H. West, of Roachton, and many nice fancy articles by Mrs. Yout and other lightes of Touters. created more interest and excited more attention than any one thing at the Fair. That was testing the attention of the draught horses, by pulling a large heavy saw-log. The contest was apprited and rather close, and the drawing unapirited and value of the state of wood County was a success, the membership and receipts being hearly double that of any previous exhibition.

EDITOR JOURNAL: Allow me through the JOURNAL to inform the teachers of the county what has been done toward the coming Justitute. It will be remembered that the Executive Commistive of the Wood County Teachers' Association was directed by the teachers in Association assembled to arrange for holding this Fall a TRACHERS' NORMAL INSURERY. Such arrangements have been completed and the time of commencement fixed for Tuesday, November 10,1868. The Institute will continue two weeks.

Rev. G. A. ANAMY, of your place, will conduct the Institute, and other instructors have been employed. Enron Jounnal: Allow me through the Joun-

ple of Bowling Green, where the lusti-The people of flowing Green, where the lanti-tute will be held, will provide board for teach-ers from a distance at the most reasonable rates. The intention is to conduct the Institute upon the plan of a Normal School, although evening sessions will be held, devoted to textures, dis-cussions, &c. Finally, the Institute has been ex-tensively advertised as above and we touch that nothing remains to insure complete success but to have a large attendance; and the failure to hold an Institute lust year renders the success and an institute hast year renders the success of the coming one doubly important.

A committee will be in waiting at the school building in Bowling Green, to which the schools are requested to report, and by which they will be assigned to places of boarding.

DR. J. W. POLAND'S

WHITE PINE COMPOUND

TS now offered to the afflicted throughout the country, after having been proved by the test of thirteen years in the New-England States, tree from which, in part, it derives its virtues.

THE WHITE PINE COMPOUND

CURES Sore Throat, Colds, Coughs, Diphtheria, Bronchitis, Spitting of Blood, and Pulmonary Affections generally. It is a Remarkable Remedy for Kidney Complaints, Diubetes, Difficulty of Voiding Urine, Bleeding from the Kidneys and Bladder, Gravel, and other Complaints.

(From the Boston Journal's) Bosros, Jan. 20, 1866, POLAND'S WHITE PINE COMPOUND.—After having given it a thorough trial, we can confidently recommend Poland's White Pine Compound as a very valuable article for the cure of colds, coughs, and polynonic complaints generally. In several enses, we have known it to give prompt reliof when all other remedies which had been tried had failed. It is an article, which, in a climate so promotive of suchien and severe cobis as is that of New England, ought to be in every family; and we are sure that those who once obtain it, and give it a fair trial, will

not thereafter be willing to be without it. A VALUABLE MEDICINE, - Dr. Poland's White Pine Compound, selvertised in our columns, is a sucvirtues of the White Pine bark. oughly tested by people in this city and vicinity, and the proprietor has testimonials to its value from persons well known to our citizens. We resommend its trial in all those cases of discare to which it is adapted. It is for sale by all our druggists. - N. Y. Independent.
