little drilling and then a long cessation from labor. Consequently the district has not been exploited to any extent.

# BALKAN OUTLOOK BETTER

(By Associated Press.)  
 PARIS, Oct. 14.—It is believed here that the international conference on the Balkan situation, which is now regarded as certain, will be limited to ratification of private arrangements. The matters to be settled between Turkey and the powers will probably be the recognition of the independence of Bulgaria and the annexation of Bosnia and Herzegovina as accomplished facts; the annexation of Crete to Greece through the intermediary of four powers, under whose protection Crete has been; opening of the Dardanelles; abandoning Austro-Hungary tutelage over Montenegro and if possible some sort of satisfaction for Servia.

## WILDCATTERS ARE TO STAND TRIAL

(By Associated Press.)  
 LOS ANGELES, Oct. 14.—Fred C. Nash and C. J. Callahan, accused of issuing a false report on the Gold Bullfrog Mining Milling company last September, were bound over to the superior court by Justice Selph today under \$1000 bail each, which was given.

# AERONAUTS FALL IN SEA

(By Associated Press.)  
 BERLIN, Oct. 14.—Only one of the twenty-three balloons which started in the race for the international trophy Sunday is unaccounted for. This is the German balloon Busley. Dispatches received today from Guxhaven announced that the Spanish contestants in the Castilla dropped into the ocean six miles north of Helligoland and that the navigators were rescued by fishermen. This evening a dispatch was received from Molde, Norway, telling of the descent of the Swiss balloon Helvetia into the ocean and the rescue of the aeronauts. Molde is thirty-two miles southwest of Christiansia, and to reach this point the Helvetia traveled 775 miles in a direct line, which is the greatest distance reported to the credit of any contestant.

# DOLLIVER SPEAKS ON TARIFF

SAN FRANCISCO, Oct. 14.—That Judge Taft is the logical successor of Roosevelt was the central thought of the address United States Senator J. P. Dolliver of Iowa delivered before a record crowd tonight.

The speaker of the evening was introduced by Senator Perkins. The first part of his address was in the nature of a history of the Dingley tariff bill, of which Senator Dolliver was one of the framers. Dolliver took up the general Democratic arguments against the tariff and answered each one specifically, giving the audience many figures to consider.

# A GOOD CHURCH SEASON

(By Associated Press.)  
 NEW ORLEANS, Oct. 14.—Notwithstanding the panic the biggest year's business in its history in dollars and cents was done up to October 1 of this year by the board of church extensions of the Church of Christ. This statement summarizes the annual report by the board delivered today before the International Missionary convention. The board's chief work was housing eighty-seven homeless congregations. It loaned about \$50,000 for church extension.

## HARRIMAN STOCKS ARE SENT DOWN

(By Associated Press.)  
 NEW YORK, Oct. 14.—The stock market took on all the aspects of a narrow, professional affair today. Varying fluctuations were meaningless and reflected no convictions on the part of those responsible for the bulk of the dealings, but merely an attempt to effect a movement of prices for trading purposes. The volume of the day's transactions was meagre and the constant shifting current of prices demonstrated a feeling of hesitation and uncertainty on the part of those taking part in the market. Harriman's Pacific were affected somewhat by reports of intended prosecutions by the government to recover public lands in Nevada, including railroad grants. Bonds were steady.

## GEORGE SWASY'S MOTHER VERY ILL

George Swasey, chief of the fire department, leaves this morning for Yerington, having received a telegram stating that his mother, Mrs. Margaret Swasey, is seriously ill. The dispatch did not state the nature of Mrs. Swasey's illness, but it is thought to be ailments incident to old age, as she is over 63 years old. Mrs. Swasey is one of the pioneers of Nevada and has resided in Yerington valley for a great number of years.

## MAKE EDUCATOR GAZE ON LYNCHED NEGROES

CLARKSDALE (Miss.), Oct. 14.—The citizens of Lulu would not allow the bodies of the negroes Jim and Frank Davis, who were lynched yesterday, to be cut down until the train bearing Booker T. Washington arrived from Helena. The negroes were returning from Helena where they heard Washington's speech when they became involved in the trouble that resulted in the lynching.

The regular meeting of St. Mark's guild will be held in the guild room on Friday, October 16, at 2:30 p. m. K. Kidd, Secretary.
