Goldfield leads the rest of the state in the number of registered voters. It has 467 names on the list, next with 435 registered voters. Reports from all over the state give an increase in the registered vote over that of two years ago. The indications are that the largest vote ever cast in the state will be cast on the 2nd of November.

As accurately as can be estimated, the number of telephones in use is about 2,300,000, which are in the United States, 2,300,000 in Europe and the remainder in all other parts of the world. Such figures, however, cannot be taken as absolutely reliable.
The rapid strides which the telephone is making near and more and more disposed to mankind is born out in the statement that the Bell company records an average of 18,610 calls a day during 1907, which would be about 75 calls for every woman and child in the United States.

Miss Hanna K. Clapp, a pioneer woman of Nevada, died at Palo Alto, California, last Thursday of the age of 84, after a painful illness of three months. She was born in Michigan in 1824, and there in early womanhood to California, coming overland by the way of Utah. She settled at Vacaville and taught school there and elsewhere. In September, 1891, she arrived in California and made her home until she moved to Florida to take a position in the university.
She remained at the university several years and was engaged as a private teacher.
Miss Clapp is a prominent figure in the history of this state. May she sleep well.

The taxpayers of Elko County should consider the proposition of building a new courthouse.
The legislature at its regular session presided on the authorization of the bonds to the amount of $200,000 for the purpose of providing the number of votes cast in the county were in favor of the issuance of the bonds. The question will be put to the voters at the coming election and every progressive man should be elected to vote for the proposition.
Several grand juries have recommended the building of new courthouses in their reports. That is needed for the preservation of the law, the enforcement of the laws, and the development of the county is plain to every one who has investigated the condition of the county.
