Bacon's Famous Essays.

Lord Bacon was one of the most extraordinary men of which any age can boast. A scholar, a wit, a lawyer, a judge, a statesman, a philosopher, his writings will endure as long as the language in which they were written can be read. His universal genius made him master of all the sciences, and his immortal writings laid the foundation of the scientific method which has changed the philosophy of the world. Prof. Playfair said to him: "The power and compass of such a mind must be an object of admiration to all succeeding ages." His Essays are a treasury of the deepest knowledge conveyed in a vigorous and energetic style. They continue to be the chosen companion of all students and thinkers. In no other writer is so much profound thought to be found expressed in such a brilliant and eloquent style. Thousands of readers will welcome heartily the very charming, new and complete Elzevir edition, just issued by the Useful Knowledge Publishing Co., New York, at the ridiculous low price of 45 cents for the cloth, 60 cents for the half Russia binding. For sale in this city by A. M. Stevens, Sole Agent.

"No," said the lady, "I'm not keeping any servants just now. - I have quite enough to do to wait upon myself."

Nothing Could Be Stronger.

1,400 PAIN EXPELLER, Sec. Louis, Mo., Jan. 20, 1881.

H. H. Warner & Co., of New York, have been treated with kidney disease since my childhood. It would be impossible for me to describe how much I have suffered. Your Safe Kidney and Liver Cure has done me more good than the combined skill of all the physicians I have ever tried during my entire life.
