The proposal is made with full knowledge of the distance of the route, the weight of the mail to be carried, and all other particulars in reference to the route and service; and, also, after careful examinations of the laws and instructions attached to advertisement of mail service; and of the provisions contained in the act of Congress of June 8, 1872.

Dated——— ——— ———, Bidder.

GUARANTEE.

The undersigned, residing at ——, State of ——, undertake that, if the foregoing bid for carrying the mail on route No. —— be accepted by the Postmaster General, the bidder will, prior to the 1st of June, 1874, enter into the required obligation or contract to perform the service proposed, with good and sufficient surities.

This we do, understanding distinctly the obligations and liabilities assumed by guarantors.

Bids of $5,000 and upward must be accompanied by a certified check, or draft, on some solvent National bank, equal to five per centum on the present annual pay on the route; or in case of new service, not less than five per centum of one year's pay proposed in bid.—(Section 253, Act of June 8, 1872.)

NOTE.—When the oath is taken before a Justice of the Peace, the certificate of the clerk of a court of record should be added, under his seal of office, that the person who administered the oath is a duly qualified Justice of the Peace.

INSTRUCTIONS TO BIDDERS AND POSTMASTERS:

Containing also conditions to be incorporated in the contracts to the extent the Department may deem proper.

1. Seven minutes are allowed to each intermediate office, when not otherwise specified, for assorting the mails.

2. On routes where the mode of conveyance admits of it, the special agents of the Postoffice Department, also postoffice blanks, mail bags, locks and keys, are to be conveyed without extra charge.

3. "Way bills" or receipts, prepared by postmasters or other agents of the Department, will accompany the mails, specifying the number and destination of the several bags, to be examined by the postmasters, to insure regularity in the delivery of bags and pouches.

4. No pay will be made for trips not performed; and for each of such omissions, if the failure be occasioned by the fault of the contractor or carrier, three times the pay of the trip will be deducted. For arrivals so far behind time as to break connection with depending mails, and not sufficiently excused, one-fourth of the compensation for the trip is subject to forfeiture. For repeated delinquencies of the kind herein specified, enlarged penalties, proportioned to the nature thereof, and the importance of the mail, may be made.

5. For leaving behind or throwing off the mails, or any portion of them, for the admission of passengers, or for being concerned in setting up or running an express conveying intelligence in advance of the mail, a quarter's pay will be deducted.

6. Fines will be imposed, unless the delinquency be promptly and satisfactorily explained by certificates of postmasters or the affidavits of other credible persons, for failing to arrive in contract time; for neglecting to take the mail from, or deliver it into, a postoffice; for suffering it to be wet, injured, destroyed, robbed, or lost; and for refusing, after demand, to convey the mail as frequently as the contractor runs, or is concerned in running, a coach, car, or steamboat on a route.

7. The Postmaster General may annul a contract for repeated failures to run agreeably to contract; for violating the postoffice laws, or disobeying the instructions of the Department; for refusing to discharge a carrier when required by the Department to do so; for running an express as aforesaid; or for transporting persons or packages conveying mailable matter out of the mail.

8. The Postmaster General may discontinue or extend a contract, change the schedule and termini of a route, and alter, increase, decrease, or extend the service, in accordance with law, he allowing a pro rata increase of compensation for any additional service thereby required, or for increased speed, if the employment of additional stock or carriers is rendered necessary; and in case of decrease, curtailment, or discontinuance of service, as a full indemnity to said contractor, one month's extra pay on the amount of service dispensed with, and a pro rata compensation for the service retained. Provided, however, that, in case of increased expedition, the contractor may, upon timely notice, relinquish the contract.

9. Payments will be made by collections from, or drafts on, postmasters or otherwise, after the expiration of each quarter—say in November, February, May and August, provided that required evidence of service has been received.

10. The distances given are believed to be substantially correct; but no increased pay will be allowed should they be greater than advertised, if the points to be supplied are correctly stated. Bidders must inform themselves on this point, and also in reference to the weight of the mail, the conditions of hills, roads, streams &c., and all toll-bridges, turnpikes, plank-roads, ferries, or obstructions of any kind by which expense may be incurred. No claim for additional pay, based on such ground, can be considered, nor for alleged mistakes or misapprehension as to the degree of service; nor for bridges destroyed, ferries discontinued, or other obstructions causing or increasing distance or expense occurring during the contract term. Offices established after this advertisement is issued, and also during the contract term, are to be visited without extra pay, if the distance be not increased.

11. Bidders are cautioned to mail their proposals in time to reach the Department by the day and hour named (3 p. m., February 2, 1874), as bids received after that time will not be considered in competition with bids, of reasonable amount, received in time. Neither can bids be considered which are without the guarantee required by law, and a certificate of the sufficiency of such guarantee, and the oath of the bidder, according to section 246, act of June 8, 1872.

12. Bidders should first propose for service strictly according to the advertisement, and then, if they desire, separately for different service; and if the regular bid be the lowest offered for the advertised service, the other propositions may be considered.

13. There should be but one route bid for in a proposal. Consolidated or combination bids ("proposing one sum for two or more routes") cannot be considered.

14. The route, the service, the yearly pay, the name and residence of the bidder (that is, his usual post-office address), and the name of each member of a firm, where a company offers, should be distinctly stated.

15. Bidders are requested to use, as far as practicable, the printed proposals furnished by the Department, to write out in full the sum of their bids, and to retain copies of them.

Altered bids should not be submitted; nor should bids once submitted be withdrawn. No withdrawal of a bidder or guarantor will be allowed unless the withdrawal is received twenty-four hours previous to the time fixed for opening the proposals.

Each bid must be guaranteed by two responsible persons. The bid and guarantee should be signed plainly with the full name of each person.

The Postmaster General reserves the right to reject any bid which may be deemed extravagant; and also to disregard the bids of failing contractors and bidders. (Act of June 8, 1872, section 249.)

16. The bid should be sealed, subscribed "Mail Proposals, State of Nevada," addressed "Second Assistant Postmaster General, Contract Office." Bids of $5,000 per annum and upward must be accompanied by a certified check, or draft, on some solvent National Bank, equal to 5 per cent. of the amount; also bids for service which now costs $5,000 or more per annum. Where the present pay is $5,000 or more, it is stated in the advertisement under the appropriate route.

17. The contracts are to be executed and returned to the Department by or before the 1st day of June, 1874, otherwise the accepted bidder will be considered as having failed, and the Postmaster General may proceed to contract for the service with other parties, according to law.

Transfers of contracts, or of interest in contracts, are forbidden by law, and consequently cannot be allowed. Neither can bids or interest in bids, be transferred or assigned to other parties. Bidders will therefore take notice that they will be expected to perform the service awarded to them through the whole contract term.

18. Section 249 of the act of June 8, 1872, provides that contracts for the transportation of the mail shall be "awarded to the lowest bidder tendering sufficient guarantees for faithful performance, without other reference to the mode of such transportation than may be necessary to provide for the due celerity, certainty, and security thereof." Under this law bids that propose to transport the mails with "celerity, certainty, and security," having been decided to be the only legal bids, are construed as providing for the entire mail, however large, and whatever may be the mode of conveyance necessary to insure its "celerity, certainty, and security," and have the preference over all others, and no others are considered, except for steamboat routes.

19. A modification of a bid in any of its essential terms is tantamount to a new bid, and cannot be received, so as to interfere with regular competition. Making a new bid, with guarantee and certificate, is the only way to modify a previous bid.

20. Postmasters are to be careful not to certify to the sufficiency of guarantors without knowing that they are persons of sufficient responsibility. (See section 247, act of June 8, 1872.) They must not sign the certificate until the sum of the bid is inserted, and the bid and guarantee are signed by the bidder and (two) guarantors; a disregard of this instruction by Postmasters will subject them to immediate removal and to severe penalties.

Postmasters are also liable to dismissal from office for acting as agents of contractors or bidders, with or without compensation, in any business, matter, or thing relating to the mail service. They are the trusted agents of the Department, and cannot consistently act in both capacities.

21. All bidders, guarantors, and sureties are distinctly notified that on a failure to enter into or perform the contracts for the service proposed for in the accepted bids, their legal liabilities will be enforced against them.

22. Present contractors, and persons known at the Department, must, equally with others, procure guarantors and certificates of their sufficiency substantially in the forms above prescribed. The certificate of sufficiency must be signed by a Postmaster.

23. In all cases where the routes are not fully supplied with the necessary locks and pouches, it is the duty of the Postmaster at the head of the route to make requisition on the Contract Office of this Department for such locks and pouches before 1st of July next provided the route be let.
