

THE LYON COUNTY TIMES

CONDENSED ROMANCE.—About a year ago, in Bennington, Vermont, lived James Ward, a Union soldier, who had lost an arm in the first battle of the Wilderness. Lovely daughter, Josie—“innocent, guileless and belle of the town.” Oscar Penn, a book agent, came along—

EXPERIMENTING TO SOME PURPOSE.—A Detroit architect desired some fire-proof brick the other day for the floor of a new barn, but when he learned the cost per thousand and he determined to experiment a little with some common brick. He procured a few hundred, had them delivered, when they were placed in a large vat, such as the pavers use in which to heat their tar, and allowed to absorb the hot tar for four hours. In that length of time the bricks were as black as the tar itself, and soaked full of it, and when allowed to cool off it was found that their solidity had been greatly increased.

GOOD FOR BEECHER.—Henry Ward Beecher was married on Saturday. His Brooklyn congregation had timely information of this circumstance, and knowing he would preach the next morning at his church, desirous at the same time of seeing the bride, they assembled in such crowds that the church was full before the bell was done tolling.

SUBLIME.—I stood upon the ocean's shore, and with a fragile reed I wrote upon the sands—Agnes, I love thee! The mad waves rolled by, and blotted out the fair impressions. Frail reed; cruel waves; treacherous sands! I'll trust thee no more! but with a giant hand I'll pluck from Norway's frozen shore her tallest pine, and dip its top into the crater of Vesuvius; then on the high and burnished heavens I'll write—Agnes, I love thee! And I'd like to see any dog-goned wave wash that out!

Old Juvenal recorded: "Yes, in the corners of the common ways We meet the saint who fornicates and prays." At a later date Burns sang: "King David of poetic brief Wrought among the lazes much mischief, And yet he's rank'd among the chief O' lang syne saints."

ONE man, at least, comes out of the Beecher-Tilton scandal with an unblemished reputation. His name is Horace Greeley. When Tilton urged him to call at his house during his absence, Mr. Greeley declined. He said he did not think it a good habit to visit a wife while her husband was away. These were creditable words.

HANGED BY A MOB.—A New York World special from Martinsburg, West Virginia, says John Tolson, a negro, confined in the County Jail, and waiting under sentence of death for the murder of Annie Butler, a white girl aged twelve years, was taken out of jail by a mob on Thursday night and hanged on a tree a short distance from town. He protested his innocence to the last.

MISS ELIZABETH THOMPSON, the new artist, realizes the extent of her success in that she has not for photographs for public disposal.

THOMAS HARRIS, ex-convict of the Missouri penitentiary, was recently convicted of conspiracy, and sentenced to prison for a term of five years.

Notice is hereby given that at a meeting of the Directors, held on the 16th day of August, 1874, an assessment of seventy-five cents per share was levied upon the capital stock of the corporation, payable immediately in United States gold coin, to the Secretary, at the office of the Company, 320 California Street, San Francisco, California. ROBERT R. SPINNEY, Secretary, 320 California Street, Room No. 5, San Francisco, Cal. 1661

DR. A. B. SPINNEY, WELL KNOWN THROUGHOUT THE COUNTRY AS A

Pathologist and Physiologist,

Whose Successful Treatment of certain Physical Disabilities and Functional Derangements deservedly entitle him to the familiar recognition of the

GREAT SPECIALIST,

Would respectfully inform the citizens of

Virginia City and Vicinity that he can be consulted as usual at his Office,

ROOM NO. 13, WILLIAMS AND BIXLER'S BUILDING (ENTRANCE—OPPOSITE POST OFFICE AND ON B STREET.)

Without entering into biographic details, it is sufficient to simply promulgate the fact that DR. SPINNEY'S earliest reputation may be traced back to his inauguration and conduct of the

Montreal, Canada East, Medical Institute;

The regime of the English Pharmaceutical College is gauged by an elevated standard. An extended experience and an assiduous study of the varied phases of CHRONIC AFFECTIONS incident to both sexes in

Nervous Debility, Exhausted Vitality, Youthful Excesses, Marriage Impediments,

Lung and General Chronic Affections,

Through the medium of an effective agency for the detection of the faintest resemblances of Internal Bronchial Troubles, Rheumatism, Neuralgia, Scrofulous Developments, Paralysis, Proclivities, ordinary or aggravated, Catarrhs, Hemorrhoids, Gravelous Deposits, Hemorrhoids, etc., the Doctor ascertains their true condition, and treats with success.

DR. SPINNEY professes and assumes not only to give temporary relief, but by probing, with the auxiliary help of a thorough and searching diagnosis, the very germ of the malady ultimately to annihilate the seed, and thus prevent a future out-crooping.

To the Ladies,

DR. SPINNEY, while naturally impressed with the delicacy of the subject, feels no delicacy in assuring that, in conjunction with a competent knowledge of their sufferings, such as Nervousness, Headache, Pain in the Back, Neuralgia, Spinal Weakness, Loss of Appetite, Lassitude, Prolapsus Uteri, Retroversions or Displacement of the Womb, Vaginal Irregularities, Leucorrhoea, Dyspepsia, Indigestion, Constipation, and the many petty irritating distractions that almost invariably have their origin in the uterine region, he can afford them immediate relief.

Remember, that Procrastination is the Thief of Time!

So do not longer delay in seeking the proper remedy for your complaints. Why eke out a miserable existence, suffering all the torture of a lingering death, when a few weeks' treatment will restore you to vigorous health? While there is life there is hope, yet with proper treatment you may recover the full vigor of health, though your affliction may be severe. Those suffering from Rheumatism, Neuralgia, Sciatica, Salt Rheum, Paralysis, Fits, Spinal Disease, St. Vitus' Dance, Liver Complaint, Asthma, Catarrh, Heart Disease, Gravel, etc., and are tired of taking mineral drugs, will do well to come and try the Doctor's new method of cure, as it will, if properly applied, relieve them of their sufferings and restore them to health. The Doctor uses no mineral preparation; his treatment consist wholly in the use of vegetable remedies. Many are they who have implanted in their system, by improper use of calomel, seeds which will produce an annual crop of disease. To all which we would say

Come and be Healed!

It matters not what your troubles may be, come and let the Doctor examine your case. If it is Curable, he will tell you so—if not, he will tell you that; for he will not undertake a case unless he is confident of effecting a cure. It will cost you nothing for consultation, so please call and satisfy yourselves whether the Doctor understands yours case. Dr. S. cures Humors and diseases of the blood.

Scorning the tricks of Charlatans,

Dr. Spinney only asks one interview,

And then throws down the gauntlet to a dissatisfied patient.

OFFICE HOURS 10 to 12, 2 to 5 and 7 to 8. CONSULTATION FREE!

Young Men

Who may be suffering from the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity.

Dr. Spinney will guarantee to forfeit five hundred dollars for every case of seminal weakness, or private disease of any kind or character, which he undertakes and fails to cure. He would, therefore, say to the unfortunate sufferer who may read this notice, that you are treading upon dangerous ground when you longer delay in seeking the proper remedy for your complaint. You may be in the first stage—remember you are approaching the last. If you are bordering on the last, and are suffering some or all of its ill effects, remember that if you obstinately persist in procrastination, the time must come when the skilful physician can render you no assistance, when the doors of hope will be closed against you; when no angel of mercy can bring you relief. In no case has the Doctor failed of success. Then let us not despair work itself upon your imagination, but avail yourself of the beneficial results of his treatment before your case is beyond the reach of medical skill, or before grim death hurries you to a premature grave.

Middle Aged Men!

There are many of the age of thirty to sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation, and weakening the system in a manner the patient cannot account for; on examining the urinary deposits aropy sediment will often be found, and sometimes small particles of albumen will appear, or the color will be of a thin or milky hue, again changing to a dark and turbid appearance. There are many men who die of this difficulty, ignorant of the cause which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

N. B. No cure treated without a personal interview with the patient, and a proper examination.

Only one interview required in a majority of cases.
