**"What a difference  
in the suffering at  
time of childbirth**

when Dr. R. V. Pierce's medicines are used," writes Mrs. Edmon Jacobs, of Bargerville, Johnson County, Ind. "I had not heard of Dr. Pierce's medicines three years ago when I was confined, so had to suffer almost death. Before baby was born I could not be on my feet without two persons holding me. The baby was a boy weighing nine and three-quarter pounds, and for some weeks after his birth I suffered severe pain. Last fall, following the advice of a neighbor, my husband bought me Doctor Pierce's Favorite Prescription, which I took during the winter, and in March, 1901, I gave birth to a baby boy weighing ten and three-quarter pounds. I was only in labor two hours and was on my feet without help until thirty minutes before my baby was born. He is now three months old and weighs nineteen pounds. I know it was Dr. Pierce's medicine that saved me from suffering. I advise all women to take Dr. Pierce's Favorite Prescription, also his 'Pleasant Pellets' if necessary."

"Following the advice of a neighbor," what a weight of confirmatory evidence there is in those six words. The neighbor had tried the "Favorite Prescription" and recommended it. Mrs. Jacobs has also tried it and proved its wonderful properties and now she recommends it. Beside such testimony as this its maker's words are unimportant. Mrs. Jacobs' experience is a fact. Her neighbor's experience is a fact. The written experiences of 250,000 other women are facts. There is no theory about it. There can be no question about it. In every neighborhood in this broad land there are women who have been cured by the "Favorite Prescription." It has cured more cases of female complaint than all other medicines for women combined. It is the only medicine of its kind invented by a skilled specialist in medicine—a regularly graduated physician of more than thirty years' actual experience.

**FORMER MARIETTA BOY  
Is Chas. T. Lewis Whose Family Was  
Poisoned at Toledo.**

The family of Chas. T. Lewis, of Toledo, an account of whose sickness by arsenical poisoning appeared in Sunday's edition of the Leader, will recover, although for a time it was feared that serious results would follow the absorption of the poison into the unfortunate people's systems.

Mr. Lewis was born and reared in this city and was graduated from Marietta college. Later he filled the position of cashier of the Caldwell bank and ultimately located in Toledo, where he took up the practice of law and achieved an enviable reputation in his profession.

A sister, Miss Ella M., and the mother of Mr. Lewis, Mrs. Nancy M. Lewis, reside at 520, Fifth street, this city. To the Marietta friends, to whom the news of the poisoning was communicated, it is a pleasure to state that both Mr. Lewis and the members of his household will recover from the effects of the poisoning, which is attributed to the canned bulion of which all partook.
