A MAN living in a glass house should not throw stones. One Sumner, who, while a member of the State Legislature, proved a loss of over \$50,000 to the treasury, spoke at Dayton a few evenings since and vented his spleen against the TIMES, in fact, devoted the most of his harangue of an hour or more, to us. As we were unrepresented at that immense Independent-Hybrid gathering, we cannot give the speech in full. In the Independent of yesterday morning, we find it partly reported by himself, he being the paid slushlinger of Mr. Sutro. This Confederate Colonel is a very nice duck to talk about the "subsidized press," he himself being imported as a hireling, a tool of the great bore. It would be well for gentlemen (?) of his kind to consider the position they themselves occupy, by so doing they may avoid the jeers of the populace.

IF THE Opposition and Independent press lay any claim to truth and honesty in their charges against the Republican party, they will be forced to invent some new line of attack, and abandon the story of extravagance in the Government expenditures.

The matter of economy is one of the chief aims of the Administration, and every intelligent man in the country will acknowledge very great success in that direction.

There will be services at the School House on Sunday evening, Rev. Olmsted officiating.

"Republican" to the Front.

SILVER CITY, Oct. 30, 1874.
MR. EDITOR:—On the 28th instant a paid whiffet, who has no "visible means of support," had a communication published in the independent; it was simply a very weak tissue of falsehoods, and the "piece" or its "author" were scarcely worthy of the castigation given them the next day, by an editorial in the TIMES. In that communication he requested a small space, for the purpose of giving a short history of the independent movement in this county." Now, a history of the independent movement in Lyon county was just what the great majority of the people of the county would like to read. But, the five or six Sore-head manipulators of the movement did not want the thing made public, and as soon as whiffet had written his first paragraph they stopped him, and he "switched off" and changed the subject to the "subsidized press." Here whiffet's natural truth-telling (?) proclivities crop out again; when he says that the "paper was to be an independent, no-party sheet." At the time the paper was started the independent party had no being, and its prospectus announced that the TIMES would be an "advocate of the Republican party and principles"—not that it would endeavor to infuse life into the afterwards-prepared corpse of a Sore-head-hybrid-independent-democratic party. The "leading citizens" of Lyon county did not expect or want it, and if whiffet and the class to which he belongs did, they have been grievously disappointed. Now, a word about our Republican Primaries. Whiffet says "everybody knows how that Republican (Sharon) slate was made up for our (?) primaries; how all our best and most honorable (?) citizens were carefully left out in the cold." What does the record show? The straight Republican ticket in Silver City received an average of 162, while the other side averaged 96; leaving a majority of 66. In Dayton the vote stood 129 to 81, a majority of 48 for the Republican ticket, and this is what whiffet would call a put-up job. The "best and most honorable citizens whom this majority carefully left out in the cold," I will take up and consider in my next communication. In the Independent of to-day whiffet has again spread himself. He tells us not anything new; that "Mr. Wm. R. King is the Sharon candidate for State Senator, and that he is Superintendent of the Eureka Mill and receives a salary of five hundred dollars per month." Mr. King is the Republican candidate for the State Senate, and, as is the case with nine-tenths of the true Republicans throughout the State, he is in favor of the election of William Sharon to the United States Senate. He has worked himself up from a laborer to the position he now holds; he may receive five hundred dollars per month—and, if he does, he is worth it to the Company that employ him, or they would not pay it. He is honest and capable, and will represent Lyon county in the State Legislature with honor to himself and to the satisfaction of his constituency. Above all, he is a gentleman—far removed above attacks emanating from such a source. Whiffet says "Mr. Dovey is a resident of Silver City, 'devoted to Sharon,' a youth unknown to fame," etc. If whiffet had lived in Lyon county a few years instead of a few months, he would have known that Mr. W. C. Dovey was a member of the Assembly from this county four years ago, and that his course during the session of 1871 met with the universal approbation of his constituents; in fact, he made one of the best members we have ever elected in Lyon county. He will be re-elected on next Tuesday, and his most simple word and least act will be remembered when whiffet's whole life history will have been forgotten. Mr. L. Morrill of Dayton is an honest, straightforward business man. If he made some money in the legitimate business of selling ice, which is the more honorable; that, or the illegitimate calling of whiffet's? Mr. Hugh Carling of Fort Churchill has resided on a farm, with the exception of the time he gave to his education, since boyhood. He is a young man, of good steady habits, married, and respected by his friends and neighbors. He will not gain say the title of hoodlum if applied to whiffet, and will not go behind a *nom de plume* to decide it. More anon, REPUBLICAN.

SILVER HILL has levied an assessment of \$2.00.

THEIR TRUE POSITION.

The whole tone of the Independent movement is Democratic, and shows that the tendency of the few Sore-heads who left the Republican party to form a new party is to affiliate with the Democracy.
The resolutions in their platform, with the exception of the first one, are so thoroughly Democratic in their tone, that Slim Tom Williams finds no trouble in adopting them.
Not a word of praise for the many good things the Republican party has done; not a single allusion to its brilliant past and honorable present; not a line against Democratic misrule in those States where it holds power; not a sentence referring to or protesting against the fearful outrages in the South; not a word of encouragement or hope to the loyal citizens who to-day look to the Government for help; not a suggestion in regard to the necessity of protecting American citizens; and all these vital omissions in the platform of a party that claims to be liberal in its policy, reformatory in its character, and patriotic in its purposes. The sooner these Independents openly identify themselves with the Democracy the better.
The few honest Republicans who left our party to join them, can no longer be deceived by their clamor for reform. Their actions justify our early convictions that the party, from its inception, has been an ally of Democracy, and was, in its formation, a blind to draw from the Republican ranks sufficient strength to place the affairs of the Government in Democratic hands. The movement will fail, thanks to a patriotic people, who have detected the deception, and refuse to be a party to the betrayal of the Republic.
The fight this fall is the same old fight, Democracy on the one hand, Republican on the other. The stake is a valuable one—the possession of the State Government and of the House of Representatives.
The Republican party is so closely allied to the life of the nation, that we have as strong a conviction in the success of the one as we have in the perpetuity of the other. Let its friends work earnestly, and our full victory will send a thrill of joy throughout the land.
IT SEEMS to worry "Independent" muchly that the TIMES prospers, and is likely to do so for all time, notwithstanding his threats that the business men of Silver City would discontinue their patronage as soon as their contracts expired. We are confident if he withdrew his extensive patronage from any office it would collapse in a fortnight, hence we trust he will reconsider and not withdraw his patronage from the TIMES. His patronage! There is not a restaurant in Slippery Gulch or Gold Canon but know him to their sorrow. We think he had better travel.
GREAT interest is felt in sporting circles over the \$3,500 trotting race to come off to-day at the Bay District Fair Grounds, San Francisco, between Occident and Pullerton. Pools are selling briskly, Pullerton being the favorite at about \$100 to \$900 on Occident. Many outside bets are made and if the weather is pleasant there will be an immense attendance at the grounds.
ONCE MORE.—In the face of the most positive proofs, that irresponsible scribbler of the Independent, insists that the TIMES was started as an Independent paper. The responsible patrons of the paper know this to be a prevarication of immense proportions; simply this, and nothing more.
DEMOCRATS SPEAKING.—The people of Dayton are having their fill of political speaking. Last evening A. C. Ellis and J. R. Kittrell talked old-fashioned democracy for an hour or so each. A large delegation went down from this place—that same spring wagon, with the addition of one Sore-head, making six in all.
THERE is to be a mass meeting of the Republicans at Virginia City this evening, at which Hon. C. E. DeLong, Dr. J. C. Hazlett, William Woodburn, Esq., Colonel J. C. Zabriskie, and Robert H. Clark, Esq., will speak. It will be a monster, see if it don't.
WILL RETURN.—It is expected that Theodore Vinson, will return to Silver City to-morrow morning, bringing with him his partner for life. They will receive a hearty welcome.
CATHOLIC SERVICE.—Rev. Father Clark will have service in the Catholic Church, Sunday, November 1st, at 10 o'clock, and every alternate Sabbath at the same hour.

THOS. WOGAN, THE INDEPENDENT Candidate for the Assembly, is a Pioneer of our young State; is one of the oldest taxpayers in the county; is a first-class business man, and has been engaged in most all branches of industry in this State and California, where he arrived 21 years ago, when a boy. His political principles are too well known to mention here; but his national pride of a Republican form of government and an honest administration of the laws, is second to no man. He abides the decision of the voters of Lyon County.
