CONGRESSIONAL.

SENATE, Jan. 8.—Among the petitions and memorials presented were the following: From Women's Relief Board, Salt Lake City, remonstrating against any action of Congress looking to the admission of Utah as a State to prohibit disfranchisement on account of race; from the National Board of Trade, praying for liberal appropriations for public works, and particularly for river and harbor improvements and for coast defenses; in favor of including in the next census statistics of surviving soldiers of the late war. At the close of the morning hour consideration of the Tariff bill was resumed, the pending question being the amendment making the rate six per cent ad valorem instead of three per cent. Mr. Vest made a long speech in support of the amendment and the discussion was further participated in by Messrs. Teller, Colver, Aldrich, Chandler and Hoar. Finally the bill was laid aside without action on the amendment and the Senate adjourned.

HOUSE.—During the morning hour bills were passed as follows: Granting an annual leave of absence of thirty days to employees of the bureau of engraving and printing, instead of fifteen days as at present; providing that the omission by the sender to place lawful postage on a letter bearing special delivery stamps shall not delay the transmission and delivery thereof, but lawful postage shall be collected on delivery; prohibiting any agent or attorney from receiving a fee for securing an increase of pension on account of an increase of the disability for which the pension was originally granted. Mr. Sawyer, from the Committee on Appropriations reported the Fortification Appropriation bill and it was placed on the calendar. The House then went into Committee of the Whole on the River and Harbor bill, consideration of which occupied the time until adjournment.

SENATE, Jan. 8.—The resolution of Mr. Voorhees calling upon the Secretary of War for information as to homestead and other entries was agreed to. Resolutions were adopted calling upon the Secretary of War and the Secretary of the Navy for information concerning the services of volunteers in the Nez Perce war of 1877 from Washington Territory and Idaho. Consideration of the Tariff bill was resumed, the pending question being upon Mr. Vest's amendment to paragraph 31A to change the duty on cotton thread, yarn, warps, etc., valued at not exceeding 35 cents per pound, from ten cents per pound to 35 per cent ad valorem. After a speech of some length from Mr. Vest, Mr. Vest's amendment was rejected by the usual party vote—29 yeas, 21 nays—and the Senate adjourned.

HOUSE.—The House concurred in the Senate amendment to the bill appropriating \$50,000 to enable the Secretary of War to issue to the Governor of Montana military stores for the use of the militia of that Territory. A resolution from the Committee on Rules to abolish the call of States and Territories on suspension days developed vigorous opposition, and after some time spent in discussing the House adjourned without action on the resolution.

SENATE, Jan. 4.—A resolution from the Committee on Foreign Relations was agreed to, relating to the President for correspondence and information touching recent occurrences in the island of Hayti, both as relates to the state of the government there and the seizure and delivery of the American vessel, Haytian Republic. Consideration of the Tariff bill was resumed and an amendment offered by Mr. Vance reducing the rate on Hamburg edgings from forty-five cents per pound and fifteen per cent ad valorem, to ten per cent ad valorem, was, after discussion, rejected. The bill was then laid aside, and on motion of Mr. Aldrich the Senate rules were so amended as to include among the persons entitled to the privileges of the floor the President-elect and the Vice President-elect. After a brief executive session the Senate adjourned.

HOUSE.—The Nicaragua Canal bill having been taken up, a number of amendments were discussed and agreed to and the bill passed—yeas 157, nays 81. The bill originated in the Senate and it will be returned to the Senate for action on the House amendments. The resolution from the Committee on Rules, abolishing the call of States and Territories on suspension days, was called up, and after considerable discussion a vote was taken on ordering the previous question, but the opponents of the measure broke the quorum by refraining from voting, and the House adjourned.

SENATE, Jan. 5.—The Senate took up the joint resolution reported from the Committee on Foreign Relations, declaring the sense of Congress in relation to the annexation of European governments with any intervention canal. After considerable discussion, pro and con, the resolution was laid over until the 7th and the Senate resumed consideration of the Tariff bill. Before adjournment session 330 was reached. But nothing of note was done, the several amendments proposed being smothered by a party vote every time.

HOUSE.—A motion to call up the resolution abolishing the call of States for the introduction of bills on the first and third Mondays of each month, developed the fact of no quorum being present. After desultory proceedings an adjournment was taken until the 7th.

BRIGHT'S DISEASE CURED.—Three years ago I was attacked with kidney trouble, which in a few months terminated in Bright's disease. My physician said my case was incurable. I tried different things and received no benefit until a friend persuaded me to try Dr. Burdick's Kidney cure. I sent and got one bottle. Before that was half gone I felt a change. One bottle removed from my body and limbs fifteen pounds of water, which had been very badly swollen. I used twelve bottles and was entirely cured, and never had any return of the disease since. I would recommend this medicine to all suffering with kidney or liver trouble, to which I owe my life.

Respectfully yours, ELMER JACKSON, Woodbury, N. J. 75 cents and \$1. F. D. Felt. 45 Im.

Foolish People. Allow a cough to run until it gets beyond the reach of medicine. They say, "Oh, it will wear away," but in most cases it wears them away. Could they be induced to try the successful medicine called Kemp's Balsam, which is sold on a positive guarantee to cure, they would immediately see the excellent effect after taking the first dose. Price 50c and \$1.00. Trial size free. At all druggists.

Yours Respectfully, S. Felt, Jr., Druggist.

A Sensible Man. Would use Kemp's Balsam for the Throat and Lungs. It is curing more cases of coughs, colds, asthma, bronchitis, croup, and all throat and lung troubles than any other medicine. The proprietor has authorized any druggist to give you a sample bottle free to convince you of the merit of this great remedy. Large bottles 50c and \$1.

ARE YOU MADE miserable by indigestion, constipation, "hiziness," loss of appetite, yellow skin? Shiloh's Vitalizer is a positive cure. Sold by F. D. Felt.

Interested People. Advertising a system of medicine in the peculiar way in which Kemp's Balsam, for Coughs and Colds does, it is indeed wonderful. He authorizes all druggists to give those who call for it, a sample bottle free, that they may try it before purchasing. The large bottles are 50 cents and one dollar. We certainly would advise a trial. It may save you from consumption.

SAVED THE VALUE OF A FARM.—Sellers' Cough Syrup has attained a reputation almost equal to Sellers' Pills, and more could hardly be said of any other medicine. The syrup should be kept in every family where there are children, and grown up people find it a most valuable medicine for coughs, colds, hoarseness, and throat and lung diseases. The pills are such a standard remedy in some parts of the country that a family never thinks of doing without them. Said an old gentleman in Eastern Maryland, "Why I have raised my family on Sellers' Pills, and I consider them almost as essential to a family as bread. In the last thirty years they have saved me enough in doctor bills, to pay for a farm.—Cincinnati Times-Star.
