

THE PIOCHE WEEKLY RECORD.

VOL. XLVI.

PIOCHE, NEVADA, THURSDAY, SEPTEMBER 10, 1896.

NO. 23.

LINES FROM LINE CITY.

There has been several good cash offers made for mines during the week, but the owners declined.

The Cripple claim, about two miles north of Line city, shows assays of \$17 in gold and four ounces in silver. This claim has not even been crated upon, but the owners are preparing to go to work.

The Rich-Man mine, owned by the Clark Brothers, now under bond for \$50,000 to Minnesota parties, averages in gold \$17. There has been little or no work done on this claim, except the scratching of the surface soil.

Iron county has contributed \$1,500 to build a road into Line city from the railroad terminus. Thos. Kelly has been appointed roadmaster. Now let Lincoln county fix her side of the road and everything will be lovely for travel.

A considerable number of claims have been sold in the last two weeks, and among them one purchased by Joe Delmar in the silver claim owned by Dan Ross. This is one of the most promising silver claims discovered, and is situated about three miles south of Line city.

The Ophir mine is now down 130 feet. The whim is in place and sinking will be resumed the last of this week. The ore vein continues to hold its own, gradually widening as sunk upon. The last shipment of ore from the mine averaged 589 ounces in silver and \$2 in gold. The owners refused \$50,000 offered for the mine last Saturday.

A prospector named Hicks, has just discovered a gold ledge a few yards on the Nevada side of the line. The assays from the moppings went \$83.50 in gold and a few ounces in silver. The locality in which this mine is situated is looked upon by all in the district as the most favorable of any yet discovered. An enterprising merchant is erecting a saloon within 200 yards of the prospect hole.

The Gold Haven, a sister claim to the Creole, adjoining it on the north, shows gold ore in both short tunnels. The owners of this claim are sinking a shaft at the foot of the hill to learn whether the ledge extends through. They are now down a depth of thirty feet, and have just struck hard ground, but are not yet sure whether they have struck a large boulder or solid ground.

The Rice Brothers are pushing work on the Jumbo claim. The assays from this mine have been gradually increasing as work progressed, and it promises to be the peer of any gold mine in the district. Free gold can be seen in considerable of the ore extracted, and the ledge is about two feet in width. The owners are making preparations for the erection of a whim.

The Utah Spur has been bonded to a Mr. Murphy, an old and experienced mining man well known throughout the intermountain country, for the sum of \$20,000, \$1,000 to be paid down, and the balance to be made in two payments within one year. Work will be resumed on the Spur as soon as tools and material can be procured. This claim is owned by Hi Rice and F. N. Millett.

The pets of the camp consists of a young hen and rooster. It is amusing to watch the "boys" taking care of the chicks. The other day the rooster made his first crow, which created the greatest excitement we have yet had in town. Prospectors came in from the surrounding country to hear the little fellow sound his horn. No mother was ever prouder of a word uttered by her first born than the boys were of that crow.

There are a number of so-called, positive looking jacks hereabouts, who receive their full share of blame when things are missing. Hang out a piece of beef at night to keep it cool, in the morning when you get up you are surprised to discover that the "jacks" have stolen it. Got up in the morning and go to your claim to work and find that your tools, powder, fuse and caps missing, you accuse your neighbor by accusing the "jacks."

The other morning at day-break a man went out to feed his team, and bless us, if those rascally "jacks" didn't steal wagon, horses and all, not even leaving the neck-yoke. The "jacks" will steal everything but the little pet chickens.

The Creole claim, which is looked upon by most of the prospectors in this district as being on the main gold belt, and the most promising gold claim yet discovered, continues improving as work progresses. The ore recently shipped from this claim averaged over four ounces in gold and twelve ounces in silver. The ledge, at the face of the lower tunnel, is over three feet in width and will average about \$60 in gold. The owners of this claim are "scientific" miners. They are sinking a shaft from the top. When the shaft has gained about 100 feet in depth, they will run in the tunnel along the ledge a distance of about 150 feet and tap the shaft. They explain this method of working by stating that they wish to have air in back when the tunnel is pushed ahead.

Among the most promising silver mines in State Line district is the Burro, owned by Baker, Peck, Stinson & Co. This claim has been sunk on to the depth of about forty feet. In sinking, a seam of ore was followed, leading the miners astray, but they run a cut to the west and in the distance of ten feet again struck their main vein; the ore measuring about ten inches in width. A few tons of ore shipped from this claim averaged some 250 ounces in silver and \$23 in gold per ton. An expert visiting this district remarked that the owners of this claim were the only parties here who asked a reasonable price for their mine. In Spain, when they wish to pay an extra brilliant man a compliment, they say that he is as "wise as an ass," regarding that bird as the smartest of the animal kingdom. Gentlemen, you are genuine "barros."

The group of claims owned by Drake, Strong and Lambert are improving as work progresses. The west tunnel is now showing free gold.

There were several chances for claim-owners to dispose of their property during the past week for reasonable cash prices, but they wanted more. This is the trouble with all newly discovered mining sections.

The recently discovered gold claims, eight miles south of here, on the Nevada side, continues to look exceedingly well.

There has been gold discovered ten miles south of Line city, supposed to be on the Nevada side. This makes, so far as known, the gold discoveries in this vicinity some eighteen miles in length.

Mr. Smithson of Beaver is now erecting a boarding house in Ophir gulch.

Line city has now both a hotel and restaurant, so visitors to this camp need have no fear of obtaining a place to sleep and eat.

The mice are getting very numerous in town, but we have been promised a cargo of cats from Pioche soon.

For County Recorder.

The latest public announcement for the office of Recorder and Auditor is that of Wm. DeFriez, of Delamar, which appears this week. Mr. DeFriez is well known throughout this section and will make his candidacy by petition, though he is a member of the Silver Party. He was employed by the Godbe Mercantile Co. here as accountant, and since locating at Delamar has been employed at the water office until a short time ago, and is the present Justice of the Peace here. He possesses all the qualifications called for in the Recorder office and if elected promises to personally attend the duties required. The voting public will hear and learn more of him as the campaign progresses.

Silver Party State Convention.

A telegram to the Recorder gives the following as the nominations made at the Silver Party State Convention on the 8th at Elko:

For Presidential electors—B. F. Lette, George Russell and Joseph Ryan.

For Member of Congress—Francis G. Newlands.

For Supreme Judge—W. A. Massey.

For Lieutenant Governor—C. H. Hardin.

Regent State University, long term—J. N. Evans.

Regent State University, short term—H. S. Starratt.

The telegram adds that the Democratic State convention endorses the above ticket. This practically insures the election of ticket from top to bottom, and carries out the plan which it was stated had been agreed upon by the Silver and Democratic parties several weeks ago.

Released.

Mrs. Flood, who has been confined in jail on civil process at Delamar for three weeks past, was released by the plaintiffs in the case there last Wednesday morning. During the summer she was engaged in running a boarding house, and in July was attacked and closed out by one of her grocery creditors. She left for Pioche to obtain legal advice, and while enroute for Pausca was arrested and taken back to Delamar and charged with trying to skip the country. This suit was brought by several creditors, the whole representing something over \$200. Failing to pay she was placed in jail, and later took steps for her release on a writ of habeas corpus. Whether these papers were served or not we don't know, but she was asked to give notes to her judgment creditors, which she refused to do, as they already had taken judgment. Finding that they had nothing to gain by keeping her longer in prison, the creditors last Wednesday ordered her discharged. She left by private conveyance on Saturday for Salt Lake, expecting to return in a month or two.

PANACA PICKINGS.

The new brick dwelling of N. J. Wadsworth is nearing completion. When finished it will be the finest residence in the county.

Several parties about town are preparing to build. Brick dwellings are in fashion. The brick are made right here in town and are of good quality.

Local parties are being more generally discussed. As the question is discussed, the general disposition manifested here is that the local parties had better maintain their organizations and hold conventions as they have always done.

Arthur O. Lee is preparing to build a hayrack and stable 33 x 70 feet in size and which will be placed on the west side of his lot. It will be the first structure of the kind in town and will amply repay its cost if travel continues as it has been for a year past.

The necessary arrangements for the base ball game with Pioche were not completed. Each side blames the other for the misunderstanding, but our boys say they are ready at any time to keep up Panaca's local reputation at the national sport.

On Sunday afternoon about three o'clock a good rain fell in and around the town. The storm came from the Floral Spring vicinity on the west and swung to the north-east of town where the rainfall was very heavy. Shortly after four, and when the storm had entirely ceased at Panaca, a flood passed through the town from the northeast and from that time until after seven, a heavy body of water ran through town, across the public square. It was less in volume however, and did less damage than the flood of last year.

"FORM" IN BICYCLING.

How Society People Go a Wheeling—Attending Grooms and Maids.

The "form" of bicycling is beginning to be studied. Grooms on wheels must follow their mistresses as they did on horseback; it is probably only a question of a short time when the lady's maid will have to include wheeling with her other accomplishments to secure a situation. On the road the woman who wishes to ride a la mode has to know a number of little things that are overlooked by another woman, just as the smart set have a code for riding and driving that is as inexorable as that they should not eat with their knives or put sugar on oysters. Society insists on an upright position, with, of course, no attempt at racing pace. It also frowns upon constant ringing of the bells—that will do for the vulgar herd who delight in noise; the well-mannered wheelwoman keeps eyes and ears alert and touches her bell rarely.

Lost.

Between Pioche and Geyer stations, a silver watch with calendar dial. Finder will please leave at the Record office and receive \$5.00 reward.

J. B. WHEELER, Highland, Nev. Aug. 27th, 1896.

Who can think of some thing to patent? Protect your ideas, they may bring you wealth. Write JOHN WEDDERBURN & CO., Patent Attorneys, Washington, D. C., for their \$1.00 prize offer and list of two hundred inventions wanted.

Application for Patent.

Notice is hereby given that JOHN C. BARBER, by his duly authorized agent, J. S. Thompson, whose postoffice address is Pioche, Lincoln County, State of Nevada, has made application for a United States Patent for the Improved Mining Claims—Towns of the Four Mountain Prospect and Younatti claims, situated in the Elko Mining District, Lincoln County, State of Nevada, consisting of fifteen hundred linear feet of the Four Mountain Prospect and Younatti claims, thirteen hundred and ten linear feet of the Elko claim, seven hundred linear feet of the Allison claim, and seven hundred and two feet of the Capen claim, and two hundred feet in width surface ground on each claim as shown on the plat posted on the office with electric variation of eight degrees east as follows:

JIG CLAIM.

Beginning at the identical place of discovery, a pine post 4 1/2 inch, five feet long, marked U S L 27 D-1; thence north 13 degrees 17 minutes east 180 feet to north east corner No. 1 of location; a 4 1/2 inch five foot long post marked U S L 27 F-1 for corner No. 1; thence south 76 degrees 43 minutes west 112 1/2 feet to north east corner No. 2 of location, a 4 1/2 inch five foot long post marked U S L 27 F-2 for corner No. 2; thence south 76 degrees 43 minutes west 112 1/2 feet to north east corner No. 3 of location, a 4 1/2 inch five foot long post marked U S L 27 F-3 for corner No. 3; thence south 76 degrees 43 minutes west 112 1/2 feet to north east corner No. 4 of location, a 4 1/2 inch five foot long post marked U S L 27 F-4 for corner No. 4; thence north 13 degrees 17 minutes east 180 feet to the place of beginning.

YOUNATTI CLAIM.

Beginning at the identical place of discovery, a 4 1/2 inch five foot long post marked U S L 27 D-2; thence north 13 degrees 17 minutes east 180 feet to north east corner No. 1 of location; a 4 1/2 inch five foot long post marked U S L 27 F-1 for corner No. 1; thence south 76 degrees 43 minutes west 112 1/2 feet to north east corner No. 2 of location, a 4 1/2 inch five foot long post marked U S L 27 F-2 for corner No. 2; thence south 76 degrees 43 minutes west 112 1/2 feet to north east corner No. 3 of location, a 4 1/2 inch five foot long post marked U S L 27 F-3 for corner No. 3; thence south 76 degrees 43 minutes west 112 1/2 feet to north east corner No. 4 of location, a 4 1/2 inch five foot long post marked U S L 27 F-4 for corner No. 4; thence north 13 degrees 17 minutes east 180 feet to the place of beginning.

ALBION CLAIM.

Beginning at the identical place of discovery, a 4 1/2 inch five foot long post marked U S L 27 D-3; thence north 13 degrees 17 minutes east 180 feet to north east corner No. 1 of location; a 4 1/2 inch five foot long post marked U S L 27 F-1 for corner No. 1; thence south 76 degrees 43 minutes west 112 1/2 feet to north east corner No. 2 of location, a 4 1/2 inch five foot long post marked U S L 27 F-2 for corner No. 2; thence south 76 degrees 43 minutes west 112 1/2 feet to north east corner No. 3 of location, a 4 1/2 inch five foot long post marked U S L 27 F-3 for corner No. 3; thence south 76 degrees 43 minutes west 112 1/2 feet to north east corner No. 4 of location, a 4 1/2 inch five foot long post marked U S L 27 F-4 for corner No. 4; thence north 13 degrees 17 minutes east 180 feet to the place of beginning.

CAPEN CLAIM.

Beginning at the identical place of discovery, a 4 1/2 inch five foot long post marked U S L 27 D-4; thence north 13 degrees 17 minutes east 180 feet to north east corner No. 1 of location; a 4 1/2 inch five foot long post marked U S L 27 F-1 for corner No. 1; thence south 76 degrees 43 minutes west 112 1/2 feet to north east corner No. 2 of location, a 4 1/2 inch five foot long post marked U S L 27 F-2 for corner No. 2; thence south 76 degrees 43 minutes west 112 1/2 feet to north east corner No. 3 of location, a 4 1/2 inch five foot long post marked U S L 27 F-3 for corner No. 3; thence south 76 degrees 43 minutes west 112 1/2 feet to north east corner No. 4 of location, a 4 1/2 inch five foot long post marked U S L 27 F-4 for corner No. 4; thence north 13 degrees 17 minutes east 180 feet to the place of beginning.

It is hereby ordered that the foregoing notice of application for patent be published for a period of sixty days (not consecutive weeks) in the Pioche Weekly Record, a weekly newspaper published at Pioche, Lincoln County, Nevada.
