CONGRESS resumed business on Thursday, January 3. This was the shortest recess taken for the holidays in many years.

VISITORS still continue to besiege the Harrison mansion at Indianapolis. The majority of them have doubtless an eye on some office for themselves or to secure a situation for a friend.

THE General Assembly convened at Columbus Monday. Local option and the School Book Question are likely to attract the attention of the body for an unusual length of time this season.

THE ministers in Columbus, O., have forwarded a petition to President-elect Harrison to use his influence with the committee at Washington, D. C., appointed to take charge of the inaugural ball, to abandon the project on the evening of the coming 4th of March.

THOMAS AXWORTHY, the late absconding treasurer of the city of Cleveland, surrendered what money and bonds he had placed to his credit for future use in the banks in London and the garnishee suits against him were dismissed.

THE Fidelity Bank wreckers of Cincinnati had had an unpleasant time of it to say the least. The vice president of the concern was sentenced to ten years imprisonment, cashier Ami Baldwin committed suicide, the assistant cashier, B. E. Hopkins, was sentenced for seven years imprisonment and was pardoned by President Cleveland Dec. 26 on the recommendation of the prison officials to go home to die.

AFTER nearly eleven months of struggling with the C. B. & Q. Ry. Co., the engineers and firemen have declared their strike off and it is now every man for himself. Mid winter is on and ten hundred and sixty-three employes are out of business with no income to provide for themselves and families.

Washington Letter.

(From our Regular Correspondent.) WASHINGTON, Jan'y 4, 1889.

Senator Edmunds, in presenting a petition from the Woman's Relief Board of Salt Lake city, remonstrating against any action of Congress looking to the admission of Utah as a State, took occasion to state that he was happy to say that there was not much danger of any such action at this session.

Senator Sherman has presented a petition from the National Board of Trade asking that the purchase of silver bullion and the coinage of silver dollars by the government be suspended.

Senator Chandler is still championing the rights of disfranchised voters in the South. This week he presented a petition from Midway, S. C., asking Congress to take steps to amend or abolish State laws of registration affecting the rights of citizens to vote for federal officers.

Representative Springer, who seems to be acting independently of the Democratic managers of the House, has introduced a joint resolution for the admission as States of Arizona and Idaho. It was easy enough to introduce the resolution, but to get it before the House for action is an entirely different thing.

Senator Hancock has gone to Indianapolis, presumably to confer with General Harrison in regard to New York's representation in the Cabinet.

Notwithstanding the notice given out before the holiday recess that no further hearings would be granted by the Senate finance committee to parties interested in

the tariff bill great pressure is being brought upon the members of that committee to make changes in the bill. A number of changes have been agreed upon by the Republican members of the committee, but they discreetly refuse to make them public until the time arrives for their adoption.

The weakness and debility which result from illness may be speedily overcome by the use of Ayer's Sarsaparilla. This is a safe, but powerful tonic, assists digestion, regulates the liver and kidney's and cleanses the blood of all germs of disease.

As a horse and cattle lotion, Salvation Oil has proven itself an infallible remedy. It has received the hearty indorsement of many old and well-known horsemen. Price 25 cents a bottle.

Notes from Other Towns.

MEDINA. Sneak thieves are prowling about these dark nights. Keep your barns and cellars locked... A foot bridge has been built across Champion creek on West alley; also a new one on West street... Monday next Sheriff O. B. Dealing will turn over his office to Sheriff-elect Nichols, of Litchfield—or rather of Medina, as he has already moved into the jail, Sheriff Dealing moving into the house he recently purchased on Washington street. During the two terms that Mr. Dealing has held the office he has performed its duties to the entire satisfaction of the people of the county.

Some people use a huge vase or urn with a sopping wet sponge in it near or under the p. o., and keep it moistened just as a cigar dealer keeps his stock. They keep this up all the time the fires are on.—Gazette.

OBERLIN.

The proprietors of the skating rink about town stand in the warm sun, look up at the ethereal blue, heave a great sigh, and cry out for the long promised cold wave... The annual meeting of the Lorain County Farmers' and Mechanics Institute will be held at Elyria, commencing at 10 o'clock, January 18 and hold a two days' session.
