HUNTINGTON

JUNE 1.—Decoration day passed without rain, which is an unusual thing. Saturday was a lovely day—no mud, no dust, and nice roads. The following program for the day was carried out: Exercises at the west cemetery at 11 a. m., decorating of graves, singing "Cover Them Over With Beautiful Flowers," prayer by Mrs. M. J. Beckley, singing. There are six soldiers' graves in this cemetery. Exercises at the center at 1 p. m., singing "Star Spangled Banner," prayer by Elder Lilley, memorial essay by Miss Flora Phelon, song, speaker of the day, Rev. J. F. Brant of Wellington, song, recitations by soldiers' children—Nellie Cole, "The Volunteer's Death," Norman Griggs, "Thoughts on Decoration Day," Lena Dirlam, "Sentence of the Soldier's Tramp," Frank Hull, "The Soldier's Empty Sleeve," prayer at monument by Rev. C. W. Pappenhagen, song, "America," decorating of graves, solo in the church by Dud. Cole, chorus by choir. There are twenty soldiers' graves in the center cemetery.

The exercises never passed off more pleasantly or were more interesting than on Saturday. Miss Flora Phelon's essay was very good, indeed, and read so that it could be heard distinctly in every part of the house. One pleasant change in reading the roll of honor was giving the age at which the boys enlisted, and they were but boys, most of them being under 21 years of age. Everyone listened with interest to Rev. Brant. He showed that he could hold the attention of an audience just as well on the week day as on Sunday. The committee on music did their duty well and furnished us some very fine patriotic songs. Each and every one of the comrades' children did well, had good pieces and spoke them well. Taking it all together, it was one of the most successful Decoration days we have ever observed. There are few towns where people do more to honor their fallen heroes than Huntington. The attendance over west was larger than ever, and the town hall was filled full. It was very prettily decorated with evergreens, flowers and an abundance of flags. The monument was draped with bunting and little flags, with wreaths at each corner.

Rev. Peter Burroughs, a superannuated preacher of Erie, Conn., will preach in the M. E. church next Sunday morning. He is 84 years old and has preached fifty-five consecutive years.

Mr. and Mrs. Henry Fenfen of Long Island have been visiting friends here.

Miss Lepha Phelps, who is attending school in Ashland, visited her mother last week.

Mrs. Carl Rogers had quite a number of Lilly's friends meet her there last Friday as she was home only for Decoration. She and her husband returned home to Lodi last night. Frank visited his father's family in Penfield.

Excursion on the P. A. & W. Saturday, to Akron, was attended by about twenty from here.

Mrs. Albert Lang and her two little granddaughters, Nettie and Genevieve, spent Decoration day and Sunday with friends in town.

Miss Ida Eglin spent Decoration day at home.

Mr. and Mrs. Will North from Lodi, Mrs. Ledyard and Harry from Chatham, Mr. and Mrs. McCabe and Jenny from Leroy, Mrs. English from Lodi and Will Short from Oberlin spent Saturday and Sunday in town.

Dud. Cole had friends with him from Wellington. Turner and Harry West spend this week in Oberlin with Burt Cann.

Mrs. Jack Routson, Mrs. Milo Smith, Lella and Myrtle Provine spend this week at Centerton with Will Smith's family. Grandma Dirlam does not seem to improve much. Some of her children from away are with her most of the time.

\$100 Reward. \$100.

The readers of THE ENTERPRISE will be pleased to learn that there is at least one dreaded disease that science has been able to cure in all its stages, and that is Catarrh. Hall's Catarrh Cure is the only positive cure known to the medical fraternity. Catarrh being a constitutional disease, requires a constitutional treatment. Hall's Catarrh Cure is taken internally, acting directly on the blood and mucus surfaces of the system, thereby destroying the foundation of the disease, and giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in its curative powers, that they offer \$100 for any case that it fails to cure. Send for list of testimonials. Address: F. J. CHENEY & CO., Toledo, O.

D. D. Gott and wife, Lew Parsons and Mrs. L. G. Parsons leave here for Chattanooga Tenn., where they will make their future home.

L. G. Parsons had proceeded there to make the preliminary arrangements.

County Treasurer J. E. Willard was showing Andy Parsons to our dear people last Wednesday. Mr. Parsons is a candidate for recorder and, by the way, we think he would make an excellent official.

Decoration services were well attended by our people and we noticed a good many from adjoining towns were with us. Orationes were delivered by Rev. Painter and Early and Lee Stroup. Fine music was rendered by the Relief corps quartet.

The G. A. R. and Ladies' Relief corps were in full attendance. One of the direct results of the observance of decoration day is that most people nowadays carefully arrange their lots in the cemeteries and carefully decorate the graves of their dead with beautiful flowers. What could be a more beautiful tribute to the memory of the departed?

Stop and Think

How much money you have thrown away buying worthless medicines, prepared by unprincipled parties, who care not what harm they may do to your system. You can depend on every bottle of Sulphur Bitters as being a reliable medicine. It searches out and cleanses from the blood all impure matter, and makes you feel like a new person.—Boston Daily Globe.

BRIGHTON

SAM.

When you're languid and dull in the spring of the year,

When stomach and liver are all out of gear,

When you're stupid at morn and feverish at night,

And nothing gives relief and nothing goes right,

Don't try any nostrum, Elixir, or pill,—

"Golden Medical Discovery" just fills the bill.

The surest and best of all remedies for all disorders of the liver, stomach and blood, is Dr. Pierce's Golden Medical Discovery.

Saturday was a splendid day for decoration and everything passed off in good order. Judge Lewis delivered a splendid address to a large crowd of people. The music by the band was fine and all joined in singing that good old song, "When we were Marching Through Georgia."

The band boys gave an ice cream and strawberry festival in the evening and their supplies failed to fill the multitude.

Weak Women.

The more sensitive nature of the female sex renders women much more susceptible than men to those numerous ills which spring from lack of harmony in the system. The nervous system gives away, sick headache is frequent, the appetite is lost, and other ailments peculiar to the sex cause great suffering. Hood's Sarsaparilla is peculiarly adapted for such cases, and has received the most gratifying praise for the relief it has afforded thousands of women whose very existence before taking it was only a misery. It strengthens the nerves, cures sick headache and indigestion, purifies and vitalizes the blood, and gives regular and healthy action to every organ in the body.

PENFIELD.

JUNE 2.—Memorial day was duly observed by our citizens. Rev. Reader delivered the address at the M. E. church at 1 p. m. The band furnished good music, and the recitations and selections rendered, both at the house and cemetery, were well done and appropriate. There will be choir drill at the Congregational and Methodist churches on Saturday night. This should not be forgotten by the members of either choir.

Mrs. Chas. Starr, of Elyria, made a few calls in our midst Monday.

Mrs. Delong was very agreeably surprised Saturday by a large company of friends and relatives meeting at her house for the purpose of celebrating her birthday. About forty guests were present and left some quite valuable presents, which will be lovingly cherished as reminders of the event.

HUMAN INSTINCT.

So powerful is human instinct, that some of its suggestions become embodied in social and household customs. The people know and feel that at the beginning of the spring season the system needs an alterative and a purifying tonic and stimulant. In all parts of the country it is the custom for the housewife to dose her brood with sassafras tea. Among the simple remedies that our ancestors employed, this decoction has continued to hold its own. The demand for a spring alterative and tonic, however, is filled more efficaciously by S. S. S., which is itself as simple as nature's remedial medicine should be. It purifies the blood, cleanses and strengthens the system, and prepares the human machine to stand the wear and tear of the summer months.
