Personal Mention

Mrs. G. A. Fruedell, formerly of Carson, has left for her home in Richfield, after visiting her mother, Mrs. H. Lopez, in this city.

Mrs. Ralph E. Leland returned to Carson this morning from a three weeks' visit to San Francisco and Santa Cruz, and shows every evidence of the benefit the trip has done her.

Eugene Mara and wife came in on the morning train from a month's visit to coast points, which took them as far south as San Diego. They both look in splendid health and report that they had a most enjoyable trip.

G. A. Whitley, district attorney of White Pine county, was an arrival this morning and spent the day at the capitol on official business. Labor conditions at Ely, Mr. Whitley said, had resumed the normal and trouble from the I. W. W.'s is not now looked for.

J. E. Monahan, of the Tonopah Banking Corporation, and family, after a most delightful tour of Mexico and California in their Hudson Super-Six, are spending several days in this city renewing old acquaintance and making their many friends happy at the sight of them.

ATTENTION! LADIES

Red Cross headquarters have now been established in the assembly chamber at the state capitol. Tomorrow afternoon the ladies will meet as usual for work.

A request has been made for clean old sheets, pillowcases and linen; also for empty one-pound baking powder cans.

Getting Ready for Coming 'Encampment'

Among the attractions which the ladies of Custer Relief Corps will offer at their military camp next Thursday evening will be a concert by the Carson City band.

This, however, is but one of the promised attractions. The supper, which will begin at 6 o'clock, is to be one such as only the ladies of Carson know how to give. There will be many other things, some of which would lose their novelty if announced in advance. The members are putting their heads together to find new stunts and when a lot of women get to thinking it is hard to guess what will happen.

Low Tellegen In "The Victoria Cross"

Tomorrow night at the Grand Jesse L. Lasky presents the famous dramatic actor, Lou Tellegen, supported by Cleo Ridgley, Sessue Hayakawa and an all-star cast in "The Victoria Cross," an unusual and impressive photo-dramatization.

The incidents in this great play are mainly historical, centering around the great Indian mutiny of 1857—when the native troops of India were stirred to revolt by scheming ruler and religious fanatics.

"The Victoria Cross" is a compelling photo-dramatization following out the destinies of a young English officer who became entangled in the meshes of Oriental intrigue. How he was misjudged by his superior officers, and reduced in rank and name, and his ultimate triumph and restoration, is masterfully told in this thrilling story of love and war in the Far East.

Also, the peerless Victor Moore in the pleasing comedy entitled "Morning."

DECLINES TO SERVE

The governor's office has received word that Hugh H. Brown, who was named by Governor Boyle as one of the members of the District Exemption board, had declined to serve. What reasons Mr. Brown gives for his declination are not known. The government has other names from which to make selections, however, so probably another will be announced in a day or two.

Other members of the board who have been selected are: J. H. Cazier, Wells; R. F. Cole, Sparks; Dr. A. E. Huffaker, Carson City; J. K. Turner, Goldfield.

EAGLES' EXCURSION

The local aerie of Eagles have chartered the Virginia and Truckee motor and tomorrow night will make a trip to Reno to visit the lodge at that place. It will leave here at 6:30 and return, leaving Reno at 1:30. Fare, round trip, \$1.50. The excursion is not necessarily confined to members of the order, but all can go who desire.

Miner Killed

The Con. Copper Mines company of White Pine county wired the Industrial Insurance commission this afternoon that a miner named Joseph Conway had been killed in the Giroux mine at Kimberly. The wire stated that Andy Stinson, who was in the district, had been notified.

Red Cross Unit to Be Sent to Rumania

WASHINGTON, July 30.—As a further step in its program for basing American relief work abroad on accurate surveys of conditions, the Red Cross War Council, of which Henry P. Davison is chairman, announces the dispatch of a Red Cross commission to Rumania.

This is the third Red Cross commission to be sent to Europe since the organization of the War Council to make first-hand investigations in belligerent countries. One commission, headed by Major Grayson M. P. Murphy, is already at work in France; a second, under the leadership of Dr. Frank Billings, will arrive in a few days in Russia.

The commission to Rumania, which is headed by Henry Watkins Anderson, a lawyer of Richmond, Va., will undertake at once, in addition to its investigation of sanitary and health conditions, actual relief work among the Rumanian refugees. To do this work a Red Cross medical unit of twelve doctors and twelve nurses accompanies the commission.

Quantities of medical supplies, serums, vaccines and foodstuffs urgently needed in Rumania are being sent with the commission by the War Council. A special emergency appropriation of \$200,000 has been voted for Rumanian relief.

May Volunteer Until Their Names Are Posted

WASHINGTON, July 30.—Some misapprehension having arisen regarding the eligibility of men for voluntary enlistment in the army after their names had been drawn for the selective draft, Adjutant General McCain, in response to telegrams from a number of recruiting officers, has wired them as follows: "After a registered person has been called for military service by his local board and directed to appear for physical examination he ceases to be eligible for voluntary enlistment. See section 15 and paragraph D, section 18, Rules and Regulations. Copy may be obtained from local board."

The provost marshal general's office has ruled that the calling of the men consists in the posting of their names at the office of the local board, with the date on which they are to appear for physical examination. Until this was done, it was stated, a man may still voluntarily enlist.

Government Examining Suspected Court Plaster

WASHINGTON, July 30.—In response to inquiries relative to the reported sale in western states of poisoned plasters, Assistant Attorney General Gregory, has authorized the following statement:

"While the department of justice does not take a sensational view of the reports indicating a possible enemy activity in the dissemination of poisoned sticking or court plaster, there has been enough officially reported on the subject to warrant thorough investigation, both as to the manner of distribution and the germs in the plasters. Consequently, the samples in hand are being analytically examined both in Washington and in a western city. Pending further information it would be well for the consuming public to use no remedies of this kind except those obtained from approved sources of supply."

UNCLE SAM'S THRIFT THOUGHT

Milk-Vegetable Soups
To each two cupfuls of milk use one tablespoonful of flour, one tablespoonful of butter, two-thirds of a cupful of a thoroughly cooked vegetable, finely chopped, mashed or put through a sieve, and salt to taste. Thicken the milk with the flour as for milk gravy and add the other ingredients. Practically any vegetable except tomatoes may be used with the other ingredients as stated. If tomatoes are used a little soda should be added to them to prevent the milk from curdling.

Meat Stew With Dumplings
Make a stew from a cheap cut of meat cut into small pieces, potatoes, and such other vegetables as are desired. Thicken with a little flour diluted with cold water. Serve with dumplings made as follows: Mix and sift one cup of flour, two teaspoonful of baking powder and one-fourth teaspoonful of salt. Work in with the fingers one teaspoonful of butter; add gradually one-third of a cup of milk or a little more if needed. Roll out one-half inch thick and cut with a biscuit cutter or in square pieces. The dumplings may be steamed, baked like biscuits or cooked with the stew. In the latter case remove enough liquid to permit the dough to be placed on the meat and vegetables.

Material Arriving

Henry Karge announced this morning that material for the construction of the new service line of the Telephone company is arriving daily and that City Engineer Morser is engaged in laying out the new line for the poles to follow, so that his company will within the next few days be busily engaged in getting ready to get their wires off the poles now on Carson street and proceed with all possible haste to connect all subscribers with the new line.
