

**People and Notes of Interest**

Manheim, Reno candy man, was among the arrivals on the morning express.

Mrs. Ralph Burris left for Sacramento yesterday for a brief visit with relatives.

"Eats" like mother used to make at the Relief Corps' dance, tomorrow evening, Armory hall.

Mrs. Fred Searles, after a few days' visit with her parents, Mr. and Mrs. J. T. Davis, leaves this evening for Reno.

Ben Rothholtz, cigar merchant of Reno, has been in Carson the past two days looking after trade requirements.

Wesley Jenkins, former resident of this city, but now living in Flash, Calif., was an arrival on the morning train for a short visit with relatives.

Louie Speller, political dopestor for the Reno Gazette, was a Carson visitor today. Speller continues his still hunt for recalcitrant Democrats, but somehow they seem to vanish on warning of his approach.

**THE REVIVAL SERVICES**

At the Methodist church tonight Evangelist Porter will speak on the theme, "Self-Conceit and Self-Deceit." On Thursday evening his sermon-subject will be, "A Voice From Heaven." Those attending the services are enthusiastic over the good the meetings are doing. This evening the evangelist will sing, "He Lifted Me."

**TO FINISH HIS TERM**

M. F. Strauss, a parole breaker, was brought over from Reno yesterday and committed to the mercies of Warden Henrich of the state penitentiary to continue the serving of his original sentence.

Strauss, when paroled, was serving time for passing bad paper and had no more gained his freedom than he again took up the same line of work.

**M'CARRAN TO DEFEND SLAYER OF FORBES**

Judge P. A. McCarran has returned to Reno from Hanford, Calif., where he had been preparing the defense of W. J. Forbes of Elko, accused of killing Clarence Eaton.

Forbes came to Hanford from Elko Monday, accompanied by his wife and children and his brother-in-law, Guy Weather, where he voluntarily gave himself up for trial. No attempt was made by the California authorities to apprehend him and he has been at no time under the charge of an officer. Effort will be made to have him released on bail during the next few days.

Forbes is exceedingly cheerful over the situation, and, while confessing the killing, is confident that a jury will exonerate him as soon as the evidence is in.

**Brush**

is the word this week. I have just bought, on terms which permit me to give buyers a benefit, a stock of High Quality Shoe Brushes, such as sold, even before the War, at 50c each; but which I am now offering at

**C. H. S. JAZZ**

[Continued from Page One]

Stewart of the boys' team has not been at school as yet this week.

Clare Dickson has been absent ever since; also Anna Maud Stern was absent all day Monday and Tuesday morning. It is hoped that these players will have recuperated by next Saturday night, when the Carson teams will play the Sparks teams in Sparks.

**Lincoln's Birthday Program**

On Thursday, English 1V is going to celebrate Lincoln's birthday by a short thrift program, consisting of a play, a song, one or two poems and two four-minute talks. This will probably be greatly enjoyed, but the best thing about it is that the class has completed the course in thrift. It is doubtful if many can successfully practice thrift, but at least they can look wise whenever the word "thrift" is mentioned.

**Student Body Association in Flourishing Condition**

Due to the interest shown by the people of Carson City in high school basketball this season the Student Body Association has more money on hand than it has had for several years. At present the amount of the fund is somewhat over \$300.

**University Essay Contest**

The students of the U. of N. have started a plan to interest high school students in the university. They plan to have a competitive essay contest for high schools. The essays are to be 100 to 150 words long and are to be about the school which the writers attend. The winning essay in each high school will be published in the U. of N. Armesia. This should arouse interest in the U. of N. and everyone should try to help the plan along.

**Burglars! Burglars! More Burglars!!**

Miss Lothrop is training five girls for a one-act play called "Burglars" to be played before the student body in about three weeks. This ought to be a very good comedy, as from what the title suggests, girls ought to be especially adapted to play it well. Miss Lothrop's play, "An Economical Boomerang," was so successful that everyone is eagerly looking forward to this play.

**The End of Pepita**

The advanced Spanish class has finally completed butchering the Spanish novel, "Pepita Jimenez." Poor Pepita suffered greatly at the hands of the advanced Spanish class in their translation of her. Of course, the members of the class are terribly sorry to have finished the novel and never expect to read another, that is so good (This is the way some might tell it.)

On Tuesday the assembly period was enlivened by speeches from the members of the basketball teams. It took quite a bit of coaxing to get them to talk as they are an unusually timid lot, in spite of their reputation to the contrary. Professor McKeown spoke of Carson High's chances in the state tournament. Although not too confident, still everyone feels that there is a good fighting chance for victory.

**PERSONAL**

Chas. Stewart left for Reno on last evening's train.

Miss Clare Dickson is reported as

**WHEN A WOMAN**

feels all run-down, weak or dizzy—when she feels tired before the day is begun—she should turn to the right womanly tonic. Advised Daughters in Young Motherhood

Lents, Oregon: "In my younger days I was greatly troubled with gas on my stomach; it gave me lots of trouble. I began using Dr. Pierce's medicine and received such relief that I can recommend it to others."

"I have raised a large family and am a great grandmother and have always insisted on my daughters-in-law using Dr. Pierce's Favorite Prescription during expectancy."—Mrs. B. F. SELBY, 6411 94th St., North

**Pacific-Coast Folks Testify**

Redding, Calif.:—"Dr. Pierce's Favorite Prescription is perfectly wonderful. I owe everything to this medicine. When I was passing through middle life I had hemorrhages, also suffered severe pain and had terrible headaches. I suffered every thing. Finally, I decided to take the 'Favorite Prescription'; it stopped the headaches, the pains and the hemorrhages. I never had any more trouble. It really is great."—Mrs. R. B. RAY, 60 Terillum St.

ped the headaches, the pains and the hemorrhages. I never had any more trouble. It really is great."—Mrs. R. B. RAY, 60 Terillum St.

**WARD OFF INFLUENZA BY KEEPING IN BEST PHYSICAL CONDITION**

**Persons Who Catch Cold Easily and Who Are Weak and Run Down Are the Earliest Victims.**

**DANGER IS TOO GREAT TO TAKE ANY CHANCES**

**Build Up Your Bodily Powers of Resistance by Taking Tanlac and Fortify Against Attack.**

Much of the difficulty experienced by health authorities in checking the spread of influenza lies in the fact that it spreads with almost lightning rapidity. Although state and city authorities have succeeded in keeping it under control in some sections, the disease has gotten entirely beyond control in others.

It is universally agreed by all well-informed persons that the surest preventive is to get the system into the best possible physical condition, in order to be able to throw off the infection. It has been stated that it is possible to perfect the powers of human resistance so that it can throw off almost any infection, not excepting Spanish influenza, which is generally supposed to be one of the most contagious diseases known.

Medical authorities agree that people being on the sick list, at least she is not attending school.

Miss Anna Maud Stern was absent Monday, being very ill from dancing too much last Saturday evening. With whom?

Osborne Buck got his Spanish—from Van Meter.

Peter Amodie is the latest victim of Miss Benjamin's wrath. He sworn never to chew gum again this year in Algebra.

Word has been received from Miss Claire Yerington that she is progressing well in her training for interpretative dancing and that she is also taking vocal lessons in connection with her other course. All her Carson High friends wish her all possible luck and are glad at all times to hear of her advancement.

ple who are weak and run down are the earliest victims of the influenza epidemic. If you find yourself weak and losing flesh, or if you are in a generally run down condition you are really in danger if you should come in contact with the influenza germ.

As a powerful reconstructive tonic and system builder Tanlac is without an equal. This is a statement of fact, and is fully supported by recognized authorities. According to all accepted reference works, including the U. S. Dispensary, Encyclopedia Britannica, and the leading text books used in the schools of medicine, the principal ingredients of Tanlac possess the most powerful reconstructive properties known to science. This statement is further proven by the fact that millions of persons who have actually taken Tanlac have testified to its extraordinary powers as a medicine.

Tanlac restores health and strength to the weak and run down system by enabling every organ of the body to perform its proper function in the way nature intended. It creates a good, healthy appetite for wholesome, nourishing food, and is an ideal strengthening tonic for persons who are in a run down condition and who are suffering from the after-effects of hard winter colds, gripe, or bronchial troubles.

Irrefutable evidence of the reconstructive powers of Tanlac is shown by the fact that it was used by tens of thousands during last year's epidemic with splendid results. One well-known Texas physician stated that he had never found anything to equal Tanlac for building up his patients who had had influenza, and that he had treated over 1,400 cases in one month.

In connection with the Tanlac treatment, keep the bowels open by taking Tanlac Laxative Tablets, samples of which are enclosed with every bottle of Tanlac.

Tanlac is sold in Carson City by Charles L. Kitzmeyer.

**Municipal Ownership of Public Utilities**

Not being primarily concerned in "profits first" the municipal plants often make lower rates to large users, thus encouraging the development of new industries or increasing the capacity of old ones.

The freer use of water, light and heat in municipal plants, for wading pools, swimming pools, gymnasiums, skating ponds, fountains and park purposes, places the city in a position to outdistance its less fortunate competitor in the race for commercial supremacy.

CARSON CITY, NEVADA

**NEVADA PIONEER DIES**

Dr. Simeon Bishop, pioneer of Nevada and for many years a resident of Virginia City, Carson and Reno, died at his home in San Francisco, Monday, according to announcement in the city papers.

The doctor was among the earliest practitioners in the state and for eight years was in charge of the Nevada Hospital for Mental Diseases. He was a native of Pennsylvania and 87 years of age. Many relatives survive him. He was an uncle of Dr. S. L. Lee of this city and father-in-law of Wells Drury of Berkeley. It was in Dr. Lee's home in this city that Dr. Bishop was married to his second wife, who is still living and by whom he had five children.

**IDAHO VOTES ON SUFFRAGE**

[By United Press] BOISE, Idaho, Feb. 11.—The Idaho legislature met here in special session today to consider the suffrage amendment.

There was assurance in advance that the legislature probably would ratify the federal amendment by nearly unanimous vote. This was the only purpose for which Governor Davis called the solons together.

**DEMAND FOR COFFEE INCREASES ITS PRICE**

WASHINGTON, Feb. 11.—Visions of further increased prices in coffee faces the public following the statement that coffee imports in 1919 doubled in value as compared with 1918, though there was but a slight increase in quantity.

A blighted coffee crop in Brazil, prohibition and a strenuous coffee advertising campaign are blamed for the jump, which will have to be met by every American household.

According to department of commerce figures 1,225,532,102 pounds of coffee were imported by the United States at a cost of \$239,400,798. This is more than double what was paid for the 1,215,288,752 pounds imported in 1917. In 1918, 998,516,598 pounds were imported at a cost of \$92,529,306.

Prices are still rising according to latest monthly statistics. In November 108,000,000 pounds were imported at a cost of \$25,321,726. October figures showed coffee imported amounted to 102,000,000 pounds, valued at \$24,445,458.
