All trains daily. Meals. Stages connect at Wabuska daily for Yerington, daily except Sunday for Smith Valley, and with tri-weekly stage for Pine Grove. Connects at Sodaville with Tonopah R. R. Connects at Hawthorne with stage for Bodie.

Dayton Doings.

Doc Legg is now employed in Silver City.

T. J. A. Flaws left for Wadsworth Monday on business.

Mrs. Lawrence Cochran is on the sick list again this week.

Mrs. C. W. Legg returned Monday after a short visit in Reno.

J. H. Hepworth paid Wadsworth a business visit this week.

George Eglin left for Hawthorne the first of the week on mining business.

Miss Gertie Gates was an arrival from Maine last Friday on a visit to relatives.

Leete Blanchard and wife left for Carson last Friday on a visit to relatives and friends.

Orson Brooks returned from Sacramento last Saturday, where he has been on a visit to relatives and friends.

There are few believers in race suicide in Dayton. The population of the town was increased by two this week. On the 14th inst. there was born to the wife of Louis Pierotti a son, and the happy daddy has been demonstrating his joy in various ways during the week. On the 16th there was born to the wife of Dick Cornish, a daughter. Dick is accordingly proud and happy. Dick is quite partial to girls, but is in hopes of getting the right kind of twist on things some day to induce the Lord to send him a boy.

How's This?

We offer One Hundred Dollars Reward for any case of Catarrh that cannot be cured by Hall's Catarrh Cure. F. J. CHENEY & Co., Toledo, Ohio.

We, the undersigned, have known F. J. Cheney for the last 15 years, and believe him perfectly honorable in all business transactions, and financially able to carry out any obligations made by his firm.

WALDING, KIRKMAN & MARVIN, Wholesale Druggists, Toledo, O. Hall's Catarrh Cure is taken internally, acting directly upon the blood and mucous surfaces of the system. Testimonials sent free. Price, 75c. per bottle. Sold by all druggists. Take Hall's Family Pills for constipation.

Peculiar Freight Rates.

There is considerable dissatisfaction among farmers of this valley who have produce to sell for shipment to outside points. It is claimed that the railroad company has all kinds of prices for all kinds of people. For instance, shippers of spuds to Tonopah get a rate of \$11 per ton from Wabuska, while the producer, if he wants to ship a carload on his own account, is charged \$14 per ton in carload lots. It is also claimed that the railroad company gives San Francisco and Sacramento shippers of spuds a rate of \$8 per ton in carload lots to Tonopah.

BRIEF MENTION.

—Ed. Ross spent a few days in Reno this week on business.

—W. C. Gruber paid Tonopah a business trip the first of the week.

—Ralph Wooley, of the U. S. G. S., returned from his visit to Portland Wednesday.

—Wm. Atly, with the California Notion Co., paid valley merchants a visit this week.

—Will Dyer left for San Francisco Monday to be absent for a couple of weeks.

—D. W. Melarkey, who was out from Dayton a few days last week, returned Monday.

—Mrs. C. F. Holland, who is still in San Francisco for her health, is greatly improved.

—G. W. Webster was down from his East Walker ranch Monday and Tuesday of this week.

—Mrs. Graham Nichol has been quite ill this week with heart failure and sinking spells.

—Will Warren, of Diamond Valley, is visiting his mother at her home in the lower end of the valley.

—H. S. Morgan drove down from East Walker the first of the week and continued on to Carson on business.

—George Mann was down from Smith Valley Tuesday and secured a load of flour from the Nordyke mill.

—Mrs. O. Perry, of the upper end of the valley, paid her mother, Mrs. Lynch, of Smith Valley, a visit this week.

—Mrs. D. W. McKenzie left yesterday for Hawthorne, there to join her husband and remain for some weeks.

—Kaufman and Downey are figuring on putting a short order lunch counter in the rear end of the Owl saloon.

—Mrs. T. R. Harris left Thursday for Auburn, Cal., there to visit relatives and friends and spend the winter.

—Harry Warren and I. D. Flory paid Reno a short visit this week on matters connected with the honey business.

—George Reading, of Wellington, is recovering from his severe attack of pleurisy and threatened pneumonia.

—Drummers say they get fine fish dinners at Wabuska now, the supply coming from the artesian well at that place.

—M. J. Heller was an arrival on Tuesday's belated stage and continued on up to the Bluestone, not stopping in town.

—D. Lawson and C. L. Morgan spent the week looking at mining prospects in the vicinity of Buckbrush Springs.

—Charlie Holland went to the Towle ranch this week and brought back a four-horse load of cottonwood cordwood.

—Mrs. E. R. Lam continues in poor health, and Mr. Lam will probably take her to San Francisco for treatment next week.

—Mrs. A. E. Holland, of Orangevale, Cal., was an arrival here Monday to spend the winter with A. J. Holland and family.

—Mrs. H. H. Henderson and child were arrivals from Antelope Valley last Saturday on a visit to her husband for a few weeks.

—Mr. and Mrs. Jacobson, who have been visiting D. Wilson and family for the past few weeks, returned to their home in San Francisco yesterday.

—Dr. Smith was called to Pine Grove Thursday to visit Mrs. Nate Fish, who was quite ill. The lady was not seriously ill and is now much better.

—Mrs. J. A. Antrim, who has been visiting relatives and friends in Smith Valley and Mason Valley, took her departure for her California home last week.

—Parties wishing ripe or green tomatoes can procure them at the Plummer ranch for 1 1/2 cents per pound. The best of winter apples also for sale at \$1.25 per box.

—Mrs. B. Vaillencour desires to notify the ladies of Mason Valley that she has received a fine line of winter hats and millinery goods. Call at her residence and examine goods and obtain prices, which are very reasonable.

—Frank Gilbert, who formerly resided in the valley, returned Wednesday from California after an absence of ten years. Frank met with an accident in a fire some months ago, and as a result is somewhat scarred up.

Water in the Ludwig.

At a depth of 560 feet from the surface water has been struck in the Ludwig copper mine, and the ground is so soft now that timbers will have to be used to keep it in place. The vertical shaft is down 400 feet, and at this level a drift runs to the northeast 140 feet, at which point a winze continues on down 160 feet into water. The big iron ledge which has continued all the way down, carrying good values in copper, at the water level turns into a good body of copper ore and the water is highly impregnated with copper. Supt. Somers is highly elated with the outlook for the property. It is not definitely known yet whether pumping machinery will be at once put in and sinking continued, or other development work done. The property is now showing up as one of the finest in this district.

Miss Knemeyer Manager.

At a meeting of the Senior class at the Nevada State University, in Reno, Thursday, says the Journal, Miss Bertha Knemeyer, of Yerington, was elected manager of the University basketball team for the present year. Miss Knemeyer is quite popular with the basketball girls and will, no doubt, make a very capable manager. She is at present president of the Senior class, and has been a member of the basketball team for the past three years. The team expects to have a large schedule of games this year and will begin practice as soon as the football season closes. The team promises to be quite strong this year.

Carson After Como Trade.

Carson citizens are figuring that the time is nearly at hand to build a road from Carson to Como to secure the trade of that now booming mining camp. They claim that a road can be put in and not cover over twenty miles in distance, while the camp is only twelve miles from Carson as the crow flies. There is a possibility that Como may develop into a humming camp in the next few months, and Carson needs the business.

Sinking New Well.

Hironymous & Snyder, of the Pioneer Stables, are sinking a big well in the corral at the rear of their stables. They will also erect a large 5,000-gallon tank over the well and put in a windmill or gasoline engine to pump water into the tank. This water will be piped from the tank to the stables, and also to the residences of both proprietors and can also be used for fire purposes. It will be a very handy arrangement all around.

Railroad Will Contest Raise.

It is reported that the Southern Pacific Co. will contest the assessed valuation of their property in Lyon county, and bring the matter before the State Board of Assessors at its next meeting in Carson. The Board of Equalization in this county raised the S. P. Co. \$35,656 on rolling stock and added \$120,000 to the Assessor's valuation on account of the new track in this county between Hazen and Churchill station.

Sugar Company Incorporated.

According to the Carson News the La Reforma Sugar Company is the name of a corporation which has filed papers of incorporation in Carson this week. The principal place of business is to be Carson City, and the capital stock of the company amounts to 50,000 shares at \$20 each. Of this amount \$140,000 has been subscribed. It is not stated where the field of operation of this company will be.

More Building.

J. G. Kaufman has purchased the house and lot on Main street formerly owned by the Downey estate, and now occupied by Will Powers. Several rooms are being added to the rear of the building, and Mr. Kaufman and family will occupy the residence as soon as the building is completed.

Tamale Parlors and Bakery.

Mrs. W. R. Hayes wishes to announce that after the 23d inst. she will have her tamale parlors and bakery located in her residence on Virginia Street. Tamales can be had at all hours and fresh bread, doughnuts, pies and cakes kept on hand or baked to order.

Moving.

D. Paquint and family moved into their new residence this week and Dr. Smith has moved into the Apsey residence, formerly occupied by the Paquint family.

Assay Scales For Sale.

A pair of No. 5 Becker balancing scales for assaying purposes are offered for sale at a bargain. Scales are in good condition. Enquire of E. H. Whitacre for price, etc.

Laying Out Town Lots.

F. L. Littell, who owns about twenty acres of land lying east of town, is opening up the same to sell as town lots. A street running north and south, parallel with Main street, will extend the whole distance of the tract. This street will run from Pearl street, just north of the school house, south to a street to run east from Main street into the Downey land at a point just south of the Collins blacksmith shop. The Downey land will, also, eventually be cut up into lots for residence purposes. Both of these tracts are excellent pieces of ground for this purpose, and will be a relief to the congested condition of things on Main street. At the present time a business lot cannot be bought for love or money on Main street within the business section. The opening up of streets for residences will give the town a chance to grow to the east and not make it string out for miles on the Main street. Considerable building is contemplated next Spring, and residences will more than likely be built on the new tracts instead of on the main business street.

Rich Gold Strike.

J. A. Antrim and George Simpson were down from Smith Valley the first of this week, bringing with them some fine looking specimens of gold ore from a discovery recently made in the mountains south of Wellington. The discovery was made by an Indian who showed the place to Messrs. Antrim and Simpson, who ere this, probably, have made several locations. Specimen ore shown to parties here was very rich, gold being visible to the naked eye. These samples would carry, we should judge, \$150 to \$200 in gold. The ledge on top is about five feet wide and assays made here at the Wood office give returns of \$56 for the full width of the croppings. The owners of the claim will do some development work immediately to see what they may open up with depth.

The Best Doctor.

Rev. B. C. Horton, Sulphur Spring, Tex., writes, July 19th, 1902: "I have used in my family Ballard's Snow Liniment and Horehound Syrup, and they have proved certainly satisfactory. The liniment is the best we have ever used for headache and pains. The cough syrup has been our doctor for the last eight years. For sale by G. I. Leavitt & Son.

Potatoes Moving.

Mason Valley spuds are on the move, several carloads having been shipped to Tonopah this week, and more to San Francisco, Oakland and Sacramento. The price paid has been \$15 to \$16 per ton at Wabuska. The spuds are of good quality this season, although the crop is not quite up to the average in yield. Many producers are holding for a better price, believing that the market will reach the \$20 mark.

For All Kinds of Piles.

To draw the fire out of a burn, heal a cut without leaving a scar, or to cure boils, sores, tetter, eczema and all skin and scalp diseases, use DeWitt's Witch Hazel Salve. A specific for blind, bleeding, itching and protruding piles. Stops the pain instantly and cures permanently. Get the genuine. Sold at the Mason Valley Drug Store.

Ribs Broken by Horse.

Jerry Hannon, blacksmith at the O'Banion ranch in Smith Valley, was knocked out by a fractious horse last week Friday, which he was shoeing. The animal knocked Hannon against the side of the shop and fractured a couple of his ribs, but the injured man is getting along nicely and will probably resume his duties next Monday.

Wards Off Pneumonia.

All coughs, colds and pulmonary complaints that are curable are quickly cured by One Minute Cough Cure. Clears the phlegm, draws out inflammation and heals and soothes the affected parts, strengthens the lungs, wards off pneumonia. Harmless and pleasant to take. Sold at the Mason Valley Drug Store.

Alturas Burned.

Alturas, the county seat of Modoc county, Cal., was visited by a destructive fire on Wednesday of this week. Over a dozen business buildings were consumed, including the Plainer and Republican newspaper offices. The loss will probably be all of \$75,000.

Plans to Get Rich

Are often frustrated by sudden break down, due to dyspepsia or constipation. Brace up and take Dr. King's New Life Pills. They take out the materials which are clogging your energies, and give you a new start. Cure headache and dizziness too. At the Mason Valley Drug Store; 25c. Guaranteed.

Justice Court News.

Last week Geo. Aiken swore out a warrant for the arrest of H. Brisson and K. Ashton on a charge of stealing 80 feet of rope from a shaft on one of the old Boston-Nevada copper claims. The defendants plead guilty upon arrest and were fined \$20 and costs, each. The boys took this rope from an old, abandoned shaft, thinking it was of no further use to any one, and when they found it belonged to somebody offered to pay for it.

George Knierim, Piute, who was arrested last week for going into the Palace saloon at an early hour one morning, and demanding whisky, was last Monday fined \$60. He paid the fine.

"Buckaroo" George and Frank Cloy, Piutes, were arrested last week Friday on the same charge. "Buckaroo" George was found guilty at his trial Monday and also fined \$60. The charge against Frank Cloy was dismissed, as he proved an alibi.

Trestle Burned on Nev. & Cal. Line.

Last Tuesday afternoon Track-walker Robert Burns discovered that the stretch of trestle work on the Nev. & Cal. road just this side of Churchill Station had been burned out. He flagged the trains and no damage was done. Some of our yellow contemporaries have this trestle built 40 or 50 feet high over a "yawning abyss" into which the "Tonopah Flyer" (which hits the trail at a gait of about 20 miles an hour) would have plunged had not the damage to the trestle been discovered. The trestle bridges a dry wash which is not over four feet under the track at any point. The accident would have been a bad one, however, but for the watchfulness of Trackwalker Burns. As it was the trains were only delayed a few hours, the mail stage from Wabuska not getting to Yerington until after 11 o'clock that night. The bridge was probably burned by a fire started by tramps.

Faith Not Necessary.

You may be just as skeptical and pessimistic as you please. Kodol will digest what you eat, whether you eat or not. You can put your food in a bowl, pour a little Kodol Dyspepsia Cure on it and it will digest the same as it will in your stomach. It can't help but cure indigestion and dyspepsia. It is curing hundreds and thousands—some had faith and some didn't. Kodol will cure you if medicine can cure you, whether you have faith in it or not. Sold at the Mason Valley Drug Store.

Will Recover from Wound.

Roy Chichester, who was accidentally shot by his brother, George, at his home in Coleville last week, now has a good chance to recover. The bullet which entered his abdomen miraculously failed to cut any of the intestines or hit a fatal spot. Young Chichester is now in St. George's hospital, in Reno, and his mother is attending him. It is thought that he will be able to return to his home in a couple of weeks, provided no other complications arise from the wound.

Ranch Leased.

August Depalio, of Dayton, has leased the Birmingham ranch in this valley for a period of five years from the first day of next November, agreeing to pay therefor a rental of \$1,200 per year. The ranch is a good piece of property, and with the markets as they are the lessee will have no trouble in making good money on the bargain.

For Over Sixty Years

Mrs. Winslow's Soothing Syrup has been used for over sixty years by millions of mothers for their children while teething, with perfect success. It soothes the child, softens the gums, allays all pain, cures wind colic, and is the best remedy for diarrhoea. It will relieve the poor little sufferer immediately. Sold by druggists in every part of the world. Twenty-five cents a bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take on other kind.
