Our Boys Coming Home.

It is now reported that our boys will positively be home on the 3 o'clock train, Wednesday afternoon. This will afford our citizens a good opportunity to turn out and meet them.

Dr. McMillin,

Will be at the Exchange Hotel, in this place, on Saturday next. Those wishing to consult the doctor will take notice, and govern themselves accordingly.

Shipping.

In the line of shipping, trade has been pretty fair for the past week. Some three or four schooners, and probably twice that number of canal boats have left port within the past eight days, loaded with lumber, staves, grain, etc.

Col. Gibson's Regiment.

The Tiffin *Tribune* thinks Col. Gibson's regiment will be full in the course of ten days. One or two companies have already gone into camp. A company composed mostly of Wood county boys, is to have a place in this regiment, we understand.

Rain, Rain, Rain.

Scarcely a day has passed in the last week, without one or more heavy showers of rain. On Monday it rained nearly all day, and if it does not "dry up" before long, we shall feel inclined to the opinion that the clerk of the weather is on a "bender."

The Col. Lowe Affair.

We have received from interested parties, at Dayton, a vindication of the conduct of Col. Lowe at the "Scary" fight. Owing to the length of the matter, we are compelled to defer publication until next week. It may be well enough to state, however, that Col. Lowe is pretty well cleared of the charge of cowardice, in this "vindication."

The Springfield News

Has undergone a slight chage in its proprietorship. Mr. Nichols, formerly editor of the paper, has purchased a half interest. The *News* will hereafter be published under the firm name of Hastings & Nichols—the latter occupying as usual the "editorial chair." The News is conducted with marked ability, and is among the number of our most welcome exchanges.

New Goods.

Do you want a dress for your wife? Does your daughter want a fashionable shawl? Your son a new suit of clothes? or in fact anything that can be found in a dry goods and produce store? Then we advise you to call at F. R. Miller & Co.'s, where everything can be found, usually kept in such an establishment, so cheap as to please the most fastidious. Produce taken in exchange for goods.

Volunteers' Pay.

Both Houses of Congress have passed the bill increasing the pay of Volunteers two dollars per month, making their wages $13. This is at least three dollars per month more than most of the young men can make by staying at home: and besides this, they get a bounty of fifty or a hundred dollars, and a quarter section of land. They must also take into consideration the fact that with all this they get their board and clothing.

An Editor Assaulted.

Mr. Keeler, of the Fremont *Journal*, was assaulted by a drunken rowdy named Glick, last week for copying an article in his paper which reflected upon the rowdy's brother. Glick was a member of the county convention, which met at Fremont to appoint delegates to the State Convention, and it was while returning from this that he attacked the editor. Glick, and a number of others in attendance, afterward met at a saloon and drank "to Jeff. Davis, Beauregard," &c.

Horse Shooting.

Ladd Tremain was arrested at the instance of Casper Boot, and brought before Squire Chappel, on Saturday last, charged with shooting the latter's horse. A judgment was rendered against Tremain for the price of the animal, but we understand the case is to be taken up to a higher court. It seems the horse had repeatedly forced its way upon the defendant's premises, doing considerable damage at times, when his patience was tried to such a degree that he finally shot the horse.

The Right Move at Last.

We learn that the city council of Maumee, at a meeting held last week, passed an order dedicating the "Elm-Grove Institute" building, with the land belonging thereto, in fee-simple, to our Methodist friends, for the establishment of a Theological Seminary. It now only remains for the Conference to accept, when we shall probably have a permanent institution. If accepted, it will not interfere with Mr. Hiett's arrangements for his next class, as advertised in this paper.

Union for the Sake of the Union.

As far as we are able to learn, it seems to be the desire of a very large majority of the people of this county to unite in the one common cause of the "Union for the sake of the Union," at the approaching fall election. They pretty generally seem to regard the salvation of the Union as above all party, and, until it is ascertained whether the people of this Government are really capable of self-government, we see no good reason why party organizations should not be ignored altogether.—Especially should this be the case at the present critical juncture, when rebellion and disunion stare us in the face, and threaten with destruction the best form of government on the face of the earth. If ever there was a time when past animosities should be forgotten, that time is now. People should assemble together as Union men, as lovers of a common country, and form such a ticket as the people can support with a full assurance that their best interests and those of the county, state and nation will be duly regarded and energetically promoted. It is believed that a convention should not be called by the central committees of either of the old parties, but rather by men of both parties: and that the convention should meet as a Union convention, nominate good conservative men of both parties—having for the standard of qualification, ability, integrity, and sincere devotion to the Union."

Obituary.

Mrs. S. N. Beach died at Vanlue, Hancock Co., Ohio, on the 6th of August, 1861, aged 42 years.—Her remains were accompanied to the cemetery, in this place, by her relatives and a large number of friends. Her disease, pulmonary consumption, caused a slow and painful passage from the vigor of life to the cold sleep of the grave; but during this period of suffering, she exemplified that maturity of character, which, as a wife, mother, friend and christian, commanded the esteem of all who knew her. To her husband, whether in the season of prosperity, or that of affliction and trouble, she was ever the same judicious advisor, the true hearted, sympathetic wife.

Those who were acquainted with her in domestic relations, can most emphatically say, "She looked well to the ways of her household—she ate not the bread of idleness." She possessed the devoted love and obedience of her children, to whom her death will be an irreparable loss.

Her acts of kindness were free from ostentation; and their recipients felt that they proceeded from the sincerity and fullness of the soul.

For many years she was a member of the M E. Church, Perrysburg, in which capacity promptitude, earnestness and devotion ever characterized her. Her religious enjoyments were calm and settled, and she was at all times possessed by a deep sense of gratitute to God for his mercies. With a humble faith in the merits of the Redeemer, she patiently awaited the approach of death, in the sure and certain hope of a glorious resurrection. She has now entered her rest; affliction and trouble with her have ceased. We, who so frequently listened to her songs of praise, shall no more hear that voice—it is silent in the grave: but the nobler, sweeter strains of the redeemed are hers. "Blessed are the dead which die in the Lord, for they rest from their labors and their works do follow them."

Taxes.

Probably no other part of the country has paid heavier taxes than the county of Wood; situated as it is, its best lands so level that without enormous expense, in leading off the surplus water, crops were in danger of being destroyed, as all the early settlers of this county know, both by experience and observation.

Twenty-five years ago, most of the prairies and forests of Wood county were at times exposed to floods, which often made those prairies appear more like inland lakes, than fertile meadows, and when some far seeing sage predicted a time when those seeming lakes should smile with fields of wheat and corn and delightful farms, it seemed like some fancy sketch not to be realized.

But the time has come, and the prairies once so exposed to inundations, are now variegated with different crops of grains, grasses and vegetables; farm establishments are now located where once a boat might have floated many months in the year, and where waved then coarse water grass and weeds, now wave smiling harvests.

But this has not been done by a miracle. Many a plan has been laid, but none succeeded until the people went to work unitedly and perseveringly and self-preservation prompted to the levying and cheerful payment of such taxes as never were before dreamed of in a republican government.

Many a farm and village lot has changed from one owner to another, as its value was consumed by frightful levies called taxes; and all from dire necessity; as roads and farms must all be drained before a living could be obtained or produce transported to market.

Expensive turnpikes have been made with ditches and outlets, and all by direct tax. To this the people have cheerfully submitted, as they found their crops increased, and real estate advancing in value. At present, the plans for the draining of swamp lands, the opening and improving the channels of creeks, etc., are increasing, and the success of such efforts in the past, prompts to thorough and immediate action. But the present is a peculiar time. Money it is almost impossible to get, grain is unprecedentedly low, and war taxes are about to be levied, and hard times are upon us. Under the present circumstances, would it not be well for the commissioners of Wood county, at least to postpone for the present, the expensive labor of opening creeks and large outlet ditches, and to retrench as far as possible all public improvements, not because they are unnecessary, but because the people cannot pay for them just now? Joseph Clarke.

Captain Kaga.

Our young and much esteemed friend of the Shelby County *Democrat*, Abraham Kaga, is a whole souled patriot as well as printer. Having served as captain of a volunteer company for three months, he now declares that as war has been forced upon us by the disunionists of the South, he prefers to be a soldier in support of the Constitutional Government, instead of remaining at home as a civilian. Says Capt. Kaga: "Firmly and earnestly entertaining this opinion, and knowing, too, that the services of five hundred thousand men are required by the Federal Government to put down a formidable rebellion—a conspiracy gotten up by men for the overthrow of our liberties, and the gratification of their selfish and ambitious desires,—we hereby publicly signify our intention to recruit our present company for three years, unless the war should sooner be brought to a close." That's the true Union spirit—the kind of democracy we like to see. It isn't probable, nor is it possible for everybody capable of bearing arms to go to war, but those who have to stay at home can give the movement the benefit of encouraging words, and this they should do willingly and freely.

Keep of Good Cheer.

For goodness sake, do not look so melancholy! There are better times in store for you—see if there are not. Why, man, one would suppose you were condemned in the pilory torture, or something like the "pit and pendulum?" Come, now, be cheerful; if you cannot pay your debts immediately, do the best you are able. "Care killed a cat." If you have not fifty cents to luxuriate in the delicacies of the season, appropriate half the amount for something more substantial and wholesome. Kiss your wife, if you have one; and if you have not got one kiss somebody else's, or get married immediately—for acts of desperation frequently result happily and beneficially in their effects. If you have any children romp with them; if not, romp with your neighbor's. Look upon the bright side of everything—put on a cheerful countenance—keep your mind in the right trim, and if you find that your native town will not support you, pack up and volunteer for the war. At all events, be cheerful.

Musical.

At the request of several of our citizens, Mr. E. P. Sprague, from New York City, and formerly Organist in the Cathedral of the Holy Trinity, is about to visit Perrysburg, either this week or next, for the purpose of giving private instruction in the the cultivation of the voice, and also to give lessons on the Piano Forte and Melodeon. Mr. S. comes with a host of testimonials from many of the leading musicians of the country, and we are assured that as a pianist and practical teacher he is not excelled on the Western continent. In singing he has adopted the style of Soblache and Concoui, two of the most celebrated singers in Europe. He has had much experience in successfully training voices for the Stage and Concert room. Mr. S. will probably devote two days in each week in Perrysburg, his previous engagements preventing his being here more than that. All communications may be addressed to Toledo, Lucas county, Ohio.

Our Book Table.

Peterson's Magazine, September 1861; Charles J. Peterson, 306 Chestnut street, Philadelphia, Pa.

We are happy to announce the reception of the September number of this excellent, and more than all, cheap magazine, upon our Table. The present number is abundantly filled with decidedly readable stories; besides the almost innumerable pattern cuts, which alone are almost worth the price of subscription. The Table and Miscellaneous Receipts form quite an item in its usefulness. To any lady who has a desire to become a subscriber to a magazine, which, over and above the latest and standard fashion plates, contains interesting literature of the best, we would heartily recommend Peterson's. Terms—Only Two Dollars a year in advance.

Summer Beverage.

Here is a recipe for making ginger beer, a very wholesome and refreshing summer beverage: Put two gallons of cold water into a pot upon the fire, add to it two ounces of good ginger, bruised, and two pounds of white or brown sugar. Let all this come to boil and continue boiling for about half an hour. Then skim the liqor and pour it into a jar or tub, along with one sliced lemon and a half an ounce of cream of tartar. When nearly full put in a teacupful of yeast, to cause the liquor to work. The beer is now made; and after it has worked two days strain it, and bottle it for use. Tie down the corks firmly.

An Age of Progress.—This is truly an age of progress, and one of the best evidences we have of the fact is the appearance in our midst of that healthy, pure, unadulterated article, D. B. De Land & Co.'s Chemical Saleratus. This article we can recommend to our patrons to be just the thing which it claims to be. Get a paper of W. J. Hitchcock and prove it for yourselves. w1

Patriotic Action of Republicans.

In Hardin and several other counties the Republican County Central Committees have tendered their resignations, giving as a reason for this action that their considerations of duty to their country is more imperative than the demands of party; and also to avoid embarrassments that might result from official inaction. While thousands of republicans and democrats, forgetting for the time all party differences and estrangements, are side by side nobly risking their lives in defense of the Government, they are unwilling that by any act of theirs, party strifes and animosities shall be engendered among those who remain at home. This is truly a patriotic action, and should receive due consideration from county central committees throughout the State.

A Word to Fair Managers.

We suggest to the directors of our Fairs, that as the interest in agricultural matters is not just now paramount, a new department be added to their premium lists, which shall invite the competition of military companies, and award premiums. The treasury boxes will greatly need replenishing, and the incorporation of a military feature will do more than anything else to effect that object. Premiums should also be awarded to inventors and manufacturers of arms.

The Army Worm.

The Canton *Republican* says there are oat fields within sight of that place that have been partially destroyed, and in many parts of that and adjoining counties, the growing corn is suffering from the ravages of the army worm.

Notice to Whom it may Concern.

On and after the first day of September, 1861, there must be deposited with the Clerk of the Court of Common Pleas, of Wood County, Ohio, all Appraisers' fees and Sheriff's fees on each and every writ to insure service. C. E. GUYER, Sheriff.

Perrysburg, August 14th, 1861.

Form of Application for Relief from Volunteer Fund.

The following form of an application or affidavit by the wife of a volunteer for relief from the County Volunteer Fund, may be varied to suit the case of an application by the minor child or children, or by the dependent parent of a volunteer:

The State of Ohio, ——— *County,* ss.

A. B., being duly sworn, says that she is the wife of C. B., who, at the date of this affidavit, is a private in Capt. ——— company (A) in the ——Regiment, which is now in the service of the United States, under the requisition of the President, (or in the actual service of the State of Ohio;) that he was enlisted by ——, at ——, in the county of —— and State of ——, and was mustered into the service of the United States (or of the State of Ohio,) on the ——day of——18—, and is now in actual service with said Regiment; that the said C. B. was a resident of ——county at the time of his enlistment, and had resided therein for the period of ——, prior to his enlistment: and that the affiant and the said C. B. were married at ——, in the county of ——, and State of ——, on the——day of ——A. D. 18—; that the affiant's wants and necessities are such as to require relief under the act authorizing the Co. Commissioners to afford relief to the families of volunteers, passed May 16th, 1861, and that she is the identical person mentioned in the annexed marriage certificate, (or annexed affidavit of I. P., and that she has not made application to, nor been furnished relief by the County Commissioners of any other county in the State of Ohio.

Bowling Green Union School.

The first term of the sixth annual session of the Bowling Green Union School will commence Sept. 3d, 1861, and continue twelve weeks.

Tuition, per term, common English branches..$3.00
For each additional study.....(extra) .50

A Normal class will be formed in connection with the High School, in which a thorough and practical knowledge of the branches will be aimed at. Also, the theory and practice of school government will receive special attention, which will render the school profitable to those who may wish to spend a few months in study, preparatory to teaching a winter school. By order of the Board.

C. F. SWIGERT, Principal.

Bowling Green, August 9th, 1861.

The following flattering notice is taken from the Portsmouth (Ohio) Scioto Valley Republican, of April 3, 1858:

Scandinavia.—A friend writes to us for our real opinion of Dr. Roback's Scandinavian Remedies,—where he can obtain them—and why they are called "Scandinavian," and we are frequently asked the same questions. Scandinavia is the ancient name of Sweden and Norway, and a Scandinavian, that is, a Swede or Norwegian, affectionately calls his country "Scandinavia," in the same sense as we speak of "Columbia," or "The Union." By the way, there are over nine thousand Scandinavian families in Dane county, Wisconsin. Although a citizen of this country for many years, Dr. Roback is a Swede by birth, and compounds his medicines of Swedish herbs, we think the name is very appropriate. We have the very highest opinion of the medicines, and of Dr. Roback himself, who is not only a singularly skillful physician, but a gentleman of the Old School, as we know personally. Our advertisement columns will answer the rest of our friend's letter. See advertisement. 15w4

A Family Blessing.

"In lifting the kettle from the fire it caught and scalded my hands and person very severely—one almost to a crisp. The torture was unbearable. It was an awful sight. The Mustang Liniment appeared to abstract the pain almost immediately. It healed rapidly and left no scar of account. Charles Foster, 420 Broad Street, Philadelphia." It is truly a wonderful article. It will heal any case of swelling, burns, stiff joints, eruptions or rheumatism. For horses it should never be dispensed with. One Dollar's worth of Mustang has frequently saved a valuable horse. It cures galls, sprains, ringbone, spavins and founders. Beware of imitation and counterfeits. A counterfeit was put in circulation from St. Louis and duly suppressed. All genuine will hereafter bear the signatures of C. W. Westbrook, Chemist, and D. S. Barnes, Proprietor, with the words "Trade" "Mark," in two Medallions of the Federal currency. Three sizes. Sold everywhere.

Mothers, read this.

The following is an extract from a letter written by the pastor of a Baptist church to the "Journal and Messenger," Cincinnati, Ohio, and speaks volumes in favor of that world-renowned medicine—Mrs. Winslow's Soothing Syrup for children teething:

"We see an advertisement in your columns of Mrs. Winslow's Soothing Syrup. Now we never said a word in favor of a patent medicine before in our life, but we feel compelled to say to our readers, that this is no humbug—we have tried it and know it to be all it claims. It is, probably, one of the most successful medicines of the day, because it is one of the best; and those of your readers who have babies can't do better than to lay in a supply. 49-1y.

The Benefit of Good Advice.

Thanks to Mrs. Winslow's Soothing Syrup. We have for years been relieved from sleepless nights of painful watching with poor suffering, teething children. Unlike all the preparations of opium which are usually got up to make children sleep, and which simply stupefy the child, the Soothing Syrup gives not only rest, but vigor and health: the little fellow wake upbright, cheerful and refreshed. It is sure, moreover, to cure Wind Colic and regulate the bowels. As we freely received the advice which calls forth the above thanks, we freely give it to others, and say to all mothers, go purchase Soothing Syrup for your child, and you will thank us for this advice. Sold everywhere, at 25 cents per bottle. Office, 13 Cedar-street, N. York. 14m1

☞Read the certificate of a regular practitioner: This may certify that I have used Perry Davis' Pain Killer in numerous cases, and believe it to be a very valuable medicine. I have prescribed it in bowel complaint (particularly for children,) and it is in my opinion superior to any preparations I have ever used for the relief of those diseases. When given to children, I have always combined it with the syrup of gum arabic, say ten drops to a teaspoonful of the syrup, well mixed. Others have mixed it with milk and molasses, equal parts,

☞Dr. S. O. Richardson's Sherry Wine Bitters.—Pharmaceutical Preparation, by a regularly educated physician—is one of the most pleasant and valuable tonics of the day. Persons recovering from protracted illness, or those who at this particular season of the year, are subject to Jaundice, Habitual Constipation, or any disease arising from a disordered Stomach, Liver or Bowels, will find in the Sherry Wine Bitter a friend more to be desired than gold. Sold by Peck & Hamilton. 14w4

☞To Farmers and Livery Stable Keepers.—Dr. S. A. Weaver's Cerate has been extensively used by livery stable keepers and farmers, and with one accord they say that for many diseases in animals they have never found its equal. On horses, two or three applications will cure the Scratches, Chafes, and Galls, whether by harness, saddle or otherwise. Wash the wounds clean, and the Cerate freely applied will cure them in a few days. It will cure cracked hands heels and Cancer in the tongue, canker or sore mouth, affections of the skin, falling off of the hair, &c. Sore teats and caked udder in cows are soon cured by this Cerate. Sold by medicine dealers generally. 14w4

SPECIAL NOTICES.

IMPORTANT TO FEMALES!
DR. CHEESEMAN'S PILLS.

Prepared by Cornelius Cheeseman, M.D., New York City. The combination of ingredients in these Pills are the result of a long and extensive practice. They are mild in their operation, and certain in correcting all irregularities, painful Menstruations, removing all obstructions, whether from cold or otherwise; head ache, pain the side, palpitation of the heart, whites, all nervous affections, hysterics, fatigue, pain the back and limbs, &c., disturbed sleep, which arise from interruption of nature.

To Married Ladies.—Dr. Cheeseman's Pills are invaluable, as they will bring on the monthly period with regularity. Women who have been disappointed in the use of other Pills can place the utmost confidence in Dr. Cheeseman's Pills doing all they represent to do.

Notice.—There is one condition in the female system in which the Pills cannot be taken without producing a peculiar result. The condition referred to is pregnancy—and the result, miscarriage. Such is the irresistable tendency of the medicine to restore the sexual functions to a normal condition, that even the reproductive power of nature cannot resist it.

Warranted purely vegetable and free from anything injurious. Explicit directions, which should be read, accompany each box. Price $1. Sent by mail on enclosing $1 to Dr. Cornelius L. Cheeseman, box 4,531, Post-office, New York City.

FARMERS, LOOK TO YOUR INTERESTS!

GRAIN DRILLS!
GRAIN DRILLS!
GRAIN DRILLS!

The subscriber is now ready to furnish Farmers with either of the two best Grain Drills in use, and will warrant them to give entire satisfaction. They will sow Wheat, Rye, Barley, Oats, Buckwheat, Flax, Hemp, Timothy, Clover, Millet-seed; also, Corn, Peas and Beans equally well

It is, perhaps, the only machine a Farmer can use that

WILL PAY FOR ITSELF!

in the increase of yield, over and over again, in a year or two.

I have abundance of testimony showing that the increase of Drilling over broad-cast sowing, is on an average from three to five bushels per acre, and the difference is often much greater. But taking the lowest estimate, (3 bushels) if you put out 40 acres, it will give you increase of 120 bushels, which would pay for two Drills. Call on me if you want a Drill, in preference to buying of a stranger that you may never see again, and if the Drill don't prove good, it will cost you all it is worth to get your money back.

In addition, I keep the very best makes of

Steel Plows, Subsoil Plows,
Harrows, Road Scrapers,
Corn Shellers, Straw Cutters,
Clover Hullers, Horn Rakes,
Horse Pitchfork, Fanning Mills,
Sowing Machines, Sugar Evaporators,

of Pitt's Celebrated Manufacture, and in short everything a Farmer needs on his farm to help him through with his work and put money into his pocket. D. KREPS.

P. S.—I have just received Gibbs & Bro.'s Celebrated Cylinder Plow. This is undoubtedly the best plow in this county or any other. It has received the First Premium at every State and County Fair where it has been exhibited, for its good work and easy draught.

MEDICINAL.

DON'T DELAY TO PURIFY THE BLOOD,

DR. WEAVER'S
CANKER AND SALT RHEUM SYRUP,

For the Cure of

Canker, Salt Rheum, Erysipelas, Scrofulous Diseases, Cutaneous Eruptions, Sore Eyes, and every kind of Disease arising from an impure state of the Blood.

The most effective Blood Purifier of the Nineteenth Century.

It is the prescription of an educated Physician, and all who are afflicted with any of the above named diseases, should use it without delay. Such letters as the following are often received.

Jeromeville, Ashland Co., Ohio, Nov. 20, 1860.

Messrs. J. N. Harris & Co., Cincinnati, Ohio.

Gentlemen:—I deem it a duty as well as a pleasure, to inform you what Dr. Weaver's Syrup and Cerate has done for me, and hope that this letter may come to the notice of persons similarly afflicted. In the year 1859 I was attacked with bitter, or some kindred disease, on both my legs, which extended until from my knees to my feet was one raw sore. I consulted and obtained medicine and prescriptions from nearly all the physicians in this vicinity, but obtained no relief. Your agent at this place, Mr. Hoffman, recommended me to try the Syrup and Cerate, which I fortunately did, and am now a sound and well man by their use.

With great gratitude, I remain, Yours truly,

JOHN WEIRAUGHT.

Mr. Weirbaught being a well known gentleman of Ashland, makes this information most reliable.

By taking the Syrup as directed, it will drive the diseases from the system, and when once out on the skin, a few applications of

DR. WEAVER'S CERATE, OR OINTMENT,

and you have a permanent cure.

The Cerate has proved itself to be the best Ointment ever invented, and where once used, it has never been known to fail of effecting a permanent cure of old sores, bitter and ring worm, scald head, chilblains and frost bites, barber's itch, chapped or cracked hands or lips, blotches or pimples on the face. And for Sore Nipples and Sore Eyes, the Cerate is the only thing required to cure. It should be kept in the house of every family.

Price of Syrup $1. Cerate 25 cents per bottle.

☞Directions accompany each bottle.

Sold by most medicine dealers.

UNIVERSAL! UNIVERSAL!!

IS THE PRAISE OF

DR. O. S. RICHARDSON'S
SHERRY WINE BITTERS.

The Celebrated New England Remedy for

Habitual Constipation,

Jaundice, Fever and Ague, General Debility, and all other Diseases arising from a Disordered Stomach, Liver, or Bowels.

They are used and recommended by the leading Physicians of the country, and all who try them pronounce them invaluable.

Dr. James L. Lefevre, writes from Navarre, Stark Co., Ohio, "the Bitters are highly praised by those suffering from indigestion, dyspepsia and liver complaint."

E. S. Davis, Postmaster at Williamsport, Ohio, says, "they give great satisfaction. I use them myself, having taken cold, became prostrate and lost my appetite. It relieved me, and I can recommend it with great confidence of its merits."

Dr. Wm. M. Ryan, of Rogersville, Ind., writes us that they are the most valuable medicine offered. He has recommended them with great success, and with them made several cures of palpitation of the heart and general debility.

Thomas Standford, Esq., Rhomaville, Henry Co., Ind., writes a long letter, under date of May 4, 1860. He was much reduced, having been afflicted for three years with great nervous debility, palpitation of the heart of the most severe and penetrating character, "after using a few bottles I was completely restored, and am now in robust health."

J. W. Hunt writes from Delphos, Allen Co., Ohio, (a section where Fever and Ague prevails,) that he most cheerfully recommends them of decided merit in all cases of fever and ague, dyspepsia, and general debility.

D. K. Gallaher, M. D., writes from Van Wert, Ohio, "I most respectfully recommend the Sherry Wine Bitters to the notice of dyspeptic persons, and to all who require a stimulating medicine. SUCH NEWS WE ARE RECEIVING DAILY.

FULL DIRECTIONS ACCOMPANY EACH BOTTLE.

THE GREAT FAMILY MEDICINE.

Taken Internally, it cures sudden Colds, Coughs, &c., Weak Stomach, General Debility, Nursing Sore Mouth, Canker, Liver Complaint, Dyspepsia or Indigestion, Cramp and Pain in the Stomach, Bowel Complaint, Painter's Colic, Asiatic Cholera, Diarrhœa and Dysentery.

Applied Externally, cures Felons, Boils, and Old Sores, Severe Burns, Scalds, Cuts, Bruises and Sprains, Swelling of the Joints, Ringworm and Tetter, Broken Breast, Frosted Feet and Chilblains, Toothache, Pain in the Face, Neuralgia and Rheumatism. It is a sure remedy for Ague, and Chills and Fever.

Pain Killer, taken internally, should be adulterated with milk or water, or made into a syrup with molasses. For a Cough, a few drops on sugar or cotton will be more effective than anything else.

☞See printed directions which accompany each bottle.

What stronger proof can be produced than the following letter received, unsolicited, from Rev. W. B. Jacobs:

Newark, N. J., June 6, 1859.

Messrs. Perry Davis & Son—Gentlemen—Allow me, unsolicited, to send you a word of commendation for your Pain Killer. I have used it in my family these several years, and found it all it claims to be. For Rheumatism, Coughs, Colds, Burns, Cholera tendencies and difficulties, as well as disease generally that prevails in families, I regard the Pain Killer as beyond all price, and as discoveries beyond any medicine within my knowledge. We keep it as our chief family medicine, and find its use in ordinary cases worth more than any doctor. The testimony of others among my acquaintances and friends is equally favorable. Many clergymen have spoken of it in the highest terms as a family medicine. Missionaries in repeated instances have said to me in person and in their letters, that the Pain Killer was by far the best medicine used in heathen lands, and they used it for themselves and families, and administer it to others around them. Thus much I am inclined to say as an act of justice to your
