FIVE FOOT VEIN OF $500 ORE UNCOVERED IN HART DISTRICT

(Special Correspondence.)

In the second mine where abnormal mining of gold has been made particularly in the last three months, a depth of 5 feet of ore has been exposed in the Hart District, according to the recent report. The mine is located on the outskirts of the district and is operated by the Hart Mining and Leasing Company. The mining operations have been going on for over a year, and the recent breakthrough has added to the company's stockpile of ore.

Quarantine in Goldfield

The quarantine order for Walker County has been extended to the Goldfield district to prevent the spread of a contagious disease. The order, which was first issued for the butte, has now been extended to the entire district to prevent the disease from spreading to other areas.
