

NIAGARAS

Beat the Combined Teams.

A Game That Was Full of Features.

The Billiard Tournament Now In Full Blast.

The game at Buchtel field Saturday savored of homeopathy and then again it did not. The homeopathy was found in the fact that Allen and Watts of the Niagaras played with the aggregation that did battle with the Niagaras. The non-homeopathy came in the fact that three South End players and four North Enders constituted the remainder of the team.

Despite the fact that the Niagaras did battle with a team that was composed of several city league nationalities the spectators were satisfied and a good game of ball was played, although the official score keeper was kept busy chalking up errors.

Kittinger was in fine form and won the first game on Buchtel field this season. Now that his hoodoo has been broken it is an assured thing that he will make some of the visiting teams that come here to play the All Akrons, look like Lilliputians at the bat. It has taken a long while for "KIT" to round into form, but he is there now, and can send up a slow one as easily and gracefully as the speedy ones.

"Parson" Eggers was unnerved when he saw the checkered look of the men behind him and he did not twirl up to his usual form. Crile, Shanafelt and McAllister fattened their averages, while Limrie made sport of Kittinger, sending one over the fence for a homer and another to the center field fence for a two-bagger. McAllister's sprinting ability held him on second. Hereafter the fans will refer to Jimmie as Home Run Limrie.

The Niagaras began early, but after the fifth inning they could not send a man around, although they made five hits. Fast fielding on the part of the foreigners shut off the runs. In the first inning "Doc" Brownell got a three-bagger on a fly that dropped between first and right field. The ball bounded bad and "Doc" despite his years was on third before the ball was returned. He also got a two-bagger in the fifth. Kosht was the leading man in a fast double in the first. With Phelps on first Stone sent a hot one to second. Kosht secured the ball with one hand, touched second and threw Stone out at first.

HANGED TO TREES.

Outlaws Were Forced to Divulge Important Information.

Cordell, O. T., Aug. 18.—A mob of several hundred men took Levi Reed and Bud Wing, outlaws, captured recently in a raid on the Casey-Cravens gang, from the county jail here late Saturday night and strung them up to trees to force them to reveal the whereabouts of their leaders and to give information regarding their crimes. The outlaws finally gave the desired information and the mob returned them to jail, disappearing, apparently, to get the rest of the gang. Reed was so badly strangled that he was revived with difficulty.

HEAVY Sentences For Two Men.

Stole Shoes From Barberton Merchants.

The Mayor Permitted No Conditional Pleas.

George McKnight and James Wright, accused and found guilty of stealing shoes from W. A. Straub, and Helper's Sample shoe store at Barberton, were given record-breaking sentences in Police court Monday morning, \$200 and costs and 30 days being imposed by the Mayor in each case. The men were arrested at Barberton last week, and at first pleaded not guilty. They were brought here for trial, as they had disposed of several pairs of the stolen shoes in East Akron.

When first arraigned, both the men said that they had come here from Waynesburg, Pa., and they gave the names of a number of people with whom they said they were acquainted at Waynesburg. Chief Durkin immediately wrote the Chief of Police of that place, and an answer, which was received Monday morning, stated that not one of the people whose names McKnight and Wright mentioned live there.

A horse and buggy with which the two have been traveling about the country is also the subject of a good deal of speculation on the part of the Akron police, who believe that it was stolen.

When the case came to trial Monday morning, McKnight, the older of the two men, changed his plea to guilty and indicated that he wished to take all the blame and so release his companion, but the Mayor would permit no conditional plea, and the cases were heard in the ordinary way. Wright was quickly found guilty and the men were then sentenced. Straub and Helper appeared and testified against them.

The police say that these two men tally with the descriptions given of the two burglars who were a terror to North Hill folks for a long time and finally left the city, followed by the police as far as Northampton. It is believed that their capture and conviction was an especially good piece of work.

"WHITEWASH" Has Come of That Investigation.

Capt. Stiles Exonerate From All Blame.

Columbus, O., Aug. 18.—Capt. Stiles, superintendent of the Girls' Industrial Home, is exonerated from all blame for the death of Nora Ferris, is the report filed Saturday with Gov. Nash. This report was signed by a majority of the board, consisting of the old members, who have been associated with the superintendent in the conduct of the Home. The two new members, Frank Hubbard and George B. Christian, refused to sign the report.

The report is a complete whitewash. Gov. Nash declined to discuss it until he had read it, but it is plain to all observers that he was displeased at its tenor.

The Governor when he sent to the Board of Trustees of the Delaware Home the report of the State Board of Charities, was so much impressed with the seriousness of the case that he also sent a copy to the Attorney General with suggestions that criminal prosecutions be instituted, and now the trustees report that there was nothing wrong.

The trustees lay great stress upon the bad character of the girls committed to the institution, and suggest that the State Board of Charities oversteps the mark when it considers these girls should be handled as other children.

The board pays a high compliment to Supt. Stiles and his faithful wife, for hard and earnest service, and says that they have both suffered beyond measure because of the investigation and publication of the testimony.

The report, aside from the review of the report sent to the trustees by the Governor, is very short, and is simply to the effect that while two doctors say they do not believe Nora Ferris died with heart disease, two others say she did, and while the Board of Charities heard the evidence, the trustees

LAI D Cornerstone of Church.

Second Baptist People Remodeling Edifice.

Congregation Now Numbers Nearly a Hundred.

Ten years ago a little company of colored people organized a Baptist church in this city and purchased the old United Brethren church edifice, corner James and Hill sts., \$2,000 being the purchase price. The congregation prospered and grew until now there is a membership of 75 persons.

Lately it was decided to remodel the church structure and the cornerstone for the improved building was laid Sunday afternoon, at 2:30 o'clock. The service was conducted by Rev. J. H. Palmer, assistant pastor of the First Baptist church. After music and other appropriate exercises Rev. Palmer preached an excellent sermon on the "Growth of Strength."

Said he in part: "You already have a great deal of strength for this temple. You are here today to gain renewed strength for its strengthening and upbuilding. To be strong is the poetry of youth. The young men love to tell of what they can do; the old men of what they have done. You have done grandly—but it will be grander when you finish this church. You've just begun to raise money and you'll have to keep on until you die, and the more money you raise and the harder you work the more you will love God and the stronger you will be. Some say the world is growing worse. I don't believe the world is worse than it used to be. A century ago we had one church of a kind, now we have four of a kind here. People can't be growing worse in Akron. We are under separate names, but we are all in search of the same Christ. Some of you fear Christianity is growing cold. Some of you men have a tiff with your wives occasionally, don't you? What do you do then? I know what you ought to do. You ought to say: 'Wife, I was wrong; let's begin over again.' That is what you should do with God."

"Some of you look to see how your preacher or your deacon walk, and sometimes they walk very staggeringly. You should trust in your own strength and that of the Lord and be yourself, not a copy of someone else. We should not walk by sight, but by faith. We ought not only to sing but to give, and we should give before we pray lest if we pray first we forget to give. I rejoice with you in what you have accomplished and trust you will accomplish as much spiritually."

After the sermon, with appropriate exercises, the cornerstone was laid and sealed.

The new church will cost \$1400 and that money is all to be raised except the portion that was donated Sunday. The money raised for the church debt at the service, Sunday, amounted to \$108, and was apportioned to the various clubs as follows: Married Ladies, \$38; Young Ladies, \$34; Married Men, \$22; Young Men, \$14.

UP TO COUNCIL

To Decide Whether the Library Be Free or Not.

(Special Correspondence.)

Barberton, Aug. 18.—At a meeting of the Library Board Wednesday evening the running expenses of the library were estimated at \$800 a year, and it was decided to ask the Council for that amount at the meeting, Monday night. The library cannot be opened to the public until this money is forthcoming and unless it is provided by the Council the reading public would have to be taxed, which would be in direct contradiction to the plans of the donor. As Barberton is already taxed to the limit a special tax cannot be levied and it will be necessary to borrow the money for the first year's expenses. The estimated \$800 will cover salaries, magazine subscriptions and all necessary expenses.

At this meeting the Board decided to place a railing between the reading tables and book cases and no person except the librarian or her assistants will be allowed inside the railing.
