DAILY RECORD

MINING LAW.

Laws of Congress Governing the Location, Holding and Working of Mining Claims Upon the Public Domain.

Below will be found an abstract of the Mining Laws of the United States, as passed by Congress and approved May 10, 1872. These are the last, and hence the only mining laws of general interest and force, with the single exception of a portion of section 5, in reference to the relocation of claims and mines located prior to the passage of the general mining law. The Act amending the section alluded to will also be found, following the general law modifying section 5, so that a claim located prior to May 10, 1872, is not subject to relocation until June 10, 1874.

AN ACT to promote the development of the Mining resources of the United States'

Be it enacted by the Senate and House of Representatives of the United States of America in Congress assembled, That all valuable mineral deposits in lands belonging to the United States, both surveyed and unsurveyed, are hereby declared to be free and open to exploration and purchase, and the lands in which they are found to occupation and purchase by citizens of the United States and those who have declared there intention to become such, under regulations prescribed by law, and according to the local customs or rules of miners, in the several mining districts, so far as the same are applicable and not inconsistent with the laws of the United States.

Sec. 2. That mining claims upon veins or lodes of quartz or other rock in place bearing gold, silver, cinnabar, lead, tin, copper, or other valuable deposits heretofore located, shall be governed as to length along the vein or lode by the customs, regulations, and laws in force at the date of their location. A mining claim located after the passage of this act, whether located by one or more persons, may equal, but shall not exceed one thousand five hundred feet in length along the vein or lode; but no location of a mining claim shall be made until the discovery of the vein or lode within the limits of the claim located. No claim shall extend more than three hundred feet on each side of the middle of the vein at the surface, nor shall any claim be limited by any mining regulation to less than twenty-five feet on each side of the middle of the vein at the surface, except where adverse rights existing at the passage of this act shall render such limitation necessary. The end-lines of each claim shall be parallel to each other.

Sec. 3. That the locators of all mining locations heretofore made, or which shall hereafter be made, on any mineral vein, lode, or ledge, situated on the public domain, their heirs and assigns, where no adverse claim exists at the passage of this act, so long as they comply with the laws of the United States, and the State, Territorial and local regulations not in conflict with said laws of the United States governing their possessory title, shall have the exclusive right of possession and enjoyment of all the surface included within the lines of their locations and of all veins, lodes, and ledges throughout the entire depth, the top or apex of which lies inside of such surface-lines extended downward vertically, although such veins, lodes or ledges may so far depart from a perpendicular in their course downward as to extend outside the vertical sidelines of said surface locations: Provided, that their right of possession to such outside parts of such veins or ledges shall be confined to such portions thereof as lie between vertical planes drawn downward as aforesaid, through the end lines of their locations, so continued in their own direction that such planes will intersect such exterior parts of said veins or ledges: And provided further, that nothing in this section shall authorize the locator or possessor of a vein or lode which extends in its downward course beyond the vertical lines of his claim to enter upon the surface of a claim owned or possessed by another.

Sec. 4. That where a tunnel is run for the development of a vein or lode, or for the discovery of mines, the owners of such tunnel shall have the right of possession of all veins or lodes within three thousand feet from the face of such tunnel on the line thereof, not previously known to exist, discovered in such tunnel, to the same extent as if discovered from the surface; and locations on the line of such tunnel of veins or lodes not appearing on the surface, made by other parties after the commencement of the tunnel, and while the same is being prosecuted with reasonable diligence, shall be invalid: but failure to prosecute the work on the tunnel for six months shall be considered as an abandonment of the right to all undiscovered veins on the line of said tunnel.

Sec. 5. That the miners of each mining district may make rules and regulations not in conflict with the laws of the United States, or with the laws of the State or Territory in which the district is situated, governing the location, manner of recording, amount of work necessary to hold possession of a mining claim, subject to the following requirements: Location must be distinctly marked on the ground so that its boundaries can be readily traced. All records of mining claims hereafter made shall contain the name or names of the locators, date of the location, and such a description of the claim or claims located by reference to some natural object or permanent monument as will identify the claim. On each claim located after the passage of this act, and until a patent shall have been issued therefor, no less than one hundred dollars worth of labor shall be performed or improvements made during each year. On all claims located prior to the passage of this act, ten dollars worth of labor shall be performed or improvements made each year for each one hundred feet in length along the vein until a patent shall have been issued therefor; but where such claims are held in common, such expenditure may be made upon any one claim; and upon a failure to comply with these conditions, the claim or mine upon which such failure occurred shall be open to re-location in the same manner as if no location of the same had ever been made: Provided, That the original locators, their heirs, assigns, or legal representatives, have not resumed work upon the claim after such failure and before such location. Upon the failure of any one of several co-owners to contribute his portion of the expenditures required by this act, the co-owners who have performed the labor or made the improvements may, at the expiration of the year, give such delinquent co-owner personal notice in writing or notice by publication in the newspaper published nearest the claim, for at least once a week for ninety days, and if at the expiration of ninety days after such notice in writing or by publication such delinquent should fail or refuse to contribute his proportion to comply with this act, his interest in the claim shall become the property of his co-owners who have made the required expenditures.

Sec. 6. That a patent for any land claimed and located for valuable deposits may be obtained in the following manner: Any person, association, or corporation authorized to locate a claim under this act, having claimed and located a piece of land for such purposes, who has, or have, complied with the terms of this act, may file in the proper land-office an application for a patent, under oath, showing such compliance, together with a plat and field-notes of the claim or claims in common, made by or under the direction of the United States Surveyor General, shewing accurately the boundaries of the claim or claims, which shall be distinctly marked by monuments on the ground, and shall post a copy of such plat, together with a notice of such application for a patent, in a conspicuous place on the land embraced in such plat previous to the filing of the application for a patent, and shall file an affidavit of at least two persons that such notice has been duly posted as aforesaid, and shall file a copy of such notice in such land-office, and shall thereupon be entitled to a patent for said land, in the manner following: The register of the land-office, upon the filing of such application, plat, field-notes, notices and affidavits, shall publish a notice that such application has been made, for the period of sixty days, in a newspaper to be by him designated as published nearest to said claim; and he shall also post such notice in his office for the same period. The claim at the time of filing this application, or at any time thereafter, within the sixty days of publication, shall file with the register a certificate of the United States Surveyor General that five hundred dollars worth of labor has been expended or improvements made upon the claim by himself or grantors; that the plat is correct, with such further description by such reference to natural objects or permanent monuments as shall identify the claim, and furnish an accurate description, to be incorporated in the patent. At the expiration of the sixty days of publication the claimant shall file his affidavit, showing that the plat and notice have been posted in a conspicuous place on the claim during said period of publication. If no adverse claim shall have been filed with the register and the receiver of the proper land-office at the expiration of the sixty days of publication it shall be assumed that the applicant is entitled to a patent, upon the payment to the proper officer of five dollars per acre, and that no adverse claim exists; and thereafter no objection from third parties to the issuance of a patent shall be heard, except it be shown that the applicant has failed to comply with this act.

Sec. 7. That where an adverse claim shall be filed during the period of publication, it shall be upon oath of the person or persons making the same, and shall show the nature, boundaries, and extent of such adverse claim, and all proceedings, except the publication of notice and making and filing of the affidavit thereof, shall be stayed until the controversy shall have been settled or decided by a court of competent jurisdiction, or the adverse claim waived. It shall be the duty of the adverse claimant, within thirty days after filing his claim, to commence proceedings in a court of competent jurisdiction to determine the question of the right of possession, and prosecute the same with reasonable diligence, to final judgment; and a failure so to do shall be a waiver of his adverse claim. After such judgment shall have been rendered, the party entitled to the possession of the claim, or any portion thereof, may, without giving further notice, file a certified copy of the judgment roll with the register of the land office, together with the certificate of the Surveyor-General that the requisite amount of labor has been expended, or improvements made thereon, and the description required in other cases, and shall pay to the receiver five dollars per acre for his claim, together with the proper fees, whereupon the whole proceedings and the judgment-roll shall be certified by the register to the Commissioner of the General Land-Office, and a patent shall issue thereon for the claim, or such portion thereof as the applicant shall appear, from the decision of the court, to rightly possess. If it shall appear, from the decision of the court, that several parties are entitled to separate and different portions of the claim, each party may pay for his portion of the claim, with the proper fees, and file the certificate and description by the Surveyor-General, whereupon the register shall certify the proceedings and judgment-roll to the Commissioner of the Land Office, as in the preceding case, and patents shall issue to the several parties according to their respective rights. Proof of citizenship under this act, or the act of July 26th 1866, and July 9, 1870, in the case of an individual, may consist in his own affidavit thereof, and in case of an association of persons unincorporated of the affidavit of their authorized agent, made on his own knowledge or upon information and belief, and in case of a corporation organized under the laws of the United States, or of any State or Territory of the United States, by the filing of a certified copy of their charter or certificate of incorporation: and nothing herein contained shall be construed to prevent the alienation of the title conveyed by a patent for a mining claim to any person whatever.

Sec. 8. That the description of vein or lode claims, upon surveyed lands, shall designate the location of the claim with reference to the lines of the public surveys, but need not conform therewith; but where a patent shall be issued as aforesaid for claims upon unsurveyed lands, the Surveyor General in extending the surveys, shall adjust the same to the boundaries of such patented claims, according to the plat or description thereof, but so as in no case to interfere with or change the location of any such patented claim.

Sec. 9. That sections one, two, three, four and six, of an act entitled 'An Act granting the right of way to ditch and canal owners over the public lands, and for other purposes,' approved July twenty-sixth, eighteen hundred and sixty-six, are hereby repealed, but such repeal shall not affect existing rights. Applications for patents for mining claims now pending may be prosecuted to a final decision in the Genera' Land-Office; but in such cases where adverse rights are not affected thereby, patents may issue in pursuance of the provisions of this act; and all patents for mining claims heretofore issued under the act of July twenty-sixth, eighteen hundred and sixty-six, shall convey all the rights and privileges conferred by this act where no adverse rights exist at the time of the passage of this act.

Sec. 10. That the act entitled 'An Act to amend an act granting the right of way to ditch and canal owners over the public lands, and for other purposes,' approved July ninth, eighteen hundred and seventy, shall be and remain in full force, except as to the proceedings to obtain a patent which shall be similar to the proceedings prescribed by sections six and seven of this act for obtaining patents to vein or lode claims; but where said placer-claims shall be upon surveyed lands, and conform to legal subdivisions, no further survey or plat shall be required, and all placer mining claims hereafter located shall conform as near as practicable with the United States system of public land surveys and the rectangular subdivisions of such surveys, and no such location shall include more than twenty acres for each individual claimant, but where placer-claims cannot be conformed to legal subdivision, survey and plat shall be made as on unsurveyed lands: Provided, That proceedings now pending may be prosecuted to their final determination under existing laws; but the provisions of this act, when not in conflict with existing laws, shall apply to such cases: And provided also, That where by the segregation of mineral land in any legal subdivision a quantity of agricultural land less than forty acres remains, said fractional portion of agricultural land may be entered by any party qualified by law, for homestead or pre-emption purposes.

Sec. 11. That where the same person, association, or corporation is in possession of a placer-claim, and also a vein or lode included within the boundaries thereof, application shall be made for a patent for the placer-claim, with the statement that it includes such vein or lode, and in such case (subject to the provisions of this act and the act entitled "An act to amend an act granting the right of way to ditch and canal owners over the public lands, and for other purposes,' approved July ninth, eighteen hundred and seventy) a patent shall issue for the placer-claim, including such vein or lode, upon the payment of five dollars per acre for such vein or lode claim, and twenty-five feet of surface on each side thereof. The remainder of the placer-claim, or any placer claim not embracing any vein or lode claim, shall be paid for at the rate of two dollars and fifty cents per acre, together with all costs of proceedings; and where a vein or lode, such as described in the second section of this act, is known to exist within the boundaries of a placer-claim, an application for a patent for such placer-claim, which does not include an application for the vein or lode claim, shall be construed as a conclusive declaration that the claimant of the placer-claim has no right of possession of the vein or lode claim; but where the existence of a vein or lode in a placer-claim is not known, a patent for the placer-claim shall convey all valuable mineral and other deposits within the boundaries thereof.

Sec. 12. That the Surveyor-General of the United States may appoint in each land district containing mineral lands as many competent surveyors as shall apply for appointment to survey mining claims. The expenses of the survey of vein or lode claims, and the survey and subdivision of placer claims into smaller quantities than one hundred and sixty acres, together with the cost of publication of notices, shall be paid by the applicants, and they shall be at liberty to obtain the same at the most reasonable rates, and they shall also be at liberty to employ any United States Deputy Surveyor to make the survey. The Commissioner of the General Land-Office shall also have power to establish the maximum charges for surveys and publication of notices under this act; and, in case of excessive charges for publication, he may designate any newspaper published in a land district where mines are situated, for the publication of mining notices in such district, and fix the rates to be charged by such paper; and, to the end that the Commissioner may be fully informed on the subject, each applicant shall file with the Register a sworn statement of all charges and fees paid by said applicant for publication and surveys, together with all fees and money paid the Register and Receiver of the land-office, which statement shall be transmitted, with the papers in the case, to the Commissioner of the General Land-Office. The fees of the Register and the Receiver shall be five dollars each for filing and acting upon each application for patent or adverse claim filed, and they shall be allowed the amount fixed by law for reducing testimony to writing, when done in Land Office, such fees and allowances to be paid by the respective parties; and no other fees shall be charged by them in such cases. Nothing in this act shall be construed to enlarge or affect the rights of either party in regard to any property in controversy at the time of the passage of this act, or of the act entitled "An act granting the right of way to ditch and canal owners over the public lands, and for other purposes," approved July 26, 1866, nor shall this act affect any right acquired under said act; and nothing in this act shall be construed to repeal, impair, or in any way affect the provisions of the act entitled "An act granting to A. Sutro the right of way and other privileges to aid in the construction of a draining and exploring tunnel to the Comstock Lode, in the State of Nevada," approved July 25th, 1866.

Sec. 13. That all affidavits required to be made under this act, or the act to which it is amendatory, may be verified before any officer authorized to administer oaths within the land district where the claims may be situated, and all testimony and proofs may be taken before any such officer, and, when duly certified by the officer taking the same, shall have the same force and effect as if taken before the Register and Receiver of the Land Office. In cases of contest as to the mineral or agricultural character of land, the testimony and proofs may be taken as herein provided, on personal notice of at least ten days to the opposing party; or if said party cannot be found, then by publication of at least once a week for thirty days in a newspaper, to be designated by the Register of the Land Office as published nearest the location of such land; and the Register shall require proof that such notice has been given.

Sec. 14. That where two or more veins intersect or cross each other, priority of title shall govern, and such prior location shall be entitled to all ore or mineral contained within the space of intersection: Provided, however, That the subsequent location shall have the right of way through said space of intersection for the purposes of the convenient working of the said mine: And provided also, That where two or more veins unite, the oldest or prior location shall take the vein below the point of union, including all the space of intersection.

Sec. 15. That where non-mineral land not contiguous to the vein or lode is used or occupied by the proprietor of such vein or lode for mining or milling purposes, such non-adjacent surface ground may be embraced and included in an application for a patent for such vein or lode, and the same may be patented therewith, subject to the same preliminary requirements as to survey and notice as are applicable under this act to veins or lodes: Provided, That no location hereafter made of such non-adjacent land shall exceed five acres, and payment for the same must be made at the same rate as fixed by this act for the superfiates of the lode. The owner of a quartz mill or reduction works, not owning a mine in connection therewith, may also receive a patent for his mill-site, as provided in this section.

Sec. 16. That all acts and parts of acts inconsistent herewith are hereby repealed: Provided, That nothing contained in this act shall be construed to impair, in any way, rights or interests in mining property acquired under existing laws. Approved May 10, 1872.

CHAP. CCXIV.—An Act to amend an Act entitled 'An Act to promote the Development of the Mining Resources o United States.'

Be it enacted by t and House of Representatives of the United States of America in Congress assembled, That the provisions of the fifth section of the Act entitled "An Act to promote the development of the mining resources of the United Stated," passed May tenth, eighteen hundred and seventy-two, which requires expenditures of labor and improvements on claims located prior to the passage of said Act, are hereby so amended that the time for the first annual expenditure on claims located prior to the passage of said Act shall be extended to the tenth of June, eighteen hundred and seventy-four. Approved March 1, 1873.

STATE OF NEVADA, COUNTY OF LINCOLN.

Notice of Suits Commenced.

To the following-named defendants and to all claimants to the real estate and improvements, when assessed separately, hereinafter described, known or unknown: You are hereby notified that suits have been commenced before J. B. Van Hagen, Justice of the Peace, in the Justice's Court of the Township of Pioche, County of Lincoln, and State of Nevada, by the State of Nevada, plaintiff, against each of the defendants hereinafter named and each of the following described tracts or parcels of land, with the improvements, when separately assessed, and all owners of or claimants to the same, known or unknown, to recover the tax and delinquency assessed to said defendants against said property for the fiscal year commencing on the 1st day of January, A. D. 1873, and ending the 31st day of December, A. D. 1873, and that a summons has been duly issued in each case; and you are further notified that unless you appear and answer the complaint filed, on or before

The 6th day of February, A. D. 1874, at 12 o'clock m. of that day,

Judgment will be taken against you and the real estate and improvements herein described for the amounts of tax and delinquency specified and costs of suit.

Description of Property.

J A Curtis, the possessory claim to ranch in Pahranagat Valley, containing 320 acres of land, and improvements, and situated west of and adjoining the ranch of P. Wrights; tax and percentage $32.88.

John Cocroft, the possessory claim to 160 acres of land at Hiko and improvements; tax and percentage 30.80.

El Dorado Mill, ten-stamp mill in El Dorado Canyon, at the junction of the El Dorado Canyon with the Colorado river; tax and percentage 114.40.

J Jennings, the possessory claim to 160 acres of land, with improvements, at St Thomas; tax and percentage 100.10.

W L Kings, the possessory claim to ranch in Hiko Valley and improvements, soush of Gear's ranch; tax and percentage 192.02.

Patterson & Lassell, the possessory claim to 320 acres of land and improvements at Overton; tax and percentage 68.86.

Samuel Young, one smelting furnace and tramway in Freiberg District, known as the Morning Star Co.'s Works; tax and percentage 176.

W. H HENDERSON, Co. Auditor.
JOHN ROEDER, Co. Treasurer.
Pioche, Lincoln County, Nev., January 5, 1874. ja7-1w

Miscellanous.

Dr. Paul M. Brenan.

PUBLIC LECTURES ON ALL CHRONIC Diseases, and his Private Lectures to Gentlemen on "Manhood, its Loss and Restoration," and on "The Physiology of Man," and the various diseases of the genito-urinary organs, have made him master of this most important subject of the profession.

Thousands of broken-down constitutions can be raised to the full standard among men, mentally and physically, by timely calling upon him.

He is also thoroughly familiar with all the diseases and weaknesses to which woman, with her delicate and fine organization, is subject, and the best and shortest method of treating the same.

Consultation at the office free.

Correspondence promptly answered, and a list of printed questions sent to any part of the United States on application.

Private circular will be sent containing many things worth knowing.

Everything with the Doctor strictly confidential.

Office—127 Montgomery street, San Francisco, Cal.

Hours: From 9 to 12 m.; 2 to 5, and from 6 to 7½ p. m. Postoffice Box, 291. ja8-tf

Notice of Dissolution.

HAVING SOLD MY ENTIRE INTEREST in connection with the "San Francisco Brewery," in Pioche, John Cartwright, the co-partnership heretofore existing between the undersigned and Charles Behr in conducting said brewery is this day dissolved, and Messrs. Behr and Bissikumer will hereafter carry on the same at the old stand on Panaca Flat, collect all bills and pay all dues of the late firm.

E. H. BISSIKUMER.
Pioche, Nev., Dec. 5, 1873. jl3-m1

Notice of Dissolution.

NOTICE IS HEREBY GIVEN THAT THE co-partnership heretofore existing between the undersigned, in conducting the feed and livery business, at the Pioneer Stable, in Pioche Nevada, has been this day dissolved by mutual consent. E. H. Bissikumer will conduct the same business in the future on his own account, pay all bills due by the late firm, and collect all dues owing to the same.

JOSEPH COOK,
E. H. BISSIKUMER.
Pioche, Nev., Dec. 5, 1873. jl3-1m

Change of Proprietors.

HAVING DISPOSED OF THE STOCK AND GOOD WILL of the Pioneer Stables to Mr. Lehman, I cordially recommend him to all my late patrons.

E. H. BISSIKUMER.
Pioche, Nev., Jan. 8, 1874.

HAVING BECOME THE PROPRIETOR OF the "Pioneer Stables," on Meadow Valley street, in Pioche, I propose to keep the same in a manner to suit the times, and to insure success and satisfaction.

First class turnouts of every description—Buggies and Buggy teams unsurpassed this side of San Francisco. First class Saddle Horses.

Stock kept on most reasonable terms, and satisfaction guaranteed. Only give me a trial. jl3-m1 M. P. LEHMAN.

DANCING
ACADEMY.

MR. BACH RESPECTFULLY ANNOUNCES that he has commenced giving lessons in Dancing at Brown's Hall.

All the latest and most fashionable dances taught, and Mr. B. will guarantee to make each pupil an accomplished ball-room dancer after one course.

Classes for Gentlemen (new beginners) from 7 to 8 o'clock Tuesday and Friday evenings. Regular classes from 8 to 10 same evenings.

Classes for Ladies and Children from 3 to 5 p. m. Tuesdays and Fridays.

For further particulars, apply at the hall. d27-tf L. BACH.

For Sale.

THAT SPLENDID COTTAGE AND LOT, being the late residence of Hon. Mike McCluskey, together with the furniture therein, situated on Upper Main street, opposite the old RECORD office. For further particulars, apply on the premises to C. KNIGHT. jl3-w1

PUBLIC NOTICE.

NO PERSON OR PERSONS ARE AUTHORized to contract debts on my account, nor will I pay any debt so contracted.

ja7-tf P. HOLLAND.
